WALTON.

J. G. Kennedy of Verona, spent Friday here with friends.
Mrs. Mollie Mottier Wallace spent Friday in Cincinnati.
Geo. Flynn of Woodlake, Franklin county, spent last week here with relatives and friends.
Enoch Snow has about recovered from a slight paralytic stroke sustained several weeks ago.
T. D. Peak of Latonia, spent last week here visiting his brother J. F. Fennell Peak and sister Miss Julia J. D. Powers and sisters Misses Elsie and Katie of Verona, visited friends here a part of last week.
Miss Jean Chambers left Monday for Harrodsburg, Mercer county, where she will teach in the public schools.
Eli Conrad spent part of last week at Columbus, Ohio, and attended the State Fair, enjoying it very much.
Henderson, one of the up-to-date farmers of near Sherman, spent last Saturday here with his many friends.
John Orr and son Frank Orr, and uncle Richard Orr, of Fayette, Ind., visited friends here last Thursday.
Rev. W. H. Whitaker left Monday for Shelbyville, to attend the annual conference of The M. E. Church, South.
Dr. and Mrs. McGuire of Cincinnati, spent part of last week here, guests of her brother Judge Chas. Strother and wife.
Mr. and Mrs. C. A. Rouse and little daughter, Louie, of Stone, Pike county, spent the week here with relatives and friends.
Mrs. Mollie Ford spent the past two weeks at Cincinnati, guest of her son Claude E. Ford whose wife has been quite ill for some time.
Mrs. Jane Kennedy who has been very ill on account of her advanced age, is somewhat better. Mrs. Kennedy is in her 84th year.
Miss Fay Metcalfe returned to her home last week from a visit to her mother, Mrs. J. W. Metcalfe, at Washington, D. C.
The Walton Graded school opens

Monday with a very good attendance and a prospect of some excellent work being done this year.
E. T. Herndon and daughters Susanna and Ruth of Mayfield, Mason county, were guests of Dr. G. C. Rankins and wife the past week.
Mrs. Jno. L. Vest has been ill the past couple of weeks and was taken to Christa Hospital, Cincinnati, last Saturday for special treatment.
Rev. L. A. Koehler of Cincinnati, President of the Consolidated Telephone Co., spent last Saturday here, guest of Mr. and Mrs. Charles Ransler.
D. E. Castleman of Erlanger, was here last Thursday on business pertaining to some business he has in the Gallatin Circuit Court as attorney.
Walton Masonic lodge will hold its regular meeting next Friday night, Sept. 14th. When there will be work in entered apprentice and fellow craft degrees.
John T. Jackson of Kenton-co., who recently returned home from France, where he served in the U. S. Army, spent a part of last week here with friends.
Dr. R. M. Jones of Louisville, spent the past week here with his brother R. W. Jones, his wife and daughter who have been visiting here accompanied him home.
J. H. Doan of Berry, Harrison county, who bought the farm of Benj. W. Clerk near town, spent last week looking over his property and preparing to move to it in November.
Mrs. Fannie Roettinger and grandson Paul Roettinger of Wildwood, New Jersey, spent the past week here the guests of Mrs. Alice Lathrop and daughter Miss Louise.
Prof. Chas. S. Chambers left last Saturday morning for Pittsburg, Pa., to accept a position in one of the schools. His wife and two children will join him there as soon as he is properly located.
Julia Rouse and daughter Miss Georgia, and Miss Nannie, who have been employed at the medical department at Washington, D. C., returned to their home here last week.

The very dry weather in this quarter has cut tobacco crop nearly one half, though the rains of the past week may help the outcome some, but not sufficient to bring either crop up to 75 per cent of an average crop.
Miss Lora Diers of Cleveland, Ohio, spent part of the past week here with her parents Mr. and Mrs. Henry Diers. Miss Lora is the purchasing agent for a large dry goods house at Cleveland and is a frequent visitor to New York City.
Mayberry place of about 100 acres near Florence, and will move there in November. Everybody is glad that he has again located in Boone county. He sold his farm between Walton and Verona to Mr. Ratliff of Pikeville and is to give possession about Dec. 1st.
Ira L. Elliott of Kenton county, who is located at Oatun, Panama, in the U. S. Government employ, left last week for his post of duty after a very enjoyable visit here to relatives and friends. His wife also holds a lucrative position in Panama, but on account of her duties, was unable to accompany him home.
Chas. C. Childers of Latonia, spent part of last week here and at his farm disposing of his crop of wheat to R. O. Hughes who bought most of the wheat in this quarter this year for a Cincinnati firm, paying from \$1.97 to \$2.08 per bushel for it, and has shipped about a dozen car loads.
Rev. Rivolette P. DeMolay filled the pulpit of the Walton Baptist church last Sunday, preaching to good sized congregations. The pastor, Rev. R. L. Shirley, who has been engaged in a protest meeting at Lancaster, Garrard-co., closed a very successful meeting Sunday night and returned home this week.
Walton Lodge, K. of P. was re-organized last Thursday night by Deputy Grand Chancellor Carl Neumeister and the installation of the new officers will take place Thursday night, Sept. 14. The following have been named: Commander, Jno. L. Vest; Vice Commander, R. H. McKnight; President, W. B. Kennedy; Master at Arms, W. C. Moxley; Keeper of Records and Seal, Thomas F.

Curley; Master Eschequer, D. H. Wallace; Inside Guard, Henry C. Diers; Outside Guard, Edward F. Neumeister.

The new addition to the Walton Loose Leaf Warehouse is nearly completed and makes a large addition to the floor space and the general facilities for the handling of the tobacco crop. The Farmers Warehouse Co. is pushing their warehouse to early completion and will have it ready in time for the season's business, and it will be a very fine warehouse. From the general appearance of the tobacco crop it looks as if the warehouses will not be overrun with offerings as the crop will not be much over half what it was last year.

Samuel Mangum and Miss Glenna Rose Gaines, were married Saturday afternoon, Aug. 30th, at the residence of Rev. Webb of the Christian church at Covington. Rev. Webb performing the ceremony in the presence of a few relatives and friends. Those attending being Rod P. Hughes and Miss Marie Menefee, Allan Gaines, and Miss Alma K. Stier of Frankfort, Matson Rachall and Miss Katherine Hicks of Union. The groom is a resident of Durham, North Carolina, and recently returned from France where he served in the army, and was formerly engaged at the Walton Loose Leaf Warehouse. He is a fine young gentleman and is well connected. The bride is a daughter of Mr. and Mrs. W. Lee Gaines and is one of the prettiest and most lovable young ladies of Walton. The young couple will make their home at Durham, North Carolina, after Sept. 15th.

John Lane of Covington, spent Sunday here with friends.
Thos. Kent, of Patriot, Indiana, spent the first of the week here with friends.

Mrs. W. H. Tillman, of Withamville, spent the week here at her old home with friends.
Mr. and Mrs. Geo. L. Miller of Landing, are spending the week here the guests of their son John C. Miller and family.

Dr. Robt. H. Herndon, of Fort Mitchell, spent Sunday and Monday here at the bedside of his brother-in-law, Judge J. G. Tomlinson.

Mr. and Mrs. John R. Feagan and children, Miss Burdette and John, spent the past week at Germantown, Mason county, and Brooksville.

Wm. Wolfe and Homer Osborne have exchanged property on Needmore Avenue. Mr. Osborne has been employed as janitor at the public school building and wanted to move closer to his work.

Born, to Mr. and Mrs. Albert Johnson, Sept. 2nd, a 14 pound son, Dr. O. G. Rankins attending. This makes 10 grandsons and five granddaughters that Mr. and Mrs. William Lee Johnson have been blessed with.

Mr. and Mrs. Benj. Collins, of Texarkana, Arkansas, visited here the first of the week. Mr. Collins left this locality many years ago, located at Texarkana and engaged in railroad building and made a fortune in various enterprises.

Mr. and Mrs. Albert Huseman and family, of Cincinnati, Mr. and Mrs. Chas. T. Best and children, of Silver Grove, Campbell county, and Miss Lora Diers, of Cleveland, Ohio, spent the first of the week here guests of Mr. and Mrs. Henry C. Diers.

The pawpaw crop is very large in the county this fall.

Bud Goodridge is hauling stone for the concrete street crossings in Burlington.

There never was a better time for getting rock out of the creeks than has been the past couple of months. The water is very low in them.

G. W. Arrowood, of Crandall, Georgia, son of the late John L. House, who had been visiting his mother, J. W. L. Arrowood, home Wednesday morning, but until his 100-acre farm on upper Gunpowder creek for \$14,000. Mr. Arrowood will move to the farm, as soon as he can arrange his business in Georgia.

More Dangerous Than Alcohol.

Evil in some form lurks on every hand. We may guard against the more obvious, but there are some evils difficult to combat. Notwithstanding the rigorous statutes which have been enacted by practically every State in the union, an army of individuals, lured by exceptional rewards of the illicit business, continuously are engaged in the business of proscribed drugs. They seem as careless as the deadly injury they are doing their victims as are the more honest gunmen, who kill without a pang of remorse or pity. There is not a city or village in the country today where some one is not selling morphine, cocaine or other evil drug. Usually they are not classed as conventional criminals, but go their murderous way shielded by some business or profession which lends them the outward semblance of respectability.

The drug habit, especially since the passing of alcohol, is growing—spreading like a fell disease throughout the country. The average whole-some-minded citizen would not appreciate the extent of this iniquitous traffic and the wreck it is making of innumerable victims, men and women.

A recent dispatch says that in the city of Detroit alone two and one half tons of opium is each year brought there for sale and distribution; that the city has 40,000 drug addicts; that it is the third largest opium importing center in the United States, and that the "underground railway" over which the traffic is handled is maintained by a drug smuggling organization which is nation wide; that not 10 per cent of the opium brought to the city is used in prescriptions and patent medicines. Further, it is said, investigations into the use of this pernicious enemy indicates that Americans lead all nationalities in its illegitimate use.

Fewer Bulls But Better Ones.

How a bull association transformed a community with 18 non-descript bulls into a community with one-third that number of good pure-bred sires from high producing ancestors is explained, by an extension worker of the Dairy Division, United States Department of Agriculture.

When a bull association was started in a community in Webster county, Mo., the best bull in the community became a standard for the bulls selected by the bull association. All the new bulls then, are as good or better than the best bull that was in the community before.

Before the bull association was organized the 18 bulls in the community were valued at \$1,355, an average of \$75.28. One or two of these bulls were pure breeds and the rest were largely grades and scrubs of mixed dairy and beef breeding. After the association was formed these non-descript bulls were disposed of and six pure-bred dairy bulls were purchased at a total cost of \$1,657, an average of \$276 an animal.

The more efficient utilization of the association bulls resulting from organization of the association made it possible for the six pure-bred bulls to take the place of the 18 bulls formerly maintained. The reduction in the number of bulls also resulted in a corresponding reduction in the cost of maintenance to be charged to each cow.

CARROLL COUNTY.

Carrollton News.

Much early tobacco has been cut in Carroll, and it is of fine fibre and of the richest cigarette type.

The Carroll fiscal court, all magistrates being present, met last Thursday and passed resolutions calling upon the county court to call an election to vote on the issue of bonded bonds for the purpose of constructing, improving and maintaining the one-third clause, that any money for road purposes be used for the same.

The Carroll fiscal court, all magistrates being present, met last Thursday and passed resolutions calling upon the county court to call an election to vote on the issue of bonded bonds for the purpose of constructing, improving and maintaining the one-third clause, that any money for road purposes be used for the same.

IN MAKING ALFALFA HAY EXACT METHODS OF HANDLING ARE OF GREAT IMPORTANCE

The Side-Delivery Rake is an Excellent Tool to Use in Making Alfalfa Hay, But It Should Be Used Before the Leaves Become Dry Enough to Shatter.

(Prepared by the United States Department of Agriculture.)

Valuable as alfalfa is, it has its drawbacks. It is difficult to establish in some parts of the country, especially in the eastern states. It requires careful methods of handling. It is no crop for the careless farmer; but is a very profitable one for the farmer who takes the trouble to learn how to handle it from the seedling to the feeding. One of the important points to learn is just how to make alfalfa hay, according to specialists of the United States department of agriculture.

Alfalfa does not cure at all readily, and good quality hay is hard to get. Especially is this true of the first cutting, which comes when heavy rains are apt to interfere with its proper curing. The bright green hay so common in the irrigated sections is almost never seen in the humid regions, due to injury from rain.

Time of Cutting.

Most farmers are prone to cut their alfalfa too early. They are anxious to get more cuttings, thereby thinking to get a bigger crop. The fact is, the extra cutting is frequently made at the expense of total tonnage. The real test of the size of the season's crop is total tonnage rather than number of cuttings. Where four cuttings are possible, three usually are more desirable and more profitable. More hay is actually made for the season; and the plants are left in better condition for the winter.

The first growth usually is rank, sometimes causing the farmer to think it should be cut before it really is ready. The stage of growth is the indication for cutting rather than the size of the plants. The general rule is to cut alfalfa just as it is coming into bloom and the best shoots are making a good start for the next crop. In the eastern states, cutting earlier may injure and frequently kills the plants. Cutting later lowers the feeding value of the hay.

Methods of Harvesting.

Methods of making alfalfa hay vary in different sections of the country; but the basic principles are the same. The motto everywhere is: "Cut alfalfa hay quickly, with as little handling and exposure to the weather as possible." Rapid curing holds the leaves on better. Less handling knocks fewer of them off. This is important.

CO-OPERATIVE PLAN IS GOOD

Farmers in One County in Florida Make Saving of \$113.50 on Carload of Potatoes.

(Prepared by the United States Department of Agriculture.)

When the farmers of Madison county, Florida, sold a carload of sweet potatoes co-operatively and by so doing saved \$113.50 they began to realize the benefits of selling their produce in this way. The county agent has been showing them how to get orders for a number of other cars of potatoes and the co-operative plan is growing in every part of the county. The agent hopes before long to have a good co-operative organization among the farmers for buying and selling all farm produce and equipment co-operatively.

ARSENATE OF LIME AS SPRAY

May Be Used in All Situations Where Paris Green Has Been Used—Good Lead Substitute.

Experiments thus far made by the bureau of entomology, United States department of agriculture, indicate that arsenate of lime may be used in all situations where paris green has been employed, and that for some fruits (apple, pear and quince) it will often be a satisfactory substitute for paris green, the present cost of which is much above normal, when used with lime or fungicides containing lime.

CARE OF TREES ON ARRIVAL

Make Examination Immediately on Receipt and See That They Are Free From Disease.

Examine your trees as soon as they arrive and see that they are free from disease and insects. It is best to cut them out at once, but if for any reason this cannot be done, treat them in. To do this dig a trench about one and a half feet deep and spread the trees thinly in this trench. Fill with soil, covering the trees six to ten inches deeper than they were in the nursery row.

because the leaves are the most nutritious part of the plant.

In the west, where there is little rain during the haying season, the mowers are started in the morning and the hay mowed into windrows the following day. The hay is then cocked or is stacked or baled direct from the windrow as soon as the hay is sufficiently cured. The raking commences as soon as the leaves are wilted, but when the stems are still green. It is cocked when the stems are "half dry." It may be stacked when moisture can no longer be twisted out of a wisp of the hay.

In the humid sections of the country the process of curing the hay is much more difficult. The cutting frequently must be delayed several days on account of bad weather. The operations and methods are practically the same as in the dry sections, except that more time is required. Hay caps and stack covers may prove necessary.

Stack Alfalfa Hay.

High moisture content sometimes makes it desirable to stack alfalfa hay instead of putting it in the barn. This is especially true of the first cutting. It is stacked carefully and in a shape that will expose as little of the hay to the weather as possible. Cover the tops with marsh grass, Sudan grass, millet, or some other long grass that will make a good thatch. Anchor a well-made thatch with rocks on the ends of wire on top of a properly made stack, and the hay will keep almost as well as in the barn. In fact, it may keep better, on account of the likelihood of new alfalfa hay heating in the mow.

If the hay is put in the mow, it is well to provide for some extra ventilation, especially if its moisture content is high. This can be arranged by placing horizontally at frequent intervals ventilators made of lumber. These may be simply a framework in triangular or rectangular shapes placed in the hay as the mow is filled. Haymaking is an operation that must be done in a certain space of time that is short at best, and that is always liable to be made shorter by bad weather. For this reason there is no farm operation in which system and efficiency count for more; so it will pay every farmer to know just when and just how to make the most of his alfalfa crop.

COW ENTITLED TO VACATION

Experienced Dairymen Will Let Animals Stand for Six Weeks Before Freshening.

The cow that works all the time will not give as much milk as the one that is allowed to take a vacation of a few weeks during the year. Experienced cow owners never milk their cows continually, but leave them stand dry for at least six weeks before freshening. A dairy cow is a hard-worked animal and needs time for recuperation.

SOURCES OF WATER SUPPLY

Wells and Springs May Easily Be Contaminated—Purity and Abundance Are Essential.

(Prepared by the United States Department of Agriculture.)

Purity and abundance are the two essentials of water supply. Wells and springs are the usual sources of farm water, but both may easily be contaminated, and the vicinity should therefore be inspected for possible sources of pollution.

HOGS ARE VERY PROFITABLE

Brood Sow That Produces Two Litters of Average Size Yearly is Most Desirable.

A good brood sow that raises two litters of average size a year will produce considerable wealth for those who feed and care for the sow and litter. There are very few side lines equal to hogs, when the hogs are properly cared for.

CONSIDERATION IS DUE SILO

It is Highly Important That Feed Crops Be Saved and Utilized on the Farm.

It is hoped that the silo will have careful consideration when plans are made for the future of the farm. It is important that feed crops be grown. It is highly desirable that the feed crops be saved and utilized on the farm.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take

CARDUI**The Woman's Tonic**

Mrs. Mary J. Irvin, of Cullen, Va., writes "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness. I would go for three weeks almost bent double. My husband went to Dr. for Cardui. After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

WILL BE HELD AT ITS GROUNDS NEAR

Limaburg, Kentucky

Saturday, Sept. 13, 1919

Admission 27 Cents, War Tax 3 Cents, Total 30 Cents.

Children Under 10 Years, Free.

DANCING FREE.

Good Music will be in Attendance.

Good Refreshments on the Grounds, but no Liquor Sold or Gambling Allowed.

Come Everybody and Spend A Pleasant Day.

J. M. CRAVAN, President, Erlanger, Ky.
LLOYD McGLASSON, Vice-Pres. Constance.

J. J. TANNER, Secty. Florence, Ky.
C. W. RILEY, Treasurer, Hebron, Ky.

BELLEVIEW.

L. H. Kelly, of Petersburg, was a caller here Saturday.

Mrs. Lou Kelly has moved to Miss Julia Dinamore's farm.

Miss Kathryn Brown is the guest of her aunt, Mrs. Annabel Brady.

Mr. and Mrs. Pepper Smith are attending the State Fair at Louisville.

Mrs. C. A. Berkshire is visiting relatives in Indianapolis and Chicago.

Clayton Brown and Madeline Huey are attending High school at Burlington.

Henry Clore, wife and daughter were shopping in the city one day last week.

Mr. and Mrs. Carlos Cason spent Sunday with his brother, Ralph Cason, on Middle creek.

Rev. C. E. Baker and family attended the reunion at Jas. M. Barlow's last Tuesday.

S. B. Scott and family and Mrs. Frank Riley and son spent Sunday at Chas. Maurer's, near Burlington.

Mr. and Mrs. Charles Smith and daughter, near Union, were guests of his parents, Mr. and Mrs. C. S. Smith, last Sunday.

Mr. and Mrs. Herbert Brandt and children, of Covington, visited her parents, Mr. and Mrs. W. B. Hall, the first of the week.

A. S. Burcham and family and sisters, Misses Emily and Mary, of Louisville, were Sunday guests of Mr. and Mrs. J. J. Maurer.

Misses Missouri Walton and Laura Rogers, graduates of the 1919 class of the Bellevue High school, have entered Georgetown College.

The friends of Mr. and Mrs. Charles Spelling sympathize with them in the loss of their infant, which died on the morning of September 9th.

Mr. and Mrs. V. P. Frank and baby of Dry Ridge, were Saturday night and Sunday guests of her parents, Mr. and Mrs. J. M. Rice, near here.

Mrs. Carrie Setters and Mrs. Josie Riley spent Sunday down on Gunpowder at their old home place, looking over the scenes of their childhood days.

RABBIT HASH.

R. T. Stephens will spend the winter in Georgetown.

Mr. and Mrs. Ben F. H. of Rising Sun, spent Sunday at Albert Clore's.

Mrs. Anna Clore, of Cincinnati, is visiting her niece, Mrs. J. H. Walton.

Miss Katie Hodges began teaching the school at Maple Hill last Monday.

Moses Rice and family spent Sunday with his parents, Mr. and Mrs. Solon Rice at Dillsboro, Indiana.

Dr. Carlyle, Moses Scott, R. M. Wilson, Will J. Stephens and Jas. Wilson attended the Masonic lodge meeting at Big Bone Springs Saturday night.

The drought is hurting the crops badly and stock water is very scarce. Many farmers are hauling water or driving their stock to water.

William White, wife and daughter and Miss Harvey of Williamstown, and Mrs. Cynthia White, of Walton, were in Burlington a short time last Tuesday. They had been to Petersburg to take home Mrs. White, who had been visiting in Williamstown for several

Classified Advertisements.

For Sale—Five nice shoats. Gordon Southern, Ludlow R. D. 2.

Water for stock is getting very scarce all over this county, and grass is drying up rapidly.

The foliage on the trees seems to have been cooked by the very hot weather the past week.

Last Tuesday night was considered by many as the hottest night of the year. Not a breath of air was stirring and the heat was oppressive.

Rev. Gerald J. Connelly, of Florence, was a business caller at this office yesterday. Rev. Connelly is a most pleasant gentleman to meet.

Ex-Judge of the Court of Appeals, John M. Lassing and Circuit Judge Sidney Gaines, each has been on the rock pile in Burlington the past week. Their presence on the rock pile was the result of their not being able to get anyone to break the rock pile.

In some concrete work they will have done, and not in the expiration of any violation of the law.

For Sale—New enclosed buggy, just the thing for two or three children to go comfortably to school this coming winter. Wm. Gaines, Burlington, Ky., R. D. 3. Phone 309-x.

Wanted—Some saw mill to saw some barn frames. Logs saw in J. B. Sanders, Hyams Farm, Lexington place, between and Richmond. Sept. 11

L. A. CONNER, S. B. C.

"Five Cows Made \$474.00 Last Year"

writes W. C. Mohr, Oxford, Ohio—"I have shipped to the Tri-State about five and a half years and last year sold \$474.00 worth of butter fat from five cows. Have always found the Tri-State fair in their dealings. I have sold to both the Tri-State and also cream stations to see how the tests agree and so far have found 'The Tri-State pays the freight' the better way"

We Pay the Freight and 60c Per Lb.
for butter fat

Week of September 8th to 14th, inclusive.

Selling your cream for less than Tri-State prices robs your pocketbook and encourages profiteering.

Write for Free Trial Cans. We guarantee your cream and cans against loss.

The Tri-State Butter Co

CINCINNATI, OHIO.

For Sale—New enclosed buggy, just the thing for two or three children to go comfortably to school this coming winter. Wm. Gaines, Burlington, Ky., R. D. 3. Phone 309-x.

Wanted—Some saw mill to saw some barn frames. Logs saw in J. B. Sanders, Hyams Farm, Lexington place, between and Richmond. Sept. 11

AN ANNOUNCEMENT.

Effective about September 1st, the Capital Stock of this bank will be increased to \$50,000.00 and Surplus and Undivided Profits will be increased to \$100,000.00 (including the value of our building and fixtures which have been charged off of our books) making this the largest country bank in the Sixth District in the point of Capital and Surplus.

Our total assets will be about One Half Million Dollars at the present time, this being the light season of the year.

It is our desire to cooperate and encourage every line of safe, legitimate business, looking toward the upbuilding of our county and particularly the private business interests of our customers.

May we have the pleasure of a personal talk with you about your financial affairs, regardless of how small a matter it may be.

Peoples Deposit Bank

Burlington, Kentucky,

HOUSE, President. A. B. RENAKER, Cashier.

A Week's News

Water is very scarce in Burlington.

Frost is liable to come at any time now.

Albert Conner will install a Delco Light plant in his residence.

There have been very few large watermelons grown this summer.

In some fields the corn looks green while in others it is burnt up.

There has been an enormous amount of wheat hauled out of this county this fall.

The large dairy barn being built on W. A. Gaines' farm near Burlington is nearing completion.

J. A. Sanders, of the Richmond neighborhood, was a business caller at this office last Monday.

A blight has attacked the growing turnips, and some patches have been destroyed completely by it.

North Bend Association of Baptist is in session with the church at Florence. The session will close today.

Grant Williamson, of Plattsburg neighborhood, gave the young folks a play party one night last week.

Dr. Wallace Tanner, of St. Petersburg, Florida, is the guest of his mother, Mrs. Emma V. Rouse, of Florence.

Hickory nuts and walnuts will be scarce in this county this winter. There are very few if any on the trees.

Sam Hambrick says that he will kill any and all dogs found on his premises as they are destroying his poultry.

Mr. and Mrs. W. A. Gaines, of Hickorytown neighborhood, gave the young folks a play party one night last week.

Henry Clore shipped a truck load of fat hogs to market Monday. He is one of the best hog raisers in the county.

The extension of service asked for on Burlington R. D. 3 has been granted and will go into effect on the 16th inst.

Long dry periods used to be considered very favorable to typhoid fever, but as yet there are very few cases reported in this county this fall.

An airplane passed just north of town late last Monday afternoon, going in a southeasterly direction and traveling at no great altitude.

Renewing his subscription to the Recorder, E. Y. Chapin, of Chattanooga, Tennessee, writes: "Things look very attractive down here just now."

Here's a tip to Harrisonians. Some Germans in Berlin are killing and eating their dogs to avoid paying taxes on them.—Cynthiaana Democrat.

Rev. D. T. Stephenson, pastor of a Methodist church at Muncie, Ind., declared in a recent sermon that Sunday base ball is no more sinful than Sunday pleasure riding in automobiles.

Frankfort, Sept. 3.—For the third time in two years fire today destroyed the stock barns at the Hereford farm of Colonel E. H. Taylor Jr. of this city. The loss is estimated at \$10,000, which is virtually covered by insurance. All of Colonel Taylor's prize show cattle were saved.

Reports of big tomatoes continue to come in. Chas. Ebnhardt says he gathered one of his back yard which weighed one pound and twelve ounces, and another which was a pound and 10 ounces. Both were Ponderosa, and both outweigh the other tomatoes previously mentioned in the Press.—Lawrenceburg Press.

The short detour the construction of street crossings in Burlington requires of traffic proved a considerable annoyance to the joy riders last Sunday, many of whom had to be shown the way out of town and directed how to reach the roads by which they wished to leave the town. Half a dozen traffic cops could have been kept pretty busy most of the time.

That people are taking more time trying to preserve their health than they used to is very plain to be seen by the increasing numbers that visit Dr. Ebnhardt's office in Burlington Monday. He books numerous engagements every day he is in his office here, and his increasing practice indicates that his work is giving good satisfaction.

It has been two months since a good rain has fallen in Pendleton county, and corn and tobacco will not make a half of a crop. The prospects are discouraging to say the least. It will be difficult for many of our farmers to pay interest, taxes and provide the necessities of life for man and beast during the coming winter. Those who are in the dairy business will come thru the winter in better condition than the fellow who depends on tobacco and corn alone.—Palmouth Outlook.

Personal Mention

Bruce Anderson, of Constance, was a business visitor to Burlington Monday.

R. S. Crisler and wife are visiting their son, Dr. O. S. Crisler and wife in Missouri.

Owen Rosa, of Hopeful church neighborhood, was in Burlington on business last Friday.

Mrs. J. W. Kelly spent several days last week in Petersburg the guest of her sister, Mrs. B. J. Crisler.

Luther Scothorn, the Idlewild merchant, was transacting business in Burlington last Saturday morning.

W. D. Cropper attended the bankers' meeting and the Democratic Convention in Louisville, last week.

Caddie Maurer and Jesse Kirkpatrick attended the big Mascoe meeting at Big Bone Springs last Saturday night.

Judge John M. Lassing and family were Sunday guests of his sister, Mrs. Joseph Collins, of Crittendon, Gray's Landing.

Master J. W. Lassing spent a couple of days last week with his friends, Wayne and Weindel Phipps, over in Indiana.

Miss Sheba Roberts who has been very ill for two or three weeks, is improving nicely. Her many friends will be glad to hear.

Edward Botts and sister, Ira Ryle and family and Howard Huey and family were Sunday guests at James Botts' in Switzerland county, Indiana.

B. F. Eggleston, who resides out on Burlington R. D. 3, dropped in last Friday to pay his respects to the Recorder and reemist as one of its readers for another year.

J. W. Kelly and wife entertained the following guests last Sunday: M. L. Aylor and wife, of Hebron; Henry Clore and wife, of Florence; J. J. Kelly and wife and son Virgil; R. S. Cowen and wife.

Mrs. Lottie Davrainville, of San Antonio, Texas, who has been visiting her relatives in Boone county, left for New York, for Newport where she will be the guest of her son, Frank, Davrainville and wife.

Congressman A. B. Rouse, wife, son and his stenographer left last Friday morning for Washington, D. C. They went in Mr. Rouse's automobile and expected to be on the road two days at least.

Reuben Akin of Double Lick neighborhood, was a business visitor to Burlington last Friday. He made a tour last Sunday over a considerable portion of Indiana in his automobile, and says that the State needs rain badly.

Henry Youtsey, of Newport, was a business visitor to Burlington one day the past week. He contemplates making a date some time in the future to deliver a lecture here. He has a lecture that has been well received where ever delivered.

G. W. Tolin and wife left last Friday morning on their return trip to Washington, D. C. where Mr. Tolin has a good position in the Interior Department. They went through in Mr. Tolin's runabout and expected to be on the road not less than three days.

Felix Gaines, of Philadelphia, was a caller at this office last Thursday. Mr. Gaines and his wife are visiting his relatives in this county, it having been many years since he was here. He has a good position with a life insurance company in Philadelphia.

Mr. and Mrs. Chambers, of Chambers Farm, down on Woolper creek, entertained the following guests last week: Mrs. Chas. Weibel, of Barren county, this State; Mrs. J. E. Quinn and daughter, of Dayton, Ohio; Mr. Lewis Quinn, wife and son, of Detroit, Michigan.

John Baldon, who has been in Colorado for many years, arrived here last Tuesday to renew old acquaintances and look over the scene of his youth. He is the same John of old, and is enjoying the meeting with his old comrades, and is still wearing that won't-come-off smile.

H. F. Utz, Mrs. Naomi Dixon and daughter, Miss Bernice Mae, of Devon, were business visitors to Burlington, last Friday, and while here were callers at this office, where arrangements were made by Mrs. Dixon and her daughter for advertising a sale of their personal property on Saturday, September 20th.

James W. Hedges Dead

James W. Hedges, one of the county's old and highly esteemed citizens, died last Friday at his home near Walton of intestinal trouble, in his 67th year. He was a son of the late R. D. Hedges, many years ago a citizen of Union product. He was a splendid citizen and a man of the highest integrity and he was esteemed by a large circle of friends. He leaves a wife, two sons and one daughter, Prof. Cleveland Hedges, of Austin, Texas. Fleming Hedges, a prominent attorney of Chicago, and Mrs. F. H. Hedges of Burlington. The funeral took place Monday in charge of Edwards & Edwards, and the religious services were conducted by Rev. J. D. Waters of the Walton Christian Church. The interment took place in the Baptist cemetery. All the children were present at the funeral.

The local Baptist church is having a very interesting course of lectures on a "Lost World," occupying the restroom each night.

W. L. Kirkpatrick sold to Benj. and Frank Nichols, of Erlanger, such a 14 ton International truck, last Tuesday.

For Skin Affections

These are usually more than "skin deep." Sufferers from skin affections have found the longed-for relief in

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

18c a package

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways Camels are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!

Camel CIGARETTES

Lost Certificate.

I have lost my Certificate of Stock in the name of Clore, Smith & Brady and any information as to the whereabouts of these certificates will be appreciated. HENRY CLORE, Grant, Ky.

Subscribe for the RECORDER

Corn Drying Rapidly

The corn in this county dried rapidly the past week and many fields are ready to be put in the shock. What at one time was counted on as a bumper crop has fallen far short in that respect, but there will be considerable corn in the county when the time comes to make.

The People's bank building will be lighted by electric light supplied from the Delco plant in A. B. Renaker's residence, while the Baptist church building will be lighted from the Baptist church plant which will be located in R. B. Cowen's residence immediately across the street from the church building.

Adult Education

One of the main propositions in the new education is that of being discussed through the civilized world today is that of adult education, according to Mrs. Cora Wilson Stewart, Chairman of the Kentucky Illiteracy Commission and originator of the moonlight school system of teaching persons to read and write who did not have an opportunity to learn in their childhood.

England has made provision for her adult illiterates in the Fisher Bill, which already has passed Parliament. The American Federation of Labor has it in resolutions passed at the last meeting held in Atlantic City. "The Smith-Towner Bill, now pending in Congress, provides for the education of adults both native and foreign born, and there is nothing more certain than that every man and woman in this country is going to have a chance to go to school," said Mrs. Stewart.

"Some of the states already provide for a system of evening schools, and several states have state superintendents of evening schools. These states are simply in advance of the others. Every state in the Union will soon have the school system of the evening instead of being closed eighteen hours of the day. The public school teachers who now teach six hours will have employment two hours each evening. This adds to the salary and enlarges the usefulness of the teacher," said Mrs. Stewart.

"The time is coming when men and women who did not finish common school in their youth will go to school at night and complete the grades. Those who can not read and write will be compelled by law to go until they learn. Some adults will go for vocational training, some may go to high school as others in the larger cities have gone to night universities.

"It used to be an idea that if one did not secure an education before 20 or 22 years of age, one must go through life without it. The error of this opinion is being realized everywhere and now the prevailing opinion is that while it is better to secure an education in childhood, if anyone thru misfortune fails to go to school in early life it should not prevent one's securing an education in later life.

"The world is moving fast. We used to ride in stage coaches; later in automobiles; now we are in the eve of airship travel. Factories which used to run only in day time now have two shifts and run both day and night. The schools of the future will run eight hours a day; six hours for children, with the necessary recesses, and two hours additional at evening for adults.

"Adult education—it's here. No farmer or miner, no farmer's wife or household servant will be kept in ignorance in the future. Education will no longer be limited to the tender years of youth. Everybody will have a chance to go to school."

CARROLL COUNTY.

Carrollton News.

It now looks like the money will be forthcoming for every county through which the projected Federal Highway is to pass.

Oldham county raised \$100,000 last week in subscriptions to the Federal Highway, leaving \$60,000 yet to be raised. Gallatin county has called a bond election of \$50,000 for the same purpose.

Early tobacco is still being cut, and is of fine quality. The prospects for the late crop are promising but encouraging, and prominent tobacco men say "if it rains from now until Christmas it will not make anything."

Two fine rains fell in nearly every portion of Carroll county Saturday night, and through a strip of country from above Lock No. 1 to Worthville and a portion of Whites Run there was considerable hail, the pellets in many places being as large as hen eggs, doing much damage to tobacco, corn and fruit.

Fall Fertilizer Supply.

Many inquiries are already being made about fall fertilizers. For the information of the farmers, generally, over the entire county, I advise that the Boone County Farm Bureau has secured factory prices on 150 tons or more and is prepared to distribute this in all sections of the county at actual cost. The first car load will be laid down at Erlanger next Monday, Sept. 15th. This car is all 16 per cent Acid Phosphate, new 125 pound bags, \$25 per ton F. O. B. Erlanger. Persons desiring brands other than Acid Phosphate can secure same at factory prices by placing their order.

Mr. Clem Kendall, Florence, Ky., has been chosen purchasing agent by the Bureau. Place your order with Mr. Kendall, your County Agent or any member of Farm Bureau.

Yours for Service,
W. D. SUTTON.

How Is This?

How is it that gasoline is selling at 25 cents a gallon in Covington and 28 cents in Burlington, is not clear to local consumers. The dealers here say it costs them more than 25 cents a gallon. In Cincinnati it is sold for 24 cents a gallon. It is strange that there should be so many different prices in the same locality.

The construction of street crossings in Burlington has been completed, but there has been a great deal of trouble in getting the work done. It is all the time.

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Guaranteed by
The American Tobacco Co.
INCORPORATED

Rouse-McMullin Marriage.

A quiet and beautiful wedding was solemnized at the Baptist Parsonage, Bellevue, Wednesday evening, August 21, 1919, at 5 p. m., by Rev. C. E. Baker.

Those united in marriage were Mr. Franklin Rouse, oldest son of Mr. and Mrs. M. F. Rouse, of near Florence, and Miss Rosa C. McMullen, oldest daughter of Mr. and Mrs. L. I. McMullen, of near Burlington. Their attendants were as follows: Mr. Charles B. Rouse, the groom's brother, of near Florence, and Miss Violet M. Rue, the bride's cousin of near Clarksburg. The bride was charmingly attired in white satin and georgette crepe and white; the groom wore the conventional black. The bridesmaid, Miss Violet Rue, was becomingly dressed in white crepe de chine and georgette crepe, and Mr. Charles B. Rouse wore dark blue serge.

At the home of the bride a bountiful supper and many friends and relatives were awaiting the return of the bridal party. The following day a bountiful feast was served at the home of Mr. and Mrs. M. F. Rouse.

Many friends and relatives of the bride and groom gathered to enjoy the wedding festivities, and the day was very much enjoyed by every one as Mr. Rouse is a very jolly host and Mrs. Rouse a very quiet and pleasant hostess.

Mr. and Mrs. Franklin Rouse are the proud possessors of many beautiful and useful presents of which the following is a list: A. G. McMullen and wife, table cloth and napkins; L. I. McMullen and wife, dozen silver teaspoons.

Moses B. Rouse and wife, set dishes and \$10 in gold.

Albert Rouse, half dozen dessert spoons.

THE MOST

DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

TAKK YOUR COUNTY PAPER.

A Kentucky Highway

Oldham counties who are soliciting funds in the hope of procuring a river level route thru Oldham as that county's part of the projected Ohio River route to Cincinnati are quoted as saying that if the counties above Trimble should not raise sufficient money to insure a through route upon the Kentucky side of the river a Federal aid road would be built to Milton, and from that point traffic would ferry to Madison and on the other side of the river over Federal aid roads in Indiana and Ohio.

There should be an Ohio river route upon the Kentucky shore of the Ohio from Paducah to Cincinnati. It would be unfortunate for Kentucky, but doubly unfortunate for Carroll and Gallatin counties and the parts of Boone which are not in communication with the river or the railroad over well improved roads if a Federal aid highway from Trimble county. This is plain nowhere than in the counties mentioned that they will fail to take advantage of an opportunity to provide themselves with a trunkline road constructed partly at other than county expense.

A Kentucky highway from Cincinnati to Paducah following the course of the stream in so far as might be found practical by engineers—would become a famous road. It would not extend from Mills Point to the Breaks of the Big Sandy, but it would leave out only a few eastern and a few western counties between the Mississippi and the Big Sandy. As one good road serves another, and goes far toward inducing its construction the Ohio River highway would be beyond a doubt, be extended to Catlettsburg and to Cairo. The counties along the Big Sandy may be dependent upon not to be left long out of a good road moving along out of a good road movement. Pike, the furthestmost, already shows a road building disposition which astonishes lowland counties by its vision of the value of motor roads.

Louisville will watch with interest the developments in an effort to procure the funds for a Federal Highway between this city and Cincinnati.

It need not be said that Jefferson county will do its part, making any improvements to the Jefferson county line which may be necessary to bring its portion of the highway up to the requirements of the Government engineers. Cincinnati should be, and no doubt will be, interested in the construction of a road on the Kentucky side because it would be a new road opening new territory in Kentucky, but in the neighborhood of Cincinnati, The Paducah-Louisville road is assured. The Louisville-Cincinnati road, on the Kentucky side, following Ohio river would be the natural complement of the Paducah Louisville road.

The question of the routing of the road through each of the river counties, is, of course, a question to be decided by each of the counties that would be traversed, the State Highway Department's approval of a selected route necessary to its adoption. Many Louisville motorists would like to see the Upper river road extended through Oldham county, along the river. Louisville business houses would welcome the opening of a Federal aid road through Oldham county regardless of the route. The popular disposition in Louisville will be to observe the progress of the campaign for funds in Oldham in the hope that a Federal aid road will be procured rather than in the hope that one or another of the counties would be getting pledges will procure the adoption of the route it desires.

County politics and neighborhood preferences should be subordinated, in all of the river counties, to the larger purpose of obtaining the Federal aid road which all of them very greatly need.

"A Kentucky highway to Cincinnati" should be a slogan sufficiently potent to remove the probability of the transfer of traffic to the Indiana shore from Milton—Courier-Journal.

Before the war the term "bread" was understood to mean bread made from ordinary wheat flour. During the war it might have meant almost anything on which to spread butter or its substitutes. But what does it mean now?

At the time the food administration called for the use of substitutes in the manufacture of bread, so much publicity was given to the ruling that the chance of a purchaser being deceived into believing that the article he carried home from the bakery as bread was made of wheat or wheat flour were slim; and no objection was made under the food and drugs act to the labeling and sale of the food and drugs as wheat flour substitutes in the case of crackers.

The restrictions on the use of wheat flour in bread have recently been removed, and the product now sold under or labeled with the unmodified term bread, should, if brought within the jurisdiction of the act, be prepared from wheat flour only, says the United States Department of agriculture, which enforces the food and drugs act. If wheat flour substitutes are used their presence should be clearly stated on the label. The principle applies in the case of crackers.

Capt. Kottmeyer's new ferry boat, Boone No. 4, will soon be completed, and he believes it will be the best boat they ever put afloat. It will be 65 feet long by 12 feet wide. Capt. Kottmeyer, his father, and Jake Henthorn are the builders.

WALTON.

George W. Griffith of Sanders, spent last Thursday here on business.

Miss Pattie Vest left Monday for Berea, Madison county, to attend the college there this year.

Milton Hance of Oakley, Cincinnati, spent Sunday here with his parents Mr. and Mrs. A. R. Hance.

W. Lee Gaiens and Benj. B. Allphin spent Monday at Williams-town attending county court live stock sales.

Mrs. Alice Stephens of Bellevue, spent the first of the week here at her old home with her many friends.

Mrs. R. C. Schwartz, of Topeka, Kansas, arrived here last week on a visit to her sister Mrs. Wm. C. Best and family.

Mr. and Mrs. Wm. C. Readnour of Cincinnati, spent last week here the guests of his parents Mr. and Mrs. Joseph Readnour.

Mr. and Mrs. J. Wilmo Kinslear returned home to Louisville Sunday after a very pleasant visit here to relatives and friends.

Richard Martin of California, O., spent last week here the guest of Dr. T. T. Barton and wife and looking for a good farm to rent.

Mr. and Mrs. J. B. Cunningham of Pittsburgh, Pa., arrived here last week on a visit to her parents Mr. and Mrs. Jas. B. Cunningham.

Mrs. Jno. L. Vest who has been in Cincinnati for special treatment for an internal trouble was brought home Sunday night and is much better.

Miss Mary Lee Dudley in enjoying a delightful visit thru the Great West, and will spend several weeks at Pueblo, Colo., the guest of her uncle W. K. Dudley and wife.

Mr. and Mrs. J. Edward Bristow and son of Cheviot, O., spent last week here with friends, coming to attend the Bristow family reunion held at the hospitable home of B. F. Bristow near Richmond.

Otis G. Bates of Folsom, Grant county, looking at some farming lands of the Bristow Realty Company with a view to making a purchase and moving here.

The concrete work on the streets of Walton has been completed and the main thoroughfare thru Walton has been opened for travel. The cleaning of the street and grades will require some time but most of it will be done by October 1st.

Wm. B. Sparks of near Verona, was a visitor here last week. His wife has been quite ill, and will be taken to Cincinnati for treatment.

Mr. Sparks has sold his farm of about 300 acres to Dr. J. G. Slater and R. S. Clure of Louisville, who will take charge in a short time, Elbert Clure moving to the farm as manager.

Walton Academy conferred the entered apprentice degree on Bryan Benson of Kenton county, and the fellow craft degree on John W. Sleet at the regular meeting of last Friday night.

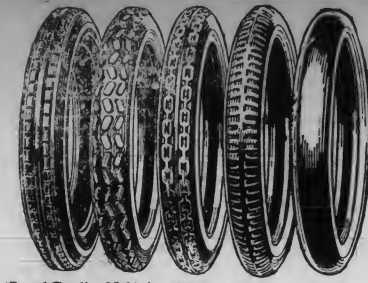

One petition was acted on for next meeting and a new petition was received. Work in all three degrees will be on the calendar for the next meeting.

Hon. and Mrs. Orie S. Ware and three children, of Covington were the guests of Rev. and Mrs. R. L. Shirley Sunday evening.

Mr. Ware making an address in the interest of the seventy-five million dollar drive for the Baptist church in the United States, meeting Sunday evening at the Baptist church being the beginning of a week's drive for the fund, services being held by different pastors and speakers at the Baptist church, Bro. Ware is the postmaster of Covington and has given excellent satisfaction in the discharge of his duties that he was recently re-appointed for a term of four more years.

The funeral of Judge J. G. Tomlin was held last Wednesday from his late home and was largely attended by friends from a distance. The services were conducted by Rev. A. V. Crouse of the Presbyterian church, Cincinnati, who was the minister who performed his marriage ceremony. The services were very plain and impressive. Rev. S. T. Hill of the Presbyterian church, and Rev. R. L. Shirley of the Baptist church, assisted in the services. The floral tributes were extensive and very beautiful. The pallbearers were his warm personal friends, viz: J. D. Mayhugh, Jno. L. Vest, W. B. Johnson, D. B. Wallace, Jno. C. Miller, R. O. Hughes. The music consisted of duets by Mrs. R. O. Hughes and Mrs. B. F. Bedinger, and were beautifully rendered and very appropriate selections. The interment took place in the Baptist cemetery, the funeral being in charge of C. Scott Chambers.

Married—Edward Bellman and Miss Rose Menke at Independence Wednesday, Sept. 3rd, Rev. Henry J. Herringhaus pastor of the St. Cecilia Catholic church, officiating with high mass at the church at 9:30 a. m. After the marriage the happy couple, accompanied by Miss Martha Wendt, bridesmaid, and Jacob Bellman, groomsmen, and Rev. Henry J. Herringhaus, returned to the home of the bride's parents Mr. and Mrs. A. Gaking of near Walton, where a delightful wedding breakfast was given. The groom is a son of Mr. and Mrs. Henry Bellman of Elmwood, Ohio, and was recently discharged from the service of Uncle Sam after spending nineteen months there and abroad in the service as machine gunner. The happy couple spent the week with Mr. and Mrs. Gaking and left Sunday for Hartsville, where they will go to house-keeping in their new dwelling just erected by Mr. Bellman. The couple are both of fine family and are extended this excellent young couple.

'Royal Cord' 'Nobby' 'Chain' 'Usco' 'Plain'

See the big Nobbs

The 'Nobby' is a big rough husky fellow. The tire they are all talking about.

A great road gripper—a sure enough non-skidder and non-slipper.

Makes easier riding and easier driving. More safety, more comfort—more mileage.

'Nobby' is a United States Tire, —which means none better. Just right for our roads.

United States Tires are Good Tires

We know that United States Tires are good tires. That's why we sell them.

BOONE CO. RECORDER

PUBLISHED EVERY THURSDAY
W. L. RIDDELL, Publisher.

Entered at U. S. Post Office in Burlington, Ky., as Second-class Mail.

BIG BONE BAPTIST CHURCH.

Rev. O. C. Peyton, D. D., Pastor.
Preaching every Sunday morning and evening.
Bible School every Sunday at 10 a. m.—Sam Allen, Superintendent.
A cordial invitation is extended to all our services.

GUNPOWDER.

N. A. Zimmerman purchased a flock of nice sheep at the stock yards last week.
J. W. Williams and wife entertained several of their friends at dinner last Sunday.

E. B. Hume and wife, called on Mr. and Mrs. Ed. Slayback, last Sunday afternoon.

K. E. Tanner has improved the appearance of his home by making a cement walk.
Miss Julia Coyle is a girl at the home of her sister, Mrs. Ed. Slayback, and is confined to her bed with typhoid fever.

This writer and wife and Mr. and Mrs. P. J. Allen attended the fair at Dayton, Ohio, on Tuesday of last week. Having had a favorable season in that section the crops are fine and the display of farm products were as fine as could be produced. The display of livestock was of a very high character.

CONSTANCE.

Miss Pearl Dickerson, of Stringtown, and Ellsworth Tunning, of Bromley, were married last week. Frank Milner has returned to Georgetown College. His father accompanied him for a short visit to home folks.

Mrs. Adam Dolwick and daughter, Miss Mabel, called on our niece, Mrs. Clyde Ellis, on Amsterdam pike, Friday afternoon.

H. M. Kenyon, wife and daughter, Elizabeth, of Hyde Park, O., were week-end guests of his parents, W. A. Kenyon and wife.
Dr. Clayton Walton, wife and daughter, Miss Dorothy, of Nashville, Tenn., have been visiting A. F. Milner and family and other friends and relatives in this county.

W. H. Hood entertained his three sons, J. H. V. Hood, of Waterloo, E. L., of near Burlington and Luther, who makes his home with him, Saturday night and Sunday.

UNION.

School opened Monday morning with a large attendance.

Mrs. Sara Corbin, of Kansas City Mo., is the guest of Mr. Perry Corbin.

Gaines Huey left Monday for Georgetown, where he will attend college for the coming year. Miss Virginia Shanklin, of Lexington, was the week-end guest of Norma Rachal.

Mrs. Jennie Fall and son, Wm. of Alexandria, Ind., are guests of Mrs. J. T. Bristow.

Mrs. John Lusher and daughter, of Crescent Springs, are visiting friends and relatives here.

The Ladies Aid of the Baptist church will serve a dinner at the home of James Huey, next Monday.

Raymond Newman will leave Sunday, for Indianapolis, where he will visit his sister, Mrs. Welton.

Mr. and Mrs. Richard Feldhaus had as guests, Sunday, Rev. Potts, of Cincinnati, and Mr. and Mrs. John Lusher, of Crescent Springs.

Mr. and Mrs. Geo. Barlow, and their guests, Sunday, Mr. and Mrs. John Surface, Leslie Barlow and family, Mr. and Mrs. Ezra Blankenbaker and Alina, Mrs. Elizabeth Bartlett, Mrs. Alice Tanner, Mrs. Cora Utz and Miss Elaine Dickerson.

PT. PLEASANT.

Tobacco cutting and silo filling are under way in this neighborhood.

Mrs. Elton Christoff spent last week at the home of Mr. and Mrs. Ed. Riggs.

Announcement will soon be made of a protracted meeting at Pt. Pleasant church.

Dr. Clayton Walton, wife and daughter, of Nashville, Tenn., visited friends and relatives here last week.

Mr. and Mrs. J. W. Riggs entertained with a dinner, last Thursday in honor of Mrs. Jim Holm and daughter from Birmingham, Alabama.

Mr. and Mrs. Spence Tanner entertained quite a number of guests the past week. Among them were Mrs. Jim Holm and daughter, Mildred, of Birmingham, Ala., and Mrs. Simpson.

Mr. and Mrs. Keene Souther entertained the following relatives Sunday: Mrs. Sallie Souther and son, Geo.; Mr. and Mrs. J. W. Tanner and daughter, Sarah; and Mr. and Mrs. H. H. Souther.

The following community loving kindness gave their time and talents to the grading of the road from Berry Jergens to the Constance and Linsburg pike: Fred Gross, Thelma, D. W. Riggs, J. W. Riggs, Harvey Souther, J. L. Hume and H. S. Cleveland.

Naomi Dixon,
Bernice Mae Dixon.

N. W. BURKITT, Auctioneer.

Sale to begin at 12:30 sharp.

HEBRON.

Large crowds have been attending the meetings here.

Several from here attended the Alexandria fair last Saturday. Harold Criger purchased an Overland touring car last week.

Miss Mary Gordon, of Burlington, has been visiting her cousin, Miss Jessie Gordon, of Hebron. Mr. Crisler moved from Earl Ayler's place to the Edward Ernst residence in Hebron.

Church service will continue each evening this week with services Sunday morning at eleven o'clock and in the evening at 8 o'clock.

School opened last Monday with Misses Jessie Gordon and Maud Tanner, teachers for the graded rooms, the High school having no teacher yet.

Ed. Baker and wife had as guests, last Sunday, Leslie Baker and family, of Ludlow; Homer Baker and family, of Bromley, and J. H. Baker and wife, of near Limburg, and this writer.

DEVON.

Mr. and Mrs. T. J. Hutnell were shopping in the city, Tuesday.

Mrs. W. W. Woodward and son, Robert, Sundayed at Theo. Carpenter's.

Mrs. Benj. Bristow was the guest of friends in Erlanger Tuesday afternoon.

Miss Nannie Dixon, of Richmond was the guest of Mr. and Mrs. Harvey Utz, Sunday.

Miss Leta Rice, of Covington, came out Friday afternoon and remained until Sunday evening, the guest of Mrs. Jane Bristow-Miller.

Mr. Schaefer's sale was well attended and good prices prevailed. Mr. and Mrs. McCoy purchased this farm and expect to move there in March.

Mrs. Perry Dixon will have a sale of her farming implements, stock, etc., on the 20th inst. We regret to have them leave us.

They will move to the home which they purchased in Erlanger.

William McCoy, wife and daughter, of Hamilton, Ohio, stopped here Friday and remained until Saturday evening, guests at Mr. Frank McCoy's. They were returning from a trip in the Blue Grass.

Roy Kenney and mother accompanied by his aunt, Mrs. T. J. Hutnell, went to Lexington in his car, and attended the fair. They visited at other points of interest, returning home Saturday evening, having had a delightful trip.

Jas. W. Bristow and sister, Miss Jane, had as guests, last Sunday, Misses Leta and Stella Mae Rice, Miss Ollie Potter and Mr. Stanley Rice, Mrs. Perry Dixon and daughter, Miss Mae and Mr. Dudley Rice, who were home from overseas service 16 days ago, were among the invited guests.

Amacoda Standard.

If the same proportion of deaths had occurred in the world war that took place in the Spanish-American War, disease would have reaped 112,000 Americans, as against 50,000 the actual number.

A The American medical man is right on the job taking advantage of 30 years of scientific progress, quackery, influenza and typhoid and some other diseases that once made a community tremble have lost their terrors. This physicians and surgeons contributed their full share toward the winning of the war.

Tobacco Being Housed

A large per cent of a very poor crop tobacco has been put in the house, and the dealers are delivering various opinions as to what should be expected as to prices when the market opens a few months hence. There is so much mean tobacco it seems a grower who has good tobacco is justified in expecting a good price for his crop.

Timothy Sandford spent several days last week with a representative of the Consolidated Telephone Co., canvassing new territory which it will enter in this county in as short time as possible.

Revs. D. E. Bedinger and K. M. Criswell were each returned to his last year's circuit by the Kentucky Conference of the Methodist Church South in session in Shelbyville last week. This is very pleasing to their congregations.

A trip to Petersburg last Saturday afternoon revealed the following old landmarks still on the move there: J. B. Berkhart, W. T. Stott, Edward Stott, Dr. J. M. Grant, M. P. Wingate, Ben Drake, G. C. Graddy, J. C. Bolen, Ben Crisler, L. N. Early, J. M. Botts.

John P. Duncan has been spraying his potato patch with Black Leaf Four and says it cleaned up on the blight. Vines he thought beyond redemption brightened up the first night after they were treated.

TERMS OF SALE.

Sums of \$10.00 and under, cash; on all sums over \$10.00 a credit of five months without interest will be given, purchasers to give notes with approved security payable at Farmers Bank, Petersburg, Ky.

O. N. SCOTT.

Sale to begin promptly at 12 o'clock.

A trip to Petersburg last Saturday afternoon revealed the following old landmarks still on the move there: J. B. Berkhart, W. T. Stott, Edward Stott, Dr. J. M. Grant, M. P. Wingate, Ben Drake, G. C. Graddy, J. C. Bolen, Ben Crisler, L. N. Early, J. M. Botts.

Revs. D. E. Bedinger and K. M. Criswell were each returned to his last year's circuit by the Kentucky Conference of the Methodist Church South in session in Shelbyville last week. This is very pleasing to their congregations.

John P. Duncan has been spraying his potato patch with Black Leaf Four and says it cleaned up on the blight. Vines he thought beyond redemption brightened up the first night after they were treated.

BIRTHDAY CELEBRATION.

Mrs. J. M. Barlow Celebrates Her 75th Birthday.

The 75th birthday of Mrs. J. M. Barlow, was celebrated at her home three miles from Burlington, September 9th. The celebration was a complete surprise to her and her husband, the news being broken first to Mrs. Barlow by her great grandson Albert William Weaver, about 8 o'clock by telling her there was going to be a reunion, to which statement Mrs. Barlow replied that they were going to complete the barn raising which was begun the day before. The little boy insisted that it was to be a reunion and that lots of folks were coming, and not until her granddaughter stepped into the room, dressed in white, was she convinced that it was a fact. Then Albert William was taken to the tobacco patch where he broke the news to his great grand father, who was all so hard to convince that a surprise was awaiting him. He came home to find the guests gathering from all directions.

After a time of pleasant chatting with each other all were invited to the yard where a bountiful feast had been prepared, the only objection being that everything looked so good each one felt they wanted to taste it all, which was utterly impossible for there was a table 30 feet long piled high with all the goodies that go with such an occasion.

At another hour of enjoying, together with music, singing and conversation, all were given a presumptuous fill of watermelon. Following another hour of pleasant association Rev. C. E. Baker, of Bellevue, thanked the guests in behalf of Mr. and Mrs. Barlow for their kind remembrance of the day and for all the good things they brought. He also gave a splendid talk on the first six verses of the 1st chapter of Revelation and offered an elegant prayer.

Next on the program was the spread of a bountiful supper which was also greatly enjoyed. About 5 o'clock the guests started for their homes, feeling very happy after such a pleasant day, and wishing Aunt Mary many happy returns of the day. Those present were Mr. and Mrs. J. M. Barlow, L. A. Conner, W. H. Barlow, R. E. Creel, L. C. Acra, L. R. Barlow and son Harold Robert, Harry Barlow and daughter Ethel Mae, A. Tanner, B. B. Hume, Milton Beemon, A. G. Beemon, H. L. Beemon, A. B. Renaker, M. P. Barlow, Geo. C. Barlow, J. W. Utz, Walter Whitcomb, A. Barlow, W. C. Weaver, G. E. Bradford, Russell Craddock and son Wallace Irwin, Glen Ciesler, J. O. Ross, A. McMurtry, O. W. E. Aylor, J. D. Acra, C. F. Blackenbaker, W. P. Beemon, Rev. C. E. Baker and children Ruth and Thelma, Ransom Kyle and children, Elizabeth, Howard and Lucille, L. C. Weaver and son Albert William, Messers—H. C. Beemon, Robt. H. Robbins, Raymond Goodridge, S. J. Robbins, Raymond Beemon, Harold Beemon, M. H. Beemon, William Nixon, Philip Taliaferro, James Beemon, F. C. Balser, E. H. Blankenbaker, Kirk Tanner, Ira Beemon, E. G. Creel, Meddames—Missouri Tanner, Herbert Hughes, Agnes Clure, Clyde Anderson, Lizzie Utz, Misses—Alta Beemon, Rose Mae Barlow, Myrtle Beemon, Edna Barlow, Virginia Lambert, Edith G. Balser, Addie V. Roush, Nellie Robbins, Bettie Acra, Laura Beemon, Jane Beemon, Emma Welsh, Ettie Beemon.

FRANCESVILLE.

A SHOCK TO THE COUNTRY

Senator Hitchcock So Characterizes Senator Knox's Attack On the Peace Treaty

INSANE FOREIGN POLICY

Amendment or Defeat of the Treaty Would Be Commercial and Financial Disaster For America, Says Nebraska Senator

Washington (Special).—Declaring that any amendment to the treaty of peace, good or bad, reasonable or unreasonable, means the defeat of the treaty with all its disastrous consequences, Senator Hitchcock of Nebraska made a powerful speech in the Senate today urging that the treaty be ratified without delay and without amendment.

Referring to the recent speech of Senator McCumber, Republican of North Dakota, who voted against the Shantung amendment in the foreign relations committee, Senator Hitchcock said:

"He has shown that the proposed amendment, instead of helping China, deprives her of the benefit of the promises and concessions the United States has exacted from Japan. He has shown that Japan is already in possession of the German rights, privileges and leaseholds. He has also shown that Great Britain and France are under pledge to Japan to stand by her in her claim, and he has challenged the supporters of the proposed amendment to show how China can possibly be benefited, when we reject Japan's promises, we proposed to go to war with her and drive her out of Shantung for the benefit of China."

"I think the Senator from North Dakota conclusively demonstrated the folly of the proposed amendment as far as it concerns China and the danger that it involves to the United States."

Senator Hitchcock then explained the inevitable results if the Senate should vote in favor of the Shantung amendment or any other. He said that one of two things would happen—either the President would refuse to go further with the treaty or he would have to submit the amendment to the nations associated with the United States in the war.

"Does anyone believe," asked the Senator, "that the other nations would accept the Shantung amendment?" He pointed out that Great Britain has already ratified the treaty and is under pledge to Japan with reference to Shantung; that France is soon to ratify the treaty and is under the same pledge to Japan.

"Does anyone suppose that Japan herself would submit to such a humiliation before the eyes of the world?" asked Hitchcock. "The answer is simple," he asserted. "We would find ourselves out in the cold, isolated from the rest of the world."

"What then, will the United States do? What will those American statesmen propose who stand for this method of killing the treaty? Some of them will say that Congress can pass a joint resolution declaring a state of peace with Germany. Others say the United States can negotiate a separate and independent treaty of peace with Germany. Those who talk this way evidently have no conception of the enormous benefits and advantages which the United States derives from this treaty which we wrang from Germany at the cannon's mouth. Neither have they any conception of the difficulties involved in negotiating a new treaty with Germany to establish the terms of peace and settle the controversies of the war."

"To my mind it would be suicidal for the United States to throw away the advantages and benefits provided in this treaty. It would be disastrous commercially and financially. It would put us at an enormous disadvantage in our international relations not only with Germany but with those nations which we would thus desert. They would remain bound together by ties of mutual interest. They would enjoy the benefits of the treaty and would not be slow to take every advantage of them. They would resent our desertion."

"Up to this point, I have discussed the possible effect of the treaty by means of proposed amendments to it. That is the real program and hope of the majority of the committee on foreign relations. It is for that purpose that the treaty has been locked up in cold storage for so many weeks. The enemies of the League of Nations in the Senate are not only opposed to its friends, but they control the committee. They have felt justified in retaining the treaty in the committee, holding useless hearings and making killing amendments with the full knowledge that amendments would beat the treaty just as effectively as a refusal to ratify."

"A few, a very few, Senators have declared that they would vote against the treaty because of the League of Nations, but it has remained for the Senator from Pennsylvania (Mr. Hughes)

to declare boldly against our participation in the treaty settlement.

"To say that he has amazed the country is to put it mildly—he has shocked the country."

"Strangely enough, after months of time and a number of speeches in which his attack on the treaty has been on account of Article I, which contains the League of Nations, he now takes a new position. He formerly favored taking the League of Nations out of the treaty and ratifying the Peace Settlement with Germany. Now he suddenly changes front, declares in favor of deserting the nations associated with us in the war and advocates an unconditional peace or negotiated peace with Germany."

"Was there ever a more insane international policy proposed? The mixture of poison and folly it is difficult to see which predominates. Senator Knox goes the limit. He not only proposes that we desert our friends and abandon our obligations, but he suggests that we release Germany from all promises of indemnities and reparations."

"Why not go further and propose that we compensate Germany? That would be a still stronger appeal to German sentiment."

Senator Hitchcock said that he had full faith that the treaty would receive different treatment in the Senate than it has in the foreign relations committee. "In the Senate," he said, "there are few men who favor deserting the cause of civilization until the victory in the field has been rendered permanent by a peace settlement with ample guarantees. In the Senate are few Senators who favor releasing Germany from all responsibility for the war, few Senators willing to sacrifice the material interests of the United States which this treaty alone can protect."

In concluding, what was without doubt one of the ablest speeches that has been made in the Senate for ratification of the treaty without amendment, Senator Hitchcock said:

"I can not close without a few words on the League of Nations feature of the Treaty, which has been so persistently and unreasonably attacked in this chamber. To most of these attacks I have listened. They have varied somewhat, but they all have one characteristic in common—a tremendous exaggeration of possible disadvantages to this country."

"Those who conjure up these possible disadvantages seem to ignore altogether the enormous advantages of organizing the world for peace. They appear to have lost sight of the horrors, evils and dangers of war while in the contemplation of possible disadvantages under the League of Nations. They make mountains out of molehills in reviewing difficulties in the League plan. They are suspicious that while it may benefit every other nation on earth, it is so devised as to bring disaster to the United States. They crawl upon the ground with a microscope searching for pitfalls and are unable to look forward to the promised land of peace and order and justice to which the new movement leads."

Miss Emma Love Dead.

Miss Emma Love of Big Bone Baptist church, passed quietly and peacefully into her home in heaven, just as the sun was sinking into the west one evening last week. Her funeral service was conducted by Pastor O. C. Peyton, at the church Sunday morning last at the 11 o'clock hour. "She hath done what she could," were the words Miss Emma had chosen as the subject for her pastor's talk and three important lessons suggested by these words, Pastor Peyton sought briefly to impress.

1. Service for Christ is inseparable from Christianity.

2. Service for Christ is the highest form of service.

3. Service for Christ is preeminently fitting in women. Miss Emma Love's life was a life of loving trust and service. She was ever a faithful, earnest Christian. Her last days were days of patient suffering and calm, blessed assurance. We know it is well with her soul. The pastor spoke affectionately and tenderly of her life, faith, faithfulness and confident assurance of her eternal home. She was tenderly cared for to the end of her pilgrimage. May God comfort and bless her loved ones.

O. C. PEYTON.

CHANDLER SIX Famous For Its Marvelous Motor

The Year's Most Pleasing New Sedan

THE season offers no other sedan so pleasing in the beauty of its lines and its furnishings, as the new series Chandler Sedan. And there is none that may be compared with it at anything like its price.

The new Chandler Sedan is the highest expression of years of development in the creation of closed bodies. It is beautiful to look at, and most comfortable to ride in. It has style and refinement that must appeal to those who care for the finer things.

This car seats seven persons most comfortably or five when auxiliary chairs are not in use. The front seat is solid, not divided as in previous models, and the window posts are a permanent part of the body, not removable. The windows, however, may be lowered away or adjusted to suit the weather and the wish. The entire interior is upholstered in finest quality silk-plush of pleasing pattern for cushions and plain tone for head lining. Interior fittings are in dull silver finish.

Despite the largest production in the history of the Chandler Company, the demand for the new series sedan will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

B. E. and Clifford McElroy, Alan Gaines, Benj. E. Alphin, Harry Dixon and E. F. Vallandigham were at Flint, Michigan, the past week, driving home a lot of automobiles purchased by Mr. Vallandigham for his garage.

John E. Williams has an advertisement of the big sale of personal property he is to have at his farm Thursday, Oct. 10th, having sold his farm to W. T. Phillips of Pikeville, Ky., who is to be given possession in a short time.

H. H. Huston, of Anchorage, spent Saturday and Sunday here with his old friends. He is now filling his position as traveling auditor for the L. & N. Railroad Co., and has been assigned to check up the big Memphis, Tennessee, office, and he has been making good in every position given him.

Mr. and Mrs. R. P. Bradley of Hutchinson, Kansas, and Mr. and Mrs. John P. Osborn of Folsom, Grant county, were visitors here last Friday. Mr. Bradley is an old Grant county boy and is now vice president of the Farmers National Bank at Hutchinson, a very large and influential bank, which has been built to its great proportions by his industrious and painstaking efforts.

H. Pryor McDaniell of Cincinnati, spent part of last week here the guest of Mr. and Mrs. D. B. Wallace. He is a grandson of the late Capt. Jas. H. McDaniell of Warsaw, who represented this district in the State Senate several terms, and was one of the most public spirited citizens of northern Kentucky. Pryor McDaniell is the traveling salesman for the Warsaw furniture factories and has a very large trade.

J. Lucian Johnson and son, Mr. and Mrs. Thomas Johnson and little son, and Mr. and Mrs. Joseph Carson, all of Wood River, Oregon, spent the week here and at their old home near Big Bone Springs. They had all been to Columbus, Ohio, attending the reunion of the Grand Army of the Republic of which Lucian Johnson is a member. They have many friends in this quarter and were given a royal welcome back to their old home in Kentucky.

S. M. Bailey of the State Road Department, who has had charge of a part of the street improvement in Walton, will begin next week to make the assessments against the respective pieces of property for the improvements. The concrete street is nearly all completed and would have been finished this week but for the delay of material, which stopped the work. It is believed the entire work will be completed by October 1st, and if there was ever a grateful people after long and sore trials, the people of Walton will be.

Mrs. Jane Kennedy, one of our dearly beloved elderly ladies, died at her home near Walton last Sunday afternoon, from ailments incident to old age, being in her 93rd year, her birthday for her 92nd year being Jan. 22nd, 1918. Mrs. Kennedy was a woman of the highest christian character, and her long life was one of usefulness and much consolation and benefit to her relatives and many friends. Her husband preceded her to the grave many years ago, as did two sons. Four sons and two daughters survive the loving and devoted mother, they being Archie Kennedy, of Winfield, Kansas; Lindsey Kennedy, of Oklahoma; Wm. D. and Thomas Kennedy, of Walton; Mrs. E. W. Duncan of Burlington and Miss Maggie Kennedy of Walton. The funeral took place Tuesday afternoon at the Richwood Presbyterian church, Rev. S. T. Hill, the pastor, conducting the services.

Mrs. Mary Harris who has been ill for many months at the home of her father, died there last Friday. She contracted a cold while residing at Liters Ford, Indiana, a couple of years ago, and it developed into consumption. All that could be done for her relief proved unavailing. Mrs. Harris was a daughter of Mr. and Mrs. W. R. Rouse and was born and reared at Walton, and was thirty-eight years old at the time of her death. Her mother preceded her to the grave a few months. Mrs. Harris was a very lovable woman of the highest christian character, and her death brings sorrow to many hearts. She was married to Rev. Joseph B. Harris, and one little daughter survives the beloved mother. The funeral took place Sunday, the services being conducted by Rev. W. H. Whitaker of the M. E. church. There were a large number of sorrowing friends present, and the floral offerings were very extensive and beautiful. Edwards & Edwards had charge of the funeral. The interment was in the Walton Baptist cemetery.

MEET ME AT SANDERS FAIR SEPTEMBER 23, 24, 25, 26, 27.

VERONA.

The game between the Petersburg club and the local team last Saturday was a "Beauty". It was the closest and most interesting game played on the Verona diamond this season and resulted 1 to 0 in favor of the home team. Ryan pitched for Verona and held the visitors to a four hit game, no two of which came in the same inning, and only allowed one man to reach third base. He had very able support as O'Neal threw out the two men who tried to steal second.

Porter, the Petersburg twirler, held his opponents to six hits until the fifth inning when Weisenberger came in with a two base hit, O'Neal popped to infield Ryan singled to right, Weisenberger taking 3rd and scoring on Spalding's sacrifice hit to short stop.

The Verona team will go to Petersburg, Saturday, Sept. 20th, to play the fourth game of the five game series for the championship of Boone county. The Verona team has won two of the preceding games and Petersburg one. These games are attracting large crowds of fans and in case of a tie the last game will be played at Erlanger.

MEET ME AT SANDERS FAIR SEPTEMBER 23, 24, 25, 26, 27.

The Kentucky State Fair lost \$25,000 this year.

NOTICE TAX-PAYERS

AN ANNOUNCEMENT.

Effective about September 1st, the Capital Stock of this bank will be increased to \$50,000.00 and Surplus and Undivided Profits will be increased to \$100,000.00 (including the value of our building and fixtures which have been charged off of our books) making this the largest country bank in the Sixth District in the point of Capital and Surplus.

Our total assets will be about One Half Million Dollars at the present time, this being the light season of the year.

It is our desire to cooperate and encourage every line of safe, legitimate business, looking toward the upbuilding of our country and, particularly the private business interests of our customers.

May we have the pleasure of a personal talk with you about your financial affairs, regardless of how small a matter it may be.

"Five Cows Made \$474.00 Last Year"

writes W. C. Mohr, Oxford, Ohio--"I have shipped to the Tri-State about five and a half years and last year sold \$474.00 worth of butter fat from five cows. Have always found the Tri-State fair in their dealings. I have sold to both the Tri-State and also cream stations to see how the tests agree and so far have found 'The Tri-State pays the freight' the better way"

We Pay the Freight and 60c Per Lb.

for butter fat

Week of September 15th to 21st, inclusive.

Selling your cream for less than Tri-State prices robs your pocketbook and encourages profiteering.

Write for Free Trial Case. We guarantee your cream and your highest loss.

Corn is being put in the shock.

MEET ME AT SANDERS FAIR
SEPTEMBER 25, 26, 27.

So far the weather has been
very favorable for curing tobacco.

Woodie Sullivan bought a five
passenger Ford touring car of
B. B. Hume, last Saturday.

For Sale—Three pigs that will
weigh about 40 lbs. each. John
Graves, Burlington R. D. 1.

Allie Grant has been appointed
administrator of the estate of his
deceased grandfather, Jno. Smith.

The farmers of Owen are
engaged in the purchase of a
load of Holstein cows for dairying.

W. L. Kirkpatrick sold to Clyde
Clements, of Hathaway neighbor-
hood, a Maxwell truck, last Monday.

It could be told by an early
hour last Saturday morning by
the movements of the people that
something unusual was on docket
for the day—the Harvest Home.

The Big Boone base ball team
sends the Recorder word that it
won the series in which it had
been engaged but failed to state
with what team it had the series.

According to information received
by the Recorder Earl Walton,
of Petersburg, is the first person
in Boone county to secure tickets
to the World Series of base ball
if played at Cincinnati.

Mr. and Mrs. L. R. McNeely en-
tertained the following persons,
last Sunday: Douglas Rice and
wife Perry Presser and wife of
Bellevue, and W. B. Presser and
wife, of Waterloo neighborhood.

The silo season is at hand and
the weather is very favorable for
the work. Some have abandoned
their silos in this county while
there are many who do not see
how they could get along with-
out them.

A CHICKEN PIE SOCIAL will be
the Ladies of Christian church at
the Florence Christian church,
Saturday evening, Sept. 20, 1919.
Tickets 25 cents. Ice Cream and
Cake extra. Everybody invited.

W. L. Threlkill, of Lexington,
representing the Federal Reserve
Bank, was calling on the local
banks last Saturday. He is a very
pleasant gentleman and has a
good impression with those he
met while in town.

The name of W. H. Rice was
omitted from his sale bill as pub-
lished in the Recorder last week.
He will have a big sale of house-
hold goods, etc., next Saturday at
his residence in Florence. Many
desirable articles will be sold.

The Pendleton County Teachers'
Institute in "overwhelmingly" de-
feating a resolution endorsing the
League of Nations, probably leav-
ing to favor a proposition it's do-
lars to doughnuts not one in ten
had read—Cynthiana Democrat.

The short corn crop is causing
many of the farmers to sell off
their hogs much closer than they
otherwise would have done. The
slump in the price of hogs in the
past few weeks hit pretty hard
those who were feeding for 21
cents or better.

Tax Commissioner Harry Riley
informs the Recorder that not
half the taxpayers in the county
have listed their property
with him to this date. As the
time is growing short he is very
anxious that they give this mat-
ter attention at once.

Sergeant, Sept. 12—Wm. Collins
was shot and killed, Hiram Hall
wounded fatally and another man
was wounded slightly when in a
fight between Collins and Hall
near the Knott county border.
The men opened fire about the
time. They fought at a
small house.

The street crossings built in
Florence last week will very
greatly reduce the speed of
vehicles as they pass through
the autoists will be dunn
Look out for the street
crossings would be a very ap-
propriate sign posted at the en-
trance to the town.

Paris, Sept. 15—Father was
pitted against son in the 1919
cattle exhibit at the Kentucky
State Fair when James Caldwell
of North Middletown, Bourbon
county, and his son Kenneth
each contended for the prize. The
son was awarded the best steer in a
tucky. The boy, who is only
years old, won. The steer weighed
1,200 pounds and was sold for
45 cents per pound.

Personal Mention

Mrs. Shelby Rich and daughter,
of Norwood, Ohio, were guests at
S. W. Tolin's, last Sunday.

County Fair Agent W. D. Sut-
ton attended the State Fair last
week, and had a great time.

Miss Estelle Huey began teach-
ing in the Boone County High
school last Monday morning.

Miss Rachel Porter has gone to
Berea, Madison county, where she
will attend school this year.

Ernest Arnold spent last Satur-
day and Sunday with his parents
in Palmyra, Pendleton county.

Leonard Gibbs and wife are the
guests of Mr. and Mrs. Ed. Hens-
ley, of Locust Grove neighbor-
hood.

J. H. Huey and family, of North
Bend neighborhood, were Sunday
guests at Ira Ryle's, in Commel-
ey neighborhood.

Densel Carpenter, who graduat-
ed from the Boone Co. H. School
at the close of last session, has
entered Georgetown College.

Miss Maud Hume, of Covington,
was the guest of her parents, Mr.
and Mrs. B. B. Hume, last Sat-
urday night and Sunday.

R. S. Crisler and wife returned
on Thursday afternoon of last
week from a delightful visit to
their son and his wife in Colum-
bia, Miss.

Mrs. J. A. Huey and two bright
little boys of Union neighborhood,
were week-end guests of her
brother, Judge John M. Lassing
and wife.

Mr. and Mrs. Anse Gadd, of Un-
ion neighborhood, called at this
office last Saturday morning as
they were enroute to the Harvest
Home.

Circuit Judge Sidney Gaines
went to Williamsburg, Whitley
county, last Monday to hold a
two weeks term of the Whitley
Circuit Court for the regular
judge.

T. J. McNeel, of Canale, Penn.,
was at the Harvest Home last Sat-
urday, on the hunt of his Ken-
tucky friends, of whom he has
many. The Quaker State certainly
agrees with Mr. McNeel if his
looks are to be taken as an in-
dication.

Thomas Judge, of Union, was a
business visitor to Burlington, last
Friday, and while in town glid-
den the Recorder force for a
short time with his presence. Mr.
Judge is one of the several ele-
gant old bachelors, who half from
Union and vicinity.

Misses Mary Roberts, Kathryn
Brown and Laura Frances Riddell
left last Sunday evening, on their
return to Washington, D. C., their
vacation having expired. They
each have good position in
Washington and are pleased with
their work, but after being at
home for about two weeks they
hated to return, Burlington look-
ing better to them than the cap-
ital of the nation.

D. E. Lawell, of Lexington,
came down last week to attend
the North Bend Association of
Baptists at Florence, and
to visit his relatives in this
county. Mr. Lawell is looking fine
and seems to be enjoying life to
the full measure. He reported his
wife in good health, but said
his mother, who is now well along
in the eighties, as rather feeble,
being blind and very deaf.

Gary Robinson and wife, of Mil-
ford, Utah, are visiting their re-
latives and friends in this and
Kenton county. Mrs. Robinson was
at the Harvest Home last Satur-
day, where she met many of her
friends. She reports a very bad
crop year in Utah. They live in
a part of the State which de-
pends entirely on irrigation for
water for the crops, and the
water supply failed this year,
consequently the crops have in a
manner perished.

The following list of names of
Boone county people who attend
the State Fair last week has
been furnished the Recorder: J.
H. Stevens, John J. Duncan, Her-
bert Snyder, Jas. E. Gaines, Au-
bert Finn, Joseph M. Walton, O. S.
and Mrs. W. H. W. and Mrs.
Bailey, Clem and Mrs. Kendall and
son, Marvin, Chester Tanner, Ja-
cob Cleek, Albert Johnson, W. D.
Sutton.

It will be remembered that Mar-
vin Kendall's pig won 1st prize
at Florence fair a few weeks ago,
entitling him and his pig to a
free trip to the State Fair,
where the pig was exhibited in
the Chesterwhite class and cap-
tured the first premium over five
competitors while the pig ex-
hibited by Miss Elizabeth Tanner
was awarded second prize in the
Chesterwhite Junior Pig Class.

Chester Tanner, a Boone County
breeder of Chesterwhite hogs, won
several first, second and third
premiums, consequently these ex-
hibitors are very well satisfied
with the showing they made at
the State Fair this year.

There were a few over 2,000
people in attendance at the Har-
vest Home last Saturday. With
the complimentary and the chil-
dren that were admitted free it is
estimated would run the attend-
ance up to something over 2,500,
being the high water mark in the
matter of attendance.

A CHICKEN PIE SOCIAL will be
the Ladies of Christian church at
the Florence Christian church,
Saturday evening, Sept. 20, 1919.
Tickets 25 cents. Ice Cream and
Cake extra. Everybody invited.

Lost—A set of backing straps at
the State Fair.

a package

If you want to know what rare and
unusual enjoyment Camels provide
smoke them in comparison with any
cigarette in the world at any price!

CAMELS are a cigarette revelation any-
way you consider them! Take quality,
or refreshing flavor and fragrance; or, that
wonderful mellow-mild-smoothness you
never before got in a cigarette smoke! Yet
Camels are so full-bodied and so full-of-
satisfaction you marvel that so much de-
light could be put into a cigarette!

Camels expert blend of choice Turkish
and choice Domestic tobaccos makes them
so irresistibly appetizing! And, the blend
explains why it is possible for you to smoke
Camels liberally without tiring your taste!
You will prefer Camels to either kind
of tobacco smoked straight!

You'll realize pretty quick, too, that
among the many reasons you smoke Camels
is their freedom from any unpleasant cigar-
retty aftertaste or unpleasant cigarette odor!

Once you know Camels you won't
take much stock in premiums, coupons,
or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

One year, who have been wan-
dering in the base ball wilder-
ness for so these many years,
you have been led into the pre-
sumed land at last by Pat, whose
signature is Mordecai, therefore, go
down into your jeans and
bring forth the stolen money and
use the law to get it for
the good of the State.

Judge Owen T. Rouse, a native
of this county, who went west

KENTUCKY LIMESTONE.

Courier-Journal.

There are in Kentucky old, its good gray walls as solid as they were when the building was completed, its age improving its appearance, for new blue limestone is not as beautiful in a building, or in a farm fence, as the same stone well weathered and gray like outcropping ledges.

It cost no little a century ago to build stone houses that no wonder is that so few were built. Possibly stone masons were not as numerous as they were "reasonable," and of course oak and ash logs to be had for the felling and hewing. Later brick making was done cheaply.

Nowadays a stone house costs a good deal. Quarrying, hauling the work of masons "come high," as it is expressed in the vernacular. Stone farmhouses, built recently are about as rare as those which have turned from blue to gray since Kentucky was a Virginia county. But possibly they would be more numerous if more persons should consider the cost of maintaining frame houses and painted brick houses, and the fact that stone houses endure without much maintenance of the exterior, like the biblical house built upon a rock.

Kentucky, or much of the State at least, has enough stone near the surface of the earth to provide material for all of the rural building and fencing that ever will be undertaken. Stone walls, or "rock fences" as they are called in rural Kentucky, are constructed rarely nowadays. In some of the counties in which they were numerous farmers have sold them by the perch for turn pike mending, replacing them with wire which will last fifteen years, maybe. Wire was far cheaper when the stone fences were sold than it is today, or likely to be when the present wire fences rust out. Many of the remaining stone fences which were old and weather stained when Morgan's men rode to war between them will be as serviceable in 1950 as they were in the period of the Civil War, or earlier when they still were blue and looked new.

Here and there upon a Kentucky farm, in the central counties especially, stands four square a stone barn, and nearby is the quarry pool which has provided stock water since the stone was blasted for the making of the barn, seventy-five or 100 years ago. Its thick walls are impervious to the most searching winter winds. It provides warmth and lessens "the coat of feeding," in midwinter. In midsummer it is cool when frame residences and chain-walled brick residences are uncomfortable. It is built perhaps without mortar, like the "rock fences," but the walls are as true and as firm today as they were when slave labor laid the stone under the direction of an English or an Irish artisan.

Lumber for building grows more expensive as time passes. Wire for fencing is enormously expensive. Plank fencing at one time in general use upon stock farms in the Bluegrass region, is beyond the consideration of the general farmer. The last of the rail fences are becoming dilapidated nearly everywhere. It no longer pays to put good timber into fences, and progressive farming long since condemned the cumbersome worm fence. Brick making and the services of brick masons grow higher every year. Stone remains plentiful, but artisans who can build stone-wall fences or stone buildings are hard to find, at any rate high priced.

The mileage of stone fences in Kentucky is destined perhaps never to be as great as it was. Even where stone is used in bridges and foundations it is found cheaper, and less expensive, to mix and pour concrete, and there are persons of pulsating taste, who regard concrete bridges and foundations as being handsomer than stone.

Since colonial days there have been just enough real stone houses—very different from dressed stone city houses which always have been and always will be entitled to cause regret that landscapes are not enriched by more of them, and owners' maintenance cost lessened. Very probably the number will not increase greatly, albeit the cost of maintaining the less enduring types of rural residences should suggest to the far-sighted the ultimate economy of stone.

State News.

Harrodsburg, Sept. 11. — The Jane McAfee Chapter, No. 76, has started a movement to have the Constitution of the United States read or explained in every public school in the county September 17, anniversary of the birthday of the Constitution.

Frankfort, Sept. 11. — School warrants aggregating \$664,878.51 were issued today for payment of teachers' salaries. This is the earliest teachers have ever received their pay and is due to the new law permitting interest-bearing warrants to be issued against the school fund.

Hopkinsville, Sept. 11. — Disciples of Christ throughout the State are planning one of the most important religious meetings of the year at Hopkinsville September 23-25. At this convention the state will be discussed and plans for the reconstruction period will be formed by the leaders of the various departments.

Several persons built fine last year and will remove them from the State.

Poultry Side of Farming.

The progress made by the farmers in the greater part of the U. S. in the past few years is not only remarkable, but is very encouraging to those who are trying to establish this very important branch of farming on a broader and more profitable basis than it has heretofore occupied. But still there is a plea for room for progress and advancement. Some of the occupants of farms who raise poultry are rather slow in learning the difference between haphazard methods and inferior stock and careful, methodical work with purebred fowls, we can easily see from the returns of their efforts that the State experiment stations are doing much to overcome this sort of poultry work and to show these farmers who have neglected poultry altogether as not paying that there is indeed no branch of farming that pays better when equal attention is given to modern methods and the little details which are now considered as absolutely essential to success with poultry.

Until very recently the poultry on most farms has been a mixture of all sorts and breeds all running together, and you might travel or miles and visit farms and not be able to see one pure bred fowl of standard variety. But I am glad to say that time has passed and many farmers are keeping anything but pure bred fowls, though there is still far too much of the mongrel variety which is of very little value as a raised, though this is decreasing year by year as the farmers are becoming educated better along this line through the right kind of farm papers and the bulletins issued by the agricultural departments, but still many of them are very slow about learning.

For a long time it has been the rule that any place on the farm was good enough for the hens and they have often had to live and even raise their young under the very poorest conditions, often being obliged to live in the hog pen and wade around amongst their filth. What can be expected from poultry raised in such a manner? Surely not very much. No farmer would expect any return of profit from any of the rest of his livestock on the farm unless he fed and cared for it well. The same rule holds good with poultry. It is a fact that the hen will give a better and clearer profit without feed, except what they pick up, and without the proper attention, all but gathering up the eggs, than any other living animal on the farm. How much more could be expected of them then if the right kind of attention be given them. The progressive farmer ought to make all he can out of every bird on the farm. Why pay all of his attention to one line and entirely neglect another line. If he can be convinced that it pay better to put in a stock of purebred poultry instead of continuing to breed scrubs, he certainly ought to make the change and it is up to us who believe in the best paying the most profit, to show this sort of farmer the better side of standard-bred poultry. The average farmer knows that more money can be made from pure bred animals than from scrubs, and he ought to. The same rule applies to poultry. A. A. Allen is famous for his standard.

BRINGS SURE RELIEF

For 100 years GOLD MEDAL Haemorrhoid Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched because they filter and purify the blood; unless they do their work you are doomed.

Don't wait until you are incapacitated by fighting. Start taking GOLD MEDAL Haemorrhoid Oil Capsules today. Your doctor will cheerfully refund your money if you are not satisfied with results. Be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

Weariness, sleeplessness, nervousness, dependency, backache, stomach trouble, pains in the joints and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haemorrhoid Oil capsules are the remedy you need. Take three or four every day. The healing oil enters into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapacitated by fighting. Start taking GOLD MEDAL Haemorrhoid Oil Capsules today. Your doctor will cheerfully refund your money if you are not satisfied with results. NEVADA AS "GOLDEN STATE"

From Reports, It Is Not at All Improbable She May Become Thus Known.

When they began to dig out silver by the ton from the Comstock group of mines, Nevada lost its original name of "the Sagebrush State," and became known to the whole world as the "Silver State."

But recent developments in the divide district seem to indicate another change of name, for they do say that the gold is so thick just a little under the surface that the owners of the mines refuse to dig lest they be ruined by the excess profits tax. They just take out a shovel from time to time to pay living expenses, and sit tight over the hole where they took it out till they need a little more. Possibly, also, the mine owners are influenced by patriotism, as not wishing to disturb values by flooding the world with gold and thus adding to the economic confusion. California has hitherto taken pride in calling itself the Golden state, but even in Nevada they are getting ready to demand the better and title and they are going to get it.

And with all due allowance for newborn enthusiasm and for the picturesque way in which prosperous miners are wont to express themselves, if a tenth of what is claimed is true—and it may be—we may expect the people of Nevada to change from the most loyal of silverites to the most determined and irreconcilable gold bugs. Circumstances do alter cases. That they have found a lot of gold is certain.—Sioux Falls Press.

WHEN AVIATION WAS NEW

Benjamin Franklin Evidently Had Expectations of Its Value, Though Venturing No Predictions.

Sombody has been quite naturally revolutionized by events in the air, of which Benjamin Franklin said to Condorcet about aeronautics 130 years ago, in Paris. The French capital was just then much interested in the balloon ascensions of the Montgolfier brothers, perhaps even more excited, on the smaller scale of the times, than modern cities over the actual crossing of the Atlantic, and wherever men came together the future possibilities of ballooning made an immediate topic of conversation. Condorcet, meeting Franklin, asked him if he thought an aeronaut would ever be able to steer his balloon. "The thing is in its infancy," said Franklin. "It is necessary to wait." "But what is the good of it?" demanded a doubting Thomas. "What useful purpose will it serve?" "Gentlemen, remember, let us wait to judge it until its education is completed." And even now the education is far from finished.

Was Big Railroad Project.

The summer brings the semi-annual of the opening of the Mt. Washington railway, which, 50 years ago, distinguished the White mountain region of New England by making it the location for the first important mountain railroad in the country. Remarkable railroading to high altitudes has since been accomplished, but the climb of some 6,200 feet to the summit of the highest of the White mountains was then regarded almost as an achievement of the impossible. And it did, for that matter, immediately make Mt. Washington possible to many a tourist who would have spent his life at the bottom rather than try then to climb to the top on foot.

Tribute to Porridge.

A wonderful old man is Mr. James Nicol, who has just celebrated his one hundredth birthday in the Kentish village where he lives, and is still going strong. Mr. Nicol, who is a Scot, was born in Tullibody, Clackmannanshire, and joined the Seventy-fourth Highlanders during the reign of William IV, later taking part in suppressing the Boxer mutiny. He can do the Highland fling even yet, he says, and claims that the recipe for long life is porridge when one is young. He did not know the taste of meat or tea till he was over seven. Mr. Nicol married his second wife when he was ninety-three.

Not Her Heney.

I was expecting a call on the telephone from my wife at about twelve one morning. Exactly at that hour my bell jingled, and, taking down the receiver, I said: "Hello!" The response came: "Is that you, White?"

"This is your honey, sweetheart," was my reply.

In icy tones came: "You've got your nerve. Wait till I see your wife."

Bang went the receiver.

I recognized the voice as that of my wife's chum.—Chicago Tribune.

Lithuanian Exports.

Lithuania is shaking off the grip of an economic control. First of its products to be freed will be its lumber, which Germany controlled to her own great profit.

Lithuania exports about 300,000,000 cubic feet of timber annually through the port of Memel by the River Niemen. Germany's control of the Niemen river has been ended.

Lithuania will therefore come forward as a world trader as soon as her independence is recognized. She is already planning the purchase of metal machinery and foodstuffs in America.

Orchard Information

POISON FOR JAPANESE BUGS

Campaign of Eradication Being Waged Against Beetles in New Jersey—Injures Foliage.

(Prepared by the United States Department of Agriculture.)

The Japanese beetle, a small insect that attacks a great variety of plants, has become established over an area of approximately 10,000 acres near Riverport, N. J. The United States department of agriculture, in co-operation with the New Jersey department of agriculture, is waging a campaign of eradication, or if eradication is impossible, of such control as to hold the insect within a limited territory.

The mature beetle feeds on the leaves of orchard trees and ornamental plants as well as a number of annual plants. It shows a fondness for flowering plants, and is particularly destructive to roses. However, it is not fastidious in its tastes. It feeds voraciously on the foliage of smart weed.

In the control campaign poison belts have been established, one immediately outside the infested area and others at intervals further back, somewhat like the defensive system of trenches in human warfare. The foliage of all vegetation in these belts is poisoned. Hand picking is resorted to, and the insects are collected by bushes.

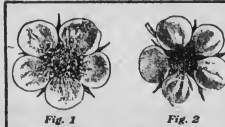

The larva is a white grub that feeds on the roots of living plants and to some extent on decaying vegetation. The destruction of larvae in the soil is undertaken by the use of insecticides and by plowing operations.

The great danger of the spread of the insect is in shipments of sweet corn. The beetle burrows into the ear and detection is difficult. A sweet corn shipment out of the infested area must undergo inspection, and any that is infected cannot be shipped but must be canned or otherwise disposed of.

HOME GARDEN STRAWBERRIES

Varieties Having High Quality Should Be Given Preference—Get Some "Perfect."

In selecting varieties of strawberries for the home garden those having high quality should have preference, and a group of varieties which will give the longest possible ripening period should be selected, says Farm Journal. In deciding which to plant be sure to get some "perfect" (Fig. 1) varieties—that is, varieties which have both stamens and pistils in the blossom. The "imperfect" (Fig. 2) varieties have the pistils and not the stamens, and will not produce fruit unless fertilized by pollen from other plants having both stamens and pistils. The

Perfect and Imperfect Varieties.

common method of arranging the varieties where the imperfects are planted is to plant one row of the perfect variety, then two of the imperfect, and so on.

FILLING UP APPLE ORCHARD

Smaller Growing Trees, Such as Peach or Plum, May Be Placed There Temporarily.

(Prepared by the United States Department of Agriculture.)

It is possible to plant between apple trees, which set 30 feet apart, smaller trees, such as the peach or plum, placing one between each two trees in the row, as well as planting a row in the center of the spaces between the tree rows. This is a temporary arrangement, however, since the apple trees will eventually need all the space. Before crowding begins the interplanted trees should be removed.

VARIETIES OF FRUIT SOILS

Best to Avoid Light, Sandy Land and Heavy Clays—Latter Are Difficult to Manage.

(Prepared by the United States Department of Agriculture.)

Most fruits can be grown on a great variety of soils, but where possible it is better to avoid light, sandy soils, and heavy clays. The latter are often difficult to manage in the intensive way necessary for the best success with fruit, while the light soils are likely to be affected by the extremes of heat, cold and drought.

KEEP ORCHARD PESTS DOWN

Desirability of Keeping Insects Reduced Cannot Be Emphasized Too Strongly.

(Prepared by the United States Department of Agriculture.)

The great desirability of keeping insects reduced by modern orchard practice, and attention to pruning and other operations, cannot be emphasized too strongly and is well appreciated by most progressive and successful growers.

RELIEF MEASURES FOR COMING YEAR TOLD BY RED CROSS

FOLLOWING exhaustive reports from its various Commissions to European countries, the American Red Cross can define fairly well the foreign relief program for the ensuing year.

It is now clear that in the rehabilitation of nations and countries devastated by the war, the problem of vitality and the building up of man-power takes the first place in Red Cross activities. Further, it is evident that the feeding of foreign peoples, as well as general material relief is not a field which can be assumed by the Red Cross. There remains, however, the problem of sickness and disease, and particularly a diminished and weakened child population, which none of the countries of Eastern Europe is in a position to meet with its own resources, but where the American Red Cross is in a position to offer indispensable service.

Recognizing these facts, the Red Cross effort in Europe during recent months has been concentrated more and more on establishing and extending through the countries of Eastern Europe, as well as Siberia, a constructive health service, looking not only toward relief in the immediate situation but also toward the establishment of permanent health service built on national foundations in each country concerned.

The medical and surgical supplies of all kinds made available for use by the Red Cross by a recent Act of Congress at once enabled the Red Cross to plan this effort in medical relief on a broad, comprehensive and constructive scale. The \$15,000,000 asked by the Red Cross in the Third Roll Call, November 21, will be devoted, therefore, largely to the administration of this program and making effective the distribution of materials derived from surplus Army supplies. The materials for general relief to be administered in addition to and in connection with the above will be obtained largely from supplies now in the possession of the Red Cross, or will be covered by small expenditure where purchase may prove necessary.

This program permits not only a definition in scope of the work to be carried on, but a limitation in time, presumably a period of one year. At the expiration of that time the work of the Red Cross abroad will have been largely rounded out, and activities concentrated on a program of service to Americans.

BABIES NEVER TASTED MILK

POLITICAL and economic troubles are not the only obstacles that face the new republic of Czechoslovakia. In attempting to build up a democracy, fashioned after that in the United States, one of its most serious problems is an alarming mortality rate, especially among women and children. Statistics of the American Red Cross show that in Bohemia, Moravia and Silesia deaths in 1917 exceeded births by 50,000. Figures for 1918 are not yet completed, will show a larger mortality.

"This whole condition," the Red Cross commission reports, "is due to under-nourishment of mothers and children. In its investigation the American Red Cross found that many children have never tasted milk—not even mother's milk, as the women were too weak to nurse their babies. Seven year old children have the physical proportion of five, and ten year olds have the growth of a normal seven year old."

The Red Cross has organized a system of soup kitchens throughout the country, through which it hopes to save the lives of thousands of mothers and children. The rumor of a sign with the American flag and the Red Cross over an old shack or a hastily constructed hut is enough to make women of these foreign countries walk miles for a ration of soup.

POLISH WOMEN CARRY OUT A. R. C. HEALTH PLANS

THE American Red Cross is now conducting operations in seventeen European countries. In Poland the government is taking over certain parts of the American Red Cross activities so that the Red Cross can move into new fields of relief work. The policy of the American Red Cross is to establish relief activities wherever great need exists, then to encourage local agencies to take over the established work and carry it on.

With a personnel of a hundred, the Red Cross has been making great inroads on the typhus epidemic and has enlisted the aid of 300 Polish personnel, mostly young women who have been taught the rudiments of American ideas of hygiene. After a few months, the Americans in many places were able to leave the work of sanitation to Polish units. The American Red Cross has supplied modern steam sterilizers, 30 mobile laundries, 50,000 flat irons, portable water purifiers, loads of clothing, bedding, and hospital supplies.

BE A BOOSTER!
TAKE THE HOMP PAPER!

JUNIORS PLAN TO BE BROTHERS AND SISTERS TO WORLD CHILDREN

LITTLE brothers and sisters to all the children of the world—that's what the school boys and girls of America are going to be called from now on. The Junior Membership department of the Red Cross has a plan which will gather them all into this relationship. Even the smaller kiddies will be included.

In central Europe 200,000 children are starving—75,000 are hungry and homeless in Petrograd alone. Sixty per cent of the membership fees are to be sent to National Headquarters for a National Children's Fund to relieve suffering throughout the world.

In America, in smaller numbers, there are children in need of help. These unfortunate are not to be forgotten while the orphans of France and Belgium are receiving aid. The remaining forty per cent of the Junior fees, as well as any additional money raised by the school children, is to be expended for community activities.

Under this head there are many classes. Crippled children are to be found in almost any town, and the Juniors will help them to buy crutches or artificial hands and legs. Little folks in need of hospital or medical care will have American Red Cross Juniors ready to foot the bills if the fathers aren't able to pay the expenses.

Junior auxiliaries will try to furnish diversion for the children who live in orphanages and for the shut-ins. The ideal of the organization is to establish international understanding and good will among all children; to provide motives for purposeful school activities, and to carry out ideals and habits of service.

NEW EDUCATIONAL IDEAS ANNOUNCED

WITH the opening of the school term this fall the Junior Red Cross will be concerned with two new phases of education.

The first is the internationalization of general education. The other is the providing of scholarships for children of disabled soldiers, sailors and marines who wish to attend schools of the Federal Board for Vocational Education.

The closer inter-relationship of nations resulting from the war, is making necessary, among children everywhere, an understanding of the social, industrial and commercial situations as they exist now and as they will be apt to develop.

The teacher who keeps in touch with Junior Red Cross activities will have, this fall, a monthly bulletin that will contain true stories of conditions and incidents over the world and will make her geography and history lessons as live and interesting as a motion picture. These bulletins contain articles especially prepared to give a basic understanding of the world as it is in the process of change today.

In order that fatherless boys and girls may have an education that will fit them for taking care of the family dependent upon them, the Juniors will try to provide a scholarship for the use of the orphans of men who have died in service.

An innovation in school courses this year is First Aid, which will be taught by physical directors and other teachers who have taken the course and have qualified as an instructor.

BE A MEMBER OF THE JUNIOR RED CROSS

ANY American school, whether it be public, private or parochial, may have a Junior Red Cross auxiliary.

Membership in the Junior Red Cross may be obtained by applying to the nearest Red Cross chapter. As soon as the school enrolls as an auxiliary, every boy and girl in that school becomes a member of the Junior Red Cross.

Membership fees depend upon the size of the school. The yearly fee for each school is one-fourth as many dollars as there are pupils in the school. The Junior membership auxiliary fee is a school fund, not a sum to be collected from individual pupils. Some auxiliaries raise their money by sales or school entertainments. Others have "sacrifice boxes" where candy money is contributed to the Red Cross fund.

The chapter school committee receives the money from the school. Sixty per cent is forwarded to National Headquarters for the National Children's Fund, and forty per cent retained for neighborhood relief work.

THE THREE PURPOSES OF THE JUNIOR RED CROSS.

To join American children in service for needy children at home and overseas.
To give American children a chance to learn the satisfaction of unselfish service.
To bring about understanding among children of all countries.

Sheldon E. Flick has entered Lexington University this term. Mr. and Mrs. Schoultz, of Newport, spent Sunday at Spinnery Smith's.
W. M. Smith and family, J. G. Smith and family spent Sunday at Joe Wilson's, near Union.
W. R. Bell and sons, farmers, that moved here recently from the city, are painting the store and dwelling.
School opened Monday, Miss Lake, principal, Mrs. Carl Cason, intermediate teacher, and Miss Whitehead in charge of the primary department.
Linnie Love and family, of Union, and Ralph Cason and wife, of Middle creek, spent Sunday with their mother, Mrs. Belle Cason.

HUME.

MEET ME AT SANDERS FAIR
SEPTEMBER 25, 26, 27.
J. G. Finnell made a business trip to Walton, last Friday. We have reached the last lapse for starting our schools for this season.
Sarah Neel and wife were Sunday guests at Everett Williford's near Ryle.
Harry Roberts, of Covington, visited his parents the latter part of last week.
Will Smith, wife and son were guests at W. D. Smith's near Verona, last Sunday.
Miss Kate Binder visited her sister, Mrs. Buddenburg, near Paris, last Saturday.
Mrs. Sarah Roberts and Miss Ruth were guests at O. O. Baker's near Sugar creek, last Saturday and Sunday.
John Binder entertained the following in honor of his son, who arrived from France recently: Everett Buddenburg and wife, Mr. Hartman and family and John Binder and family.

School Notes.

The Teachers' Examinations will take place at Burlington September 19th and 20th, and this is the last call for teachers for this session. We have some schools not supplied with teachers but the indications are that we shall have enough to supply all the schools should the persons who expect to take the examination be here on Sept. 19th and 20th.
We feel that the greatest problem is settled and expect all obstacles to be removed and obstructions overcome for a successful eighth month term.
Trustees election will be held October 4th from 1 p. m. to 6 p. m. in all the districts in Divisions Nos. 2 and 3.
J. C. GORDON, Supt.

Circuit Clerk Chas. Maurer lost two valuable calves last Tuesday afternoon, one five months and the other five weeks old. The older was a registered Jersey. They were in the barn where tobacco was being housed and it is supposed they got hold of some of the arsenate of lead with which the tobacco had been sprayed for the destruction of worms.

All Kinds of Machinery,

Household and Kitchen Furniture.

Terms Made Known Day of Sale.

A. E. FOSTER & SON, Auctioneers.

will begin at 10 a. m.

HEBRON.

Commonion services next Sunday morning at 11 o'clock.
The Hebron Circle will meet with Miss Anna Carder, Saturday afternoon.
Mr. and Mrs. W. R. Garnett and Mrs. Brenda Garnett spent a day at Elmer Miller's in Constance.
A very interesting meeting closed here Sunday night. Mr. and Mrs. William Wahl and Miss Mary Comer uniting with the church. Mr. and Mrs. Harold Crigler, Mr. and Mrs. John Dye and Mr. and Mrs. Cullom Garnett, had their infants baptized.

RABBIT HASH.

Omar Adams, of Hathaway, was here Sunday.
J. S. Stephens, of Lawrenceburg, is visiting here.
Colin Kelly and wife spent last Sunday with friends in Rising Sun.

The Ladies Aid Society met with Mrs. Sallie Stephens Thursday last week.
Dr. and Mrs. Cowen and Mr. and Mrs. Ben Harris, of Rising Sun, were in East Bend, Sunday, visiting their farms.
The following land sales were made during the past week: Chas. Steuwer, of Rising Sun, sold to John E. Hodges his farm of 104 acres in East Bend, known as the Hastings place, for \$17,000. John E. Hodges sold to E. L. Stephens his farm of 136 acres on Lick creek for \$20,000. John Q. Stephens sold to John S. Ryle his farm of 95% acres on Lick creek for \$3,000.

PT. PLEASANT.

Ed. Walton is visiting relatives in this neighborhood.
Brother Webb, of Covington, will soon conduct a series of meetings at Pt. Pleasant church.
Mrs. Ellen Russell and Miss Lucy Russell, from Long Beach, California, arrived Sunday at the home of Keene Souther for a six weeks' visit with friends and relatives.

Mr. and Mrs. John Hogan drove to Lexington, Sunday, to take their daughter, Miss Loretta, who will enter Hamilton College. They were accompanied by Horace Cleveland, who will resume his studies at Transylvania College.
The C. W. B. M. met at the home of Mrs. Nannie Rucker last Sunday. Rev. C. L. Lewis, Young, Missionary to Japan, former school mate of Miss Nora Rucker, gave them an interesting and instructive talk on conditions in Japan.

VERONA.

We were blessed with a good rain here last Thursday night.
Rev. Fane filled his appointment at New Bethel last Saturday and Sunday.

Denton Cotton and wife, of Jonesville, were visiting relatives here last week.
Carroll Johnson and wife attended the old Baptist association in Ohio, last week.

Mrs. Maranda Cotton is spending a week with her son, Denton Cotton, at Jonesville.

A number of farmers have begun cutting tobacco, which will not make a half crop.
W. H. Chapman shipped one day last week a car load of good cattle to Cincinnati market.

Robert Baker, who lives three miles east of this place, is remodeling his residence. A. C. Roberts is doing the work.
Richard Chapman is preparing to erect a cottage on his farm near Concord, on the site where his residence burnt a few years ago.

A very interesting game of ball between Petersburg and Verona teams was played here last Saturday. Score 1 to 0 in favor of Verona.

GUNPOWDER.

Cutting corn, digging potatoes and curing tobacco is the order of the day.

R. E. Tanner and wife and N. A. Zimmerman and wife visited the Zoo last Sunday week.

Mrs. Lizzie Bartlett, Cora Blankenbaker and B. A. Rouse and family visited at J. W. Rouse's last Sunday.

Robert Robbins, left last Monday for Lexington, where he will take a course in agriculture at the Kentucky University.

Several who have silos have clubbed together and purchased a cutter and the work of filling silos will begin this week.

R. E. Tanner and wife entertained Henry Barlow and wife, M. P. Barlow and family and Harry Barlow and family at dinner, last Sunday.

Miss Julia Coyle is still confined to her bed at the home of her sister, Mrs. Slayback, but her condition is improved somewhat since our last report.

Miss Flora Miller, daughter of Mr. and Mrs. Geo. G. Miller, accompanied by Dr. J. G. Slater, of Ludlow, attended a state fair at Louisville, last week.

MERT ME AT SANDERS FAIR SEPTEMBER 25, 26, 27.

A CHICKEN PIE SOCIAL will be the Ladies of Christian church at the Florence Christian church, Saturday evening, Sept. 20, 1919. Tickets at cents, Ice Cream and Cake extra. Everybody invited.

FLORENCE.

Milton Colwell is the guest of Miss Eva Renaker.
Ed Boyer is painting Mrs. Mike Cahill's house.

Glad to report Mrs. J. D. Mitchell able to be out.

Lloyd Aylor and family spent Sunday with Mrs. Ed Snyder.

J. G. Renaker has bought W. H. Rice's property on Main street.

John Clark and wife are visiting relatives and friends in Williams town.

Elbert Roberts and wife entertained several guests at dinner last Sunday.

A. C. Souther and wife are spending a month with their son, Chester, in New York.

Lloyd Aylor and family and Mrs. Frances Clutterbuck were guests at J. P. Tanner's last Sunday.

Miss Mildred Lucas, of Oklahoma, is here to spend a few days with her uncle Arch.

All the members of the Baptist church are earnestly requested to be present at the meeting, 2:30 day, September 28th.

On account of W. H. Rice's sale being advertised for the same day H. E. Redman has postponed his sale until the afternoon of the 26th inst.

Mrs. Charles Fulton entertained one day the past week, Mr. and Mrs. Burnside and Dr. and Mrs. Scroggins, of Visalia, and Carrie Carpenter.

The attendance at the association last week was the largest for many years. Some of the best speakers in the State delivered addresses during the meeting.

Ed. Boyer lost his U. S. pocketbook on the Union pike between Florence and Gunpowder. It contained \$4.00 and four dollars, some papers and a ticket for pictures at Dow's studio. The finder is requested to return it to him at Florence and receive reward.

Harry Brown and wife entertained the following guests last week: Mrs. Frank Aylor, Miss Edora Aylor, Mrs. Maurice Rouse, Mrs. Mary Craven, of Hebron; Misses Beulah Roberts, Cora Utz and Grace K. Baum, of Erlanger; T. Z. Roberts, of Burlington, and Rev. DeMoss, of Augusta.

The North Bend Association of Baptists which met with the Florence Baptist church, Wednesday and Thursday of last week was a great and grand success in every way. For the great and grand success of the Association and all that it meant and will mean in uplift and spiritual power I am profoundly thankful to almighty God. To one and all who helped in any way to contribute to the success of the Association we wish to express our appreciation and thanks.

Rev. H. M. DeMoss, Pastor, Florence, Ky.

BEAVER LICK.

Several silos were filled last week.

The tobacco crop will be very short in this community.

Mrs. W. R. Miller, of Big Bone, spent Sunday at C. Griffiths.

J. A. Loomis and wife spent last Sunday with relatives in Kenton county.

G. W. Osseman and wife spent last Tuesday with Mrs. Sallie Adams near Big Bone.

W. C. Johnson and John Lambert put his saw mill in operation last week on Grassyfork.

R. L. Huey & Co., were operating their threshing machine in this neighborhood, last week.

J. Kite Glore and sons took 110 bushels of wheat for J. W. Cleck and James Sleat to Early & Daniels.

Wm. Wilson delivered 210 bushels of No. 2 wheat to R. O. Hughes & Co., at Richwood, last week.

Misses Annie Cleck and Jane Hance announce that the Beaver school will begin September 22, books or no books.

J. A. Loomis and a force of teams and hands are repairing the bridges and pike from Big Bone to Beaver.

Hamilton Masonic Lodge held a very interesting meeting the first Saturday in this month at which the Master's degree was conferred on O. K. Hodges, of East Bend, while Edward Ankins received the second degree, the work being put on in the very best style by a team from Henry Barnes Lodge, Dayton. A large number of lodges was represented at the meeting and a nice lunch was served, a portion of the treat being a load of watermelons furnished by Bro. Peter Hager.

IDLEWILD.

The silo fillers are at work in the neighborhood.

Ed. Boyer entertained a number of his relatives from Union, Sunday.

Eq. Wm. Stephens shipped two loads of stock, hogs and cattle, to Cincinnati, last week.

Miss Maud Asbury left Monday for Lexington, where she has enrolled as a student at State.

The much needed rain that fell here, Wednesday night, was accompanied by a high wind and terrific electrical storm.

Dr. Hubert Walton has installed a high powered gasoline engine at his farm and is busily engaged in mowing the rye for his time new barn.

J. H. Stevens, Eugene Randolf, H. H. Grant, and Robt. Terrill are home from Louisville and are immediately preparing for their trip to the State Fair.

Mr. and Mrs. R. S. Hannah and children, of Brooklyn, New York, are guests of Mr. and Mrs. Wm. Terrill. They are enroute to their new home in San Francisco.

FRANCISVILLE.

Some of our people attended church at Hebron several nights.

School began here last Monday morning with Miss Sadie Reiman as teacher.

Myrtle Blackner was the guest of her friend, Miss Alice Eggleston, Sunday afternoon.

Miss Ruby Ryle had as guests, Sunday, Miss Beulah Stevens, Mr. Craddock and John Whitaker.

Jerry Estes and daughter, Miss Katherine, were guests of Rev. C. E. Baker and wife, in Bellevue, Sunday.

Mr. and Mrs. Carl Bumicker and little daughter, of Cincinnati, were guests at William Reimann's the latter part of last week.

Mr. and Mrs. J. W. Utzinger and two children, of near Lawrenceburg, spent the week-end at Chas. Reiman's. He came over for the Harvest Home.

Mr. and Mrs. J. S. Eggleston had as guests, Saturday night and Sunday, Mr. Harry Reiman, Mr. and Mrs. Harry Detmer and H. E. Reiman of Rising Sun, and Mr. and Mrs. R. W. Baker.

There will be a business meeting at Sand Run church next Saturday afternoon at 2:30. All members are requested to be present.

It will be important business to transact.

PETERSBURG.

Chas. Rieky is visiting his mother here.

Mrs. Frank Shattuck, of Aurora, is visiting Mrs. Lacy Cropper.

Miss Mabel Werhman, of Cincinnati, was guest of Miss Henrietta Geisler.

Our school opened here Monday, Sept. 8th, with an enrollment of 126.

Mr. and Mrs. O. S. Watts attended the State Fair at Louisville last week.

Mrs. Melvin Pennock has been visiting her parents here, Mr. and Mrs. Evans.

Miss Hattie Kirtley has been visiting her sister, Mrs. Lee Cropper, of Hillsville neighborhood.

Quite a number of Petersburg people attended the Harvest Home and all report an enjoyable time.

Silo filling in this section is the order of the day, Edgar C. Riley and Lacey Cropper having filled 126.

Mrs. L. E. Keln gave a party, Friday night, in honor of Milton Riley, who leaves for State College on Sunday.

Mr. and Mrs. N. W. Carpenter, of near Burlington, attended the morning services at the Christian church last Sunday.

B. Berkshire are improving slowly from their injuries the result of the auto accident recently.

Mr. Eugene Gordon has installed a dynamo for the purpose of producing electricity to be used in connection with the moving picture show.

Some miscraut distributed on our streets in the central part of town Saturday night, a gallon or so of roofing nails for the purpose of annoying the people who have machines.

There is a splendid attendance and a great deal of interest manifested in the meetings at the Christian church held by Rev. Joseph Hagen, of Covington. The meetings will continue throughout the coming week.

The Petersburg half team was defeated by the Verona team by a score of 1 to 0. The same teams will meet here next Saturday and in the event the Petersburg team wins the deciding game will be played either at Burlington or Erlanger.

DEVON.

MERT ME AT SANDERS FAIR SEPTEMBER 25, 26, 27.

Mr. and Mrs. T. J. Hutself spent Sunday with their uncle, William Taylor, near Union.

Miss Mary Kincaid, of Fort Mitchell, spent several days the past week with old friends here.

Mrs. Frank McCoy spent the week-end with her daughter, Mrs. Roy Vallandingham, at Spadewille.

Mr. and Mrs. Geo. Bassett had a Sunday guests Mr. and Mrs. Aubrey Mulberry and Mr. Frank McCoy.

Clarence Easton and family, of near Burlington, spent Sunday with his parents, Mr. and Mrs. John Easton, of Walton R. D. 1.

Mr. and Mrs. B. F. Briarwater entertained Sunday the following guests: Mr. and Mrs. J. B. Coombs of Ft. Mitchell, and Mr. and Mrs. Orie Ware and children, and Mrs. Ida Ware of Covington.

Mr. and Mrs. H. E. Utz entertained the following guests Sunday: Ward Daughters and family and Mrs. Alice Daughters and daughter, Miss Effie, of Price Hill, and Mrs. Pearl Cummins and son, of Covington.

C. D. Carpenter and family and Omer Easton and cousins, Misses Virgie and Mabel Easton, and C. E. Rector and family visited in the Bellevue and McVillie neighborhoods Sunday, and purchased a number of fine melons.

The revival meeting that began at the Baptist church last Monday night will continue through to at least this week. The pastor, Rev. DeMoisey is being assisted by Rev. Crome, of Latonia. The discourses are able and helpful, and are being heard by large congregations.

PEACE OR WAR.

The alternative to peace is war. It is worth the while of any business man to labor with all his energy and all his influence for the speedy ratification of the Treaty. It is worth the while of any man or woman who loves peace and abhors war, of every American who would preserve and continue and strengthen the ties of friendship that now bind the people of the United States to the peoples of the chief civilized nations of the earth, it is worth the while of every voter who puts the obligation of justice and humanity above the interests of party to bring to bear upon the Senate whatever influence he has in worth the while of any legislation of the Treaty at once without qualification or amendment. Give peace to the world first, afterward amend the Treaty if amendments are found to be necessary.

Peace can come only by the ratification of the Treaty. The obstructionists in the Senate would furiously resent the desertion of themselves as the party of war. We cannot for an instant believe that they consciously intend war, but they should remember that in law it is assumed that a man intends the necessary consequences of his own acts. They propose and intend the amendment of the Treaty. The necessary, the inevitable consequence of that will be the prolongation of the war indefinitely. We should be at war with Germany until we could prevail upon her to accept such a treaty. She protests against the severity of the Versailles Treaty. Should we be willing to sign a Treaty less severe? They should be unjust, unjust to ourselves, to our associates in the war, to every nation that has been impoverished, and to every human being who bears a life-long sorrow because of the crimes of Germany. The vast majority of the American people would protest against and denounce a treaty dictated by a spirit of tenderness toward the nation that has brought all this ruin upon the world. Yet Germany would consent to no other than a treaty of mildness and forgiveness, for our armies are disbanded, we are and shall not be in a position to put upon her any constraint whatever. The Senate obstructionists, if they have their way, will force us into a situation where we must either give in to Germany, accept her terms, or else continue the state of war, it may be for years.

It is easy to understand the motives of the obstructionists, all the world knows what they are, but one is baffled in the attempt to read their minds, to get at the processes of their thinking. Here is Mr. Lodge, who says of the Senate Foreign Relations Committee "reservations" that the second of the reservations, relating to Article X, of the League Government, may be modified to meet the views of some Senators who think the wording too strong, who feel that "it appears to reject the entire principle of participation of the United States in any war, no matter how it might affect the United States itself," although this is not the intent of the reservation. The Massachusetts Senator absolutely forces us to question his intelligence or his morality. Any one can see that the second paragraph of the reservation absolutely rejects Article X. It declares that "the U. S. decision to assume, under the provision of Article X, or any other article, any obligation to preserve the territorial integrity or political independence of any other country or to interfere in the controversies between other nations members of the League, or not, or to employ the military or naval forces of the United States in such controversies, or to adopt economic measures for the protection of any other country," in short, it specifically repudiates any agreement on the part of the United States to take part in the measures preventive of war contemplated by Article X. The words "except by action of the Congress of the United States," at the end of the paragraph, are as we all believe with malice, intent, and aforethought limited to the acceptance of mandate under Article 12. This amendment of the Treaty, agreed to by the Foreign Relations Committee, would entail all the consequences we have indicated above. It would recommend the instrument to Versailles, where the other nations would inevitably reject the amendment. It would leave them to complete the Treaty without our participation, to set up the League of Nations without our membership, and we should stand alone in the world, a nation guilty of a monstrous act of perfidy and betrayal not merely of the nations associated with us in making the Treaty, but of the cause of humanity, of right, of justice, of peace. It is in the effort and with the hope of making the people of the country see and understand the consequences of rejection of the Treaty that Mr. Wilson is making his report upon the true meaning and purpose of the instrument signed at Versailles. It has been grossly misrepresented and misunderstood, its plain meaning has been falsified, it has been tortured out of its natural purport by those who, in the fever of their partisan zeal and in their ignorance of the President, have been almost beyond precedent reckless in seeking to amend out of the Treaty what it does not contain or to put into it guarantees which its language unmistakably gives. The obstructionists have, apparently, planned for a month or two of debate. Their partisan purpose is clearly disclosed by their agreement that the debate, contrary to all usage, shall be public. That means that they plan not only for delay, some

of them hoping that dealy will bring death to the Treaty, but that they have arranged for a limited campaign oratory with a view to effect in next year's electoral contest. But for the fact which stares us in the face it would be inconceivable that men in responsible stations should make such a use of the great charter of human freedom, incomparably the most momentous compact ever submitted to any parliamentary body for consideration and acceptance. — New York Times.

Hogs Must Have Plenty Water.

Hogs are great water drinkers—a fact which most farmers either ignore or do not appreciate. They frequently suffer for water in summer time merely because the farmer does not remember to water them or provide a supply which will be available at all times. The fact that a hog likes to wallow in mud doesn't indicate that he does not relish clean water. He should not be allowed to depend upon a mud hole for his drinking water. Automatic fountains should be supplied where he can have clean, fresh, wholesome water at any time he wants a drink.

It is especially important to provide water for fattening hogs and for growing pigs. Pigs can not develop properly without plenty of water. By far the greatest part of the flesh of growing pigs is water. If the water is limited, they do not receive full benefit from their feed. Fattening hogs likewise require large quantities of water. Any one who has watched the fattening hogs at meal time will notice that they will eat awhile then if water is available, go take a drink, return eat some and drink again. He usually repeats this process at intervals throughout his meal. If that hog did not require large quantities of water, he would not drink so frequently.

Water may truly be considered a hog feed because it is quite as necessary as the nutrients contained in their food, and full benefit from other foods can not be had unless water is plentiful. Sunshine may properly be termed a hog tonic because it is necessary to keep them in healthy thrifty condition. Sunshine and water are cheap, yet few farmers provide enough of either. Sunshine is usually accessible in most hog lots in summer, but water too frequently is not available. It is not sufficient to water hogs twice a day. It is not sufficient to depend on some one's memory for supplying the hogs with water. Every man who attempts to raise hogs should have an automatic fountain in his feed lot so that the hogs may have water at will.

Press Comments.

Armenia wishes to become a republic under American mandate. If there is enough left of Armenia to become even a precinct we shall doubtless be glad to take care of her.—Cleveland Plain Dealer.

Another bad actor who positively refuses to go to the Rio de Janeiro, of Missouri. — Anaconda Standard.

If anything is to be hoarded, why not Secretary Baker's opinions of well, "most anything?" — Minneapolis Tribune.

Close study does not reveal any great differences in customs and morals between Carranzas and Villistas.—Washington Post.

No German who was keen for the war should be allowed to emigrate until he has helped pay the bill.—St. Louis Globe-Democrat.

In Washington it is rumored that Colonel House has lost the President's ear. How careless of him! — Chicago News.

The word "profiteer" is not in the dictionaries. — New York World.

CARROLL COUNTY.

Carrollton News. A farm of 200 acres near Shelbyville sold last week at \$500 per acre, bringing \$100,000.

One evening last week the sedan of Mrs. J. S. Jett started to run away, and seeing it was about to run down some children she jumped upon the running board and steered the machine into a tree. She was thrown to the ground and so badly bruised that she was confined to her bed for several days.

The prospect for late tobacco in Carroll county is anything but encouraging and at the best there can be not over 85 per cent of a crop. Rains the last days of August helped considerably, but the moisture in the soil disappeared in two days. Nearly all the early tobacco has been cut and housed, and is of very fine quality, as a general thing.

Our people have been greatly inconvenienced during the past few weeks, on account of bridges being closed on the county turnpikes. One day that passes over the turnpike repair crews are more active. Roads in all parts of the county are in a deplorable condition, and there seems to be no way of getting them repaired. There is only one oasis in this desert of dependency and that is the thought that in two or three years we shall be using airplanes instead of automobiles and that we won't need any pikes at all.—Pendleton County Outlook.

Local gardens are about dried up.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prince of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children as before. You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it."

FRANCESVILLE.

Read Chas. E. Butler's Big Sheep Sale in this issue.

Mrs. J. S. Eggleston is entertaining her mother, Mrs. Houze, of Cincinnati.

Mr. and Mrs. Will Kruse and children visited her parents, Mr. and Mrs. John York, over on Gun powder one day last week.

W. H. Eggleston and wife had as guests Sunday J. S. Eggleston and family, Mrs. Samuel Collier and children and Mrs. Houze.

Mr. and Mrs. B. F. Eggleston had as guests Sunday Mr. and Mrs. L. T. Estes and son, Elmer, of near Cleves, and Mrs. Walter Swaney and children, of Hooven, O. Mr. Estes and family contemplate starting to California the 1st of October to visit his brother, W. O. Estes, who has made his home there for several years. We understand that if Mr. Estes likes it he will also make his home there.

William, son of Mr. and Mrs. T. B. Eggleston and Miss Hazel McGlasson, daughter of Mr. and Mrs. Webb McGlasson, were married at Lawrenceburg, last Saturday afternoon. The young couple have many friends in the community who wish them, I believe, health and happiness.

That a consequence of the amendment of the law, the insurance of that will be made.

Read the report of the war in the issue of the 11th of the water wagon.

Elmer Glacken's new home will be completed in a few days.

Miss Schoepf, of Erlanger, is the guest of Mrs. C. D. Tanner.

Sunday school at Kennington school house every Sunday afternoon.

Elbridge Carpenter and wife have moved in with Everett Dixon.

Mrs. Fannie Sleet and children are making their home at John Cleck.

The wind last Saturday made most of the hay ricks and stacks take off their hats.

These Carpenter and wife will give a hop Friday night in honor of John R. and Earl Carpenter.

Services at Excelsior Hall the 2nd Saturday evening and Sunday morning and evening following, by Mrs. Kells, and others of the Holy Christian church, October 11 and 12th.

James Dobbins and wife, James Northcutt and wife and Wm. Dobbins, of Covington, were Sunday guests of D. B. Dobbins and sister.

The sales of Mrs. Mary E. Carpenter and J. T. Booth's estate were well attended and good prices were realized. Horses brought from \$110 to \$150. The sales of Excelsior Grange served the lunch.

CHANDLER SIX Famous For Its Marvelous Motor

A Truly Charming Car, This New Chandler Coupe

SEARCH the whole market of motor cars, you will find no more satisfying closed car of the coupe or victoria type than the new series Chandler coupe. Closed or open, as you may desire or the weather dictate, it is clean and cozy and luxuriously comfortable in all seasons. Upholstered in finest quality silk-plush and with dull silver finish fittings designed in the best of style, there is distinctive character in this car.

The Chandler coupe tops four in perfect comfort, or three when the auxiliary chair is not in use.

Chandler closed cars, because they so clearly express the very best of the coach-maker's art and skill and because they are so fairly priced, will be over-sold throughout the Fall Season.

Despite the largest production in the history of the Chandler Company, the demand for the new series coupe will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

IN THE YARD.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicting people today can be traced back to kidney trouble. The kidneys are the most important organs of the body. They are the filters, the purifiers of your blood. Kidney disease is usually indicated by weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gait stumbles, rheumatism, sciatitis and lumbago. All these discomforts are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your drugist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

Pianos and Player Pianos.
A Call Will Be Appreciated.
July 24-25Read Chas. E. Butler's Big Sheep
Sale in this issue.Tobacco in Fayette county will
be much better than expected a
few weeks ago.Hear that Ira Ryle, of Conmis-
sary neighborhood, has sold his
farm and will move to Indiana.Kassabaum put up a nice grave-
stone on the W. P. Sullivan lot
in the Odd-Fellows cemetery here
one day this week.The following were among the
Recorders callers last Tuesday:
Cam Kennedy, Hopeful; Ed. Rice,
Florence; Artless Flock, Helvyn;
John B. Dixon and H. F. Utz, De-
von; Din Conway, Erlanger.W. L. Kirkpatrick sold to Ber-
nard Jones a 1922 model Maxwell
touring car last Monday. Mr.
Jones has hired to the county for
one year to work on the roads
and will move to Burlington.Dr. Kenneth Ryle, of East Bend,
has made arrangements to locate
in Burlington for the practice of
his profession, that of veteri-
nary. Dr. Ryle will be here next
Monday ready to answer calls.Renewing his subscription T. H.
Cloud, of Pleasant Hill, Missour,
writes: "The farmers of the state
have had a good crop year." He
sends a catalogue of the Pleasant
Hill street fair to be held next
month and says he would be pleas-
ed to have any of his Boone coun-
ty friends with him on that oc-
casion.Remember that Dr. L. H. Cralter
and his base ball team will come
out from Covington next Saturday
to meet the Petersburg team on
the diamond at Burlington. A fine
game is looked for and the Pet-
ersburg boys feel confident that
they will clean up on the Coving-
ton delegation. Come out and see
how it will be done.Charles E. Butler will conduct a
big public sale of sheep at Flo-
rence Fair Grounds on the 30th
inst., at which time 200 pure bred
Hampshire Bucks and 12 Rams
will be sold. Many of the farmers
of this county are striving to in-
crease their flocks by breeding
fine sheep, and this sale will af-
ford them a splendid opportunity
to secure very fine animals
with which to cross the flocks
they now own. Take advantage of
your opportunity. See advertise-
ment.S. S. Carvalho, one of the best
known newspaper men in the U.
S. and formerly the general man-
ager of all the Hearst publica-
tions, stated in a recent interview
that newspapers are facing the great-
est crisis in the history of the in-
dustry. He said that 20 per cent
more paper is being used than
is manufactured; that high prices
are inevitable, and that paper
stocks are already at the danger
line.Mr. Carvalho bases the increas-
ed price of paper on the four
following things:
"First—The labor cost per ton
on white paper is now \$20 against
\$10 four years ago."Second—It takes one ton of
coal to make one ton of paper
and coal at the mill has practi-
cally doubled in price."Third—The haul on pulp wood
is growing greater each year; like
wise the freight charges."Fourth—The six to nine cent
markets of Europe, South Amer-
ica and Australia are now asking
for Canada and U. S. paper."

Verona not the Champs.

Says Big Bone

A communication received from
the Big Bone base ball club claims
that that team is entitled to the
championship of Boone county as
it has played all the teams in
the county and won the most
games. Big Bone is willing to
play any team in the county as
many teams in the county as
desire to contest for the cham-
pionship.

Bought a Saw Mill

John Baldon and George Hewitt
bought J. S. Rouss's saw mill at
Elmberg, last Monday, and took
possession Tuesday. It is a splen-
did location for a mill and
Hewitt and Baldon and Hewitt are
experienced saw mill men and will
do good and quick work.

Public Sale

On account of ill health of my father we have de-
cided to sell at Public Sale, to the highest and best bid-
der, on the Dr. Henderson Farm, one and one-half miles
west of Erlanger, on R. D.,

Thursday, Oct. 2, '19

the following described property:
5 No. 1 milch Cows, 1 yearling Heifer, 1 Bull eighteen months
old, 2 good Brood Mares—1 seven years old and in foal by jack,
and the other eleven years old and in foal by good horse; 1
Mare coming three years old, 1 weanling mare Mule, 1 wean-
ling draft Colt, one-half interest in six tons of Hay, 2 good
Road Wagons, 1 good top Spring Wagon, 1 rubber tire Buggy,
2 sets Buggy Harness, 2 sets work Harness, 1 Ford Touring
Car—1919 model; 1 Chevrolet Touring Car, 1 Oliver breaking
Plow, 1 riding Cultivator, 1 Mowing machine—good as new;
1 new Hay Rake, 1 Corn Drill, 2 double-shovel Plows, Milk
Cans and Cooler, 8 Hogs, 1 Disc Harrow, some Household and
Kitchen Furniture and other articles too numerous to mention.

TERMS OF SALE.

TERMS:—All sums of \$10.00 or under, cash; on all sums
over \$10.00 a credit of nine months without interest will be
given, purchaser to give note with approved security, payable
to Florence Deposit Bank, before the removal of property.

Don't forget the date, Thursday, October 2, 1919.

ROBERT NAPIER.

Sale to begin at 10 o'clock prompt.

BIG
Sheep - SaleHaving bought the entire flock of Col. Charles H. Meng, of
Bourbon County, I will sell atFlorence Fair Grounds,
Tuesday, Sept. 30th
200 PURE BRED
Hampshire Ewes & 12 RamsDESCRIPTION.
This flock of Ewes has been bred by Mr. Meng, and there is no
more careful and painstaking breeder of Hampshires in Bourbon
county. Only the best of the famous Walnut Hall farm Rams have
been used for years. The Ewes are fine, large specimens of the
breed and run mostly 1 to 2 years old. Twelve Rams will be sold,
four of them recently coming from Walnut Hall farm.
I believe there are more good sheep and less common ones in
Northern Kentucky than in the Blue Grass counties. Our farmers
are sparing neither time nor money to raise this standard. Warren
C. Lassing, a progressive farmer of Boone county, was dead game
in out-bidding the big sheep farmers at Lexington, when he bought
the best Hampshire Ram ever imported for \$500. We need more
good sheep, and I am offering this flock for sale during this very
dry season; but I hope the sheep men of Northern Kentucky will
stand by me in my effort to raise our good standard of sheep even
higher.SHEEP SOLD IN LOTS OF FIVE.
TERMS:—Six months time without interest; 3 per cent off
for cash. Notes to be given with approved security negotiable and
payable at any of our local banks.Dr. R. H. Stephenson, President of the Kentucky Sheep Breed-
ers' Association, and our live-wire Farm Agent, W. D. Sutton, will
each make an address before the sale begins.COL. W. B. JOHNSON } Auctioneers

Beaver Lick, Ky.
Phone 213
Beaver Lick.

PUBLICSALE

We will sell at public sale at the residence of the late
Geo. W. Gaines, near Bullittsville, Ky., on

Tuesday, Sept. 30, '19

Beginning promptly at 12 o'clock, the following property:

Live Stock

46 good young ewes; 1 fine buck; Sows with pigs, 70 lb.
shoats, and other stockers; 1 black filly 4-yrs. old, extra
fine; 3 good young work horses, 1 gelding 6-years old,
1 weanling mule; Cows—Jerseys from 1 to 8 years old.

Farm Implements, Etc.

McCormick Mower—new, McCormick mower—old, and
binder, Disc Harrow, 2 horse Corn planter, 2 Road Wa-
gons, haybed, rake, hayfork with blocks and ropes, work
harness—single and double, 2 buggies and harness, 40
acres corn in the field with fodder, about 3000 sticks to-
bacco, large lot of loose hay in barn and stacks, 400 bus.
Oats in bin, large Moore's Heater, Household Furniture.

TERMS OF SALE.

Sums of \$10.00 and under, cash; on all sums over \$10.00 a credit of
nine months without interest, purchasers to give notes with approved
security, payable at Union Deposit Bank, Union, Ky.

Geo. W. GAINES' Heirs.

Col. N. W. Burkitt, Auctioneer.

Most Economical

Wear—life—service—mile-
age—safety—comfort. These
are the things that count in
a tire.These are exactly what you
get in United States Tires—
general all-round tire satis-
faction.

This greater total of tire

values means greater econo-
my—less cost of maintenance
—less repairs and depreciation.Car owners who do their
own thinking prefer United
States Tires. Their merit is
recognized everywhere.We have them—a type a
size for every car.We know that United States Tires are good tires. That's why we sell them.
EDDINS BROS, Burlington. C. W. MYERS, Florence. SENIOUR & HICKS,
SCHAFFER & UTZ, Erlanger. L. C. SCOTHORN, Idelwild.
PETERSBURG GARAGE, Petersburg.

Public Sale

PETERSBURG

Read Chas. E. Butler's Big Sheep Sale in this issue.
 Harry Jones and wife, of Columbus, Ind., are here on a visit to relatives.

Miss Doris Hoffman has returned from a visit with relatives in Indianapolis.

Mrs. J. W. Early had as her guest the past week Miss Mattie Cook of Cincinnati.

W. G. Kite and wife and Mr. Kite's mother, of Waterloo, spent Sunday at Rev. R. H. Carter's.

Richard Durbin, of Aurora, was here on a brief visit to Mrs. J. W. Early.

The Petersburg ball team will play Dr. Crisler's team of Covington, at Burlington next Saturday.

E. L. Helms, real estate man, sold to Grant House the E. D. Wharton residence on Third St. this week. Mr. Helms has sold 17 pieces of Petersburg real estate in the past few months.

J. E. Berkner and W. C. Bolen and Earl Walton attended the game between the Reds and the Giants at which time the winning of the game clinched the pennant for the Reds.

Rev. R. H. Carter and wife and Edgar C. Riley and wife are attending the annual convention of the Christian church, at Hopkinsville. They expect to spend a day or two at Mammoth Cave on their return home.

The Verona and Petersburg ball teams met in a splendidly played game here, Saturday, the Verona team being the victors, the score being 3 to 1. Verona and Petersburg met again at Verona, Saturday, October 1.

Mrs. Emmaline Courtney Holton, was born August 3, 1846, departed this life August 21, 1919, having attained the age of 73 years and eight days. Miss Emmaline Courtney was united in marriage to Elijah M. Holton, Dec. 12, 1866. To this union four children were born, of whom three survive to mourn the loss of mother. Early in her life she gave her heart to God, uniting with the Christian church at Sugar Creek, Gallatin county. One half a century of Christian faith and service. She was a resident of this community thirty-two years.

FLORENCE

Read Chas. E. Butler's Big Sheep Sale in this issue.
 Wm. Hedger and wife, of Burlington, were Sunday guests of Mrs. A. H. Laile.

Mrs. Arch Lucas and Miss Middleton were guests at Albert Lucas' last Friday.

John R. Whitson has returned from a visit with Joseph Myers in Cincinnati, Ohio.

Misses Evelyn Renaker and Cecile Castleman were Sunday guests of Mrs. J. T. Williams.

Mrs. Eliza Arnold entertained her brother, William Green, of Covington, last Sunday.

Miss Florence Walker spent several days last week at Jas. Brown's in Ft. Pleasant neighborhood.

Lee Edkins and family and A. C. Scott and family were the Sunday guests at J. M. Edkins' in Burlington.

Mrs. Mallie Beemon sold her home on Shelby street to Mrs. Perry Weaver, and then purchased Dr. Grant's property next door.

Mrs. Will Goodridge has received word from her brother, Cecil, announcing the birth of a son to him and his wife--Bruce Wallace.

Dr. J. H. Grant and family will leave shortly for Sandusky, Ohio, where he has a position in a hospital. We are sorry to lose two as good citizens as Dr. and Mrs. Grant.

Geo. and Fritz Drinkenberg entertained the following guests last Sunday: Fred Drinkenberg and wife, of Crescent Springs; August Drinkenberg and wife, Messrs. Elba and Wm. Drinkenberg, Edward Clarkston, wife and son, Robert, Misses Mamie Grote, Margaret Kline, of Cincinnati, and Rosa Mae Drinkenberg.

GUNPOWDER.

Read Chas. E. Butler's Big Sheep Sale in this issue.

Ed. Clarkston and family broke bread at J. W. Rouse's, last Sunday.

Mrs. S. S. Smith spent last week with her sister, Mrs. P. T. Fall, in Alexandria, Indiana.

Lon Beemon is furnishing the power with his tractor for cutting the silage in this neck of the woods.

Recent rains have been quite a relief to those who were out of water, and will put the ground in good condition for seeding.

Communion services at Hopeful next Sunday at 11 a. m., and 8 p. m., will be the beginning of a series of meetings which will continue throughout the week. Every body is invited to attend and participate in these meetings.

Ed. Slayback, lineman for the Mutual Telephone Co., met with quite a serious accident a few days since. When descending a pole his climber's stick in some way became attached to the pole. The bark slipped, causing him to fall, and his arm catching on a snag which made a very ugly and painful wound.

A Correction

Jas. W. Huey requests the Recorder to state that instead of Messrs. Conner and Tamm, he is all the time.

 Sale Begins Promptly at 12 o'clock.

"Five Cows Made \$474.00 Last Year"

writes W. C. Mohr, Oxford, Ohio--"I have shipped to the Tri-State about five and a half years and last year sold \$474.00 worth of butter for five cows. Have always found the Tri-State fair in their dealings. I have sold to both the Tri-State and also cream stations to see how the tests agree and so far have found 'The Tri-State pays the freight' the better way"

We Pay the Freight and 60c Per Lb.
 for butter fat

Week of September 22d to 28th, inclusive.

Selling your cream for less than Tri-State prices robs your pocketbook and encourages profiteering.

Write for Free Trial Cans. We guarantee your cream and cans against loss.

Farm for Sale.

Good farm of 119 acres one-half mile of Burlington, Ky., about seven acres in timber--watered--can be plowed with Tractor, Good Bungalow of five rooms, recently built, stock barn and other outbuildings, mile of good High School.

PRINCE ALBERT

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-listed-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive arranged process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokemotor!

You buy Prince Albert everywhere tobacco is sold. You get the red line, hand-drawn around and half round the bowl--that shows, protected round crystal glass handles--the manufacturer too that keeps the tobacco so much

Miss Nida Dickey of Union, went to Charleston, W. Virginia, to take charge of the industrial work of the Young Women's Christian Association. Her brother, fielding Dickey has gone to Nicholasville, to attend school and his mother, Mrs. Belle Dickey, will move there for the winter to care for him.

W. B. Johnson bought from B. B. Allphin and D. H. Wallace last week the Mrs. June Conner property at Richwood which they purchased from the heirs at public auction recently for \$5,500, selling to Mr. Johnson for \$5,500. The property consists of about eight acres and a two story brick residence.

Judge Thos. F. Curley and Town Attorney Chas. Strother had quite a session of the police court trying offenders for violating the speed laws with their automobiles. It would not be out of place to bring before the court a few of the many public offenders who pass through the town at a rate of speed in excess of that of the home talent.

Ernest Minor of Sparta, spent last week here filling the place of J. L. Reeves at station agent of the L. and N. Railroad, while the latter was at Louisville with home folks arranging to move his family here to the property of Mrs. Sam G. G. Hughes who is moving to Cincinnati where her son Thos. J. Hughes is employed in the Proctor & Gamble factory.

Robert Craig, son of Mr. and Mrs. O. B. Craig of Union, who has been serving his country in the U. S. Navy for 15 months, received an honorable discharge September 21st at the Great Lakes Training Station, and so well did he perform his duties that he was promoted to the main recording office of the U. S. Navy where he remained until discharged.

Dr. and Mrs. Thos. M. Baker and daughter Miss Ella, and J. T. Rosier, of Louisville, spent part of the past week here with relatives and friends. Dr. Baker is the Chairman of the Board of Health in Louisville, and has been very prominent in all of the public affairs of that city, and the hard work has impaired his health. His many friends here were delighted to meet him.

Dr. E. A. Cram who went from Peach Orchard, Pendleton county, to Woodmen, Colorado, because of tuberculosis, has about recovered, and is now at Albuquerque, New Mexico, from where he writes that his health has recovered to a degree far beyond his most sanguine expectations and he is now about well. Dr. Cram is a son of the late Wm. H. Cram, and went to Colorado from Walton about a year ago.

Raymond Morris of Covington, and Mrs. Kate Grubbs-Haigh were united in marriage last Thursday at the residence of the officiating minister Rev. John T. Grubbs, of the Christian church, Covington. The bride is a daughter of the late John T. Grubbs, and was formerly a resident of Walton. The groom is in the railroad service of the L. & N. Railroad, and owns a nice home on Wallace Ave., Covington, where they will make their home.

McClure Chapter, Royal Arch Masons, elected officers for the ensuing year as follows: High Priest, Ernest W. McElroy; King, Andrew J. Thomas; Secretary, Walter Cross; Treasurer, D. B. Wallace; Secty., Samuel H. McCurt; Capt. of Host, S. H. Folmer; Principal Sojourner, Duane Chambers; Roy at Arch Chapter, James A. Huey; Master Third Veil, Harry W. Ridy; Master Second Veil, Chas. W. Rans; Master First Veil, Joseph Rankins; Sentinel, Joseph Reed.

The Walton Loose Leaf Warehouse Co., is arranging about the sale of tobacco recently prized at the warehouse for various parties, and on next Friday, Oct. 3d, a committee of tobacco experts will meet at the warehouse and put a price on the different types of tobacco as shown by the samples from the various hogsheds, and these prices will be submitted to the owners of the tobacco for approval. It is approved the tobacco will be offered at the figures to the buying agents of the respective manufacturers. The sale is expected to be consummated some time the latter part of October. As the present growing crop will not approximate much over fifty per cent of a crop of an average year, the prices are expected to be high on both the old and the new crops. About one-half of the new crop is now in the barn and the balance will be in the barn within the next twenty days.

The Odd-Fellows celebration at the Boone county fair grounds at Florence last Saturday was one of the nicest gatherings that has ever been held in Boone county and reflected great credit on the Odd-Fellows of Boone county and especially on the wide awake members who arranged for the celebration. The members of the order assembled at the Odd-Fellows hall in Florence about 10:30 A. M., and with the Boys' band, the Widows and Orphans band at Lexington, marched to the grounds where about 1,000 boys, one-half the members were to give occasion, many being at an antiround, Bro. J. Leonard conservatively lodge, who was the only one of the County Order who was not a well timed worthy honored Rev. W. T. S. the old family, Indiana, who has head and bold in many years, unlooked-for, an excellent advice into a fine dining, who insist upon, dry on the railway rates of speed of the different roads, and four miles per hour, and every one was very nice and pleasant.

ADMISSION 15 CENTS

Old CRIMP is just over the hill.
Get ready for him.

Joseph Maurer, of Bellevue, has
been quite ill for several days.

Post your land against hunters
Mr. Farmer. It will only cost you
50 cents.

Linburg-saw mill is cutting a
large number of tobacco sticks
for the growers.

R. A. Brady and wife spent last
Friday with Warren Leasing and
the near Union.

Ernest Arnold and wife visited
his mother over at Falmouth last
Saturday and Sunday.

There ain't any such thing as a
school tax, it's just an invest-
ment in young brains.

George C. Goode, of Covington,
day, headed for the Bellevue
day, headed for the Bellevue
melon fields.

Some of the copy intended for
this week's paper did not reach
the office on Monday as stipulat-
ed last week.

Mrs. Cora Rouse, of Fayette
county, came down last week to
visit her mother, Mrs. Ada Con-
ner, and other relatives.

Chas. Garnett and Benj. Eggleston
have sales of personal prop-
erty advertised this week. Look
their advertisements over.

J. W. Conner, of Union, was over
last Monday, posting bills adver-
tising his big sale of personal
property on October 11th.

Samuel Pettit has bought of
Wm. Satchell his farm of about
60 acres in Locust Grove neigh-
borhood, the consideration said
to be about \$5,000.

Miss Anna Crigler, who has
been in Bellefontaine, O., for sev-
eral months, has returned to Er-
langer, to which place she di-
rects that her Recorder be sent.

A great deal of corn has been
put in the shock in this county,
and some are reporting their
corn much better than they an-
ticipated before they began hand-
ling it.

Mrs. Richard, of St. Louis, Mo.,
and her sister, Miss Miller, who
is attending school at Villa Ma-
donna, Kenton-co., were guests of
Mrs. B. B. Hume last Saturday
night and Sunday.

There is a large number of
chickens of various sizes running
about the streets of Burlington.
Many of them have reached a
size that will encourage their dis-
appearance pretty soon.

The officers of election are re-
quested to send in forthwith the
keys they have in their posses-
sion belonging to the ballot
boxes.
W. R. ROGERS,
County Clerk.

My winter apples are now ready
to harvest and those who have
spoken to me for apples will
please notify me at once so I
may have them. Price \$2.50 a
bushel.
Edgar Berkshire.

Chas. Westbay has been hauling
considerable coal for Burlington,
but he discovers that the truck
is beginning to trim the edges of
a trade heretofore almost exclu-
sively his.

C. C. Roberts and Menter Martin
were out looking at farms last
week with a view to buying.
They were shown several farms
which A. E. Foster and Son have
listed, but it seems they did not
find one that filled the bill.

The milk producers held a meet-
ing in Cincinnati, Wednesday of
last week, at which it is thought
the milk problem was threshed
out in a manner that will result
in bringing the price of milk up
to \$4.00 per 100 pounds.

Post your land against hunting
and trespassing by sending to
the Recorder 50 cents. The Re-
corder will run your name in its
official columns from now until the
hunting season is over upon re-
ceipt of this amount.

Mrs. Fannie Snyder, of Peters-
burg neighborhood, of Burlington,
who had been in a Cincinnati hospi-
tal several weeks, having a dislocated hip
reduced, has so far recovered as to
be able to return home last Sat-
urday.

Dr. Finney and Langdale, of
Cincinnati, were guests of Dr. Yel-
low, of Burlington, last week.
They brought their trusty carbines with
them and made a tour of the forest
in the neighborhood and haz-
arded quite a number of fine, fat
squirrels.

According to the advice of our
stock journals this is the month
to buy such feed as you will need
for your stock this winter. You
should get your supply of cotton-
seed meal, shorts, etc., now be-
cause predictions are that they
are going higher.

Had a Delightful Trip

Geo. Kreylich, wife and daugh-
ter arrived home last Friday af-
ternoon from a very interesting
tour of the northwest, during
which they called on many of
their relatives, who were former
residents of Kentucky. They had a
very delightful trip but found
that there is no place like home.

Hog Sale Very Satisfactory

Notwithstanding the short no-
tice Yonell and Tanner had a pre-
tily good hog sale at Florence fair
grounds on the 21st of September.
The crowd was not large but the
bidding was brisk, and fifty nice
young Chesterwhites were dispo-
sed of, the average price being \$31
and the highest price, \$50. The
young men are very much en-
couraged, and no doubt, will have
another sale in the near future.

Returned to Annapolis

Midshipman Edwin R. Duncan,
returned to the Military Academy
at Annapolis, Maryland, the lat-
ter part of last week. He spent
his day furlough having expired. He
will attend the academy eight
months then take a three month
cruise, after which he will be given
a thirty days furlough. He has
been two years in the school. He
is delighted with the school and
all things connected thereto. He
has been put thru the rigorous
training on board the ship and
from now on will have easy go-
ing compared to some he has
experienced. He is a young man
full of life and quick to "catch
on," and a military career will be
exactly to his liking, and there
is no doubt about him making
good in any department to which
he may be assigned.

Odd-Fellows Have

Splendid Meeting
A good crowd, interesting
speeches and an excellent dinner
were the features of the day at
the Odd-Fellows celebration at
Florence last Saturday. Odd-Fel-
lows from far and near and every
direction were in attendance
and everybody enjoyed the day.
The most interesting speech was
most inviting speech given by a
person a cheerful feeling immedi-
ately upon entering the gate if
he was not already in that mood.
The personal of the order pre-
sent shows that the fraternity in
this county boasts of the best citi-
zens, men who are bent on mak-
ing good out of the things of life.
The music for the occasion was
made by the excellent band from
the Odd-Fellows Home at
Lexington. Roberts, of much to
the pleasure of the occasion.
The speakers were Grand Master
Briel, of Newport; Rev. Runyan,
Latonia, and Rev. Rowe, of In-
diana.

Big Bone Baptist Church

Under the auspices of the La-
dies' Missionary Society, an all-
day meeting was held, Thursday,
September 25th. The program was
interesting. Mrs. J. E. Weaver,
president of the society, presid-
ed. Mrs. L. Roberts, of Lexing-
ton, brought very interesting and
helpful messages in regard to the
"Baptist Seventy-five Million Cam-
paign" now in progress in the South-
land. Our women are bent on do-
ing all they can for this needy
and deserving cause.

Our W. W. A. is taking on new
life. Last week they were great-
ly hindered by the flu and other
unfavorable conditions. Now they
are bent on doing their BEST for
the campaign fund. A fine band of
young people!

An efficient and busy committee,
J. T. Edwards, J. W. Aylor and
R. W. Allen is pushing the con-
struction of the Sunday school
class room annex to our church
building. This was projected un-
der the pastorate of Rev. D. T.
Mangum. When it is completed,
we hope to build up our Sunday
school in attendance, interest and
usefulness.

Dr. W. D. Nowlin, of Greenville,
this State, leads in series of meet-
ings beginning Sunday, October
18th. All are cordially invited.
O. C. P.

Pendleton County

Falmouth Outlook.

A poll recently taken in the
city of Falmouth shows that we
have 400 legal voters. Counting
four people to a voter gives Fal-
mouth a population of 1,600.

The City Council passed an or-
dinance Monday night, fixing the
license to sell beer at \$25.
The city had a soft drink license
ordinance, but they claim that
this does not include beer, and
drinks such as Coca Cola and
pop. There are eight establish-
ments in the city selling near
beer.

Farmers from different sections
of the county report an alarm-
ing scarcity of all kinds of birds,
with the exception of the Eng-
lish sparrow. We contribute this
in part to the drought making
food scarce. It is to be hoped
that the songsters will not desert
us permanently, as they are a
great destroyer of all harmful in-
sects, and in a way protect the
crops.

Pendleton county has the short-
est tobacco crop in her his-
tory. Last year, under favorable con-
ditions, the county produced 6,000,
000 pounds of the weed, and there
was a larger acreage planted this
year than last. It is doubtful if
the total production will go over
2,000,000 pounds. However, we are
surprised how many individuals
tell us that they have an extra
fine crop. It is even true, in every
dark cloud there is a silver
lining. The rains the first of the
week may help some of the late
tobacco in the way of pounds,
but not in quality.

Public Sale.

I will sell at public auction at
my place one mile northeast of
Limaburg, Boone county, Ky.,
on the Anderson Ferry road at
1 o'clock p. m.,

Saturday October 4, 1919

BOONE POST NO. 4

AMERICAN LEGION

At a regular meeting of Boone
Post No. 4, Sept. 26, 1919, for
the purpose of selecting a dele-
gate to represent Boone Post No.
4 at the State Convention to be
held in Louisville, Ky., Oct. 3 and
4, 1919, to select delegates to
represent the State in the National
Convention.

Ben H. Riley having been ap-
pointed as delegate and O. R.
Russ as alternate, the following
instructions having been ap-
proved and given to the delegate:

Approving of a bonus for ser-
vice men, however legislation has
been suggested authorizing pay-
ment of same. Civilians have
been compensated for service at
home during the war. This is a
matter much discussed and of dis-
tinct individual interest. That
the officials of the American
Legion of Kentucky desire settled
as the service men see fit.

Approving of a campaign to se-
cure to service men their rights
and privileges under the War
Risk Insurance Act.

Approved that Congress should
deport to their own countries
those alien who refused to join
the colors at the outbreak of the
war, and pleaded their citizenship
in other countries to escape the
draft.

Approved that all nationalized
citizens convicted under the Espi-
onage Act, shall have their citizen-
ship cancelled and shall be depor-
ted.

Approved that the foregoing in-
struction be entered as part of the
minutes of Boone Post No. 4.

The above meeting adjourned
until Tuesday, October 7, 1919, at
2 o'clock, where a meeting will
be held in the court house in Bur-
lington, Ky., for the purpose of
hearing the report of the delegate.

Boone Post No. 4 has a limited
supply of American Legion But-
tons for distribution at 25 cents
each. Send in your order early if
you desire one.

The American Legion demands
100 per cent Americanism. Per-
formance, not promises, advances
organization.

Come to the meetings of your
Post and get the Legion spirit.
By order of the Post,
R. H. RILEY,
Post Commander.

HAROLD CONNER,
Adjutant.

Edgar Berkshire caught a fine
fish in Woolper creek last Satur-
day, when a meeting will be
held in the court house in Bur-
lington, Ky., for the purpose of
hearing the report of the delegate.

The American Legion demands
100 per cent Americanism. Per-
formance, not promises, advances
organization.

There is a personal and a
friendly side to the busi-
ness of selling the Liberty
car, that is very pleasant.

People are usually more
than half in love with the
Liberty before they come to
us.

When that first favorable
feeling is confirmed by a
quality of performance that
delights them, it establishes
an intimate and cordial re-
lation that is out of the ordi-
nary

We have perfect confi-
dence that if you will per-
mit us to place you at the
steering wheel of a Liberty
it will be the beginning of a
long and profitable associa-
tion between us.

Let us demonstrate this
Liberty Six to you.

Boone County Recorder for Business

have enlarged my place of business and stock of goods I am now ready to supply you with anything in the Feed Line that you may wish at a very reasonable price.

ALSO A MUCH LARGER STOCK OF FRESH GROCERIES AT ALL TIMES.

All kinds of field seeds will be handled at a SPECIAL PRICE; if you will stop to consider quality, for I handle nothing but the very best field seeds that can be obtained.

FARM TRACTOR.

I am ready to meet your wants with anything from a needle to a Farm Tractor. The Farm Tractor is that little 8-16 International and is just like that reliable International Truck—always ready to do your work at a very small cost to operate. A time saver and money maker for the farmer.

I must call your attention in this ad. if you are interested in buying an automobile to be sure and not overlook the 1920 Model Maxwell Car, for it is more wonderful than ever before. See this car and think of the price before placing your order. Yours for business,

W. L. Kirkpatrick,
Burlington, Ky.

RALLY FOR THE THIRD RED CROSS ROLL CALL

THE quota of funds for the Lake Division—Ohio, Indiana and Kentucky—for the Third Red Cross Roll Call, November 21, is \$1,880,000, according to the recent announcement of MacKenzie R. Todd, campaign manager for the division.

This is the Lake Division's share of the \$15,000,000 fund asked from the nation to complete American Red Cross relief work abroad during the coming year.

The goal of the Third Red Cross Roll Call is universal membership. In the last drive for funds, the Lake Division quota was \$2,400,000. It was oversubscribed by more than four and a half million.

State and county quotas will be announced shortly by state managers: R. F. Grant, Ohio; John R. Downing, Kentucky; Clarence Stanley, Indiana.

There will be the only Red Cross campaign this year. Each year hereafter there will be an annual Roll Call for members, to perpetuate in America the service to Americans that is to be the Red Cross peace time work.

OVERSEAS NURSES TURN TO PUBLIC HEALTH WORK

FIFTY Red Cross nurses, most of them recently returned from overseas service, are to meet in Cleveland, Sept. 18-20, to discuss means of preventing disease.

They have chosen as their peace-time occupation the teaching of home hygiene and dietetics to women and girls outside the nursing profession, and hope in this way to increase the number marching with the American Red Cross in its advance against disease.

CAMP WORKERS AID MEN RETURNING TO CIVILIAN LIFE

RED Cross Home Service workers in Camp Taylor (Ky.) and Camp Sherman (O.) have found their assistance required more and more as time passes by soldiers returning to civilian life who need aid in making the change.

During July 24,677 men passed through the Kentucky demobilization camp and of this number 2,502 new cases are recorded in the camp Home Service records. In addition 2,270 men applied for information, mostly in regard to insurance. This total puts Camp Taylor at the head of the list for all camps in the country in volume of work of this kind.

Camp Sherman stands third.

HOME SERVICE USED TO FIND MISSING MEN

THE Home Service Sections of the American Red Cross in Ohio, Indiana and Kentucky are helping to locate soldiers who have disappeared since their discharge from military service.

One is Sgt. Russell Irving Viles, discharged June 17 from service with the Motor Transport Corp 813.

Private Harry E. Ross, Co. H, 26th Infantry, First Division, A. E. F., was wounded while serving at Soissons July 19, 1918. Since that time only indefinite reports have reached his mother, Mrs. Clark D. Ross, 4042 Third St., Des Moines, Ia.

Private Joseph Burch Walker of Monticello, Tenn., is believed to be mentally disabled as the result of gas. He was discharged from Camp Dodge in June.

Private George Nelson, C. E. F., has been missing since February 1, 1918. He is suffering a lapse of memory following shell shock.

Any of these men may be in the Lake Division, ignorant of names and addresses.

JUNIORS WANT MILLION MEMBERS FOR THIS YEAR

A MILLION Juniors in the Lake Division in 1919—that is the slogan of the Red Cross department of Junior Membership.

The division is 200,000 short of that number, but hopes to enroll that many and more—in the membership drive the Juniors will conduct in the schools during September.

VOLUNTEER

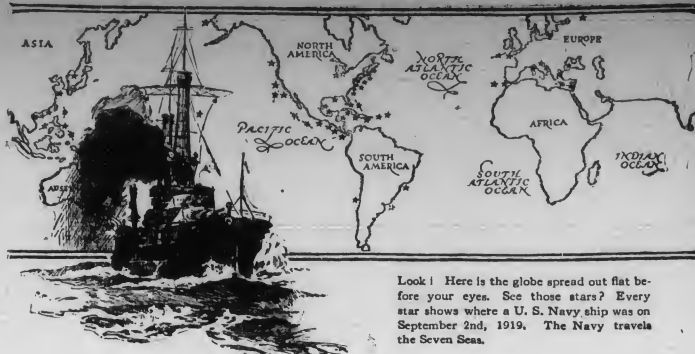

Be one of the million workers in the country who will help to enroll Red Cross members in the Third Roll Call November 21.

The Red Cross needs \$15,000,000 to complete war relief obligations overseas. The Lake Division's share is \$1,880,000.

The Red Cross needs new members for 1920 to carry on Red Cross service for Americans.

YOUR CHAPTER NEEDS YOU.

VOLUNTEER.

Look! Here is the globe spread out flat before your eyes. See those stars? Every star shows where a U. S. Navy ship was on September 2nd, 1919. The Navy travels the Seven Seas.

Don't you want to see the World?

ROMANCE is calling to you! Strange and smiling foreign lands are beckoning to you. Shove off and see the world!

Learn to "parley-voo" in gay Faree. See the bull-fights in Panama. See surf-riding on the beach of Waikiki.

Learn the lure that comes with the swish and swirl of the good salt sea. Eat well—free; dress well—free; sleep clean—free; and look 'em all straight in the eye—British, French, Chinese, Japanese, Spaniards, Egyptians, Algerians and all manner of people.

Come! Be a real man of the world. See the world. See it with

the red-blooded, hard-working, hard-playing men of the U. S. Navy.

Pay begins the day you join. On board ship a man is always learning. Trade schools develop skill, industry and business ability. Thirty days care-free holiday each year with full pay. The food is good. First uniform outfit is furnished free. Promotion is unlimited for men of brains. You can enlist for two years and come out broader, stronger and abler.

Shove off—Join the U. S. Navy. If you're between 17 and 35 go to the nearest recruiting station for all the details. If you don't know where it is ask your postmaster.

Shove off! - Join the U. S. Navy

WEAKENING?

LOOK OUT!

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL HOLLAND OIL CAPSULES. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL HOLLAND OIL CAPSULES. They are as good as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

SHOULD COME TRUE.

Many a returning American tourist, standing on the deck of a steamer, gazing one of our harbors, has been overcome by an emotion that made him cry from very shame and pity. The sight which brought his tears was not that of Boston Light or of the New York skyline. Either brings joy to one who comes back home. The ecstasy on the stateroom deck among those who never saw America before was the real feature of an Atlantic voyage westward. Men fell on their knees. Women raised their babies aloft in exultation. Hymns were chanted in strange tongues. Dr. Henry Jackson of the federal bureau of education has taken as the slogan for a movement to teach the alien the true meaning of American democracy. "Make him see America as he dreamed of it before he left Europe." There is but one answer which those who have been here longer can make to this love of "immigrants" for their adopted land. We must make their dreams come true, says Boston Globe. "We must support every movement to make America fit for those who once looked upon these states as a new heaven."

In emphasizing the business importance of the home, the late Colonel Roosevelt once observed that more than three-fourths of all the money that is spent in this country goes for the upkeep of our homes, and is paid over the counters by women. Whether we think this estimate is too large or too small, there can be no doubt that home-keeping is our greatest business. It is also, unfortunately true that, of all forms of business, home-keeping has received least attention at the hands of business systematists, says Thrift Magazine. Not one home in a hundred is organized on any kind of a business plane worthy of the name.

As a general thing flags meant in Germany only so much bunting. They were hoisted on the king's birthday, with no more enthusiasm, and perhaps not even as extensively, than when the Cross-Bow Shooting society or any other society had its annual festivities. In midsummer, says New York Evening Post. Of course, in those circumstances it mattered not whether the flag was black, white, red or green or white, or something else as long as it made a gay picture.

The code of suffragists as given out by the National American Woman Suffrage association is worthy of general, private and public adoption. "Don't tell all you know; don't tell anything you do not know; don't repeat even a small thing told you in confidence; don't lose your temper; don't nag; don't threaten; don't boast," if generally adopted as a rule of action, would make the whole nation happy, healthy, wealthy and wise.

The impulse to write poetry is one that at one time or another convulses every one of us, but our notion is that quite a number ought to control and smother it, and very few ought to attempt it without first consulting friends and the family physician.

That Amsterdam report that the price of diamonds is going up because of the unprecedented demand on the part of Germans sounds as if Helene is getting his marks into something with which he hopes to make a getaway.

In one city, at least, the steps of street cars are to be lowered as a concession to tight skirts. It doesn't matter how hard a time a car company has to get along just so progress is easy for the ladies.

Soldiers', sailors' and workmen's councils are being organized in American cities, but the demand for labor keeps them changing their personnel with great rapidity and frequency.

The daylight saving law is a nuisance all around. It gets the dairy man up too soon and closes the poker game just about the time the winner's feet begin to chill.

Now we understand why, in slang, the American policemen sometimes are termed bulls—it's because nothing makes them madder than does a red flag.

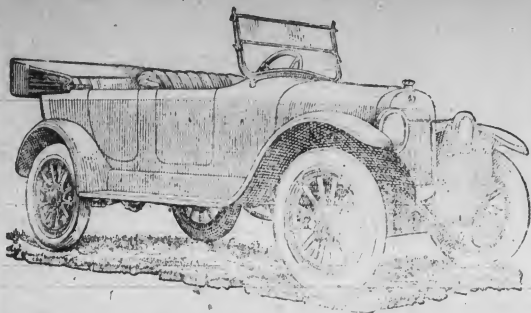

Men and children have taken kindly to sensible foot-shaped shoes, but the women—heaven bless them!—continue to show nature how to walk.

It is generally accepted opinion in this country that diet, as seen in European dynasties, does not necessarily mean eat.

Somebody a hundred years from now will be finding things in that 75,000-word treaty that nobody knew was there.

Corn went up on the war bread rumor, but there's no sign of anything going down to fill the gap.

Communism will not flourish where there is little portable property.

300,000 Maxwells Precede This Post-War Car

FOR five years the talent of great engineers was devoted to the Maxwell chassis, and as that is now a work of rare mechanical excellence through magnificent Post-War improvements, the Maxwell has been improved wonderfully in appearance.

More miles per gallon
More miles on tires

But you did not know, unless you sat behind the wheel, how easy it drives, what a comfortable casting effect there is in the front axle, how snugly it clings to the road with its heavy rear axle, how decisive and sure is the emergency brake, now located on the transmission shaft!

Unless you have sat behind the wheel of the Post-War Maxwell you know but little, for there is a new lure about this car that, once experienced, impresses you beyond words.

There are 300,000 Maxwells before this—all able cars. This is greater in many ways except in price—only \$985 f. o. b. Detroit.

State News.

In an old ledger kept by Isaac Morton, who was in business at this place in the year 1817, which book was discovered in a building being torn down here, one customer is charged with one pint of whisky at 84 cents and 25 cents for postage on a letter. Good how things have changed since those good old days. You may now buy the same stamp for 2 cents and the liquor can't be had at all. — Hartford Republican.

Mr. J. R. Pipes, who lives near Ward's Branch, near the Marion county line, brought to this office yesterday morning one of the tallest stalks of corn ever seen by the writer. The ear is nine feet from the ground and seems to be a good sized one. The stalk measures fifteen feet high. You could let your horses mules and cattle graze in your corn field if it was as tall as the corn left here, as they would be unable to reach the ears. Mr. Pipes is a son of the late Hardin Pipes, who was one of the splendid men that followed Gen. John H. Morgan during the dark days from 1861 to 1865. — Danville Messenger.

Everett McCammon, of the spoke manufacturing company, of McCammon & Kellar, returned from Jeffersonville, Ind., a few days ago where he closed a deal for fifty car loads of wagon spokes. The spokes were bought by a company which was organized in manufacturing wagons for the Government, and which soon after the armistice was signed quit making wagons and reorganized in the manufacture of its former product. The deal was an unusually big one and involved many thousands of dollars. The rest of the part of the spokes just purchased will be shipped to this city and returned to a member of the firm stated to a reporter that it was very probable that the company would shortly begin operating a plant both night and day. — Lebanon Enterprise.

BOONE CO. RECORDER

PUBLISHED EVERY THURSDAY
W. L. RIDDELL, Publisher.

BIG BONE BAPTIST CHURCH.

Rev. O. C. Peyton, D. D., Pastor.
Preaching every Sunday morning and evening.
Bible School every Sunday at 10 a. m.—Sam Allen, Superintendent.
A cordial invitation is extended to all our services.

Summer Houston and wife are visiting at Edgar Hensley's in Locust Grove neighborhood.

Mrs. H. W. Shearer and little daughter, of Newport, are the guests of her parents, Mr. and Mrs. F. A. Hall.

W. L. Kirkpatrick has bought the Bethel farm of 110 acres just south of Burlington. It was originally a part of the John A. Kendall farm.

Edgar Hensley, of Locust Grove neighborhood, has a very fine sample of white corn at this office. Edgar is hard to beat when it comes to farming.

Mr. J. E. Hall makes the following correction in the scriptural quotation in his article on another page: Isaiah, LX chapter: "For the nation and kingdom that will not serve thee shall perish."

Honorable John W. Newman will speak at Florence on the afternoon of October 7th, and at Waton that night in the interest of the Democratic ticket. He is one of the best speakers in the State.

Tax Commissioner Riley says there are about 2,000 lists of taxable property in this county that have not been given in, and there is a short time in which to come to his office and avoid the rush.

Russell Smith has proven himself to be a thirty-second degree fan. He got in line at 3:30 a. m. last Monday at Reiland field, in order to secure tickets to the World Series. His picture was among several others in the Cincinnati Post, Monday afternoon.

The large department store of the John R. Coppin Co., Covington, was entered by burglars last Sunday night. The night watchman was bound and gagged and two large safes cracked from which money and other valuables exceeding in value \$25,000 were taken. No clue to the thieves.

Mrs. Anna Kirkpatrick, of Roachdale, Indiana, who has been visiting her daughter, Mrs. Harry V. Kyle, of Erlanger, most of the summer, spent several days last week with friends in Burlington. She will return to the home of her daughter, Mrs. Ware at Roachdale in a few weeks.

Twenty machines and two large truck loads of people called on Earl Smith and wife last Monday night in the capacity of house warmers. The presents were almost innumerable and pertained largely to housewifery, especially the cooking feature, which makes it evident Mr. and Mrs. Smith are expected to be good neighbors notwithstanding old Bill Cost. It was a jolly crowd that assembled to assist Mr. and Mrs. Smith on their start in the journey of life together.

School Notes.

It is important that we be alert and on tip-toe towards a movement of great importance for our school children. This movement is to be put over during the last week in October. Should any unfavorable event come up by which the drive must be postponed in any single locality the matter may be deferred as late as Thanksgiving. We have what is known as "Kentucky Children's Home Society." It is a home where absolute dependent children are taken and cared for until a good home may be secured for them. These children have lost either father or mother, or the parent left is so poor that he or she is unable to keep the family together. These children are unfortunate in this: That their parents were not members of any church, fraternity, insurance company or social society that would care for these dependents. You may think there are no such children in Kentucky. There are today about 200 in this home. Some of these children have abandoned parents. Our State wants a permanent home for this work, and has asked the school children of this year to raise the money to build this home as a fitting memorial for the school children for 1919-20. Boone county is asked to raise \$1,000, on an average of about 70 cents to the school child. It can be done. The last week in October is the appointed time for the drive to be made. Each teacher will be mailed the apportionment for his or her district and it will be left to the teacher, the school and the community to raise the respective amount in any way that seems best. You may have a school entertainment, party, pie social, or something of the kind. No matter how the fund is raised the school is to have credit for the same. We want to announce that the Grade Spelling contest will be held in the magisterial districts where the district banners are located, November 21st. The several contests will take place on the same date. Announcement of Teachers' meeting will be made later on. J. C. GORDON, Supt.

DEVON.

Col. E. R. Rivard Sundayed with his parents here.
Mrs. John Roache is the guest of Mrs. Anna Kenney of Beaver. James W. Bristow had a delightful visit to the State Fair and Mammoth Cave.
Mrs. James Kinmann and family, of Kensington, were guests Saturday of Mrs. Frank Hager.
Mr. and Mrs. T. J. Huttsell visited Mr. and Mrs. John Taylor, of Richwood neighborhood, Sunday. The sale of Mrs. Perry Dixon was postponed until Oct. 4th, on account of so many sales, and the neighborhood filling silos.
B. F. Shaw, of Schoolcraft, Michigan, came in Saturday afternoon and was the guest of Benj. Bristow until Monday morning, when he left for Cincinnati.
James W. Bristow and sister and niece, little Stella Elizabeth and cousin Guy Collins, visited Miss Pattie Callahan and brother, Howard at Verona, Sunday.

GASBURG.

Very few hogs are being fed for market.
The melon supply is about exhausted.
The tobacco crop is the poorest for many years.
There is a demand for at least 150 houses in Aurora that cannot be filled.
The campers at Split Rock have folded their tents and returned to their homes.
Mrs. Fannie Snyder was brought home from the hospital last week. She will be permanently disabled.
Mrs. Phillip Klopp has been seriously sick for some time and expected to live but a short time.
Jesse Kelly has commenced the erection of his residence on the grounds of the old Gasburg school house.
The Government is having a vast amount of material transported from Aurora by river to the proposed dam at McVie.
Great preparation is being made for the street fair in Aurora next Saturday October 4th. A record crowd is anticipated.
E. C. Riley is tearing down the two story frame house adjoining the Petersburg garage and will erect it near the Woolper bridge, near this place.

RED CROSS—HOME SECTION SERVICE

I will be in Walton on Friday evening, October 3d, at Mr. Edwards' insurance office and in Union on Saturday afternoon, October 4th.
Would like to meet as many Soldiers, Sailors and Marines or members of their families as possible at the above mentioned places.
NAN DONLAN,
Secretary of Home Service.
Farmers are praying for a late fall that pastures may relieve them from the necessity of beginning to feed their livestock early.

PRINCE ALBERT

YOU can't help cutting loose joy's remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttie full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. That's because it has the quality.

Quick as you know Prince Albert you'll write it down that P. A. did not bite your tongue or parch your throat. And, it never will! For, our exclusive patented process cuts out bite and parch. Try it for what ails your tongue!

Tappy red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidur with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

FRANCESVILLE.

J. S. Rouse, who has run the saw and grist mill at Ludlow for about seven years, sold it last week to Baldon & Hewitt, Consideration private. Mr. Rouse desires to thank the people of Ludlow and vicinity for the courtesy extended him while in business in their midst.

We Pay the Freight and 65c

per pound for butter fat

Week of September 29th to Oct. 5th, inclusive.

"Five Cows Made \$474.00 Last Year"

writes W. C. Mohr, Oxford, Ohio—"I have shipped to the Tri-State about five and a half years and last year sold \$474.00 worth of butter fat from five cows. Have always found the Tri-State fair in their dealings. I have sold to both the Tri-State and also cream stations to see how the tests agree and so far have found 'The Tri-State pays the freight' the better way"

Selling your cream for less than Tri-State prices robs your pocketbook and encourages profiteering.

Write for Free Trial Cans. We guarantee your cream and cans against loss.

The Tri-State Butter Co

CINCINNATI, OHIO.

RABBIT HASH.

Dr. Cady's wife spent Friday in Cincinnati.

The Ladies Aid Society met with Mrs. Addie Scott last Thursday.

Automobile travel was very heavy here Sunday. About 100 cars passed during the day.

Eden Fresser, of Birmingham, Ala., was calling on old friends here one day last week.

Several Odd-Fellows from here attended the picnic given by that order at Florence, last Saturday.

Will Parsons, former resident here, now living at Dayton, Ohio, was here a short time Sunday.

He was accompanied by Sherman Clark, of Rising Sun.

Gene Wingate went with the Belview boys, Sunday, to Dam 39, at Markland, to play a game of base ball. Score 9 to 8 in favor of Markland.

Last Saturday Mr. and Mrs. R. T. Stephens received some photographs of their daughter, Mrs. Frances Moler, which were taken on board of a U. S. war ship in San Francisco Bay.

Dr. Kenneth Ryle, veterinarian, has located at Burlington to practice his profession. He is one of our best known young men, a graduate of a well known veterinary college, and stands high in his profession. He served Uncle Sam faithfully during the war and rose from a private to the rank of a Lieutenant. The promises of the people of Boone county were that all boys who went into the service would be given preference on their return to civil life. We trust that promise will be made good.

Dr. Ryle wishes the people to know that while he is located at Burlington he is always ready to respond to calls of any one at his old home place, who has need of his services.

IDLEWILD.

W. M. Rachal, Jr., of Union, is the guest of his uncle, A. H. Norman.

Mr. and Mrs. Wm. Terrell Berkshire dined Sunday at J. S. Aabury's.

Mrs. B. B. Grant entertained charmingly a host of her kinspeople, Sunday.

J. S. Ashbury, Chester Grant and Robert E. Grant attended the Milk Producers meeting at Central Turner Hall, Cincinnati, Wednesday.

Mr. and Mrs. Robert Stark Hannah and children left Friday for their future home in San Francisco. They will stop over enroute at El Paso Texas, for a visit with Mr. and Mrs. Stewart Berkshire.

UNION.

Sunday, Sept. 23rd, 1913, eighty-five relatives and friends surprised Mrs. Angeline Newman, it being her birthday. One of her neighbors insisted that she and her husband spend the day with her. She kindly consented and about 11 a. m. she was informed over the telephone that she had company at home. On reaching home she was greeted with cheers and well filled baskets. At the noon hour the dinner was spread on a table in the yard. After every one had partaken of the bountiful dinner, J. B. Conrad, the hostess' brother, rendered another surprise when he brought forth six bit watermelons. The young folks were entertained with music furnished by Mark Johnson and Leonard Vogt of Covington. The older ones enjoyed the afternoon with a chat on olden times.

Those present were: Ben Humph and family, J. B. Conrad and family, J. H. Newman and family, R. C. Newman and family, Lela Presser and family, Arch Rouse and family, Cecil Presser and wife, Mrs. Emma Presser, Robert Wood and wife, Bertha Belle Wood, John Wood and family, Harry Rouse and son, Chas. Johnson and daughter, Wm. Delwick and family, Stanley Conrad and wife, Frank Schuler and family, Ivan Conrad and family, Walter Craddock and family, Eli Conrad and family, Martin Newman, J. O. Richards and wife, Mrs. Lottie Marshall and family, Russell Craddock and family, Fitzhugh Tanner and wife, Cora Stephens and daughter, Frank Goin and wife, Mrs. Maggie Clarkson, Hubert Bachelor and family, John Sommers and wife, Tommie Sommers, Leonard Vogt.

HEBRON.

Frank Hossman, Jr., who was very sick last week, has improved.

Chester Anderson and family were Sunday guests at Chris Whitaker's.

A large crowd attended the Golden Wedding of Mr. and Mrs. W. W. Tanner, last Sunday.

Misses Ruby Walton, Violet Aull and Bessie Ayler were guests of Miss Mary Comer, last Saturday night.

The Hebron community came to thank all those who in any way helped to make the box social a success. Proceeds \$38.50.

Meeting of Boone Post No. 4

There will be a meeting of Boone Post No. 4, American Legion of Kentucky, held in the court house at Burlington, Ky., Oct. 7th, 1917, at 8.30, to hear a report of the delegate returned from the State Convention.

Authority for the RP ORDER

OUTLOOK GRAVE

England Faces Financial Collapse--National Debt 40 Billion Dollars.

Accepting public statements of the most prominent men in Great Britain, that empire is in danger of suffering more as a result of the war than any other first-class nation involved in the struggle.

Austin Chamberlain, chancellor of the exchequer, has declared in Parliament that financial collapse must result unless the most radical of economies are introduced.

Lloyd George has laid down the order to his colleagues to stretch or resign.

Harley Withers, the foremost financial expert of England, says the government's expenditures are four times the governmental revenue.

The Board of Trade, which corresponds to our Department of Commerce, declares there is grave danger of Japan and America, which have made great headway in India, winning that market away from Great Britain.

Barclays bank, the second largest financial institution in the world, with 1400 branches in England and Wales, says in an official circular: "The country has possibly never been faced with a situation of greater economic gravity since it became an industrial and financial center."

Many of the troubles that plague Great Britain now antedate the war, but have been aggravated by the war. One of the basic troubles, and probably the worst, is coal. Another is the land system. Still another is the everlasting conflict between capital and labor. A new one, made more serious by governmental blundering, is inertia due to the strain of war. This inertia appears in every branch of industry and is evidenced by a reduction in production that is appalling.

Today, by reason of the war, its national debt has risen to 40 billion dollars. That is more than 44 per cent of its estimated national wealth, and approximately \$74 for every man, woman and child in the British Isles. What this means may be appreciated by comparison with the U. S. Our national debt is 23 billion dollars, or 10.4 per cent of our estimated wealth, and less than \$210 per capita.

HEART TO HEART TALK

O. C. Peyton, D. D.

Some time ago I gave to my beloved people at the Big Bone Baptist church some rules for killing a church. They are rules that I am sure, if much observed, will prove effective. I gave these rules to them as a warning in order that all the thought and conscientiousness among the attendants upon the services of the house of God might keep just as far away as possible from these things. I give them to you my readers, and I trust you may see in the doing of these things a dangerous and deadly way. Bestir yourselves and be a true, efficient, dependable helper toward the highest usefulness of your church.

1. Don't kill a church.
2. If you do come, come late.
3. If it is too dry, hot or cold, don't come.
4. Don't imagine the front seats are for you. People might think you bold.
5. Come bound to find fault. It takes no brains to do that.
6. Don't ever think of praying for the pastor or your church.
7. Don't sing that is the choir's business.
8. Don't encourage the pastor, but tell his faults to others.
9. If the sermon helps you, don't tell the pastor. It might make him vain.
10. If you see strangers in the church, don't shake hands and bid them welcome. They will think you officious.
11. Don't invite anybody to church.
12. Don't believe in missions.
13. Let the pastor do all the work.
14. See that the pastor's salary is always behind. The worry about how he is to meet his bills will stir him up.
15. Criticize your pastor before your children.
16. Talk your church down. That process will kill anything under the sun.
17. Look about the house, finger the hymn book, whisper a bit, show that you are not interested and your example and influence will be most destructive of all that goes to make life and service true effectiveness in all the services of the house of God.
18. God made you a helper and not hinderer of all church life and service.

After Auto Thieves.

Waterloo for the auto thief! It required but a few minutes for the House to pass through the bill making it easier for the auto thieves from one state to another punishable by a fine of \$5,000 and five years imprisonment. No lighter penalty for the auto thief can be given by any court when the bill becomes a law. Quite a few members of the Congress have had their machines stolen and failed to recover them—no reason, perhaps, that the bill had such hearty support.

Think About It.

The march of progress still continues in our little city. The municipal sewer lines has just been completed. Concrete gutters and curbing are now being constructed. Houses are going up and repairs and additions being made on others. The painters are busy in all sections of the town, all of which spells progress with a big P. The stranger who visits our town is convinced that we have a lively city with being informed of the fact. There is not a house in the city for rent and not enough homes to accommodate the people who want to locate here. This is always the condition in a live, up-to-date town. The only thing we lack now is a little team work among our citizens. It takes co-operation to keep the pace the times have set for us—Falmouth Outlook.

Using the Scariyer

The Kenton county road department has been using the scariyer has been using the scariyer on that part of the Dixie Highway between Erlanger and the Boone county line, hoping to improve its condition. The effort will be appreciated by those who use the highway, as its condition was something fierce.

SETTLE MOB SPIRIT

Authorities Should Use Stern Measures in Dealing With Lawlessness.

Pittsburg Gazette-Times.

Apparently the country is in for a great deal of mob action. Instead of other communities having been horrified by the bloody race riots in Washington, Chicago and other places, a short time ago, the spirit of emulation seems to have been challenged. So we had Omaha on Sunday, and on Monday, Montpelier, N. J., got into line, the former with brutal lynchings and other mob violence and the latter with an effort at lynchings. We may expect similar outbreaks elsewhere, and the more there are the more barbarous they are apt to be. It is no time for the people of any community smugly to protest that they are above such actions. The spirit of lawlessness is abroad in the land. That is the part to be breaking down of certain of the moralities, the destruction of some of our boasted refinements, consequent upon the war, and the brutalities which are inseparable from war. In even larger degree it is due to the deliberate planting of the seeds of lawlessness in many minds by agitators who are hungry for power. Respect for law and trust in the constituted authorities have been pushed aside for a short time by a shockingly large number of people. That really is the foundation of the riots that have taken place and the genesis of those which are reasonably to be expected. It were foolish, then, to assume that any particular locality will escape the disgrace of them because its people heretofore have been well-behaved.

There is just one way in which our cities can be safeguarded against mob violence. That is by constant vigilance on the part of the authorities and of all law-respecting people to prevent those agitators who are bent on disorder which, once taken, may lead on to irretrievable disaster. Vigilance in prevention of disobedience of the law is the first essential. Next is rigorous punishment of defiance of the law. It may be impossible to compel respect, but it is comparatively simple to compel obedience. Let the strong arm of the law interpose its authority at the first breath of defiance. Put the trouble-makers where they can do no harm before they have aroused the passions of the crowd. There will be no mobs. It is the long-tolerated lax conception of what is contemplated in the guarantee of our liberty of free speech and peaceable assembly that is responsible for most of the violence which has disgraced America. Happily that is being swept away before threats that menace our peace and safety. All respectable and law-respecting citizens will support the police and the Courts in their every action to protect society from the ills of vicious license flaunted in the name of constitutional liberty.

Given House Warming.

Mr. and Mrs. E. M. Arnold were given a house warming on Tuesday night of last week. It was participated in by a large number of people and numerous useful articles were presented. The occasion was enjoyed by all present.

BOULEVARD THIEVES

Doing a Big Business in Hopeful Neighborhood Stealing Meat and Chickens.

Citizens of Hopeful neighborhood have been annoyed very much this fall by thieves who have carried off something of nearly everything in that neighborhood that was loose. It has been evident for some time that the thieves are not of the "Weary Willie" class but are persons who are able to go about in the style of an automobile as their conveyance. Numerous meat houses and chicken coops have been raided and property along that line to a considerable amount has been carried off. The thieves, until last Thursday night, had been very successful in not disturbing people whose premises they had invaded with a felonious intent, but that night they were somewhat hindered by the fact that some of the residents, thinking every person was attending the religious services being held at the Hopeful church, had been out on the street. That night was at Owen Ross' where they stripped the meat house, taking all of Mr. Ross' old hams and several sides of meat. From Mr. Ross they went to Frank Snyder's and hammered down the meat house door, Mr. Snyder who was at home hearing one of the men say: "We don't have to be so careful here, they are all at church." Before young Snyder could get a shot at them they had succeeded in removing several articles from the meat house to the automobile, but upon the crack of the gun they jumped into the machine and hurried away. It is not known whether either of the thieves received any of the contents of the gun. The shops in Hopeful neighborhood are considerably worked up and should the thieves be caught they may not be given a chance to face a jury in the court room.

EXAMINATION FOR CENSUS ENUMERATORS

Applications Must Be on File On or Before October 15.

All persons desirous of making applications for the positions of Census Enumerators for Boone County, in connection with the taking of the U. S. Government Census of 1920, should on or before October 15, file such application with the Supervisor of Census. The Supervisor will on receipt of such applications, furnish each applicant with a set of instructions relative to said examination, and also an admission card entitling said applicant to participate in a written test examination. The examination will be held at Walton, Kentucky, some day during the week of October 27, 1919. Said test examination will be of a practical nature, and the questions will be based on conditions that will actually confront the Enumerators in their work in the field. The exact date and hour of this examination will be made known by the Supervisor of Census, to each applicant, in ample time for them to present themselves for said examination.

All persons, male or female, who make proper application to the Supervisor of Census, and who are furnished with an admission card by said Supervisor, are entitled to participate in said examination, with the following exceptions:

A person less than 18 or more than 70 years of age is disqualified.

A person who is not a citizen of the United States is disqualified.

A person who has been convicted of a crime is disqualified.

The actual work of Census Enumerators will begin on Jan. 1, 1920, and in towns or cities having a population of 2500 or more this work must be completed in two weeks; in rural districts and small towns the work must be completed in 30 days.

Compensation of Census Enumerators will be as follows: "In subdivisions where the Director of the Census shall deem such remuneration sufficient, an allowance of not less than 2 nor more than 4 cents for each individual; not less than 20 nor more than 30 cents for each establishment of productive industry; not less than 20 nor more than 50 cents for each irrigation or drainage enterprise; and not less than 4 cents per barn and enclosure containing live stock not on farms."

All applications for this examination should be made to the Supervisor of Census, in order that they may reach this office not later than October 15th, 1919, and should be properly prepared with pen and ink.

W. C. ELLISON, Supervisor of Census, Room 2, Federal Building, Covington, Ky.

October has furnished some first-class summer weather, some

Hold To Your Liberty Bonds.

Despite the efforts of Treasury officials to discourage the sale of Liberty Bonds, hundreds of Washington men and women, the same as those in other cities and towns, are daily disposing of these securities. In many cases, recent accumulated savings of the past two years. Brokers and private concerns, which make it a business to trade in Liberty Bonds, are doing a brisk business. The vast majority of sales are in the smaller bonds of \$50 and \$100 denominations. Most of the dealers pay 75 cents less than the quotations on the New York Stock Exchange, then wait until they accumulate \$1,000 lots and sell them in New York. Treasury officials are endeavoring to formulate some new plan that will act as an inducement for owners to hold on to their bonds.

Lodged In Jail.

Leo Gains, one of the parties who is charged with a robbery of Crutcher's store at Hebron one night several weeks ago, was traced to Indianapolis, where he was arrested by Detective Sheriff Hume, equipped with a requisition for him visited that city on Monday of last week and brought back here last week to Kentucky, and lodged him in the jail at Burlington to await the action of the grand jury in December.

ANOTHER ENJOYABLE DAY

Spent With Mr. and Mrs. Weaver--About 140 Guests Present.

Last Sunday, amid the showers of rain, quite a number of relatives and friends assembled with well filled baskets at the home of Mr. and Mrs. Weaver, and all had a most delightful time. The morning was spent in meeting and welcoming the guests.

At 12:30 o'clock everybody was in the hall and there was a table 18 feet long piled high with all the goodies of the season. After every one had partaken of all the goodies they could hold, the afternoon was spent in pleasant chatting and elegant music. At three o'clock a most delicious feast of watermelon and apples was served.

Those present were: W. C. Weaver and wife, L. C. Weaver, wife and son Albert J. M. Barlow and wife, W. P. Beemon and wife, W. H. Barlow and wife, M. P. Barlow and wife, Harry Barlow and family.

L. W. Guley and wife, L. B. Pettit and family, W. F. Underhill and family, W. E. Grant and wife, Glen A. Tanner and wife, L. A. Tanner and wife, O. E. Ayler and wife, John Batchelor and wife, Frank Beck and wife, B. B. Hume and wife, A. A. Conner and wife, A. G. Beemon and wife, W. L. Kirkpatrick and wife, W. L. Ayler and wife, J. A. W. Kelly and wife, H. L. Beemon and wife, Wm. Snyder and wife, John Ryland and wife, Sam Pettit and family, Leslie McMullen and family, J. W. Utz and wife, Frank Beck and family, A. G. McMullen and wife, W. H. Rouse and wife, R. W. Batchelor and family, M. G. Martin and wife, Geo. Bradford and wife, R. J. Guley and wife, H. J. Kelly and family, W. H. Whitcomb and wife, John Underhill, S. A. House, Kirk Tanner, Chris Aylor, James Pettit, Chas. Westbay, A. C. Porter, J. M. Kirkpatrick, Harold Beemon, Raymond Beemon, Rex Berkshire, Stanley Mullins, Ira Beemon, Albert Kirkpatrick, William Nixon, Shelby Pettit, Mrs. L. E. Kirkpatrick, Mrs. C. C. Roberts, Mrs. Lizzie Utz, Mrs. C. E. McMullen, Mrs. Mary C. Ciegler, Mrs. Harriet Utz, Mrs. Agnesa Clore, Mrs. Missouri Tanner, Mrs. M. A. Beemon, Mrs. Milton Beemon, Addie E. Beemon, Cora E. Maddox, Mary Frances McMullen, Doris McCall and wife, Allie Wilday Beemon, Hazel Beemon, Jessie Pettit, Myra E. Beemon, Betty Acker, Cora Acker, Adelaide Feltmann, Rosa Crick and wife, Laura Beemon, Virginia Lusk, Georgia Kirkpatrick, Charlotte Bradford, Susan Beemon, Katie Kirkpatrick, Eunice Adams.

Holt Whites has sold his farm on the road between Waterloo and Wm. Presser. It is a good farm and has always proved to be a money maker for its owner.

JOSEPH W. PUGH

Kenton County Tax Commissioner Dies Suddenly of Apoplexy.

Joseph W. Pugh, Kenton county Tax Commissioner, died of apoplexy at St. Louis Hospital, Cincinnati, 5 p. m. on Wednesday of last week. He had attended the game of ball at Redland field that afternoon, and it is thought the excitement caused by the victory of the Cincinnati Reds over the Chicago White Sox, caused his death, as he had been warned by his doctor that his condition was such that he should avoid excitement.

He had started from the ball park alone in his car and had reached Fourth and Home streets where he was found in an unconscious condition, and was not able to speak again thereafter. He was hastened to the hospital upon the discovery of his condition and was there identified by papers found in his pockets, and his family was notified at once. He had been the guest of Thos. Gody, of Covington, at the ball game, and is said to have won \$100 on the result of the game that afternoon.

Joe Pugh was known by every man, woman and child in Kenton county—in fact he had a large acquaintance throughout the State, having been prominent among the Democratic leaders in the Sixth Kentucky Congressional District for many years. He had served Covington as Chief of Police, had been the office of County Assessor and was County Tax Commissioner at the time of his death.

He was a big hearted man, true to his friends, kind to the poor and always a liberal contributor to any worthy cause and he will be greatly missed in his community. He was a friend of the law and a friend of the people, and he was a self-made man.

SPILLMAN WINS CONTEST IN 59TH

First Count Gives Successful Candidate for Democratic Nomination for Representative One Vote Ahead

Frankfort, Sept. 30.—The contest for the Democratic nomination for representative in the Fifty-ninth district, comprising Trimble and Oldham counties, was decided today by the Court of Appeals in favor of M. A. Spillman. The contest was between Henry Clay Black, These men were candidates for the nomination in the August primary, and on the official count Spillman nosed out Black by one vote. Spillman getting 680 and Black 679.

Notice of the contest was given, and on the official count Spillman lost four votes and Black gained one. The result was made in the circuit court, however, Black lost fifteen votes, in every instance because the men had voted openly in the table in the presence of the election officers without having taken the illiterate oath and complying with other requirements of the statute. Spillman lost two votes, so that on the wind up Spillman's vote was 681 and Black's 672. The court holds that the provision of the statute requiring secrecy in voting unless the oath is taken by the voter that he is illiterate, blind or for some reason cannot vote in secret.

Time Changes Oct. 26.

The economical among the population will regret the approach of the 26th of October, for that day we lose a perfectly good hour as far as time goes. On that day we are to turn our water-burners or Big Ben back an hour or put the brakes for a minute in the span of sixty minutes. At that time the real or old time goes back into effect and while we will get up at the same time each morning, we will find that we are seven while heretofore it has been our custom to get up at eight. On this day we go back to the time when the clock was before the war began, get ready to run back the old clock on October 30th.

Waters-Arnold.

Ernest M. Arnold and Miss Lena C. Waters were married on Monday evening, Sept. 22nd, at the home of the bride at Nashville, Tenn. Miss Waters is the attractive daughter of Dr. J. E. Waters of Nashville. Ernest M. Arnold is the youngest son of the late A. J. Arnold and Mrs. Mary Arnold. He is well known here and has recently returned from one year's service in France with the 231 Engineers. Mr. Arnold is at present stationed at Burlington where he is State Superintendent of Highways for Boone county. He and his new wife will return there to reside. They were the guests of Mr. and Mrs. J. N. Rubenauer last Saturday and Sunday, Pendleton Democrat.

A Kind Act.

On going to his corn field Friday morning W. C. Delph, of Lima neighborhood, was surprised to find there several of his neighbors hard at work cutting and putting his corn in the shock. Mr. Delph had gotten behind with his work on account of the illness of his wife the past two weeks with shingles. It will be remembered that Mrs. Delph has been a great sufferer of rheumatism for the last 7 years. Those who volunteered to assist Mr. Delph were Kirby Tanner, Aaa McMullen, John Batchelor, Vernon Pope, Chester Ayler, Jerry Tanner and Owen Ayler. Mr. Delph thanks each of the above named gentlemen using the following scriptural quotation: "No man liveth to himself neither do he dieth to himself."

SECRET PROPAGANDA

Being Circulated by Those Who Work In The Dark Because Their Deeds Are Evil.

At a meeting held at Walton I was drafted along with others to give publicity to a question that is of the utmost importance to every man, woman and child in old Boone county and the State of Kentucky.

It is not my purpose to present any arguments against the evils of the saloons. You have already been convicted of that fact and have recorded such convictions at the polls. But my appeal to you is not to rest in the victory already won and feel that there is nothing more to be done. The ENEMY never SLEEPS or SLUMBERS and don't let him catch us NAPPING.

There is a secret propaganda being circulated. "The saloon always works in the dark because its deeds are evil," and they say if the prohibitionists win the election is successful that they will want to prohibit this, that and the other. Things that have never entered into the question. The question and the only question that is before the people today is SALOONS or no saloons. These other questions should never be another question to come out in the light and be discussed so that the people may cast their votes intelligently. We do not expect the wise and intelligent to be deceived by this secret propaganda, but they are working it among the poor and ignorant and among the people who do not do their own thinking but allow the saloonmen to do their thinking for them, and to offset this evil propaganda it is necessary for every citizen of the rural districts to go to the polls November 4th and record his vote against the saloon. Let nothing keep you from casting your vote "Yes," on the Prohibition amendment.

At the meeting at Walton it was suggested that every pastor of every name and order call the attention of his congregation to this important question at least for two Sundays before the election and appoint some one from their respective congregations to bring out the voters and we insist that every pastor earnestly and prayerfully lead this request and present this question for two Sundays preceding the election, and we appeal to the grange and lodge men of our county. I thank God for every institution that is for the betterment and uplift of humanity, and we appeal to you as you have shown such activity in the past for temperance and sobriety that you will at your meetings appoint some of your members to see to it that every dry vote is cast. Let nothing keep you from casting your vote "Yes" on the prohibition question. Need I say more and make this article too long? No. A hint to the wise is sufficient. But I want to say this: We gave the very best of our young manhood upon the fields of battle in France or driving back the Hun and making the world safe for Democracy, and we have a worse enemy in the saloon than the Hun. The boy who died in France crowned his mother's head with glory and is honored by all Freedom loving people, but the mother whose boy died upon the battlefield of the drunkard is disgraced and dishonored, goes with a broken heart to an unquiet grave. As we have driven back the Hun and driven the Hun from our fair land by such an overwhelming majority that the Hun will not dare to lift its ugly head and by so doing make it easy for the officers of law to enforce it. Yours for sobriety and peace, C. C. SLEET.

Killed by Horse.

Clarence Easton was killed by one of his horses last Monday morning and bruised considerably, but fortunately no bones were broken. It is said that he was not hurt badly by the fall, but that he was so shaken that he was unable to exert the extent of his injuries.

500 Reported Dead.

The final investigation of the damage done by the auto crash Sept. 15 shows additional \$100,000 worth of property wrecked and 500 lives lost.

RHEA SCORE

G. O. Kentuckians want a hand picked, hand controlled Governor?

Democrat
man
St.

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

The World Has Just Witnessed the Overthrow of "One-Man" Rule

A Vote For Governor Black Will Make Kentucky Safe For Popular Government

Vote the Democratic Ticket and Vote It Straight

WALTON.

Mrs. Lizzie Carpenter is spending the week at Ludlow with relatives.

Chas. Baker and J. A. Harris of Ryle, Gallatin county, spent last Saturday here on business.

J. W. Glover of Dry Ridge, and W. T. Beagle of Williamstown, were visitors here Monday on business.

The Baptist church and Sunday school members enjoyed a delightful picnic in the Hopkins woods last Saturday.

Joe C. Hughes and Jno. L. Vest spent Tuesday at Lexington, attending a meeting of the Burley Tobacco Company.

B. P. Wright of Covington, spent part of last week here with friends, going to Georgetown on a visit.

Mr. and Mrs. Harry R. Dixon have returned from a very pleasant visit of several weeks to relatives in Virginia.

R. W. McClure of Leitchfield, spent last week here, guest of his daughter Mrs. Clifton Mayhugh and husband.

Lee G. Connolly of Owen county, manager of the farm of D. B. Wallace in that county, spent Thursday here with friends.

Mr. and Mrs. A. B. Tompkins and son John, of Georgetown, spent Saturday and Sunday here at their old home the guests of friends.

Dr. and Mrs. B. F. Metcalfe and children of Greenville, O., were visitors here this week, guests of her parents, Mr. and Mrs. Geo. W. Ransler.

The concrete street thru Walton has been completed by the Contractor Claude E. Harris, and the finishing of the sidewalks will be completed at once.

Walter Ashcraft of Butler, and Bernard Sullivan of Portland, Pendleton county, spent part of last week here the guests of Dr. T. T. Barton and wife.

Rev. and Mrs. W. M. Wilson of Rossmore, O., were visitors here last Saturday and sold their house and lot on High Street.

Lizzie Beach for \$950, possession given at once.

Dr. E. F. Knox of Versailles, Woodford county, spent the past week here looking over some of the farms with the expectation of making a purchase and moving to Boone county.

Rev. Ous Hamilton and wife of Leitchfield, Grayson county, are here on a visit to old friends.

Rev. Hamilton conducting a protracted meeting at the Beaver Link Baptist church.

Rev. and Mrs. R. L. Shirley and children of Perry, where they will visit some at their old

home, and Rev. Shirley will conduct protracted meeting at the Baptist church.

Frank A. Cason of Covington, E. F. Napier and son Robert of near Erlanger, were here Monday.

Mr. Cason selling his place of four acres near Walton, to E. F. Napier for \$625, possession to be given next March.

James Cross sold the house and lot he recently bought from Jos. Hopperton at \$1,000, to Walter Kimmon of Dry Ridge for \$1,300 and Mr. Kimmon has rented the property until he can move here next spring.

Jno. L. Vest and Mrs. J. G. Tomlin attended county court at Burlington Monday, when the will of the late J. G. Tomlin was probated. He gives his property to his wife Mrs. Helen Tomlin who qualified as the executrix of the will.

Mrs. Wm. Shaw of Santa Rosa, California, was the guest of her sister Mrs. Lee H. Sleet the past week, returning with her sister Mrs. Sleet from Hume, and Wynnette, Illinois, where they had been visiting friends and relatives.

The annual sale of Big Type Poland China hogs held by Thomas Powers and John H. Thornton at the Farmers Loose Leaf Tobacco Warehouse last Thursday was largely attended and was a great success. Fifty-seven head of very fine hogs were sold at an average of \$106.72, the highest price paid being \$500.

Died—W. A. Osborn, aged 79 years, died at the home of his brother Ed. C. Osborn near Verona, Saturday night, from ailments incident to old age. He was unmarried. The funeral took place Monday afternoon at the Walton Baptist church, the services being conducted by Rev. B. H. Payne, after which the remains were laid to rest in the Baptist cemetery.

Walton Masonic Lodge had a fine meeting last Friday night when the Master's degree was conferred on B. W. O. Rouse and John W. Sleet. There were a number of visitors from Ohio present and Burlington lodge was represented by Bro. Charles Maurer and J. J. Kirkpatrick. A nice lunch was served, and it was past the midnight hour when the brethren departed for their respective homes.

M. L. Kirkpatrick, Jos. B. Helzer and John A. Downard of Cincinnati, spent Friday here, viewing samples of tobacco at the Walton Loose Leaf Warehouse preparatory to the sale to be made the latter part of this month. The prices are not to be made public and an effort will be made to sell the tobacco at better prices than placed on the samples, as they were put at a figure that would insure the sale, rather than to make them too high and perhaps not meet with a sale. The prices were satisfactory to the

holders of the tobacco and as soon as the written consent of the owners of the tobacco is obtained, purchasers for the manufacturers will be invited to make the purchase.

CONSTANCE

School is expected to open Monday.

Miss Leona Hood is taking several different courses in nursing with the Red Cross in Cincinnati.

Mr. and Mrs. John Klesner entertained their cousin, Mrs. Bailes, of Price Hill, last week.

Mr. and Mrs. George Kottmyer entertained her uncle and aunt, Mr. and Mrs. Mason Riggs, of Ludlow; Mrs. Russell and daughter, Lucy, of Fresno, Cal.; Mr. and Mrs. Keene Southern and son, Francis Keene, Mr. and Mrs. W. Riggs and Miss Carrie DeWitt, of Pt. Pleasant, last Sunday.

There was a family reunion at the home of Thomas Kenyon of the Minneka pike, Sunday, in honor of Mr. Kenyon's birthday anniversary. Those present were B. M. Kenyon, wife and daughter, Hyde Park; Mr. and Mrs. Clore and children, Mr. and Mrs. W. A. Kenyon and Mrs. Tupman all of this place.

The Fiscal Court was in session Tuesday, Esq. N. C. Tanner presiding in the absence of County Judge Riddell.

The jail was ordered painted inside and out and the county infirmary was ordered repainted on the outside. A shed was ordered built on the county's lot back of the jail in which to store the county's road equipment.

The parties who have the contract for reconstructing the Union and Florence pike were ordered to begin work within the next 15 days or suit will be brought on their bond.

A very small crowd attended court last Monday, and the gentleman who was advertised to make a political speech that afternoon failed to put in his appearance.

The local base ball fans have been taking great interest in the world series that have been in progress since the first day of the month.

Sunday was a big day with Big Bone Baptist church, a day long to be remembered by those who were there.

Mr. and Mrs. Ernest Arnold entertained several of their relatives last Saturday and Sunday.

Judge Baines is holding court in Williamstown.

ADMISSION 15 CENTS

Stock water began to get scarce again last week.

President Wilson, who has been a very sick man, is improving.

It is said by hunters that there are lots of squirrels this season.

No hickory nuts now, so to spend the evenings with this winter.

A large per cent of the corn that will be cut this fall is in the sheaf.

Allen and Moore have a big sale of livestock advertised in this issue for the 23rd inst.

L. T. Utz, of Gunpowder neighborhood, has accepted a clerical position in the Peoples Bank.

The Minneola hill, leading to Constance is in very bad repair and the bridges are in very bad condition.

Those that are in a position to know claim the rabbit crop will be a good one for the coming winter.

Judge Gaines and W. D. Cropper are having a cement sidewalk put in front of their property on Garrard street.

To secure good fall pastures a rain that will wet the ground thoroughly will have to come in the next few days.

A \$350,000 hotel is to be erected at Frankfort. The citizens subscribed \$250,000 and a bond issue is to be made for \$100,000.

Twenty-five Dearborn county, Indiana, farmers have tried the hot water treatment for loose smut in their wheat.

The Outlook says Falmouth is assured of a fair next September, a new company having been organized for that purpose.

A. B. Renaker has some GOOD FARMS advertised for sale this week. See his ad in another column.

James Beall, of Hebron neighborhood, was transacting business in Burlington last Saturday. It is very seldom Mr. Beall visits the county seat.

Several young men in Grant-co., have been fined for entering their automobiles with cutout open while on the streets of incorporated towns.

Hear that an offer of 35 cents a pound has been made for some of the 1919 crop of tobacco grown in this county. The offer was turned down.

As soon as the nights get cool salmon fishing in the river will be good. Just below the dam at Home City is said to be a great place to catch salmon.

All members of the Gunpowder Baptist church are requested to be present next Sunday, as the new pastor will be installed and roll of members will be called.

W. M. Balsly expects to have a big hog sale of Poland Chinas at Bullittsville in the near future. Watch for bills and adv. in this paper for the date.

Detroit Free Press.—Low neck dresses ward off pneumonia, says a medical expert. We were at a well cafe once when the girls seemed to be trying to ward off lungbug by the same method.

There is a chance for Owen-co. to get a government aid road. The road is proposed to run through the counties of Oldham, Henry, Owen and Grant, connecting the cities of LaGrange and Williamstown.

Last Thursday Robert Huey received from Carico Bros., Marion county, a large and handsome Duroc Jersey male hog. The animal is under 18 months old, and if fat would weigh at least 1,000 pounds.

The Burlington Hi School Basketball team composed of boys went to Florence last Friday afternoon where they won both games, the first team taking its game 36 to 4, while the second team won 18 to 4.

Among those who called at this office and renewed their subscriptions, last Tuesday, were Mrs. W. H. Scott and daughter, of near Devon; Thos. F. Grant, of Bullittsville; Clinton Riddell, of Hebron; and Williams Bridges, of Locust Grove neighbors.

Mr. and Mrs. Cam Kennedy entertained at their hospitable home recently, in honor of Otto Bingham and bride of Louisville, and besides the guests of honor there were present A. W. Bingham and wife and D. A. Frank of Grant county; Miss Nanette Bingham of Cincinnati; L. D. Renaker and wife of the Dixie; Mrs. A. B. Nispe and daughter Marie; Dr. and Mrs. J. C. Conley and two children and Mrs. Alfred Kemper.

SEE VALUE OF MOTOR TRUCK

French Business Men Realize That Their System of Freight Transportation Is Obsolete.

That the war brought to France an object lesson in the utility of the motortruck as a means of freight transportation appears in plans now under way to develop a long haul system. It is hoped thereby to quicken the movement of goods and lessen the expense of various business interests with the slowness of railway and waterway traffic. The practicability of the motortruck as a freight carrier was a revelation to Frenchmen of business who had depended in normal times on what would be held an abnormally slow service. From Havre to Paris by boat means often a journey of at least three months, and the same route requires special arrangement with the government, takes about four weeks. Commenting on railroad transportation between Paris and the seaports, a Paris business man is reported as saying that from Havre one must expect a delay of one or two months from Bordeaux a delay of two or three months, and that "when goods for Paris reach Marseilles they stay there." The humorous exaggeration illustrates the condition which is turning Frenchmen to the hopeful project of long hauls by motortruck, a situation which will probably develop because the nation is already provided with excellent roads.

Press Gossip.

If you let Mr. Borah tell it—and he'll tell it whether you let him or not—the League of Nations are responsible for the Omaha riots. Worse than that, old blunderbus, it is responsible for the sugar shortage.—Chicago Tribune

Prohibition people are afraid the constitutional amendment will be made ineffective. If it is made as ineffective as some other provisions of the constitution it will be very ineffective indeed.—Philadelphia Press.

Somebody is always trying to take the joy out of life. One prominent Mexican urges the people of his country to quit fighting each other.—Louisville Post.

The general public is perhaps a bit more familiar with the leagues of a nation that are fighting it out in Cincinnati.—Detroit News.

There is never any difficulty about locating Hiram Johnson. He is at the point from which issues the loudest noise.—Charleston News and Courier.

Now that Baker has laid out the corkerew, there are a lot of people hoping the Senate will see it.—Philadelphia Bulletin.

Housewives Cautioned.

Housewives over the country have been warned by the Bureau of Chemistry Department of Agriculture against the use of so-called egg substitutes. The bureau points out that the substitutes are a rule good food, but they differ from preparations of real eggs in dried or powdered form. The substitutes, it stated, cannot be used in many preparations that require fresh eggs or dried or powdered eggs.

Will Be a Good Game

Followers of basket ball in this community should not fail to attend the game between the alumni of the local school and the strong five which now constitutes the team of that institution when will take place on the Burlington court Saturday afternoon, October 11th. The strength of the present team is well known but it should be noted that the alumni team will be drawn from a list of players who have by their efforts in past years caused victory to crown each basket ball season engaged in. Such names as Gales Kelly, Walter Brown, Robert Utz, Harold Connor, Ralph White and the Acra brothers, Edgar and Howard, offer vast opportunities for the choosing of a team which should be practically invulnerable, but in this game they will be pitted against an aggregation skilled in the play of the game at an angles and full of fighting spirit so all in all it will be well worth anyone's time to attend this contest.

There will be a Pie Supper and "Do As You Like Party" at Locust Grove School house Saturday night, October 11, 1919. Proceeds for the benefit of the State Orphan Home. Everybody invited, Georgia Aylor, Teacher.

A strange auto in which three men were riding was seen in Burlington last Friday afternoon at a late hour last Monday night and its actions excited suspicion on the part of those who saw it. Some believe the parties in the machine are those who have been doing so much stealing in Hopeful neighborhood.

CARD OF THANKS.

We wish to express our thanks to our friends for their kindness to us in our trouble during the illness of Mrs. Ira H. Theetge; also the ladies for the beautiful flowers; also Mrs. Carter and Mrs. Kelly for their comforting words, the choir and pull-bearers and the undertaker for their efficient work.

WIFE AND CHILDREN.

Lieutenant R. W. Gaines and wife have been guests of his father, W. A. Gaines and his brother, R. C. Gaines, the past week. Lieutenant Gaines is attached to the Navy.

Williams—Carpenter.

The shower given by Miss Cecelia Castleman in honor of J. T. Williams and bride, nee Elizabeth Carpenter, at the residence of Mrs. Percy Carpenter on Lexington, pike September 27th, was a most enjoyable occasion. A large number of the many friends of the popular couple responded with many beautiful and useful presents, bearing congratulations and many happy wishes. Delightful entertainment was rendered by Miss Anna Aylor and Mrs. Flangel, with piano interspersed with victrola after refreshments were served. The guests departed at a late hour with many pleasant expressions and well wishes.

The following are some of the presents received:

Miss Cecelia Castleman and Eva Renaker, silver tea service and sugar spoon.

Dr. and Mrs. T. B. Castleman, silver broad tray and silver cream ladle.

Stanley Lucas, silver cake plate. Miss Lottie Williams, silver tea spoons.

Miss Madge Williams, butter knife. Mr. and Mrs. John Williams, berry spoon.

Mr. and Mrs. A. P. Dickerson, ivory carving set.

Courtney Williams, jelly spoons. Mrs. M. B. Judge and daughter, silver gravy ladle.

Mr. and Mrs. Hal Highhouse, cold meat fork.

Mrs. John Surface, silver sugar spoon.

Mrs. Frank McGlasson and Kathryn White, carving set.

Mrs. Charles Bradford and sister, mahogany clock.

Mrs. Anna and Miss Kate Bradford, mahogany clock.

Mrs. Mesdames Irvin Walker and John J. Maberry, cut-glass vase.

Girl friends, cut-glass fruit basket. Mr. and Mrs. Russell Bradford, cut-glass jelly stand.

Miss Sadie Lea Snyder, cut-glass vase.

Miss Ruby Corbin and G. R. Bradford, Crystal night service.

Elizabeth Dell Goodridge, crochet center piece.

Mrs. E. B. Carpenter, glass berry set.

Mr. and Mrs. Chas. Fulton, tea glasses.

Miss Josie Freeman, fancy glasses.

Miss Lena Boyer, berry bowl.

Mrs. Ed. Osborn, glasses.

W. B. Boyer, tea pot.

Miss Anna Aylor, aluminum kettle.

Mr. and Mrs. Chas. M. Carpenter, porcelain.

Misses Gertrude and Lauretta McMan, Cut-glass.

W. W. Myers, Jr., china tray.

L. T. Utz, china cake plate.

Mr. and Mrs. Harvey Utz, cake plate.

Clarence and Edwin Carpenter, leather rocker.

J. P. Crouch, handpainted dish.

Geo. Miller and family, fancy dish.

J. G. Renaker, glasses and bath towel.

Mrs. W. H. Goodridge, jardiniere.

Mrs. Virginia Landers, cut-glass syrup pitcher.

Mrs. L. C. Yeager, cut-glass salt and pepper shaker.

Mrs. Mike Cahill and daughter, pickle dishes.

Russell Mitchell, cream and sugar service.

Chas. Corbin, jardiniere.

Mr. and Mrs. G. W. Ellison, embroidered bed set.

Mr. and Mrs. Frank Milner, bath set.

Dr. and Mrs. Sayre, towels.

Mrs. C. C. Carpenter, towels.

J. B. Thornton, towels.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person. For over 200 years GOLD MEDAL HAARLEN OIL has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL HAARLEN OIL is enclosed in odorless, tasteless capsules containing about 2 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. Now life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL HAARLEN OIL Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL HAARLEN OIL Capsules. Money refunded if they do not help you. Three aises but remember to ask for the official imported GOLD MEDAL brand. In sealed packages.

POULTRY

KEEP RATS AWAY FROM HENS

Rodents Destroy Feed, Eggs and Fowls and Are Inevitable Enemies to All Poultry.

(Prepared by the United States Department of Agriculture.)

Every poultryman should be on guard continually against rats. They destroy feed, eggs and fowls, and are inevitable enemies to all kinds of poultry, from chicks, squabs, ducklings and young turkeys just out of the shell to tough old birds awaiting the hatchet at the close of a long and noisy career. Each house of their depredations are confined to rats and young birds, when driven by hunger rats kill full-grown fowls at roost, biting them through the head or neck.

Complaints about rats have come to the United States biological survey, department of agriculture, from many

A Dead Rat Can't Get Chickens--Use a Trap.

quarters. For example, a farmer in Virginia reported 25 turkeys killed by these pests in a night. Another, in Kansas, lost between 200 and 300 chickens and many eggs by rats during the course of one summer. His neighbors had similar experiences. From New Jersey has come a report of rats killing young chicks. An Ohioan has complained that the animals burrow beneath his coops and take chicks from under the hen. In certain neighborhoods of Massachusetts half a season's hatch of chickens and ducklings have been killed by rats.

Rats multiply rapidly when left undisturbed, where there is plenty to eat. One pair may increase to more than 1,000 in a single year. Whoever allows his property to become overrun by them invites vexation and loss.

MIXTURE FOR LITTLE CHICKS

Give Equal Parts of Hard-Boiled Eggs and Rolled Oats or Stale Bread Soaked in Milk.

(Prepared by the United States Department of Agriculture.)

For the first three days chicks may be fed a mixture of equal parts of hard-boiled eggs and rolled oats or stale bread, or stale bread soaked in milk. When bread and milk are used care should be taken to squeeze all the milk out of the bread. From the third or fourth day commercial chick feed may be fed until the chicks are old enough to eat wheat screenings or cracked corn.

PLAN FOR MARKETING EGGS

Brown and White Shells Should Be Placed in Separate Packages--Keep All Culls.

(Prepared by the United States Department of Agriculture.)

Market white-shelled and brown-shelled eggs in separate packages. Eggs irregular in shape, those which are unusually large or thin-shelled, or which have shells otherwise defective should be kept by the producer for home use, so that breakage in transit may be reduced as much as possible.

All males except those needed for breeding purposes, should be got rid of as soon as possible.

One of the best inside linings for poultry houses is tar paper, tacked on smoothly. Mites do not bother it.

It is said that farmers lose millions of dollars annually on account of poor methods of producing and handling eggs.

Be a crank about cleanliness, mites, lice and disease in your poultry yard and see if it doesn't pay a big dividend.

Diseases of poultry are frequently transmitted through the drinking water; the drinking fountain should be cleaned daily.

Chicks on good range get practically all they need in the way of mineral salts through the fresh vegetables, but ranges are often overrated.

Help save eggs by keeping the nests clean and free from lice. Gather eggs twice daily, keep them in a cool, dry room or cellar, and market twice a week.

Little chickens are often bothered with the large gray-head lice. These may be destroyed by greasing the head and throat with lard or sweet oil and using a house powder elsewhere.

Look! Here is the globe spread out flat before your eyes. See those stars? Every star shows where a U. S. Navy ship was on September 2nd, 1919. The Navy travels the Seven Seas.

Local Happenings.

Tobacco is doing nicely in the house.

The Latonia races were well attended last week and there was some rare sport for the race fans.

There will be a box social to be followed by a dance at Taylorsport school house next Saturday night. Everybody is invited.

The late crop of potatoes is relied on in this part of the county to make a good yield since the copious showers of last Sunday afternoon.

In the death of Richard Madden which occurred in his home in Verona last Saturday this county sustains the loss of one of its oldest and very best citizens.

What has become of the old fashioned man, who, at this time of the year, carried a supply of quinine in his pocket with which to ward off the fever and ague?

Central District Institute will be held in First Baptist church, Covington, Thursday, October 16th at 10 o'clock. Mrs. L. L. Bristow, Vice-President, of Lexington, presiding.

A large crowd attended Charles Garnett's sale last Saturday afternoon, and good prices prevailed. The farm was offered but Mr. Garnett would not accept the amount bid.

Dr. T. H. Baker and wife, of Louisville, who were visiting relatives in this county were called home before their visit was out on account of the death of Mrs. Baker's mother.

This county was visited by fine rains last Sunday afternoon which were very timely as mother earth had begun to grow thirsty again and water for all purposes was becoming scarce at many places.

William Hedges has sold his fine suckling male for \$15 to Nicholas Obelding, of Lawrenceburg. This young animal was shown six times this fall and took first premium every time. It is claimed to be the finest male ever seen in this part of Kentucky.

A considerable amount of new metal is being put on the Burlington and Petersburg pike, and at present there are several long stretches over which travel is laborious, but when the repairs now in progress are completed, the road will be in fine condition.

A. B. Whitlock, a Justice of the Peace in this county forty years ago, attended county court here last Monday. He is a citizen of Ohio but has not forgotten his old Kentucky friends and is always glad to hear of the best preserved men the country affords.

Mr. and Mrs. W. C. Delph thank each one who had a hand in sending them the large box of cake and good things to eat from the big dinner at Mr. W. C. Weaver's last Sunday; also do they thank Mrs. Quigley for the kindness she has shown them the past two weeks.

J. C. Hume, of Rising Sun, has bought a handsome residence in Yaxwood, a Cincinnati suburb, and will occupy it in the near future. Mr. and Mrs. Hume are natives of the Verona neighborhood where they resided until they bought property in Rising Sun, to which they moved some time since. They are excellent people and their Boone county friends hoped that when they moved from Rising Sun they would come back to Kentucky.

The first endowment given to the college included a negro slave. At the meetings of the Board of Trustees every year sealed bids were received from the farmers in the vicinity for his service. He was of course always hired out to the highest bidder. In the fifties when the anti-slavery agitation became very strong the argument was put forth that a christian college was not doing the right thing by holding a slave. So the slave was sent to Samuel Slaughter, a lawyer, who later became the governor of Kentucky. He disposed of the negro, and the amount of his sale was turned over to the college. It is still a part of the endowment. — The Georgetownian.

Fair Big Success.

The Farmers' Fair at Aurora last Saturday was a big success, the little city being crowded with people from the country, a very large per cent of whom had articles on exhibition. In the matter of order it was a 100 per cent crowd, and everybody was out for a day of enjoyment. A large number of Kentucky people were in the crowd, some of them being exhibitors and not a few blue ribbons were brought to this side of the river. Every branch of business, especially the merchants, did a very large business. It was really a big and profitable day for Aurora, and her citizens used every effort to make the fair a success. From the country glad that they were with them.

Verona Won.

The Petersburg and Verona baseball teams played another 1 to 0 game at Verona last Saturday afternoon, Verona being the victor. The game was witnessed by a very large crowd of enthusiastic rooters. It has been proven very conclusively by their work that these two teams are well matched and that is what it takes to make an interesting contest.

More than 13,000 men are building your Maxwell

IMAGINE 13,000 men devoting themselves to a single Maxwell. Yet that is the picture which a little journey through the eight great Maxwell plants supplies.

If they built but that one car in a day its cost to you would represent a king's ransom.

But they are so well organized, their work so very definite, they are so expert in the special one thing they do, and they are aided by so many thousands of uncanny and superhuman machines, whose accuracy is down to 1 1000 of an inch, that you pay but a small price for a Maxwell.

A great aid to the economy of manufacture is the use of many, many millions of dollars so that a 10-cent piece saved on a bit of material often runs into amazing figures.

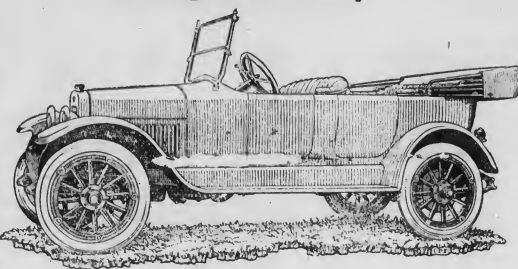

Thus the big staff of purchasing experts for Maxwell become your purchasing experts and the saving goes on to you in the price.

\$985 is indeed a small sum to pay for a great value in a great car like Maxwell.

WILL NEED GOOD HORSES

America should now reap large permanent rewards in the horse business, now that the great war is over, if she produces superior animals, according to a professor of animal breeding in a western college. Horse breeders in general, he pointed out, have looked to the war as a means of establishing the horse-breeding industry of the United States on a par with that of Europe. They have observed that the price of horses has risen significantly during the period of each great war in the last two decades and has never dropped back to its former level following the conclusion of peace.

Moreover, they figure, the principal theatre of the war on the western front was in the heart of Europe's draft breeding district and the blow has been so tremendous that not only will it be years before Europe can produce her own draft breeding stock but she will be forced to call upon America to supply a part of the stock. The interval while the European breeding industry is at a standstill will permit the American breeder to catch up with European competitors.

It is because American efforts in draft breeding have not been concentrated that she will have difficulty in meeting the situations which will develop with the conclusion of peace. The bulk of American horsemen in the past have been traders and not breeders. Their vision has not been that of men who would make American horse breeding independent of the rest of the world, but rather of vendors who seek to make the most of the market for the war. The best proof of this lies in the fact that with only one or two exceptions there is not an American bred draft stallion that is renowned the country over as a sire.

If the horses which America exports to Europe are inferior to the remnants of the breeds formerly there European horsemen will use their own animals for breeding and the American horses for work stock. Then it will only be a few years until we are again dependent upon France and Belgium for the best of our draft stock.

No One Appreciates

the real comfort of good warm clothing as much as the man or boy who does not own them.

Taking into consideration the healthy conditions of the past winter you owe it to yourself to dress warm and comfortable.

As usual the WACHS Store is well prepared to care for every requirement in

Men's, Young Men's and Boy's Suits and Overcoats.

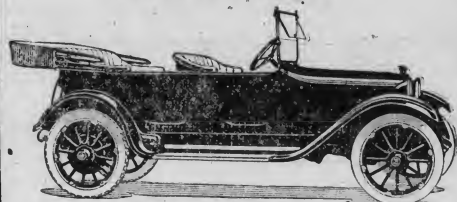

You will find there Style, Cloth, Quality and the Best workmanship.

We pride ourselves on our wonderful line of clothing for farm work. Corduroy and Moleskin Pants, Corduroy Vests and Corduroy and Duck Coats. You must see them to appreciate them.

INDUSTRIAL STRIKES.

Should Not Be Tolerated When They
Show Evidence of Sedition.

Philadelphia Bulletin.

All strikes, whether in steel
plants or in any other industry,
at this time should be regarded
and treated with a grave danger-
ous and menacing public wrongs,
which are not merely a question
of labor or management in anything
but a common sense or anti-union
spirit.The strike of workmen to
secure more pay, fewer hours,
or better conditions in their em-
ployment, is undeniably an in-
alienable right, which is accompa-
nied by violence or bullying, it is
also entirely proper within the
lines of law of reason and of a
due respect for the rights of oth-
ers.But when workmen are per-
suaded or instigated into strikes
which are intended not only to
obtain a complete mastery of in-
dustrial plants, but to reach out
ultimately for the subversion of
public authority, they deserve to
be put down as public enemies.No strike should be tolerated
when it takes on the character
of sedition, or of hostility to our
existing form of government, or
of the antagonism which would
divide our people into classes af-
ter the European fashion. No
good or wise leaders of labor con-
duct strikes in this country along
such lines.Every workman who under-
stands and appreciates the insti-
tutions which have enabled our
country to grow and prosper, and
under which the lot of labor, as
as it has always been, happier
than it is anywhere else on the
globe, should put his foot down
hard on any proposition by which
the steel strike may be turned
into a weapon on behalf of agi-
tators of the syndical or the
"Red" type.But even if we accept the
statements of those leaders of the
steel strike who disavow such aims,
they have to show reasons which
satisfy public opinion that their
present agitation is timely, neces-
sary and justifiable as regards leg-
itimate demands and such urgency
in remedying their grievances, as
would warrant a general upset of
the great steel trade and a large
part of other industry.Despite all the surface manifes-
tations of menace we are con-
fident that an overwhelming ma-
jority of Americans in every walk
of life, labor included, are ready
to stand steadily for stability as
against violence, for the supremacy
of law as against the follies of
visionaries, and for orderly gov-
ernment as against anything which
tends to anarchy.Under the leadership of such
men as Fitzpatrick, who has ac-
knowledgeed that he has never
worked in a steel plant and
knows about the industry only at
second hand, and of Foster, who
is the author of one of the most
pernicious of pamphlets on revo-
lutionary labor in recent years,
although he is now said to have
"modified" his views, whatever
that may mean, it is next to im-
possible to suppose that the pre-
sent strike can be a success.Labor can make none of the use-
ful and permanent gains to which
it is entitled if it shall follow
shallow radicals who are willing
to precipitate this country, or the
state of Pennsylvania, or any
part of it, into industrial chaos
in order to push wild theories of
industrial democracy. Keep within
the bounds of law; change the
law, if necessary, by the peace-
ful processes of agitation at the
polls, but do not let any strike
grow to the point where its aim
may be turned against lawful
government and public security.

Barbarism of Mobs.

Kansas City Star.

A mob is a strange and sinister
thing. Its members may be ordi-
narily decent citizens. But when
the influence of the mob spirit
they lose all self-control and the
basest passions get the upper
hand. So different is the in-
duct of the crowd from the nor-
mal conduct of the individuals
composing it that it has been
made the subject of numerous
studies by psychologists.The United States has had sev-
eral object lessons recently in
mob behavior. The rioting in Wash-
ington, Chicago and Boston, and
now this latest outbreak in Oma-
ha, are exceedingly disquieting.
They show the danger of a re-
lapse into barbarism that exists
in every community.In the long run education and
discipline must be the sacra-
ment. But in the meantime, the
country must look to its consti-
tuted authorities to maintain or-
der with a firm hand. The mob
spirit must be curbed before it
sweeps over whole cities.Called meeting of Red Cross
Monday Oct. 20th at 2 p. m., for
the purpose of electing officers
for the County Chapter. Auxiliaries
and representatives will please
take notice.

Edgar C. Riley, Chm.

Encouraging
BolshevismEverything that falsely en-
courages unrest also encourages
bolshevism.Misunderstanding of Amer-
ican industrial organization, and
of its benefits to mankind, leads
to unrest, dissatisfaction, and
radicalism.For example, the Federal
Trade Commission tells the pub-
lic that the large packers had an
agreed price for lard substitute
(made of cotton-seed oil).It reproduces letters taken from
the files of one of the packers,
showing that such agreed price
existed.But it failed to mention that
the agreed price was deter-
mined at the request of and in
co-operation with the Food
Administration!Even the Department of Jus-
tice, in its unjust attempt to
create prejudice against the
packers, has made public these
same letters, with no explanation.How long must this kind of
misrepresentation continue? In
so far as it is believed, it not
only breeds discontent, but re-
sults in injustice to our industry.Let us send you a "Swift Dollar."
It will interest you.Address Swift & Company,
Union Stock Yards, Chicago, Ill.

PRINCE ALBERT

the national
 joy smoke
 makes a whale
 of a cigarette!

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin' cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance--proofs of Prince Albert's quality--stands our exclusive patented process that cuts out bite and parch! With P. A. your smokecaring in a makin' cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp out and stays put like a regular pal!

Prince Albert upssets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

DEVON

A large crowd attended the sale of Mrs. H. L. Dixon Saturday. Stock sold cheap.

Mrs. Hannah Miller and Mrs. B. F. Bristol spent last Wednesday with Mrs. Eugene Riley. Mrs. Roy Vallandigham, of Sadiesville, is the guest of her parents Mr. and Mrs. Frank McCoy. Mr. and Mrs. B. F. Bristol entertained the following guests last Sunday: N. S. Bristol, of Union, Arthur Connelly, Stanley Rice, Jas. Warrington, George Warrington, Ben Norman and John Englecamp, all of Covington.

RABBIT HASH.

Colin Kelly and family were visiting in Rising Sun, Sunday. Robert Ayler is visiting his brother, Blute in North Dakota. James West and family, of Rising Sun, were guests at Ray Williamson's, Sunday.

The Missionary Society of the Baptist church met with Mrs. Carlyle, last Thursday.

Sheriff Conner was here Friday collecting taxes. Ed. Rice came with him and visited his uncle, G. Riddell.

Mr. and Mrs. T. B. Miller, of Brashear, were guests of Mrs. Miller's parents, Mr. and Mrs. R. T. Stephens, Saturday night and Sunday.

R. M. Wilson is supplying the neighborhood with fresh beef. He kills every Friday afternoon and anyone wishing beef for Saturday should call on him.

Raymond Belgood, of Rising Sun, took charge of the ferry October 1st. He is well acquainted with the river and he thinks he will make a good ferryman.

John Q. Stephens and wife gave the young folks a dance Saturday night which was attended by a large crowd. It was a farewell party to their old home which they have sold. They will move to the McKay farm in East Bend this week.

FLORENCE.

Lehman Hambrick has malaria fever. A good rain fell here last Sunday afternoon.

Mrs. Mike Cahill is visiting relatives in Hamilton, Ohio. Guy Ayler and wife were Sunday guests at Lee Edlins'.

Mrs. W. H. Scott entertained a large number of guests last Sunday. Mrs. G. F. Schram and daughter, Edna, spent last Saturday in the city.

Albert Fisk and wife have moved in with Angus Snyder out on Burlington, pike.

Russell Corbin spent last Saturday night and Sunday with his mother and sister.

Mrs. Brack Campbell, of Cincinnati was the guest of Mrs. David Brown last Sunday.

Lon Renaker was the guest of his brother J. G. Renaker last Saturday night and Sunday.

Emil Smith, Jr., got his wrist dislocated when cranking his Ford last Saturday. It backedfire.

George E. Rouse is having his house on Lexington pike painted. Zark Ryle is doing the work.

Mrs. Chas. Fulton had as guests last Saturday and Sunday J. B. Foley and wife and Clark Henchman and wife.

FRANCESVILLE.

Misses Rachel and Lila Collier are visiting relatives and friends in Ashland.

Mr. and Mrs. Leon Ayler and children visited relatives in this community Sunday.

Wm. York, of Gunpowder, visited relatives in this community Saturday night and Sunday.

Miss Elmore Eggleston entertained the young people with a lawn party Saturday evening.

R. S. Wilson and family, of near Hebron, and Frank Eates, spent Sunday at W. L. Brown's.

Mrs. John Cave, Jr., and little daughter and Mrs. John Cave, Sr., called on Mrs. Manlius Goodridge one afternoon last week.

Mrs. Houze has returned to her home in Cincinnati after spending several weeks here the guest of her daughter, Mrs. J. S. Eggleston.

Mr. and Mrs. C. D. Seothren had as guests Sunday Mr. and Mrs. J. W. Grant of Ballisaville; Mr. and Mrs. Clint Riddell and Mr. and Mrs. R. W. Baker.

Mr. and Mrs. W. H. Eggleston had as guests Sunday Mr. and Mrs. Albert Willis, of Ballisaville, Mr. and Mrs. Sam Ayler and sons, Julius and Justin, and Wm. Caselidine of Point Pleasant.

There will be a business meeting at Sand Run church Saturday afternoon 3:30.

Those requested to be present as we will consider calling a pastor for the coming year and other important business will be looked after.

Bedgood Leases Ferry.

Raymond Bedgood has leased the ferry of Mrs. Josie Patt, and on Wednesday assumed charge, succeeding Paul Dantrah. Mr. Dantrah gave excellent satisfaction and was well liked by patrons on both sides of the river. Mr. Bedgood is well acquainted with the river and is in every way well fitted for his new undertaking. Rising Sun Recorder.

Capital \$50,000.00.

Surplus and Profits \$100,000.00.

Peoples Deposit Bank

Burlington, Kentucky,

announce the election of

MR. L. T. UTZ

of Florence, Ky.,

as assistant cashier of this bank to succeed

Mr. D. B. Carpenter, who desired to

complete his college education.

THE OFFICERS NOW ARE:

W. L. B. ROUSE, President. EDGAR C. RILEY, Vice-Pres.

A. B. RENAKER, Cashier.

NELL H. MARTIN, Asst. Cashier.

L. T. UTZ, Asst. Cashier.

DIRECTORS:

W. L. B. Rouse,

Edgar C. Riley,

R. S. Cowen,

A. Rogers,

Henry Clore,

A. W. Corn,

W. P. Beemon,

C. H. Youell,

E. H. Blankenbaker.

We invite your patronage on the grounds of

SAFETY and SERVICE.

COURTESY and ACCOMMODATION.

BEAVER LICK.

Some tobacco to cut and house

in this neighborhood yet.

Very little grain of any kind has been sowed on account of the dry weather.

J. Kite Glore and sons are assisting A. A. Roter and sons build their new garage in Beaver.

Big Bone ball players defeated the Elavorger club team Sunday afternoon at Big Bone 10 to 1.

A fine rain fell in the Beaver neighborhood Sunday afternoon, making plenty of stock water.

Mr. and Mrs. Omer Kite, of Beaver, will move to Mrs. Sallie Adams' farm near Big Bone as soon as their new house is completed.

Revs. Swindler and Hamilton are having large congregations at Beaver Baptist church, where they are holding a protracted meeting. Come out and hear some good sermons.

Harry Pitcher, son of Mr. and Mrs. Geo. Pitcher, of Hamilton, and Miss Velma Loomis, of near Big Bone, were married last Saturday afternoon by Rev. Christwell at the M. E. parsonage at 3:30.

GUNPOWDER.

L. H. Busby and wife attended church at Richwood last Sunday.

The meeting at Hopful is still in progress and will continue all this week.

Kenneth Stephens purchased a farm near Richwood recently, and is known as the Charles Finnell farm.

E. E. Tanner and wife and N. Zimmerman and family dined with Mrs. Lucy Tanner at Florence last Sunday.

Ed. Slabyback had a corn cutting on Thursday. He cut his crop of corn.

J. S. Rouse has a dish that was left on a table at the fair ground the day of the Old-Fer-lows rally which the owner can have by calling on him.

Thieves visited the meat house of Owen Ross one night last week and took all of his meat and then went into Robert Snyder's cellar and relieved him of six gallons of lard. This is the second raid they have made in this neighborhood. Several weeks since they entered L. C. Acra's meat house and took several pieces.

PETERSBURG.

Mrs. E. A. Stolt is on an extended visit to Toledo and Detroit.

Miss Ethel Sturgeon was the Sunday guest of her uncle, Henry Wingate.

Stanley Palmer and son of Winona Lake, Ind., are guests of her parents.

Dr. Grant's daughter, Mrs. Geo. Dunlap and children, of Chicago, are here on a visit.

Miss Mattie Kreylich will give a recital at the Christian church, Monday evening, and a program will be rendered.

Lieut. W. G. Stephens back from overseas and Miss Vera Wheymier, of Dayton, Ohio, were here for a few days the past week.

The razing of all the buildings at the distillery has begun. The entire plant will be dismantled with the exception of a large warehouse.

Our ball team journeyed to Verona again last Saturday and were defeated by a close score of 1 to 6. While the team was defeated it was splendidly played game and enjoyed by a large crowd.

The Petersburg ball team certainly appreciates the courteous treatment received from the Veronians.

A return game will be played in Petersburg in the near future and the Petersburg team extends a special invitation to the Veronians to come and be present at that time, assuring them of the same treatment that it received at Verona.

Home Destroyed by Tidal Wave

The tidal wave from the gulf of Mexico that swept over a portion of Texas recently, destroyed the home of William Gaines, son of the late Clinton Gaines. Other property belonging to him was damaged badly. He writes that he will rebuild his home.

HEBRON.

For Sale--Fresh cow and heifer

calves, J. S. Lodge.

Hebron school will give a box social on the night of Oct. 31st.

Mrs. R. C. Myers and son, of Riverside, were guests of her sister, Mrs. Hubert Conner, last week.

Mrs. Nelle Metzger, of Covington comes to Rising Sun every Saturday where she has a class of music pupils.

Mr. and Mrs. W. L. Rouse and daughter, Miss Isabella, and Mr. and Mrs. Ed Baker and daughter, Alberta, were guests at J. S. Lodge's, last Sunday.

GRANT R. D.

Grant R. D. has bought a farm near Marietta, Ohio.

Will Satchell went to Indiana last week looking for a farm.

Robt. Ayler left last week for North Dakota to visit his brother or Blufford.

Mrs. Charity Riggs and John Louden, of East Bend, were married Saturday at Rising Sun.

Geo. Walton, Jr., who is attending college at Georgetown, spent last Sunday with home folks.

Rev. R. C. McNeely and William Ayler attended the home coming at Big Bone church last Sunday.

Mr. and Mrs. J. P. Ryle, of Frankford, who spent last week with relatives here, returning home Monday.

J. Colin Kelly has bought some fine Plymouth Rock chickens with the intention of raising thoroughbreds.

J. H. Walton bought of Missouri Dempsey 60 acres of bottom land in East Bend which joins 24 acres he owns there.

Ed. White has sold the farm he purchased from Henry Clore to Perry Preaser for \$12,500. Land still seems to be booming.

Robert Hankinson and Mamie Ayler were married Sept. 21st, at the residence of R. C. McNeely.

The bride was beautifully attired in white crepe de chine and the groom wore a black suit. Thaddeus Ryle and Miss Ada Acra were the attendants. After the wedding a reception was given the happy couple by the bride's grand parents, Mr. and Mrs. Luna Stephens. A number of presents were also received.

WHAT FOLLOWS THE "FLU?"

"What follows the flu?" asks the Liberator, and then replies, "Just nothing at all," basing its conclusion upon an investigation made by the Board of Health of Buffalo, New York. The report is made by W. A. Evans.

The 34,000 persons in Buffalo who suffered from the "flu" last year and survived, are in better health today, Dr. Evans states, than if they had gone through typhoid or even measles, or if they had undergone major operations. In part, his report says:

"The flu is a very common disease, and some after-effects can be expected. But there is no other severe disease which would have left so few semi-invalids in its wake: 748 out of 33,889 is a small proportion."

"Of the original 748 there were 28 who claimed to be suffering from one form or another of lung trouble. Examination showed that 28 had consumption. Of these, 11 were on record as having had tuberculosis before they had the flu."

"Eight were cases of new tuberculosis, although several were in families where there were cases of consumption. Eight cases of consumption could be expected to develop in eight months among 33,889 people who had never had the flu."

"It is very certain that 33,561 cases of pneumonia, typhoid fever, diphtheria, measles or almost any other grave disease or 33,889 cases of influenza would have left more after-effects, more organic disease of heart or kidney, more consumption and more chronic bronchitis more chronic indigestion than followed in the wake of 'flu' in Buffalo."

Increased production is a means of saving the present industrial unrest sample all right at first blush, but in the last analysis we suppose it involves more work and more suffering than it produces. Ohio State Journal.

Personal Mention

Born on the 4th inst. to Mr. and Mrs. James Dryden, a fine boy.

Judge John M. Lassing arrived from Florida last Monday morning.

Miss Althea Swinford, of Cincinnati, is the guest of Mr. and Mrs. Geo. Penn.

Miss Nannie McAttee, of Elwood, Ind., is visiting her mother, Mrs. Ada Conner.

Elmer Kirkpatrick and family visited Mr. and Mrs. Elmer Miller in Constance last Sunday.

Joseph Birke and wife and his son Theodore and family were guests at Chas. Birke's last Sunday.

Mr. and Mrs. Henry Clow from out on the East Bend road, were Sunday guests of Mr. and Mrs. Eliza Poston.

Mrs. Newton Sullivan, Jr., and little daughter Sue, spent a few days last week in Covington, the guest of Mrs. Geo. Eschenbinder.

F. P. Walton, wife and son, Dr. A. P. Walton, of Newport, were Sunday guests of Mrs. Walton's brother, Geo. Blyth and wife.

William White, of Pickertown neighborhood, was a business visitor to Burlington last Friday.

He is one of the hustling young men of that neighborhood.

Holt White, who resides down on the East Bend road, was a caller at this office last Friday.

He had finished his corn in the shock and come to town to make peace with Tax Commissioner Rife.

Joshua Rice, of Bellevue, returned one day the past week from a visit in the North-west during which he was in four or five different States. He says they have been having plenty of rain out there.

Benjamin Riley, Commander of Boone Post American Legion, attended the convention of Kentucky Post held at Louisville last week. He reports a splendid meeting of delegates from the several Posts in the State.

Martin Weaver, of Sales creek, Tenn., was visiting his relatives in this county last week.

While in Burlington last Thursday he called on his teacher with whom he was in his boyhood, Miss Mary Thompson. It was about 58 years ago that she had him for a pupil.

Hubert Bachelor, from across Gunpowder creek, came in last Friday to push his subscription up into another year, and being asked about his crops remarked that he has better corn and tobacco than he had last year, but his potato crop is a complete failure.

Mrs. Mary Vaughn is spending a few days with her daughter, Mrs. Borders, of the Pleasant Valley neighborhood. At the conclusion of her visit there she will leave for the home of one of her daughters near Los Angeles, California.

Mr. and Mrs. Ad Robbins, Mrs. J. M. Eddins' father and mother, have moved to Mrs. Vaughn's residence in Burlington. These two good people are well up in the eighties and are moving down from their home near the old Weldon mill site on Gunpowder creek is very satisfactory to their children.

Rooster Mothers Guineas.

Mrs. Kate Rice spent Sunday with Mrs. Jennie Walker at her home in the country and reports that while there she saw one of nature's wonders. This wonder was in the form of an old rooster which has raised eight guineas until they are almost grown. This old rooster has done as well or better by the guineas than a hen could have done, which goes to prove that the male of the species is almost as efficient as the female. Perhaps the next thing we hear will be that some rooster has laid an egg—Georgetown Times.

Tobacco Crop Short.

Tobacco is nearly all in the house and Boone county has seldom harvested so poor a crop. It is about sixty per cent of a crop and of very inferior quality. There are a few good crops in the county and they can be counted by the fingers on one hand.

Much of the crop has been cut green and will be off in color and of light weight. The buyers will soon get a reliable line on the crop and some offers will be made. Those who have anything like a good crop will expect good prices and are not apt to be in a hurry about selling.

Bought Indiana Farm.

Fletcher W. Dils has sold his farm of 129 acres in the Ebenezer neighborhood to Ira Ryle, of Burlington, Ky., for \$15,000. The place has been owned communally by successive generations of the family since its original purchase from the government more than a century ago. Mr. Dils is undecided as to his plans for the future.—Aurora Bulletin.

A Fine Wood Workman.

Henry Klause, of Constance, made for Benj. Michels, of Erlanger neighborhood, a very handsome bed for his new truck. Mr. Michels does a great deal of hauling and with the new bed on his truck he can handle his loads with greater ease and much more rapidly. Mr. Klause is one of the best wood workmen in the county.

The State of Kentucky is short one thousand teachers for the public schools, on which account many schools are not in session.

COMMERCIAL SUPREMACY

Will Be Lost Unless Workers of the United States Get on Job.

New York Sun.

It is no secret in Great Britain, it is an open secret in British colonies, for the facts are generally discussed in their business circles and public prints, that already German exports are underselling British manufacturers. They are not merely underselling them in markets accessible to German territory and in countries which were neutral during the war; these German goods are underselling British goods in the London market.

It is in this way, of course, that the German people must pay the interest and principal of the prodigious sums which have been advanced against them by the allies. But they could not begin to pay their debts now, they never could pay them, with German goods offered in foreign markets. If they were not able to manufacture, ship and sell more cheaply than other producers.

With famine prices still demanded for the necessities of life in Germany, with vast burdens of taxation entering into the cost of production, and with the cost of doing business by man and machinery—with such economic disadvantages to overcome, how does it happen that war-burdened, war-ravaged Germany can undersell the British producer right in his own London market? Well, it can be done and is done by hard work.

Taxes can and do pay an important part in the productive efficiency of individuals, of communities and of countries. Fertility of soil does. Accessibility to supplies of raw material does. Climate does. But other things being anywhere near equal there is nothing to compare with industrial effort as the determining factor in the cost of general production.

The man who won't work or doesn't work his best hasn't a chance on earth against the man who will and does. Then action of industrial quitters or slackers can never stay in the world's trade race with the nation of hard workers.

Unless the workers of the U. S. get on their jobs and stay on their jobs, putting in the stifficks which won for them the industrial and commercial supremacy of this earth, they are going to lose it. They did not win it by divine favor. They did not win it by luck. They won it by pitching into any work they had to do with all the power that was in them. They won it by scoring a bigger and better production, man for man, industry for industry, than other peoples and other nations were scoring or were able to score.

This isn't the American tendency today. There isn't the American desire to do bigger and bigger output, the creation of more wealth as a day's effort—wealth to be divided among the creators of it. There is a drift toward few working hours and mighty little done, by way of either quantity or quality.

Tobacco Notes.

The Marion county crop of tobacco has been housed in good condition since the 1st of September.

Fayette county's crop of tobacco is all in the house and is curing nicely.

Fleming county will house a better crop of tobacco than was anticipated.

Tobacco prospects in Bracken county improved considerably during the latter part of September. The late tobacco will be of very inferior quality.

Bourbon county's crop will fall below 50 per cent. Stripping will begin early.

No sales of the new crop of tobacco are reported from Central Kentucky.

Farms for Sale.

54 acres within one-half mile of town, all in grass, well fenced, plenty of water, good land, no buildings. Price, \$4500.

132 acres on good road, most all in grass, well fenced and extra good land, well cared for, well fenced and watered; will grow any kind of crops; buildings all in good repair; 6-room house, 2 barns, silo, lean-to house, etc.; good neighborhood. One of the best farms in the co. Price, \$12,500.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sickness, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimony I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

WALTON.

A. P. Skirvin spent Monday at his old home at Williamstown. Geo. H. Montgomery of Warsaw, spent Saturday here, guest of John L. Vest and family.

Charles Childress, of Latonia, spent part of last week here looking after his farming interests. Mr. and Mrs. John Ingram, of Cincinnati, spent Sunday here the guests of his mother Mrs. Virginia Ingram.

Mrs. H. C. Diers spent the past week at Silver Grove, Campbell county, the guest of her daughter Mrs. Chas. T. Best and family.

Mrs. Hattie Metcalfe, assistant cashier of the Equitable Bank, spent Friday in Cincinnati with friends.

Marc C. Brock who has been ill and confined to his bed for several weeks has greatly improved and has been able to be about the past week.

Dr. M. J. Crouch of Union, spent part of last week here with friends and accompanied by his wife left for St. Petersburg, Fla., to spend the winter.

Mr. and Mrs. Robert P. Coffman of Holden, West Va., spent part of the week here being called home by the death of his grandmother Mrs. Nancy Coffman.

Mr. and Mrs. Henry S. Percival of Holden, West Va., announces the arrival of a fine nine pound son Oct. 10th, named Lynn William Percival in honor of his uncle.

John L. Vest spent last Saturday evening at Glencoe on business pertaining to the new ordinances being enacted for the town of Glencoe, being employed as its attorney.

Mr. and Mrs. L. R. Miller and Mrs. Harry F. Jones of Big Bone Springs, and Miss Emma Jane Miller returned home last week from a pleasant visit to relatives in Louisville.

Rev. S. T. Hill and Charles S. Boles of Richmond Presbyterian church, attended the Synod at Nicholasville, Jessamine co., last week as the representatives of their church.

Mr. and Mrs. Clyde Smith and his brother and sister Samuel and Miss Nora of near Rising Sun, Indiana, spent Saturday and Sunday here the guests of Mr. and Mrs. Johnson Rogers.

Mr. and Mrs. John B. Johnson have bought a beautiful building lot in the Clarke subdivision to Walton from Judge Chas. Strother for \$400, and will erect a handsome residence on the site at once.

Chas. G. Watson who returned from France in August and has been stationed at Camp Travis, Texas, is home for a short furlough, visiting his parents, Mr. and Mrs. James H. Watson near Walton.

Robt. R. Aylor and mother Mrs. Rosie Aylor returned home last week from Grandin, N. D., where they were on a visit to her son Elford Aylor and family. It was quite cold and snowing when they left there.

J. M. Arnold and son Hugh D. B. Wallace and son Bruce were visitors to Williamstown Monday, going there to arrange about the rotation of the sales of the loose leaf tobacco warehouses with the Walton houses.

Mr. and Mrs. Jacob Gardt of Newark, Ohio, who were here on a visit left Friday for Warsaw, their old home, on a visit. They motored thru and were accompanied by Bruce Wallace and Miss Hallie Norman.

Frank Norman, of Kensington, and Winston C. Brown and H. D. Kendall of Crittenden attended the Butler county fair at Hamilton, Ohio, last week with a nice string of horses and brought back a number of nice premiums.

Miss May Cross of Union, spent part of last week here with relatives and friends. Miss Cross has been engaged in nursing the sick and is taking a course of weeks rest and will then be open for engagements.

C. F. Wilkin, of Springfield, O., arrived here last week on a visit to relatives and friends near Big Bone Springs, his wife who has been ill for some time is taking special treatment in Cincinnati and is considerably improved.

L. A. Conner, of Burlington, Sheriff of Boone county, was here last Wednesday collecting taxes and collected about four thousand dollars. He is giving the public excellent service in the discharge of the duties of his office.

Nearly all of the tobacco in this quarter has been cut and housed. It will approximate about sixty per cent of an average crop, but very light and short in the leaf. The early cutting will be bright, and prices will be high but hardly as good as last year the tobacco not being as good.

Walton Lodge of Odd-Fellows at the regular meeting last Saturday night appointed Bro. Henry C. Diers as the representative to the Grand Lodge which meets in its annual session at Louisville, Tuesday, Oct. 14th, when there will be a great gathering to witness the re-commissioning of the second degree at the Louisville Armory at an expense of several thousand dollars.

Harry D. Mayhugh and bride of Butler county, Ohio, spent last week here with friends and relatives. Mr. Mayhugh was married to Miss Stella Pawley of Edinburg, Clermont county, Ohio, Oct. 2nd, at Batavia, by Rev. Wagner of the Methodist church. The bride is a pretty young lady and the daughter of Mr. and Mrs. Charles W. Pawley of Clermont county. The young couple will reside on his farm in Butler county.

A man's
best pal
is his smoke

"Nothing goes with me like a good story"
—Chas. Field

EVERY Chesterfield you light begins and ends with *satisfy*. For Chesterfields set no limit on your smoking enjoyment. Their smooth, rich, even flavor keeps right on pleasing your taste down to the last half-inch.

And no wonder.

The great buying organization we maintain in the Orient makes it possible for us to obtain the pick of the finest Turkish leaf. Experts blend these tobaccos with the best Domestic leaf; not in any hit-or-miss fashion, but by our own exclusive process that never varies.

And actually this process brings out hidden flavors and new delights that give to this cigarette a *satisfying* quality all its own. We don't care what cigarette you've been smoking, you'll like Chesterfields better.

VERONA

The pupils of the High School and Grammar Grade will give a social at the school building Friday evening, October 17th. Every one is cordially invited to attend. ONLY THIRTEEN MORE DAYS IN WHICH TO LIST YOUR PROPERTY, H. W. RILEY, TAX COMMISSIONER.

PRICE OF SUGAR WILL GO HIGHER.

Washington, Oct. 14.—The price of sugar will leap skyward if plans of speculators are not upset.

Federal control of the country's sugar supply expires Dec. 31. The domestic demand exceeds all past records.

The sugar shortage, worse than war time, now gripping the United States is attributed primarily to increased domestic consumption and to the recent strike of marine workers at Atlantic ports at which shipments of raw sugar from Cuba are received.

The increased consumption of sugar in the U. S. to date, as against the same period last year, is about 900,000,000 pounds. The increase for the year is expected to be 1,125,000,000 pounds.

Prohibition and the resulting craving for sweets is given as the chief reason for this increase.

Washington, Oct. 14.—The Cabinet met today and prepared to assume as many as possible of the activities of President Wilson for the remainder of the period of his illness and confinement.

This means, in short, Cabinet operations of the executive branch of the Government until the President recovers well enough to resume his duties or at least to cover sufficiently to guide the Cabinet.

Meanwhile there was no pronounced change in the President's condition save that he passed a restless night because of swollen glands.

Commissioner's Sale.

Boone Circuit Court, Ky.

Katie B. Rice, plaintiff.

Against—No. 2758 Equity

J. E. Zimmer, defendant.

By virtue of a judgment and order of sale rendered by the Boone Circuit Court at its August term, 1919, in the above styled cause, I shall proceed to offer for sale at the court house door, in Burlington, Boone county, Kentucky, to the highest bidder, at public sale, on Monday, the 3rd day of November, 1919, at one o'clock p. m. or thereabouts being County Court day, upon a credit of six and twelve months, the following property, to-wit:

Lying and being in Constance, Boone County, Kentucky: Beginning at a point in the Bullittsville and Dry Creek Turnpike, a corner with W. S. Tanner's lot; thence with said pipe east, or nearly so, a distance of fifty feet; thence North, or nearly so, to the Ohio River; thence up the river to said Tanner's line, thence with his line to the beginning, and being the same property conveyed to said J. E. Zimmer by Katie B. Rice.

Or sufficient thereof to produce the sum of money so ordered to be made. For the purchase price the purchaser of said real estate, with approved security or securities, must execute bond, bearing 6 per cent interest from the day of sale until paid, and having the force and effect of a judgment, with a lien retained therein until all the purchase money is paid. Bidders will be prepared to comply with these terms.

Amount to raised by sale, \$515.49. CHAS. MAURER, Master Commissioner.

FOR SALE
Farm of one hundred acres on mile from Francesville, on North bend road. Joint owners Josephine Yerger and Alice Enright.

WANTED—Any one who has one of the old straw or old hat with glass frame to grill, to write to Mrs. S. A. CUNNINGHAM, 401 Third St., Maletta, Ohio, a novel.

Local Happenings.

The ground is thoroughly wet.

Have you filled your coal bin yet?

Tobacco has no business in the patch now.

Tobacco has no business in the patch now.

Labor of any kind is scarce in the county.

Farmers have an abundant supply of stock water now.

Read the advertisements in this issue. They will save you money.

The nation's wheat crop about five and one-half billion bushels short.

Circuit Court Clerk Chas. Maurer is having an addition built to his barn.

If the rainy period is followed by warm weather fine fall pastures will result.

This has been a fine fall for sowing wheat, and that sowed is coming up nicely.

The pawpaw crop is about exhausted. There was a large crop of both kinds this fall.

C. T. Chambers, who resides down on Woolper creek, is visiting a sick daughter in Covington.

If you find a Ky. automobile license tag No. 16862 it belongs to E. L. Holmes, Petersburg. Inform him.

Several persons are receiving instructions in home nursing at Red Cross headquarters in the court house.

Supt. Kerr and hands have done some excellent repair work out on the Petersburg pike the past few weeks.

W. L. Kirkpatrick sold over 1,000 gallons of roofing paint one day the past week. It pays to advertise.

Hubert Gaines has commenced the foundation for his new home near Burlington on the Petersburg pike.

ONLY THIRTEEN MORE DAYS IN WHICH TO LIST YOUR PROPERTY. H. W. RILEY, TAX COMMISSIONER.

The approach of the election is announced by the delivery of the ballot-boxes at the several voting places in the county.

Stop! Look!! Hesitate!!! But don't Shimmy! But you had better post that farm. The RECORDER will post it for you for 50 cents.

Benj. F. Akin, who sold his farm some time ago on Woolper creek, will move to Mrs. Mat Graves' farm in Bullittsville neighborhood.

F. M. Voshell, of Plattsburg neighborhood, was in last Friday afternoon and reported the silo filling down there about finished for this year.

Lute Bradford, auctioneer, has a card in this issue, and if you expect to have a sale it will pay you to consult him before employing your orator for the occasion.

R. C. Green, of Walton; J. C. Gordon, W. D. Cropper and N. E. Riddell, of Burlington, attended the Federal Reserve Bank dinner at the Sinton Hotel, Cincinnati, last Friday evening.

Ed Fisk, of Bullittsville neighborhood, called in last Monday and left his copy for advertising a big sale on the afternoon of Saturday the 18th inst. See advertisement in another column.

James Watson and son, of Verona neighborhood, were callers at this office one day the past week. The son is still in the service and was at home on a furlough. He is a fine specimen of young manhood.

The Erlanger basket ball teams that played the Burlington teams at Burlington last Friday afternoon was badly defeated, only one of the teams making a score while the Burlington teams run up big scores.

Mr. Weaver, the State Poultry man in the county, is now culling poultry. He is now at work in Union neighborhood. If you desire your flock inspected and culled you would better call on him. He will be in the county several days.

Henry Sheets, the oldest landmark in Big Bone neighborhood, was a caller at this office last Tuesday. It being his first visit to Burlington in ten years, the last time he was here he spent two weeks as a juror. Mr. Sheets looks like he is good for many more years sojourn in this world.

The Pie School given at Beech Grove school house, last Friday night, for the benefit of the State Organism House, was a grand success—the school going over its quota \$6.00. The teacher, Miss Lute Hyde, desires to thank all those who helped to make it a success. Owing to the inclement weather there were only eleven pies brought in and they sold for \$25.00.

Out in the State.

In Woodford county some tobacco is ready for stripping.

Scott county tobacco is curing nicely and some of it is ready for stripping.

Fayette county growers seem confident that prices on good tobacco will be just as good, if not better, than last year, with a large number of them expecting prices to go higher than last year on select crops.

In Jessamine county offers of 50 cents are being refused by the growers right along, as growers are confident of good prices. The crop is housed and curing nicely. Some is ready for stripping.

Farmers are confidently expecting good prices on their tobacco. In many sections of Kentucky buyers have been offering 50 cents a pound for the crop at the barn and in some few cases 60 cents has been offered and a few growers have sold at this figure. Most of the growers are showing a decided tendency to hold their crops for the market. Prices on the southern markets have been high this season.

"My Old Kentucky Home"

On account of my wife's death, I offer for sale my palatial country residence and farm, consisting of a splendid ten-room frame house, surrounded by miles, on high knoll overlooking the Ohio river; large bay tobacco and stock barn; new modern poultry house and other out buildings in splendid condition; five acres of fruit, level and rolling ground surrounded by water, fences, two cisterns and springs.

The most desirable place in Northern Kentucky. For immediate sale, will include 100 Rhode Island Red chickens, Guernsey cow, hilly home and farm tools, for \$7,500. H. E. FISHER, Petersburg, Kentucky.

It will not be many days now before you can hunt Mr. Hunter. Don't forget your license.

TAKE YOUR COUNTY PAPER

BETTER CHICKENS IN SOUTH

Propitious Climate Enables Owner to Produce Eggs to Better Advantage—Some Obstacles.

(Prepared by the United States Department of Agriculture.)

Increased interest in poultry raising in the general farming sections of the South, with purchase of much better stock, is reflected by a specialist of the United States department of agriculture who recently investigated the status and activities of Old Mother Hen in Alabama, Louisiana, Mississippi and Texas. Producers are working not only to supply the home market, but eggs are also being shipped from Mississippi, Alabama and Texas to Memphis, St. Louis, New York and other marketing centers.

The advantages of the South for poultry keeping are manifold, and include a propitious climate, which enables the flock owner to produce eggs to better advantage during the winter season, while he also can make use of simpler and cheaper houses than can his northern associates. Furthermore the favorable weather conditions in the South promote the feeding of green stuff to the hens practically the year around.

There are certain disadvantages, too, such as prevalence of insect pests, including mites, lice, and in some sections mosquitoes and stick-tick fleas, as well as the blue bug in parts of Texas. Furthermore southern markets are not high-paying consumers of locally produced eggs. This is particularly true in the resort section of Florida, where for many years the trade has been accustomed to import its eggs from the North and West. It does not readily transfer this business to local producers. In addition the

Flocks of Mixed Breeds Are Giving Way to Purebreds in South.

southern market for eggs is usually "spotted," due to fluctuations in the tourist traffic.

During the heat of summer egg losses in the South aggregate a considerable sum, largely due to the development of fertile eggs. It is essential that southern producers exert every effort to produce and market only infertile eggs in order to control this source of loss. A common opinion prevails that the leghorns are particularly adapted to southern conditions, but according to the experience of the specialists of the United States department of agriculture southern poultrymen realize just as satisfactory results—and in many instances more favorable returns—from the maintenance of the heavier, general-purpose birds.

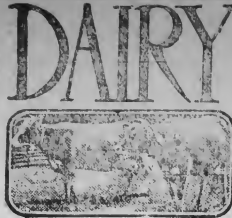

A number of failures in the poultry business on the part of newcomers in Florida, who embarked in specialized production of poultry products, are explained by the fact that most of them were unfamiliar with local conditions and started on too extensive a scale. A beginner in chicken raising in a new locality should always start on a small scale and expand his operations as he learns more about local conditions and as his returns from the business justify. For the man who is experienced in poultry raising and who will adapt himself to new conditions readily and not take excessive risks, and who is supplied with plenty of working capital the southern states apparently offer a fair opportunity.

WHITE-SHELLED EGG LAYERS

Fowls of Mediterranean Breeds Best Suited for This Purpose—Classed as Nonlayers.

(Prepared by the United States Department of Agriculture.)

Poultry of the Mediterranean or egg breeds are best suited for the production of white-shelled eggs. Representatives of this class are bred largely for the production of eggs rather than for meat production. Among the popular breeds of this class are: Leghorn, Minorca, Ancona, and Andalusian. One of the outstanding characteristics of the egg breeds is the fact that they are classed as nonlayers. That is, as a rule, they do not become broody and hatch their eggs. When fowls of this class are kept artificial incubation and brooding are usually employed.

FREE HERD OF TUBERCULOSIS

Satisfactory Progress in Plan of Eradication Made During First Year of Work.

(Prepared by the United States Department of Agriculture.)

The tuberculosis-free accredited herd plan, inaugurated in December, 1917, and worked out in cooperation with the bureau of animal industry, United States department of agriculture, was slightly changed at the twenty-second annual meeting of the United States Live Stock Sanitary association held at Chicago in December. It was agreed to strike out the word "accredited" so

Although Apparently Healthy These Animals Are Positive Reactors to the Tuberculin Test.

as to admit to certification grade herds in addition to registered cattle. The annual conference between representatives of the United States Live Stock Sanitary association and the Purified Cattle Breeders' association resulted in the further endorsement of the tuberculosis eradication campaign and a recommendation that the work be extended as rapidly as possible.

The work outlined plan is to test cattle with tuberculin at the request of the owner, eliminate any reacting animals either by slaughter or by following prescribed sanitary measures, repeat the test at prescribed intervals, and list as tuberculosis-free accredited herds all herds entitled to that distinction.

Very satisfactory progress has been made during the first year of the work, and prospects for the future are bright. During the year 236 herds, comprising 9,284 cattle, have been fully "accredited" as free from tuberculosis, and 1,462 herds, having 35,052 cattle, passed one successful test in preparation for certification. In addition 4,622 herds, both purchased and grade, totaling 98,002 animals, have been under supervision for the eradication of tuberculosis. Each month additional herds are added to the list.

HEIFERS DROP FIRST CALF

According to Experiment Carried on at Maryland College Thirty Months Is Best Age.

About thirty months was found to be the best age for Ayrshire heifers to drop their first calf, according to an experiment carried on at the Maryland Agricultural college. If the calves were dropped six months earlier, the milk flow was lessened considerably, but if dropped six months later the decrease was slight. This variation will vary for the breeds according to size; the smaller the breed type, the shorter the time. Eckles of Minnesota found that this variation would be three to five months which would bring the minimum age for Jerseys and Guernseys about twenty-five months and for Holsteins thirty months. This is for well-developed animals.

PASTEURIZED CREAM IS AID

It Yields More Uniform Article of Butter and Helps to Improve Keeping Qualities.

The relation of pasteurized cream to butter is now recognized as follows: It yields a more uniform product, aids in producing a higher scoring butter, improves its keeping qualities; avoids undesirable fermentation and gives protection from disease germs; overcomes questionable odors, increases value of skim milk and creates a steadier market. The slight increase in cost of production, per pound, when butter is made from pasteurized cream, is more than offset by the benefits derived from this process.

CLEANLINESS IS IMPORTANT

Cows Should Be Milked in Small-Tops or Covered Pail and All Utensils Sterilized.

It is important to keep cows clean and milk them in clean surroundings. Milk them in a small-top or covered pail. All utensils which come into contact with the milk should be thoroughly sterilized with steam for at least five minutes.

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it? Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:—
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Shove off! -Join the U. S. Navy

THE MOST

DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL HASTEM OIL Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL HASTEM OIL Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

QUALIFICATIONS OF A TEACHER.

O. C. Peyton, D. D.

Teaching is the noblest, the sublimest work in which a human being can engage. The true preacher is essentially, only, ever and always a teacher. He is a teacher of soul-saving and soul-building truth. Every Old Testament prophet was a speaker for God, a teacher of the truth of God. He who spoke as never man spoke was a teacher, and what a model for all! He taught with plainness and simplicity. He taught with tireless energy. His teaching was rich in illustrations. Jesus was a teacher. What an honor to engage in the work to which He gave His time, and strength. My teacher friends, my yoke-fellows in the work of putting truth into the minds and hearts of the young. I congratulate you on being teachers. Yours is lofty, sublime work. Its qualifications are high. It is worth all your care, thought and effort to fit yourself for efficient service in your calling. I write now of the needed qualifications of a teacher. I mention four:

1. Faculty of acquisition. I guess without saying that if one is to be a teacher of others, he must know himself. The things he teaches to teach. To set out to be a teacher and not know is to be a pretender, a hypocrite. One might, even though living and acting a falsehood, manage to hook and by craft to accomplish something. A man or woman may be really ignorant, and, yet, so deceive examiners, trustees and pupils as to attain some measure of so-called success. But honestly is ever and always, the only safe principle of action. Set it down as an absolute essential to a good teacher in public, Bible class or school room that he know how to know. "A rage for knowing" as a famed and now sainted teacher, used to call it. The possession of knowledge on the part of the teacher will command the respect and the esteem of the pupils and that is a great factor in true success. Do not understand me to say that the most learned will be the best teachers. Often, far otherwise. But along with other things, there must be the faculty of mind that will enable one to get a good, strong grasp on the things to be taught.

2. Test of impartation. A teacher may be as wise as Solomon or as learned as Bacon and unless he can so express himself as to impart his information to others, his learning avails nothing. Teaching is an art of the highest degree, and the reaching of success in it is worthy of profound study and untiring effort. The fact of impartation may be cultivated to an unlimited degree. Some have by nature little of it. I know a man quite intimately whom they said was master of seven languages. So far as I could judge from sight I ever heard from his lips, or read from his pen, he never had an idea in anyone of them. He had in an eminent degree the faculty of acquisition, but he was a wonder to all who knew him. He wholly lacked the fact of impartation. He could tell nothing he knew. It was said of a young preacher I once knew that he could bury an idea under more incomprehensible words than any ever before heard. His gifts were useless to the world. A pompous fellow was invited to address a Sunday school. "Now children," said he, "I am going to give you an outline of the life of Paul, but I suspect some of you do not know what the word epitome means and so I will explain. An epitome, children, is in its signification synonymous with synopsis." Did he not woefully lack our second qualification of the successful teacher?

3. Joy of discovery. Michael Angelo stood gazing on a rude and shapeless block of marble. A friend asked, "Why are you gazing on that stone?" His answer was, "There is an angel in it." He knew his chisel could so shape the rude stone as to bring out of it a thing of beauty. The man, no matter what his station, who does not see visions and dream dreams, will never amount to much. The architect must be thrilled by the vision of the finished mansion or he will never plan it. The painter must see the beautiful picture on the canvas or he will never put it there. The orator must see himself swaying assemblies by his eloquence or he will never do it. Genius in a teacher reveals to him possibilities in his pupils. Old John Tribounia saw the vision of a great man in his bare-footed school boy, Martin Luther. The vision cheered his heart and gave him strength for his labor. Dr. J. R. Graves saw in the bright eyes of a Tennessee mountain boy a light that foretold power and usefulness. He helped him to an education and Dr. Graves' old age was cheered by seeing that boy filling a high and honored place among men. There is no joy like the joy of discovery. Teachers, your work will be prosy without it. It is the oil which will lubricate the machinery of your arduous life as a teacher.

4. The spirit of self-sacrifice. In Virginia there is a noble Christian widow and she has found life's sweetest joy in helping young men to prepare for usefulness in life. She once had a considerable estate. She has used the most of it in such noble service. There came to her home one day a tramp. Her keen eyes saw a true man beneath the tattered and unkempt garb. She became his friend—indeed, mother to him. She led him to Christ. He was called to preach. She educated him at much personal sacrifice. Today, that boy is one of the foremost preachers of our south-

300,000 Maxwells to Date; 100,000 More This Year

THIS shows the rapidly growing appreciation of the Maxwell.

A desire for a car that has proved its worth in many latitudes and many longitudes.

A liking for the long run the tires give, for the definite and extended mileage from gas and oil.

A fondness for a car that expresses reliability in a most decisive way.

This year, more than any before, the 300,000 idea behind the Maxwell has increased in public favor.

And as a result less than

60% of those seeking a Maxwell will be able to have one.

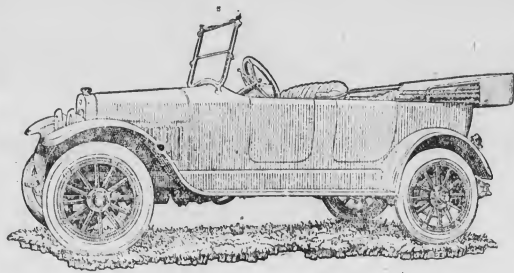

100,000—one-third as many as are in existence today—are being built this year. That means one every 11½ minutes of the working day.

These new post war features, which have classified it as the Post-War Maxwell, are well spoken of everywhere. That's but one reason why the drift is towards Maxwell.

Compare it point for point with any car under \$1200 and you will more readily understand.

W. L. KIRKPATRICK,

Agent for Boone County,
Burlington, Kentucky.

Bodies of Soldiers to Be Brought Home.

Bodies of all American soldiers interred in Germany, Italy, Belgium, Great Britain, Luxembourg and northern Russia will be returned to the U. S. as soon as necessary transportation can be arranged. Secretary Baker announced he has issued instructions for the purchase, storage and traffic division of the general staff to take charge of the matter and to hasten it as much as possible.

This action, Mr. Baker says, does not indicate any change in the department's attitude toward the return of the soldier dead in France, and that it was hoped that the great majority of American parents would decide to let their sons remain there, but that the wishes of the relatives desiring the bodies would be carried out.

BIG BONE BAPTIST CHURCH.

Rev. O. C. Peyton, D. D., Pastor.
Preaching every Sunday morning and evening.
Bible School every Sunday at 10 a. m.—Sam Allen, Superintendent.
A cordial invitation is extended to all our services.

From Our Exchanges.

A few days ago while tearing down an old cabin on the farm of W. H. Wiley near Elmore, a rock dressed as smooth as glass was found in the chimney. On one side of it was carved "182" and on the reverse side was carved the words "To Thomas Harrodsburg, Ky."

Mr. H. L. Gooch, of Tuckers Station, left at the Jeffersonian office this week an unusual fine stalk of tobacco. The stalk measured six feet and was grown on Mr. Gooch's place on land that has been cleared for 30 years. The leaves are very large and are apparently of a fine quality. — The Jeffersonian.

Mrs. Herbert Robey, of near Sechoch, in town Monday and had with her a very large lemon grown on a tree she raised in her flower pit. The lemon was perfectly formed, measured fourteen and a half inches in circumference and weighed one and a half pounds. The tree has been bearing for three years. Last year it bore eight large lemons. This year it has borne fifteen as large as the one described, besides a number of very large ones. — Russellville Messenger.

Mr. J. T. Norton, who early in the spring lost a large number of chickens thru the depredation of dogs, an account of which was given in the Herald at that time, has received \$35 damage for them from the State. The dogs killed the chickens and hid them in a fodder shock, and they were tracked to the place. Mr. Norton came to town and put a claim under the law that chickens killed by dogs will be paid for, just as sheep are paid for, and was successful in getting his case thru. — Harrodsburg Herald.

Col. S. M. Owens, who was in Somerset last week, told the writer that he was invited by the Rev. D. W. Scott, of that city, to take a look at his tomato patch. He says that Mr. Scott's very successful with the Ponderosa variety and that he had vines twelve feet high, loaded with the luscious fruit. Mr. Owens showed us a picture of the doctor standing on a steepladder gathering his tomatoes. — Stanford Interior Journal.

Mr. James Twemey and son Virgil, who have a farm on the Dixie pike, about five miles from this city, have just raised a vine with nineteen squashes on it. All the squashes are within twelve inches of its length. This is considered an unusual number of squashes in a limited part of one vine, and Mr. Virgil Twemey decided to take the specimen to the office of the Democrat. The squash is now displayed. The Messrs. Twemey must be "some" squashes growers to raise anything like this. — Harrodsburg Democrat.

VERY IMPORTANT TO DISCHARGED SOLDIERS

All men honorably discharged from Military or Naval Service of U. S. are entitled to medical care and treatment, also compensation, if disabled at the time of discharge. They are entitled to compensation any time during their lives that they may become disabled as a result of injury or disease contracted while in the Army or Navy, the only condition being that they have medical examination within one year after discharge, when they are given a certificate of disability which they may use any time during their lives.

For the men who were discharged late in 1918 and early in 1919 this year is almost up. Think about it. Questions answered, information and help given at Home Service Section, Red Cross office in the Court House, Burlington, Ky.

RED CROSS MEETING.

The annual meeting of Boone County Red Cross Chapter will be held Monday, October 27, instead of October 20th as previously announced. This change of date is made to allow delegates to attend the State Conference of Red Cross workers being held in Lexington, Ky., October 20th and 21st.

Dr. Livingston Farrand, National Chairman of Red Cross, is to be the principal speaker in Lexington. Each Auxiliary should send a delegate. Dr. Farrand the division directors of all departments will be present. It is an opportunity to see and talk to the people whose names we have seen signed to letters so many times.

Peace time work of Red Cross will be explained. The information the delegates will bring back will be helpful in our meeting on the 37th. EDGAR C. RILEY, Chairman.

ONLY THIRTEEN MORE DAYS IN WHICH TO LIST YOUR PROPERTY. H. W. RILEY, TAX COMMISSIONER.

Notice to Policy Holders

All policy holders of the Farmers' Mutual Fire Insurance Company of Boone County, Ky., are hereby notified that the board of directors at their meeting, October 6, 1919, amended the by-laws so that hereafter any one using a gasoline torch or any other device to burn paint off his or her building shall do so at their own risk.

For Sale

Three first-class farms, lying two, three and five miles northwest of Lawrenceburg, Indiana, well improved and good roads.
Those farms are adjoining or in the neighborhood of the following former residents of Boone county, Kentucky: John Lloyd Norris, L. H. Sprague, Orin P. Phipps, Wm. T. Criswell, Chas. W. Brown, John J. Conrad, John and Jacob Utzinger and Clarence Coleman, who have purchased valuable farms in this vicinity and are honored citizens of Dearborn county, Indiana.
THE GREENDALE LAND CO.
Warren T. bbs, Secretary.
Lawrenceburg, Ind.
Oct 30

State News.

Georgetown.—C. H. Smith sold more than \$400 worth of watermelons from his patch in two days, exhausting his supply. Hundreds drove to the farm, about four miles from town, filling cars with the fruit.

Mt. Sterling.—The county High School has employed a teacher of scientific farming and agriculture this year, and he has begun his work. Indications are that he will have a large class. The teacher in charge is a graduate of the Agricultural College at Lexington.

Glasgow.—Many moonlight schools are now in session in Barren county, and some of the teachers are giving their time to help wipe out illiteracy in this section. Many pupils have enrolled, some of whom are 75 years of age. Within the past three weeks some have learned to read and write.

Clark County.—The unfavorable weather conditions and the high prices paid for threshing will materially reduce the wheat acreage in this county. The price for cutting wheat ranged from \$3 to \$3.50 and threshing cost 35 cents per bushel. The acreage sown this year will be fair, about normal, but not anything like so large as last year.

Bourbon County.—Much progress has been made in the seeding of all small grains. The early seeded rye is showing up nicely. Quite a large acreage is being seeded to barley to be followed by red clover next spring, which will be hogged down at maturity. The late seeded potatoes are practically a failure. The early planted and cultivated is making a rather good crop.

Frankfort.—Guthrie Clark, of this city, who spent several months building a plane, took it to Seneca's family farm in Woodford county to give it its initial tryout. After getting the machine ready for a tryout he left it there and returned home for the night. When he arrived at Senator Camden's place in the morning he discovered that some cattle had been turned into the field where the machine was and had devoured entirely the wing and tail. Clark's loss is about \$800 and will have to practically rebuild the plane.

Practically the entire crop of tobacco in the Barley district is cut and housed. According to estimates, the crop will be about 90 per cent of last year's crop. The decrease is due to the long drought during the growing season, notwithstanding that there was a considerably larger acreage planted. There has been some complaint of homesickness where the tobacco was overcrowded. A large portion of the tobacco, the early cut, is ready for stripping.

Red Cross Peace Program Detailed

National Leader to Address Chapter Delegates at the State Meeting

DOCTOR LIVINGSTON FARRAND, Chairman of the Central Committee of the American Red Cross, will visit Lexington, Ky., Indianapolis, Ind., and Cleveland, Ohio, the three states of the Lake Division, on October 20, 21 and 22. Chapter chairmen and delegates have been invited by division headquarters to attend these meetings and hear, at first hand, the far-reaching plan for Red Cross peace-time service.

With its war-time task not fully performed, the Red Cross is concentrating efforts on relieving after-war conditions, and in caring for men still in service.

The traditional responsibility of preparedness to offer relief in times of famine, fire and floods, will be part of the new peace-time service. In 1919 the Red Cross chapters are organizing their organization to include the Public Health, Nursing, Educational Classes in Dietetics, Home Care of the Sick and First Aid.

Home Service to civilian families and community work through the Junior Red Cross organization. The development of Community Health Centers, completely organized, where the official and volunteer agencies can be co-ordinated and brought into harmonious relations for protecting and promoting community health efficiency, is the big offering of the Red Cross to the people in American communities in carrying out its plan for peace-time service. Chapters are to supplement and not supplant the efforts of established and effective agencies.

In Ohio, Indiana and Kentucky, the details of the health center plan will be given to chapter delegates and the public by Doctor Farrand and other National Headquarters officials, at the state meeting just announced.

Red Cross Helps Returned Soldiers In Compensation

MANY returned soldiers do not yet understand that the government furnishes compensation for mental disabilities as well as for physical. The Lake Division Headquarters of the Red Cross, Cleveland, reports that 3,999 men in Ohio, Indiana and Kentucky are being treated for mental disabilities—shell shock and other ailments—either incurred during the period of service or resulting from military service.

In any part of the country a properly established claim for help of this sort will be met promptly. The simplest way of getting such a claim established is through the Home Service department of the Red Cross. Application may be made at any Red Cross office, chapter or branch, and it will be referred to the proper bureau.

Disaster Relief Work

Traditional Red Cross Service to Be Continued

PREPAREDNESS for disaster relief on a scale never before possible is being undertaken by the American Red Cross as one of the important features of its peace program. Support of this program will be asked in the Third Red Cross Roll Call, November 2-11.

Statistics show that since 1900, disasters of peace-time have brought personal injury to 1,500,000 persons, at the same time destroying property valued at over \$1,000,000. During 1917 alone, eighty disasters were aided by the Red Cross.

This situation demands a preparedness for emergency relief and that is what the Red Cross is to supply. Red Cross chapters everywhere will create disaster relief committees that will make surveys, locate food, hospital supplies, clothing, buildings for housing refugees, and will also canvass for physicians, nurses and social workers prepared to respond instantly to emergency calls.

In the case of great disasters where the resources of the division in which it occurs is over-taxed, the entire relief strength of the Red Cross in the country may be mobilized through national headquarters.

Red Cross chapters, division offices and the national headquarters plan disaster relief on a basis that it will become nation-wide in scope, and will assure for all emergencies a swift mobilization and application of whatever funds, supplies and experienced workers may be needed.

RED CROSS MEMBERSHIP MEANS

The spirit of service expressed in action.
Homes made Wretched by war, need help.
Communities at home need Red Cross Service.
The Red Cross in 1920 aims to complete its war work and to serve American communities.
JOIN THE RED CROSS
Third Roll Call, Nov. 2-11

Mr. and Mrs. Harvey Utz entertained the following guests Sunday: Mr. and Mrs. J. B. Graves, Edgar Graves and family, of Buellville; William Crigler and family, of Hebron, and Eli Surfact and family, of near Devon.
THE CROW A WHEATHER PROPHET.
As a weather prophet the crow has no equal. Should rain be imminent, these birds will raise about their wings, and reading places, wheel about overhead for a time, and then return to the places whence they arose. Should they stay in a long, short, then the rain will be here. A lived, but a continued flying overhead, is a considerable time, then the sun is sure to appear. To predict a storm, a crow appears. Should a hawk be added to the number, the weather will be a heavy rain or severe storm.
FRANCESVILLE.
E. J. Aylor was transacting business in Burlington last Monday.
Miss Beulah Barnes is visiting her parents, Mr. and Mrs. Samuel Barnes.
Mr. John Mattlin, of Delhi, was in the community buying hogs Saturday.

Commissioner's Sale.

Boone Circuit Court, Ky.
Katie B. Rice, plaintiff,
against—No. 278 Equity
J. E. Zimmer, defendant.

By virtue of a judgment and order of sale rendered by the Boone Circuit Court at its August term, 1919, in the above styled cause, I shall proceed to offer for sale at the court house door, in Burlington, Boone county, Kentucky, to the highest bidder, at public sale, on Monday, the 3rd day of November, 1919, at one o'clock p. m. or thereabouts being County Court day, upon a credit of six and twelve months, the following property, to-wit:

Lying and being in Constance, Boone County, Kentucky: Beginning at a point in the Bullittsville and Dry Creek Turnpike, a corner with W. S. Tanner's lot; thence with said pike east, or nearly so, a distance of fifty feet; thence North, or nearly so, to the Ohio River; thence up the river to said Tanner's line; thence with his line to the beginning, and being the same property conveyed to the said J. E. Zimmer by Katie B. Rice.

Or sufficient thereof to produce the sum of money so ordered to be made. For the purchase price the purchaser of said real estate, with approved security or securities, must execute bond, bearing 6 per cent interest from the day of sale until paid, and having the force and effect of a judgment, with a lien retained therein until all the purchase money is paid. Bidders will be prepared to comply with these terms.

Amount to raised by sale, \$515 49.
CHAS. MAURER,
Master Commissioner.

Social Happenings.

Personal Mention

Supt. J. C. Gordon is in Frankfort on educational business.

William Morris, of Erlanger, was a business caller at this office last Monday.

J. C. Hughes, of Richwood, was a business visitor to Burlington last Tuesday.

Robert Aylor, of Hebron, was an early caller at this office last Monday morning.

John M. Botts, wife and son, of Petersburg, were Sunday guests at Dudley Blythe's.

Mrs. Martha Collins, of Petersburg, has moved to Aurora, Ind., to spend the winter.

Thos. Adams from across Gunpowder creek was a business visitor to Burlington last Tuesday.

Edward Slayback and wife, of Florence neighborhood, were the guests at B. B. Hume's last Tuesday.

Chas. Scothorn, R. L. Baker and Chas. R. R. R. were acting business in Burlington, Tuesday.

Mr. and Mrs. Geo. Penn visited friends and relatives at Georgetown and Lexington several days last week.

Horace Cleveland, who is a student at Transylvania University, Lexington, is calling on friends in Burlington, last Sunday.

Edward Rice and family and Jack Eddins and family spent last Sunday with P. Rice and family in Idlewild neighborhood.

John H. Aylor of the Florence neighborhood, was a caller at this office Tuesday. He is looking well and says he never felt better.

Lester Guiley and wife and Albert Pettit and family visited in Big Bone neighborhood last Sunday, guests of George Horton and family.

Miss Gwendolyn Goodridge, intermediate teacher in the local school, entertained her pupils with a "Black Cat" party at her home in town last Saturday afternoon.

Mester Martin and wife returned last Saturday afternoon from a very pleasant visit to relatives in Indianapolis and other points in Indiana.

James Mitchell, from across Gunpowder creek was in Burlington Monday. Mr. Mitchell has improved considerably in the last few months.

Lieutenant Walton Dempsey and his aunt, Mrs. Eliza Rouse, of Erlanger, were visiting friends and relatives in Burlington last Sunday afternoon.

Mrs. Newton Sullivan, Jr., and little daughter, Sue, spent Saturday night and Sunday with Mr. and Mrs. Newton Sullivan out on the Petersburg place.

J. S. Moore and J. A. Loomis, of Big Bone neighborhood, came up last Friday to see the county road engineer on business pertaining to his office.

Jesse Kirkpatrick is attending the Masonic Grand Lodge in session in Louisville this week. He is representing Burlington lodge of which he is master.

Sterling Rouse, of Kidville, was transacting business in Burlington last Monday morning. He has gotten back into civilian customs since arriving from camp.

Butler Carpenter, from over on Price pike, was a Monday caller at this office. Mr. Carpenter is one of the county's substantial citizens and attends closely to his farm interests.

Mrs. Edgar Berkshire attended the National Christian church convention in session in Cincinnati last week. She was delighted with the proceedings and enjoyed greatly the four days she was present.

Mrs. Kirby Foster, of Jacksonville, Florida, who attended the Christian Church Convention in Cincinnati, last week has returned to her home in Florida. Mrs. Foster took advantage of the occasion and spent a short time with some of her relatives in this neighborhood.

Busy Officials

The sheriff and the tax commissioner had quite a number of callers last week. The end of the time for paying 1919 taxes and listing property for taxation in 1920 is drawing nigh, and the above mentioned are two things that are generally delayed as long as possible by many persons.

The sugar shortage has been felt very perceptibly in this part of the county. The Burlington merchants have been selling two pounds of sugar to country customers and one pound to their town patrons when they had any in stock.

Hear that Robert W. Rouse has traded his farm on which he has resided so long for the farm of J. M. Craven near by and which belonged to the late Wm. Craven. Both farms are near Harvest Home grounds.

The price of hogs in Cincinnati went off \$1 Tuesday. The bulk of the sales being made at \$12.50, Calves, \$18, weight steers \$10.50, and \$14, butcher steers, \$6 and 10.

Pastures have improved considerably the past month with the weather has not been very favorable to the growth of grass because of it being too cool.

This Commissioner Riley is urging the property holders of Boone County to not be careless about the matter of paying their property for taxes.

BOX SOCIALS.

A box social for the benefit of the Kentucky Children's Home Society will be given at the school house, Burlington, Saturday night, October 25th. Good music and a general good time. Come and help a good cause.

At Linaburg school house Saturday night November 1st. Ladies, bring boxes. Everyone bring your purse. Help Kentucky Orphans.

There will be a box social at Beaver school house, Saturday night, November 1st. Every woman who possibly can, is requested to bring a box. The proceeds will go to Kentucky Children's Home Society. Beaver has been asked for \$10.

A pie social and play party will be given at the Crisler school house on Saturday night, October 25th. The married ladies are requested to bring pies as well as the girls, while the gentlemen are asked to bring full purses. Proceeds for Kentucky's Children's Home. All are cordially invited to attend.

There will be a pie social at Sand Run school house, Friday night, October 25th. A special invitation is extended to all, and all the women are requested to bring pies. This is for the benefit of the Children's Orphan Home. Don't be a slacker and let your community lag behind.

ROMANCE AND REALISM
MINGLE IN SNOW SERIAL.

Photofans of Petersburg who are especially partial to Antonio Moreno and Carol Holloway since the debut of their serial in the "Iron Test," will hear with pleasure of the impending showing here of "Perils of Thunder Mountain." It has just been booked by the Ideal Theater, where it will be shown, commencing Wednesday, Oct. 23rd.

The new serial, like the last one with this intrepid team of thrill makers, is by Albert E. Smith and Cyrus Townsend, Brady, foremost serial writers for the screen. Suspense is a big element, quite naturally, in a serial telling a continued story. But the race between this factor and the realism of feats of strength and daring and action, is by Albert E. Smith and Cyrus Townsend, Brady, foremost serial writers for the screen.

In an address before the American Institute of Banking, one of the officers of the Northern Trust Co., of Chicago, says that one of the greatest advances that has been made in American banking is in the use of the check. "The bank can get almost as much as the dry goods store out of newspaper advertising," says this authority. And investigations in a score or more of cities support the theory. The time was when everything pertaining to banks and banking was an impenetrable mystery to the man outside of the bank, and the change that has come about through well-considered advertising is very plain.

Despite the fact that Kentucky Republicans are said to have a big campaign fund, Edwin P. Morrow is indulging in a lot of cheap talk.

DIED OF LOCKJAW

Dr. Richmond, of Bellevue, Dies After a Few Days Illness—Burial at Williamstown.

Dr. J. A. Richmond, of Bellevue died of lock-jaw last Tuesday between eleven and twelve o'clock. What caused the attack is unknown. Drs. Duncan and Yelton were called and did all in their power to alleviate his intense suffering but he continued to grow worse until his eyes closed in death. He leaves a widow and five little girls, the oldest aged ten years. Dr. Richmond came from Verona to Bellevue several years ago and had established himself thoroughly in his profession there and stood high as a physician among the members of his profession in this county. The funeral was held from the residence this Thursday morning at nine o'clock under the auspices of the Bellevue Masonic Lodge, of which he was a member. Rev. Baker being the officiating minister. Burial at Williamstown. Scott Chambers, of Walton, undertaker. The bereaved family has the sympathy of all who know of the sad-taking off of the husband and father. Since the above was put in type it is learned from Dr. Duncan, one of the attending physicians, that the lock-jaw resulted from Dr. Richmond's foot being pierced by a tack in his shoe. Dr. Richmond was a native of Tennessee.

VERONA

Our community was shocked and deeply grieved on Friday last by the death of little Frances Vest, daughter of Wm. Vest, aged 11 years, three months and 15 days. After a short illness pneumonia developed and she died. Her death came of her death. She was a bright little pupil of the 11th grade in the Verona school and was long enough to touch the hearts in some way of all who knew her. We feel her life, though short, has not been lost. She was a great favorite with her father and with her grandmother, with whom she had lived for several years. They have the sympathy of all in their bereavement.

DON'T FORGET D. L. & A. R. Rouse's lot sale on Day Hill. Great bargain on 1000 ft. of land. Lots sold from \$100 to \$1000. Advertisement.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF KENTUCKY.

In the matter of In Bank-Elizabeth Miller, vs. In Bank-Elizabeth Miller, trustee, No. 1946, Bankrupt.

AUCTION SALE.

Pursuant to order of Court herein, I will, on Saturday, the 15th day of November, 1919, at 1:30 o'clock, p. m., upon the premises at Big Bone, Kentucky, offer for sale to the highest bidder, upon the hereinafter mentioned terms, the following described property:

"Tract No. 1, beginning at a stone in Big Bone and Beaver Creek Road, bearing S. 12 degrees W. 36 links on the southwest corner of the storehouse that stood on lot when purchased by M. C. Carroll from J. W. Kennedy; thence N. 9 degrees W. 4 poles to a stone; thence N. 77.5 degrees W. 3 poles to a stone; thence S. 9.5 degrees E. 4 poles to a stone in the road; thence with the road, S. 77 degrees W. to the place of beginning; and being part of the property above the road at Big Bone, conveyed to J. W. Kennedy and wife by J. E. Stephenson and wife. "Tract No. 2, also a barn and lot known as Lot No. 1, in the Z. T. Baker Subdivision, bounded and described as follows: beginning at a point in the Big Bone, Big Bone and Hamilton pike, at a corner with E. A. McLaughlin; thence with his line N. 3 degrees E. 315.5 feet to a stone, another corner of said McLaughlin; thence S. 81 degrees E. 40.5 feet to a point in the aforesaid pike; thence with the pike S. 79 degrees W. 62 feet to the beginning.

"Tract No. 3, also a storehouse and lot at Big Bone, Ky., bounded as follows: beginning at a point in the center of the Hamilton and Big Bone Turnpike, at a corner of J. A. Wood; thence running east 26 feet, more or less, to a corner of M. R. Green; thence south with the said Green line 100 feet to a corner with John White; thence west with said White line 40 feet, more or less, to a corner of J. A. Wood; thence north with said Wood line, 100 feet to the beginning.

"All of said tracts being the same property conveyed to H. L. Miller by G. L. Miller, and recorded in Deed Book 49, page 389, of the Boone County Records, at Burlington, Ky., and devised to H. Elizabeth Miller, the bankrupt herein, by the Last Will and Testament of said H. L. Miller, the same being recorded in Will Book _____, page _____ of the Boone County Court Records, at Burlington, Kentucky.

The Trustee will offer for sale first Tract No. 1, which is the dwelling house; then Tract No. 3, which is the store, each separate and apart, and then offer the two parcels together; he will then offer Tract No. 2, which is the barn, and he will finally offer all three tracts as a whole, and will accept the greater or greatest bids received together.

The terms of sale are cash upon delivery of deed; said property will be sold clear, free and unincumbered of all liens or taxes, including the bonded debt of the bankrupt, excepting taxes due and payable for the year 1920.

WILLIAM J. LOUPREE
Trustee in Bankruptcy.
FREDERICK W. SCHMITZ
Attorney for Trustee

WANTED

Take Your County Paper.

A Hard Winter for the Goat.

The threat of a miners' strike grows more and more menacing. It is to come on November 1, the ultimatum miners say, unless their demands, including the demand for a five-day week are granted. The operators refuse to arbitrate while the miners stand with a knife at their throat, that is, while the strike order stands. To defer the strike pending settlement by some form of accommodation-negotiation, mediation or arbitration would seem to be the same, fair course to pursue, certainly the only course that will afford anything like a semblance of justice to the public, in the last analysis bears the burden of industrial conflict.

But the miners will not hear to that. "The strike will not be called off," is their dictum, issued thru the medium of their spokesman, John L. Lewis, who adds the assurance that there will be enough coal on hand by November 1 to keep the country warm for thirty days. But after that? What if no settlement shall be effected within the thirty days? Shall the country freeze? Shall the public be subjected to the untold horrors of a coal famine in the midst of winter, with its inevitable oil or kerosene, because the parties to a dispute can not come together in some form of mutual understanding?

The thought is monstrous. And yet that is the very thing that we must expect if these warring elements can no longer be brought to see that their interests, vital as they may be to them, are small as compared with the interests of the welfare of the very life of the public as a whole. The miners say the operators are trying to freeze the country into submission by insisting upon the acceptance of "impossible demands." The public is the goat.

Meanwhile the metropolis of the country faces a famine because the longshoremen and their employers can not come to terms. Notwithstanding the efforts of the international leaders of the union, only 5,000 of the 70,000 strikers have returned to work. As a result, foodstuffs are piled high on the piers, large quantities have decayed, prices are soaring and New York is face to face with the danger of universal starvation, with all the horrible potentialities involved therein. The public is the goat.

It is high time that the public took a hand to check the evils of the constantly recurring labor disputes. There should be some way by which, irrespective of either employers or employed, the foodstuffs piled upon New York piers and all incoming supplies necessary to the sustenance of the community could be moved to their destination in order that universal disaster might be averted. By the same token there should be some way by which coal could be moved in the event of a miners' strike, at least to such an extent as would prevent a fuel famine.

The people do not want to freeze. The people do not want to starve. How long are they going to be content to be the goat?—Commercial Tribune.

PT. PLEASANT.

Miss Carrie DeWitt is visiting her niece, Mrs. J. W. Riggs. Mrs. Ellen Riggs and daughter, Miss Eva, of Bragg, have been visiting at the home of Mr. and Mrs. Webb Riggs. Protracted meeting closed last Saturday at Pt. Pleasant church with five additions, Miss Eleanor Walton, Miss Sarah E. Tanner, Miss Kittie Brown, Frank and Virgil Holst. Brother Webb's sermons were very helpful and interesting and no estimate can be placed on the amount of good these meetings have been to our neighborhood. He was accompanied several evenings by his talented and beautiful wife and daughter, who rendered heart stirring solos. One evening Mr. and Mrs. Webb sang as a duet, "I am so happy in Him," and all who heard were greatly impressed by their wonderful voices.

A series of dinner parties have been given the past five weeks, displaying Kentucky hospitality to the utmost, in honor of Mrs. Ellen Russell and Miss Lucy Russell from Long Beach, California. Time and space forbids mentioning the details of each dinner and the number of guests present so we were giving the names of the ladies who entertained: Mrs. Carrie Riggs, Mrs. Loula Tanner, Mrs. Addie Gaines, Mrs. Belle Baker, Mrs. Lizzy Rouse, Mrs. Annie McGlasson and Miss Carol White, Mrs. Rucker and daughters, Mrs. Ruth Cloud, Mrs. Sallie Souther, Mrs. Alice Kenyon and Mrs. Virgie Kottmeyer.

ONLY EIGHT MORE DAYS IN WHICH TO LIST YOUR PROPERTY BEFORE PENALTY GOES ON. H. W. RILEY, TAX COMMISSIONER.

Took Ride in Airplane

W. H. P. Holloway of Petersburg, was a visitor to Burlington last Friday. The day before he was at Aurora, where he took a ride in an air plane at one dollar a minute. He ascended 2,000 feet and looped the loop once and said it was great beyond description. Mr. Holloway is the first citizen of Boone county that has had the nerve to take a trip into the air.

Sold His Farm.

Melvin Jones sold his farm near Florence, known as the Joshua Tanner farm, for \$11,000 to an Owen county man last week. Mr. Jones bought the farm not many months since and sold at a handsome profit. There are 67 acres to the farm.

Out in the State.

Tobacco is all out in Trimble county.

The season is not so favorable for curing in the New England States as it was earlier in the season.

Growers in Jessamine county rushed their crops into the barns last week, fearing frost. The crop is now all in the barns.

All tobacco in Clark county, except on a few farms where the operators are holding out to the very last, is in the barn at the end of last week.

Many farmers in Woodford county have started their tobacco stripping. It is much nicer to strip now than in falling weather, so all who are not busy sowing small grain are stripping.

North Carolina tobacco has all been harvested and they are in the midst of a very busy marketing season. The weight is light and a large percentage is of low quality, due to unfavorable weather. Prices are ruling high.

There has been considerable improvement in the price of tobacco of Maryland. It was feared that much of the tobacco housed was cut and given away, but now, by that, it will be of a color that will not set to advantage.

Wisconsin's crop has been in the fields for several weeks. The yield is not so satisfactory. The wet weather brought out some pole rot in the fields and, unless dry weather comes very soon, there will be considerable loss from this source.

Tobacco cutting has been completed in Bourbon county. As some farmers house the late crop, others have most tobacco was early to ripen and are now engaged in stripping and preparing the crop for the opening market in December.

Many growers of Virginia regard the crop of that State the poorest in their memory. During the last of September and the first of this month the condition, contrary to the experience of growers in many other States, declining rather than improved.

Tennessee tobacco went into the house rapidly the last of September and the first of this month. About 75 per cent of the crop was in the house the first of October. Most of it is in good shape, though from loss of an early frost much of it was cut green. It is reported that the tobacco is curing well.

Scott county growers think that the price of tobacco this season will be unprecedented. One farmer has been offered 90 cents a pound for his entire crop by a tobacco buyer. They are, however, not many good crops in Scott county, according to the opinion of good judges there. The acreage is large, but the yield low on account of the long, continued drought.

On account of the late fall a great deal of the tobacco in Fleming county was cut green. Much is still in the patch, owing to the slow ripening. A part of the tobacco still in the patch will be cut green on account of the cold spell after the rest of the week. Farmers are afraid of frost.

The weather so far has been very favorable for curing the green tobacco to give it a fair color.

There is practically no tobacco remaining standing in the field in Fayette county. Little householding has been reported and farmers have a few crops begun the work of stripping the crop. This work will be delayed by most growers until after the first good frost, then being a better assurance that the frost is necessary to set the color of the weed.

The work of cutting and housing tobacco in Nicholas county was about completed by the 15th of this month, a few scattering crops of tobacco remaining out. The tobacco is curing nicely, but people who have not completed cutting and housing are somewhat alarmed for fear that early freezes, should any occur, would injure the tobacco and cause it to cure with a greenish cast. Generally speaking, the tobacco in Nicholas county will be of a rather fine quality. Much of it matured sufficiently to cure properly. The tobacco crop was not so large as was expected. A complete line of the situation can now be had from the capacity of the barns and the extent to which they have been filled. There was an abundance of barn room after the crop of 1919 was housed.

Big Land Sales

A. E. Foster & Son No. 3 Pike Street Covington, recently sold the Joe Coleman farm in Kenyon county containing 170 acres to Mr. Roberts of Berry, Ky., the Dr. Eckman farm of 78 acres at Sandfordville to Mr. Simrall of Covington, and the John Wood Carpenter farm in Boone county containing 20 acres. These farms brought a total of \$31,075, averaging \$97.50 per acre.

His Annual Visit.

Edgar Berkshire, the fruit man from out on the Bellevue pike came in early last Monday morning and left his annual contribution of a gallon of apple cider. He brought also with him a guinea butter bean but which Mr. Berkshire says is nothing but a fraud. It is 21 inches long and has the appearance of a gourd, the only thing looking to make it a gourd is the shape.

Had a Good Sale

The sale of Jones and Yonell was well attended on Wednesday of last week and the property sold brought good prices. Cows brought from \$6 to \$100; one horse, \$101.50; corn, \$2.00 in the shock.

The Story of a Tarrot Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1909 A. P. Wilson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Purser Captain. His pay today is \$165.76 per month.

A man's life—among men!

Reck them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a well-known man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddlers.

Enlist for two years. Excellent opportunity for advancement. Your weeks holidays with pay each year. Shore leave to see friends and visit at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

Shove off!—Join the
U.S. Navy

SAFE, GENTLE REMEDY

BRINGS SURE RELIEF

For 200 years GOLD MEDAL Hailem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles, and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed. Weakness, sleeplessness, nervousness, dizziness, headache, stomach trouble, pain in the back and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Hailem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease. Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Hailem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original importers. In three sizes. Sealed packages. At all drug stores.

WILL BUILD FARM HOME FOR WAIFS

"Back To the Soil" For Destitute In Kentucky Children's Home

GOVERNOR INDORSES PLAN

The Kentucky Children's Home Society, exclusively devoted to the care of homeless children, will make a drive throughout the state the week of October 27 to 31, for the purpose of raising \$300,000. Definite plans have been made and Governor Black has issued a proclamation asking the unqualified support of all Kentuckians.

The Kentucky Children's Home is one of the state's unique institutions. During its twenty-five years of existence it has sent 5,000 children into good homes and has insured them "a square deal" from the world.

It cares for children who otherwise would be ignored for it gives protection to those who otherwise would have no protection. It is operated by a personnel that works because its members love to work among children.

Need New Equipment.

At present, the society is housed in a group of old residences in Louisville. These buildings are not adapted to the needs of the institution and children are crowded. They must sleep in crowded rooms and play on crowded play grounds.

When the drive is completed, the society plans to eliminate this congestion. Eighty-six acres of land have been purchased ten miles from Louisville on the Louisville and Nashville railroad and a complete cottage farm system has been planned.

This will give children all the room they need, will insure their health and take them from the mark and confusing influences of the city.

The society now has 200 children under its care. When the new home is completed it will be able to care for many more.

The success of the drive is not a question of locality. The society is a state institution and cares for the state's homeless children. Those in one section are as interested as those in another.

Given Wide Support.

The proposed campaign for funds has thus far received united support. Clergymen, teachers and prominent citizens have signified their approval. One hundred and ten county school superintendents are backing the proposition. Hundreds of teachers say they will do all in their power to insure its success.

School children who have homes will be given opportunities to assist in providing a home for those children who have none.

Each child will be asked to give. All schools will be solicited by a committee. There will be no compulsion, but pupils will be asked to contribute what they can.

Citizens' committees are being formed and will canvass the town in which organized.

Remember, it's for the child, who has lost the home your child has.

The success of the drive will give health to children who otherwise would be emaciated and weak. It will give them an opportunity to become good citizens.

The proposition will shortly be up to the people of Kentucky. Kentucky will see that it goes through with a success.

TAKING SHAPE.

There is good reason to believe that at last this country really is preparing to take its place with other modern governments in the matter of conducting its affairs in a businesslike way.

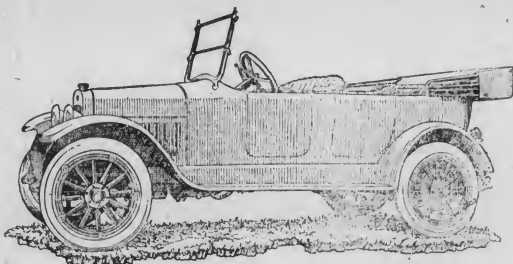

The recommendation of a reform in the method of making appropriations, most expensively made by a special House Committee on Budget is gratifying in that it promises relief from the nobody-knows policy which heretofore has obtained.

The budget bill, introduced by Chairman Good, presents a concrete plan out of which should be developed a much desired and workable law. In brief, the bill reported out by the special House Committee provides that the tremendous business of the National Government shall be transacted just as competent and progressive business men conduct their private enterprises. The abiding wonder is that we should have gone so long under the old haphazard, catch-as-catch-can procedure.

Hundreds of billions of dollars have been appropriated and expended in the past with a reckless disregard of all business considerations. Half the appropriations have been made with out any idea as to where the money might be had to meet them. The taxpayers have been the uncompensated victims of particular noncompetents almost since the beginning of our system.

Now we are to get down to business and business means order. Under any reasonably devised budget system waste must necessarily be eliminated. Co-ordination of expenditures with full knowledge of probable revenues is the practice of other nations. It is a sensible plan. The Congress will be entitled to the congratulations of every thinking citizen in the country if it will give early and undivided attention to the completion of this all-important budget legislation.

One Post-War Maxwell Built Every 1½ Minutes

ONLY 60% of the demand for this magnificent Post-War Maxwell is being filled at the present time.

Yet eight great plants are working to capacity; and 13,000 men are devoting their best efforts to provide enough Maxwells.

Today, one Post-War Maxwell is being built every 1½ minutes of the working day.

This is at the rate of 100,000 cars per year.

Imagine what this gigantic production means to a purchaser of a Maxwell car.

Think of the gigantic saving in money which the purchase of millions of dollars worth of materials

means, and how the list price can be made so low.

Think of the accuracy, the sureness of the design of each single part, to take a chance on such rapid and enormous movement of raw material through those great plants to completed product.

Then think of the endorsement by the public which this great demand indicates.

The best of this demand is represented in the good will of 50,000 owners of Maxwell cars before the coming of the Post-War Maxwell.

And the public bought \$200,000,000 worth. They will buy \$100,000,000 more in the next twelve months.

W. L. KIRKPATRICK,
Agent for Boone County
Burlington, Kentucky.

Go South, Young Man.

Men are constantly being amazed by the simplicity of great inventions. The inability of the millions of the mass to exercise the five senses has ever been a mystery, and quite likely will continue to be so. This, perhaps, may account for the only recently discovered fact that the real undeveloped frontier of the United States is in the Atlantic and gulf coastal plains. Nearly one hundred per cent of the 110,000,000 people of the country have been dumbly looking toward the West and considering the reclamation of the arid plains as the proper aim of those serving a larger domain for agriculture.

There comes, therefore, as a surprise from the consulting engineers of the United States Reclamation Service the announcement that there are vast areas in Florida, Alabama and the Carolinas, comprising millions of acres of land, which with a small expenditure could be utilized. In the Everglades alone there are 1,200,000 acres, and in North Carolina nearly 1,000,000 more.

So numerous are the available sites that the difficulty experienced most is in the selection of the best of the many. These are to be found as well in Texas, Mississippi and Arkansas where such alluvial sectors are encountered.

Experts have recommended to Secretary of the Interior Franklin K. Lane if it is decided to place soldier colonies at reclamation work, that these sites be first chosen because of the almost positive assurance that they will yield twentyfold the investment. It is passing strange that these wonderful advantages have been overlooked thru all the years and a needed development so close to the center of the nation's population permitted to languish. Still, no permanent damage has been done. Instead, there has been created a feeling of assurance that these huge territories constitute a reserve for the future.

CONSTANCE

Mrs. Eva Williams is the guest
of her brother, William Wilson,
on Taylor street.

Mr. and Mrs. John Wertz, Sr.,
entertained quite a number of
friends from the city, last Sunday.

Mr. L. Milner and daughter,
Mrs. Wheeler, of Georgetown, are
guests of his son, A. F. Milner
and family.

John Dolwick, son of Mrs. Kate
Dolwick, has bought the Eddie
Riggs place in the Pt. Pleasant
neighborhood.

The social for the benefit of
State Orphan's Home at the school
house here was a decided success.
They realized \$50.

Mrs. Lizzie Klusner is able to
be out after suffering severely
from having a piece of chicken
lodged in her throat.

Little William Clore, son of Mr.
and Mrs. Mike Clore, who cut his
eye lid last Monday, is getting
along nicely now. It was a nar-
row escape from serious injury to
his eye.

This community has suffered a
loss in the death of Capt. Charles
Kotzner, one of the pioneer res-
idents of this village. He oper-
ated the ferry at this place for
over fifty years and in that
time made many improvements in
the ferry system. Captain Kotz-
ner will be missed in this com-
munity where he has lived so
long. He was born in Germany,
and came to this country when
four years old. The funeral was
held at Hebron church. Burial in
the cemetery there. There was a
large concourse of friends at the
funeral.

THE BARTON-DULANEY CO.

INCORPORATED
Rooms 203-5 Peoples Bank Building
P. O. BOX 113
COVINGTON, KY.

No doubt your attention has been called to the wonderful development of oil properties in northern Texas and southern Oklahoma. We believe you will also be interested in the development undertaken by this company.

Nowhere in the United States, and scarcely anywhere in the world, has there been such a development of oil land as in Texas. The property under lease by this company is in Tillman County, Oklahoma. The boundary line of Texas, adjoining Tillman County, Oklahoma, is Red River. Immediately north of Red River, and flowing into it a few miles to the east, is what is known as the Deep Red River. This latter river flows directly through the property now under lease to this company. Reference to the map printed herewith will show you the position of our lease, with respect to the other development in that neighborhood.

The lease covers two hundred and sixty acres of land which was owned outright by W. D. Barton, now Vice-President of this company. He has owned, and occupied it as a farm since 1913. The development of oil lands all about him induced him to undertake the development of his farm, the fee of which he still owns. As you realize, 260 acres of land in this territory is an unusually large lease. Many of the large developments in this territory, and particularly in the Burk-Burnett field, have been successfully carried on and proven of immense value, with not more than twenty

acres. The pipe line is already constructed to within a very short distance of the company's property, which is about an equal distance from two refineries. This insures a ready market for our entire production without delay and cost of construction of pipe line.

The development is going forward rapidly on all sides of our property, and wells have been proven in direct line both northeast to southwest and southeast, so that from the standpoint of a geologist our lease is practically a proven lease.

Sales have been consummated within the last few days of lease holds quite close to our property which show that the best informed investors have every confidence in the future of this field. One notable sale was that of the Burk-Wagner lease, for approximately two million dollars. This lease lies but ten miles southeast of our lease.

The most productive oil sand in this country lies approximately two thousand feet below the surface, and drilling is therefore an expensive undertaking. It is the policy of the officers of this company to proceed with the sale of stock until sufficient capital has been realized to undertake the drilling. It is therefore important that the necessary amount of stock be sold at as early a date as possible, in order that the drilling may commence without delay.

We feel that you should also know that this is not the effort of ordinary stock jobbers to unload worthless stock upon the public, giving them no return for their money, but is an honest effort of the owner of a valuable oil property to develop it and share his success with his friends and their associates rather than sell his land to a large corporation, and let it realize the great profit that is sure to follow the striking of oil.

This property has recently been inspected by Jenkins W. Jones Engineer and Geologist of Cincinnati, Ohio, who has given a most favorable report which may be shown to any one interested.

This investment should appeal to you particularly as the men who represent this Company all have prominent standing and bear good reputations in your immediate community.

MORE FAT OFFICES.

Washington, Oct. 22.—Commissioner of Internal Revenue Roper says he will begin making appointments of prohibition commissioners in each of the several States for enforcement of constitutional prohibition, which becomes effective in January, 1920, under the

There will be an army of applicants for these commissions which carry a salary of \$5,000 a year. The appointments, it is understood, will be made by the Commissioner of Internal Revenue. It was said today that he would confer with Senators and Congressmen before announcing his appointments.

In other words, it looks as if the Senators' virtue will not be the prohibition commissioner.

It is also understood that the Internal Revenue Commissioner in each State would be consulted in the matter of naming these commissioners, since they would be subject to Senate confirmation.

Whom the Kentucky Senators have recommended or may recommend is not known. It is probable that neither has yet been consulted by the Commissioner of Internal Revenue, who cannot confer with all Senators in a day.

But the new office is highly desirable, though its responsibilities will be heavy.

Each prohibition commissioner will be allowed to select a staff of officers for field work.

PINER FAILED.

But a Lively Game Was Pulled
off Between the Alumni's
and Locals Team.

The Vinner basketball team failed to show up for the game scheduled with the local school on Saturday afternoon and an immediate forfeit with members of the alumni present was staged. The affair proved to be a walk-over for the school team as the Vinner team was absent. The outcome was not a surprise to anyone present for the former members of the school had not had much practice in the last few practices whatever in preparation for the game. Considering this fact and how easy it is to lose out for various conditions, wind, rain, the other boys put up game and they should be given credit and with proper training and conditioning would soon be able to play in form and make the present school team hustle to outpoint them, even though it does take a "Hundred" to get out of the crepe of defeat upon them.

Will Move to Burlington.
James D. Acra, of Locust Grove neighborhood, who, a few weeks since sold his farm to Ransom Ryle, has bought of C. C. Roberts his residence and lots in Burlington. Consideration, \$6,900. This is a nice residence property located in the heart of the town, being big and comfortable. A. A. Sayre, when he located in Burlington many years ago, Mr. Roberts is in the market for a farm and will make purchase as soon as he finds one that suits him.

Small Farm Well Sold
Stanley Stephens has bought of Tyra Bondurant his 14 acre farm on Middle creek at the point where Rocky Branch empties into Middle creek. It is a very nice home, pretty good improvements and an abundance of the best water that flows in Kentucky. Consideration, \$3,000.

Pumpkins Slow Sale
Pumpkins have been slow sellers this fall for the first time in several years. Many farmers have been feeding them to stock. The reason for the falling off in demand is that sugar has been scarce and high. —Lawrenceburg Press.

Paying Time Has Arrived
Persons who subscribed money for the construction of the Middle creek and Bellevue pike are requested to pay the same as the money is needed.
RALPH CASON,
Collector.

Received a New Oakland
B. C. Gambo has received his brand new six cylinder enclosed Oakland automobile. It is a very handsome and comfortable conveyance.

Col. Sam Rouse, the old Democratic War Hero from over on Long Branch, was called on this afternoon last by the editor of the Times to discuss what the Democrats should do about the

and the corresponding points on Figure 5, are, as a general thing, pretty reliable.

10

"I told you," the father, replied, "so that none of you would go into the wood, and if you do, make a heavy club with you. I guess I can take the boys along," he went down and as if we could guess this neighbor hood unsafe for rattlesnakes after this."

So it is with disease. It would be like burying our heads in the sand to pretend that the flu is not coming. A half million people are dying every day, and it is likely it will attack millions of others, that it may not reach this fall and winter.

It is better to know that rattlesnakes are in the woods than to be in possession of that information.

It is better to oust the rat leader.

So with the flu.⁴

Elect Gov. Black Tuesday

Kentuckians! The issues are clear! On its record in State and Nation, a united Democracy asks you to answer these questions by your votes on Tuesday, November 4th.

Will a Ringing Message of Cheer go to that sick chamber in Washington, or will Kentucky go under the cloud of support of those men who are seeking to discredit America's Greatest Statesman, purely for partisan Reasons?

Will Kentucky go forward to four years of progress under the able leadership of Governor James D. Black, or will it become a pawn in the hands of A. T. Hert, whose sole use for our State is the furtherance of personal ambition?

Morrow's Todays Are All Yesterdays

Seemingly, he does not know that it is Gov. Black who is his opponent in the present race. His entire campaign has been one of "what he would have done."

He has said he would have kicked out the School Book Commission, though even he must have known that that would have made him a lawbreaker. The question naturally arises—would he, as governor, care for the laws of the state?

He has criticized the new tax law, though he knows that he gave it his endorsement and that it bears the name of a fellow Republican. Not he—but Gov. Black, instead—has made constructive criticism of this law.

He has continually talked of "cleaning house at Frankfort" and charged the maintenance of useless offices—yet to repeated demands he has not dared name one charge against any man nor specifically state one office he considered useless.

Far Out of Step With Kentucky's Progress

Morrow has gone far back to Augustus E. Willson's administration for comparison of expenditures. By doing this, he has shown a lamentable lack of knowledge of the costs of today and of the yesterday in which he has been living.

He has shown, too, a surprising lack of knowledge of the onward sweep of progress that Kentucky has been making.

Seemingly he does not know that since Gov. Willson's term a Good Roads Department has been established and it has built 1,740 miles of roads, at a cost to the state of \$3,040,916.

Seemingly he does not know that Kentucky now has 13,000 rural schools while under the Willson administration there were but 8,000. Is it any wonder \$2,800,000 more has been spent for educational purposes?

Not Too Late, Judge!

Judge Bethurum, it is not too late! You publicly stated that you would withdraw the Republican nominee could it be shown that he had a hand in the tobacco cases of Grant County.

At the same time your candidate was admitting that he wrote a letter opposing the pardon of the five farmers convicted. You need not even take his word for it. Attorney General Palmer will tell you, as he has told all of Kentucky in a published letter, that the files in his office at Washington show that Morrow did oppose the pardon that was rightfully granted these men.

Make good your word. Your candidate's guilt is proven. It is up to you.

Ballard Self-Confessed Profiteer

Thurston Ballard, the multi-millionaire president of Ballard Mills, of Louisville, was the man chosen by A. T. Hert for his hand-picked Republican ticket as the candidate for Lieutenant Governor. A close personal and business friend of Mr. Hert's, with ample funds at his disposal for campaign purposes, it is easy to see why he was chosen for as the nominee for this office.

Admits Selling His Flour at \$1.00 Less in New Orleans than in His Own State.

This is the man who is running with Mouth-Piece Morrow at the head of the Republican ticket—the man who, by his own admission, pleaded guilty to being a profiteer. Not satisfied with profiteering, the defense he made of his action is a slap at the people of Kentucky. The reason he gave is that he sells his flour for cash in New Orleans—as though Kentuckians could not pay cash!

Black Fights For the League of Nations But Morrow Only Equivocates!

The Republican nominee is already listening to "His Master's Voice." To Gov. Black's repeated challenges as to his stand for or against the League of Nations, he has given only evasive answers. He dare not face the issue fairly and squarely.

Yet is there anyone who doubts that the election of Morrow will be hailed by Republicans as a victory in their fight in opposition to the League of Nations.

Elect Morrow governor and they will come out from under cover and in glaring headlines announce that Woodrow Wilson's stand for civilization has been repudiated.

By their evasion they stand against it—they make it an issue.

Kentucky gave nearly three thousand of her sons to make the world safe for democracy. Will their lives have been given in vain? Will Kentucky continue to uphold the hands of Woodrow Wilson, to whom the peoples of the world are looking for leadership? Your votes Tuesday will decide.

Shall A. T. Hert Rule Kentucky?

Hark to What Chairman Rhea Said of A. T. Hert, the Republican "Boss" of Louisville, in His Speech at the Opening of the Democratic State Campaign at Hopkinsville.

"Shall A. T. Hert, lately of Indiana, now of Kentucky, be allowed to name the members of the State Tax Commission? Shall he and his millions dominate the politics of this state for the next four years? This is the most vital issue facing the people of the State today.

"Shall Mr. Hert, with the aid of Thurston Ballard, the profiteer, and the other millionaire candidates on the Republican ticket, be allowed to take over the State government outright? Behind Mr. Morrow's booming voice is the cunning hand of Hert. Morrow is the mere mouth-piece for Hert. The voice is that of Jacob, but the hand that of Esau. Shall Hert build a bridge from the Louisville City Hall to the State Capitol? Shall the Louisville Republican machine extend its sway to Frankfort?"

DO KENTUCKIANS WANT TO SEE HIM USE THE GOVERNOR'S MANSION AS A STEPPING-STONE TO WASHINGTON?

Vote The Democratic Ticket and Vote It Straight

LOOTED

Bank at Alexandria, Campbell County, Robbed of \$54,000 By Yeggmen.

The bank at Alexandria, Campbell county, was entered some time between 1 and 4 o'clock a. m. last Monday, and bonds and securities to the amount of \$51,000 were taken from private deposit boxes which were forced open. It is claimed that \$10,000 of the bonds are registered and can not be successfully handled by the thieves. An unsuccessful attempt was made to blow the safe. The telephone wires entering the bank about midnight, but they did not excite any suspicion on the part of those who saw them.

It was about seven o'clock in the morning before the robbery was discovered, when the cashier was notified of what had happened.

The robbers drilled a hole in the steel door of the bank vault and used nitroglycerin to blow it open. They used carpets and rugs to muffle the noise of the explosion. All safety deposit boxes but one, a total of 51, were pried open with a small crowbar. From the 51 boxes the robbers took \$40,000 in registered bonds, \$10,500 in coupon bonds, \$800 worth of stamps, 500 money order blanks and \$130 in cash and \$500.50 worth of stamps of the Postoffice Department. The maximum for which a money order may be cashed is \$100. They also stole \$2,700 worth of bonds and war savings stamps belonging to Postmaster Nease. The only money they obtained from the bank funds was \$40 in pennies. There was \$20,000 belonging to the bank in a cash box near the deposit boxes, but the robbers did not attempt to open this box.

James Stephens, of Lawrenceburg, was transacting business in Burlington, Tuesday.

Lost—Between Bradford & Snellings on Woolper pike pair wire pinchers with hammer on. Finder will please notify Willis Herkshire, Burlington R. D. 1.

Chester Grant, one of the hustling young farmers of the Idlewild neighborhood, was transacting business in Burlington, Monday. While in town he called at this office and had his subscription to the Recorder moved up another year.

Benj. Long, of Florence, was transacting business at this office last Friday. Mr. Long has been annoyed very much by hunters in past years and this fall he gives them notice of what they can expect if they trespass upon his lands. Mr. Long reported corn rotting in the shock in his neighborhood.

FRANCESVILLE.

Mr. and Mrs. Frank Aylor, of Hebron, visited relatives in this community Sunday.

J. S. Eggleston and family were guests at Seymour Wilson's near Hebron, Sunday.

John Cave, Jr., has moved to the farm which he recently purchased from J. S. Eggleston.

Arthur, Florence and Mary Eggleston spent Sunday at Charles Reegenbogen's near Hebron.

The friends of Mr. and Mrs. L. T. Bates will be glad to hear that they have arrived safely in California, and like that country very much.

John and Cecil Copner, of Hebron, were guests of their cousins, Robert and Howard Goodridge, Sunday.

Mr. and Mrs. Sam Barnes entertained several of their relatives, Saturday night and Sunday.

by the school here Friday night for the benefit of the Kentucky Orphan Children's Home, was a great success. The proceeds were \$38.30, \$18.30 over the quota for this school. The teacher, Miss Sadie Riegan, wishes to thank all for their hearty cooperation in this work.

VERONA

The game of ball played at this place last Saturday between Verona and Big Bone was won by the latter by a score of 10 to 0. The Verona team did not have its regular players which accounts for the one-sided score.

For Sale—Lot pure bred cockerels, beautifully marked and from fine layers. Come early and get choice. \$1.00 each. W. B. L. CLEGG, Walton R. D. 3. Phone on Farmers Use.

HEBRON.

Mrs. Morris Rouse has a new playing piano.

Clint Clutterbuck moved to Lur low last week.

A large crowd attended the dance given by Mr. and Mrs. Clint Clutterbuck Saturday night.

Miss Julia Aylor, of Ludlow, was the guest of relatives here Saturday night and Sunday.

Remember the box social at the school house Friday night for the benefit of the Orphans' Home.

Mrs. E. M. Wilhite, of Springfield, Mo., arrived Sunday to visit Geo. Gordon and family and other relatives.

Myron Garnett moved Mrs. Florence Heall from Jordan Heall's to the home of her father near St. Bernard, last week.

Misses Lydia and Bessie Aylor and Mary Comer will have a room at Burlington so as to be near the High School.

Local Happenings.

Judge R. G. Williams, of Covington, will address the Democrats of Boone county at the court house in Burlington next Monday at 1 p. m.

Only a few days now and the hunting season will be open. The Petersburg pike is in the best condition it has been for years.

Water courses all over the county have been on the rampage the past week.

Benj. Paddock, of Hebron, was a business visitor to the Hub last Monday.

Timothy Westbay and wife, of Covington, were Sunday guests at C. C. Roberts'.

Go to W. L. Kirkpatrick's store for your foot-wear. He has a nice stock on hand.

The place in the river last week put a stop to the work on the McVillie dam.

Pink Rice and wife and Wilbur Rice and wife were guests at Jack Eddins' last Sunday.

David Akin, of Bellevue R. D. was a business visitor to this office one day the past week.

A force of tinner were doing repair work on the court house roof and down spouts last week.

Cincinnati's death rate for the first nine months of this year was the lowest in the city's history.

The pie social at the Crisler school house realized over \$25 for the benefit of the Kentucky Orphans.

A. R. Johnson and John Sleet, of Waton, were business visitors to Burlington last Saturday afternoon.

As compared with last year the acreage sown to wheat in this county will not exceed fifty per cent. this year.

Mrs. Emma Baldon and daughter, Mrs. Mattie, of Aurora, Ind., were Sunday guests of Mrs. Sarah Carpenter.

Cleveland Baker, from over on Riddle's Run, was transacting business in Burlington one day the past week.

H. W. Shearer and wife, of Newport, were guests of Mrs. Shearer's parents, Mr. and Mrs. F. A. Hall, last Sunday.

W. B. Arnold, one of the prosperous citizens of the Bellevue neighborhood, visited the Hub last Saturday afternoon.

William Hedges and wife went to Covington last Friday to visit their son, Clifford, who has been quite sick with tonsillitis.

Circuit Clerk Maurer accompanied the remains of Dr. Richmond to Williamstown where they were interred last Thursday.

The frequent rains this month have been a great help to the late potato crop in Ohio, increasing it as much as 20 per cent.

Hon. W. W. Dickerson, of Cincinnati, and Judge Strother, of Waton, were among the business visitors up at the court house last Friday.

Stephen Gaines and Jas. White, prominent citizens of Flickertown neighborhood, were among the Saturday afternoon visitors to Burlington.

There are now two prisoners in the county jail. They have been on hand for some time, and will remain until circuit court is held in December.

Post your farm in the RECORDER. Mr. Farmer. We will run your name in the posted column until the hunting season is over upon receipt of 50 cents.

P. B. Riddell, of Price pike, has recently sold his farm to S. K. Wallace, of Coalwood, Va. Possession will be given March 1st. Consideration not mentioned.

Benj. Stephens, of East Bend, and a member of the Boone Co. High School 1919 graduating class, came up last Saturday afternoon to help boost the box social.

Don't put off posting your farm until you have lost a good horse or cow. It will be to late then. Send 50 cents to the Recorder and we will post it for you.

R. G. Dun's representative was canvassing the town last Friday securing information as to the business men's financial ability to meet their future obligations.

Gov. Black, Democratic nominee for Governor, spoke to a fine audience at Waton last Tuesday afternoon, the large auditorium of the Christian church being crowded to its capacity.

DEMOCRATS, bear in mind that that a State election will be held next Tuesday, and YOUR PARTY needs YOUR vote. Remaining away from the polls is the same as giving the opposite party one-half of a vote.

P. E. Bruce, of Petersburg R. D. was a caller at this office last Friday. He reported all the wheat sowed in his neighborhood. Mr. Bruce is one of the successful young farmers in his precinct. Mr. Bruce posted his farm against trespass.

Wallace Rice, Assistant National Bank Examiner, spent from Saturday afternoon until Monday morning, last week with his parents, Mr. and Mrs. Ed. Rice. Immediately following his discharge from the service he was assigned to a Pennsylvania district but has been transferred to Kentucky and is at work under Examiner Chennault again.

Jeane Kirkpatrick arrived home from Louisville, last Friday morning, having attended the Masonic Grand Lodge. He reports a very delightful time and says the Masonic Fraternity in Kentucky is in a very prosperous condition and will soon have the one million dollars subscribed with which to erect a new Widows' and Orphans' Home in this State.

**"Let's do the darn job together"**

--Ches. Field

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor--a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember--"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrapping--another reason for Chesterfield's unchanging quality of flavor.

Liggett & Myers Tobacco Co.

**20 for 20c**

--and the blend can't be copied

THE BARTON-DULANEY CO.

INCORPORATED
Rooms 203-5 Peoples Bank Building
P. O. BOX 113
COVINGTON, KY.

No doubt your attention has been called to the wonderful development of oil properties in northern Texas and southern Oklahoma. We believe you will also be interested in the development undertaken by this company.

Nowhere in the United States, and scarcely anywhere in the world, has there been such a development of oil land as in Texas. The property under lease by this company is in Tillman County, Oklahoma. The boundary line of Texas, adjoining Tillman County, Oklahoma, is Red River. Immediately north of Red River, and flowing into it a few miles to the east, is what is known as the Deep Red River. This latter river flows directly through the property now under lease to this company. Reference to the map printed herewith will show you the position of our lease, with respect to the other development in that neighborhood.

The lease covers two hundred and sixty acres of land which was owned outright by W. D. Barton, now Vice-President of this company. He has owned and occupied it as a farm since 1913. The development of oil lands all about him induced him to undertake the development of his farm, the fee of which he still owns. As you realize, 260 acres of land in this territory is an unusually large lease. Many of the large developments in this territory, and particularly in the Burk-Burnett field, have been successfully carried on and proven of immense value, with not more than twenty

acres. The pipe line is already constructed to within a very short distance of the company's property, which is about an equal distance from two refineries. This insures a ready market for our entire production without delay and cost of construction of pipe line.

The development is going forward rapidly on all sides of our property, and wells have been proven in direct line both northeast to southwest and southeast, so that from the standpoint of a geologist our lease is practically a proven lease.

Sales have been consummated within the last few days of lease holds quite close to our property, which show that the best informed oil operators have every confidence in the future of this field. One notable sale was that of the Burk-Wagner lease, for approximately two million dollars. This lease lies but ten miles southeast of our lease.

The most productive oil sand in this country lies approximately two thousand feet below the surface, and drilling is therefore an expensive undertaking. It is the policy of the officers of this company to proceed with the sale of stock until sufficient capital has been realized to undertake the drilling. It is therefore important that the necessary amount of stock be sold at as early a date as possible, in order that the drilling may commence without delay.

We feel that you should also know that this is not the effort of ordinary stock jobbers to unload worthless stock upon the public, giving them no return for their money, but is an honest effort of the owner of a valuable oil property to develop it and share his success with his friends and their associates rather than sell his land to a large corporation, and let it realize the great profit that is sure to follow the striking of oil.

This property has recently been inspected by Jenkins W. Jones Engineer and Geologist of Cincinnati, Ohio, who has given a most favorable report which may be shown to any one interested.

This investment should appeal to you particularly as the men who represent this Company all have prominent standing and bear good reputations in your immediate community.

Col. E. R. Rivard and brother, A. T. Rivard, of Covington, Sunday with their parents, Mr. and Mrs. Alfred Rivard.

Mrs. William Scott has purchased property in Florence and will move there soon. We regret to lose our old neighbor. Lou Scott and family are moving to his father's farm and will continue in the dairy there.

Mrs. Hutsell is home after a pleasant visit to her sister in Grant county. The sale of Wm. Woodward was largely attended. Cows brought from \$140 to \$190. Mr. and Mrs. Frank McCoy had for guests Sunday, Mr. Geo. Bassett and family and Mrs. Edward Stephens and daughter, Miss Isabelle.

Chas. Glass has rented the farm of J. C. Conrad and will move there in March. John Sanders, of Mt. Zion, has sold his beautiful home. We are sorry to have Mr. Sanders and family leave the neighborhood.

For Sale—Fresh cow. Apply to R. K. Huey, Burlington R. D. L.

PRINCE ALBERT

the national
joy smoke
makes a whale
of a cigarette!

Copyright 1919 by
R. J. Reynolds Tobacco Co.

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your answer, you'll find tippy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, precious pound crystal glass humidor with sponge mister that keeps Prince Albert in such perfect condition!

Sums of \$10.00 and under, cash; on all sums over \$10.00 a credit of six months, without interest will be given, purchaser giving note with approved security before removing property, payable at Erlanger Deposit Bank.

KENNETH E. STEPHENS.

LUTE BRADFORD, Auctioneer.

James A. Huey, of Union, was a caller at this office last Tuesday and left a sample of very fine late Irish potatoes which he dug that morning. He gets about three to the hill and the yield is great. They are called the Sensation.

The Boone County Chapter of the Red Cross elected the following officers at its meeting in Burlington last Monday afternoon: Dr. F. L. Sayre, Florence, President; Miss Lizzie Rogers, Burlington, Secretary; Gleda Kelly, Burlington, Treasurer.

Box Social and Masquerade at Hebron High School on Halloween night for the benefit of the Kentucky Children's Home. All ladies are requested to bring boxes. Married ladies boxes will be sold to married men and boxes of young ladies to single men.

WALTON.

Lost—In Walton, keys on ring. Return to Equitable bank.

Since Wallace spent part of last week in Cincinnati with friends.

Mrs. Mary Fields spent the past week with relatives at Ludlow. Henry B. Hanes left Friday for Tulsa, Okla., where he expects a good position in the oil fields.

Willie Reamour left last week for Cincinnati to attend school and to make his home with his father W. C. Reamour.

Prof. J. C. Gordon, of Burlington County School Superintendent, spent last Saturday and Sunday here with friends.

Russell R. Alexander bought a fine registered Big Type Poland China hog from the D. R. Wallace Grant County Stock Farm.

Rev. R. L. Shirley and family spent the past two weeks at Perryville where he conducted a protracted meeting at the Baptist church.

Henry C. Diers spent part of the week at Troy, Ohio, arranging for the shipment of nursery stock he has sold for the season.

For Sale—Ten pure bred R. L. Red cockerels; will sell them singly or in lot. Mrs. M. F. Rouse, DeLassville, Ky., R. D. 1, D. B. Wallace farm near Brier.

C. C. Bedinger has sold his two lots in Fairview Addition to the Town of Walton, to his brother, Benj. P. Bedinger, of near Richmond, who expects to build a nice residence thereon.

John G. Kennedy of Verona, was a visitor here Saturday. He had just returned from Louisville where he had sold his tobacco crop on the market, and realized very good prices, averaging over thirty cents.

H. H. Sutton, of Anchorage spent last Sunday here with friends. He has been assigned to New Orleans for part of next month as Traveling Auditor of the L. & N. Railroad Company, to check up the office in that city.

Mr. and Mrs. John L. Vest, Mrs. John C. Bedinger and Mrs. J. M. Stamler are attending the Annual session of the Grand Chapter of the Eastern Star in session in Lebanon, Marion county, representing Walton lodge.

Rev. R. H. Crossfield, President Transylvania University, Lexington, spent last Saturday and Sunday here, and preached at the Walton Christian church in the morning and the evening to large sized congregations. His discourses were very fine in thought and reasoning power.

Mr. and Mrs. Isaac H. Lunsford and Mr. and Mrs. O. E. Elliott were called to Sharonville, Ohio, to attend the funeral of Mr. Lunsford's daughter, Mrs. Elmer Simpson, who died October 18th. She leaves a husband, three sons and one daughter.

Miss Jennie Dickie, who has been at Fayetteville, Arkansas, as secretary of the W. C. A. student, returned home last week, quite ill and was taken to Cincinnati where a successful operation was performed for an intestinal trouble, and she is now rapidly recovering.

The election in Kentucky will be held next Tuesday, Nov. 4. Citizens ticket for town council will be as follows: H. C. Diers, R. H. Alphin, J. Cloyd Powers, J. M. Arnold. Another ticket was contemplated, but the names were not filed with the county clerk to be printed on the ballot, as the law contemplates.

A. M. Edwards sold his garage and automobiles, supplies last week to H. B. Dixon, who bought it for himself and brother, who will come here from Virginia in a short time to take charge. Mr. Edwards will continue his coal and undertaking business, and will erect an office on the lot next to the store of W. B. Norman, having leased the ground for that purpose.

The Christian church began a temperance meeting to be conducted through this week in the interest of the proposed amendment to the State constitution favoring prohibition in Kentucky.

Rev. R. H. Crossfield, of Lexington; Rev. W. T. Barum, of Georgetown; Rev. J. H. Waters, of H. H. John L. Vest addressed a large assemblage at the Christian church Sunday afternoon, and Rev. Waters and other speakers will continue the meeting during the week.

Sgt. Maj. Jas. F. Mickell of Big Bone Springs, who is the Commanding Officer of the Troop in the Field, District of Mirelains, Republic of Haiti, under date of Oct. 13th, writes: "I have been in this place one month and I like it about as well as any place in Haiti. I only have five companies here, and if it were for the small detachments that I have I would not have practically nothing to do, but I have twenty-three outposts out of which I have four men, and daily reports from them, and are sending out our patrols every few days, and getting reports from Port Au Prince. I have kept one very busy. I have to dispose of my clerk and as it is difficult to get another one I expect I will have the work to do. None of the soldiers want to come into the office as it deprives them of a chance at the skirmishes, as they are called, for the patrols will like for Port Au Prince and strike a bunch and only get to fire three or four shots per man; the Caros like to be in the bushes as they soon as they see the patrol, they will not delay. The Marins I was on a patrol last week, the first I was on about three years. We went to small place called Bonnet Carré, and at noon and starting out next morning at 8 o'clock. We discovered a small bunch at daybreak, a hill about one thousand yards away. We got a few of them before they got in the bushes, but most of them got away. The only way we get many of them is to get them hemmed in where they can't get away; for they won't give up, for they believe we will kill them if we capture them. There is little prospect of getting this place cleaned up, for if we kill or capture one the Caros chiefs can get two to take their place; but it is immaterial to me when it is over for I get out of here in April and I will leave it to them to handle."

FLICKERTOWN.

J. H. Snyder and family visited in Lawrenceburg, Sunday.

Chas. Snelling and Frank Voshell lost some cattle recently with black leg.

Mrs. Harriet Tingle, of Indianapolis, is the guest of her relatives here.

Lee Snyder and family visited Wm. Sobree and wife Saturday and Sunday.

Mrs. Sarah White and Hazel and Sarah Brady visited J. W. White and family Saturday and Sunday.

John Burns and wife, Will and Beulah Furns, and James Jarrell, Jr., dined at Henry Decks, Sunday.

The box social at the Woolper school house Friday night, was a success. It went over the quota, Net \$18.25.

Wood Maxwell, wife and daughter, Nellie, of Covington, visited Ed Maxwell and family Saturday and Sunday.

GUNPOWDER.

R. E. Tanner is confined to his room with a severe cold.

H. F. Utz, of Devon, was doing some farm work on our ridge last week.

We have several sorghum deposits here. The price is \$1.50 per gallon.

J. Allen and wife spendately with the writer and wife last week.

Robert Snyder has made a good start stripping his large crop of tobacco.

R. E. Tanner and wife attended Wm. Woodward's sale last Saturday near Devon.

J. H. Tanner, of Florence, made this writer a brief call on Thursday of last week.

B. A. Rouse and family visited his place, Mr. and Mrs. J. W. Rouse, last Sunday.

Ab Robbins is putting in his spare time hauling gravel and extending the Hopeful pike.

Robt. Tanner has completed a new hog house which will be quite a convenience and will have a capacity for about twenty hogs.

The continued wet weather has thrown some of the farmers back with their seed as the ground has been too wet for several days.

Last week was an ideal time for handling fodder, and Uncle Henry Barlow with his force of helpers was on our ridge early and late for several days husking corn.

PT. PLEASANT.

Mr. and Mrs. Tom Bradford and son, Russell, of Union, motored to Pt. Pleasant Thursday evening to see Miss Lucy Russell and mother.

Mrs. Addie Gaines and Mrs. B. H. Tanner presented Mrs. Russell and daughter, Lucy, with a huge cake, made by Mrs. B. H. Tanner, as a remembrance from Old Kaintuck.

Thursday was "at home" day for Miss Lucy Russell and mother. Quite a number of friends and relatives came to say adieu and to wish them a pleasant journey back to sunny California. They left Cincinnati Saturday morning at 8:30.

A pie social and bazaar was given at the Rucker school house last Friday evening for the benefit of the Orphanas Home, \$38.85 was taken in. Miss Rosa Penco, teacher, wishes to thank every one who helped to make the affair a success.

A Lunkin Club was organized last Wednesday at the home of Mrs. Val Dolwick. The following members were enrolled: Mrs. Hildreth Dolwick, Mrs. Flora Dolwick, Mrs. Nora Wertz, Miss Mabel Dolwick, Mrs. Loula Tanner, Mrs. Addie Gaines and Mrs. Dorla Southard. Application for membership may be obtained by coming to the next meeting at the home of Mrs. Flora Dolwick, 19th November.

Mrs. Ira Walton assisted by Mrs. B. H. Tanner entertained at dinner last Wednesday in honor of Miss Lucy Russell and mother. The house was beautifully decorated with dahlias and cosmos. Covers were laid for the following guests: Miss Lucy Russell, Mrs. Addie Gaines, Miss Urie Tanner, Mr. and Mrs. George Bradford, of Union, Mrs. Helen Tanner, of Walton, Mrs. B. H. Tanner, and Mrs. Keene Southard and son.

Important Meeting of Jersey Breeders.

The Jersey breeders of this county will hold a meeting at the county house in Burlington next Monday, county court day, for the purpose of effecting a county organization. They have set out to place among the Jersey dairy men the registered sires, and organize a pure-bred Jersey association to accomplish this work.

If you are interested your presence at the meeting next Monday is very much desired. This is a great work on which the daily interests of the county.

will sell at Public Auction to the highest bidder at my farm near McVile, Boone County, Ky., on

Monday, Nov. 10th

WILL BE

DE LAVAL SERVICE DAY

For the benefit of our many customers and users of De Laval Cream Separators we have established a *De Laval Service Day*.

On this day we shall be glad to have any De Laval user bring his complete separator to our store for a thorough and careful inspection and adjustment, which will be made free of charge. Should any parts, due to unusual wear or accident, need to be replaced, this will be done, the only charge being for the price of the new parts used. No charge will be made for the service.

Both a De Laval Service expert and a representative will be with us to assist with this work. Bring in your De Laval Separator that day and receive the benefit of their advice on the care and operation of the machine, as well as the free service. It is our wish, and that of the De Laval Company, that every user of a De Laval Separator get the maximum of service at the minimum of cost, and we therefore urge you to avail yourself of this free and useful service.

GREAT MEETING.

Two Received by Letter, Five Reclaimed, Fifty-four for Baptism.

Rev. T. C. Crume, pastor of La-tonia Baptist church, also Moderator of North Bend Association, came to Bellevue to assist us in our annual series of meetings on Oct. 13th. He is a consecrated servant of the True and Living God, and believes in the Gospel as "the power of God unto sal-vation to every one that be-lieveth." He preached the Gospel day and night from Oct. 13th to Oct. 21. God blessed the efforts put forth and sent the Holy Spirit in His might and power, and gave us a great meeting.

The following are some visible results, and those connected with the deepened consecration on the part of the membership about what was accomplished during these days:

Those following are the names of those added to the church:

Josephine McCarty, Lizzie Mc-Carty, Hugh Alpha Rogers, Wal-lace Clure, Mary Clure, Frances Rogers, Elizabeth Brown, Vernon Scott, Sheridan Pope, Mabel Pope, Jennie Rogers, Alma Muntz, Wal-ton Rogers, Sebern Brady, James Robert Hurry, Wilbur O. Kyle, Wm. Rogers, Harriet Conner, Ida May Wilson, Lloyd Clure, Angero Wal-ton, Bernard Rogers, Elmer Jarrell, Franklin Clure, Bessie Stucky, Clayton Brown, Enoch White, Leola Loudon, Noah Seebree, Evelyn McGuire, Sam Williamson, Emmitt Loudon, John H. Hood, Willard Kyle, Albert Loudon, Benj. Rice, Kirby Conner, John Presser, Ruth Williamson, Beulah Kelly, Thorma Passon, Beatrice Muntz, Roy Beem-on, Katherine Sullivan, Charles Herman Bachelor, Geo. Howard Rector, James Stephens, Kenneth Berkshire, Elijah Pendry, Russell Rogers, Geo. Alvin Clyde, Jim, Marian Rogers, May Akin, Wilbur Aylor, Otto Muntz, Bessie Muntz, George Rogers, John Deek, Mil-lard Loudon, Artie Stephens. Two of these came by letter, five were reclaimed. Fifty-four for baptism.

One young man has answered God's call to the preaching of the Gospel.

Ordained as Deacons: W. B. Rogers, R. A. Brady, Jr., Ralph Cason, Everett E. Clure.

Two B. Y. P. U's were organized; Senior with 15 members; Junior with 38 members.

The church raised the pastor's salary \$300 per year, gave to the organist Miss Alline Clure, \$14, to the pastor's wife for a coat suit \$40, to Bro. Crume for his services \$173.75.

We went over the top with our quota on the 75 Million Campaign, our quota being \$6,000.

pledges having reached over \$6,200, with less than one half of our members subscribing to the present. We are hoping to do our quota. "Praise God from whom all blessings flow!"

C. E. BAKER, Pastor.

King Rule and Kaiserism

King rule and Kaiserism are own cousins. King rule is a govern-ment by one man and his royal family. It means that the gov-ernment can not exercise his own free will or good judgment only as the King sees fit. It means that this government will set prices for the individual to give or take. The King some times calls a figure-head, but he man-ages to figure every thing for himself and his royal family. Democ-racy is a government by the people, for the people, equal rights to all and special privileges to none. It means that the gov-ernment has the right to exercise his own free will and good judgment for the welfare of his country, his people, and his race. It means that he is at liberty to do with his own as he sees fit. It means that he has the right to set his own prices, give or take. Now is there anyone who is thoughtful enough to believe that we could have a world De-mocracy under King rule? Who ever heard of such deceit and abuse that is thrown on the name of Democracy? To dishonor our constitution is to dishonor our flag. The man or men who will step from the jurisdiction of our constitution to commit an over-act without a voice from the people-it looks one to me like we would become a traitor-guilty of treason and a fugitive from jus-tice. Other papers are at liberty to copy at their own expense any article that may appear in this paper over my name.

J. E. HALL.

Some Price For Tobacco.

Sid Woods and sons who grow a crop of Tobacco on farm re-cently sold by Arnold and Lit-trell says that from the ground from which they cut the crop of tobacco in August they have this past week cut a very fine crop of suckers which they hung upon sticks from which they stripped the leaves. The cutting which makes two crops upon the same sticks and two crops from the same land. The first crop was a very fine one and will be ready for market for which a fine price is expected. -Queen County Democrat.

Feeling Gloomy Over Prospects

The people out on the East Bend road are taking a gloomy view of prospects for travel over that thoroughfare this winter. In some places the water has been allowed to run in the middle of the road for an indefinite period and is running there yet and at these points the road will become impassable before next spring. The contract to pave the road has been let and some work along that line has been done, but at present the outlook for its completion is very bad and those who thought several months ago that they would get a pave-ment are very much discouraged. The wherefore of this the Recorder knoweth not.

Waits Patiently for Recorder

Renewing her subscription to the Recorder, Mrs. Frances C. Mor-ler, of San Francisco, California, writes:

"The Recorder has been my best friend for news from home since I have been away, which is seven years. I can always depend on its coming each week just like a letter and it will get here today in the afternoon deliv-ery, and I can hardly wait to get it. "Although we are better sat-isfied in some other State we always have a good feeling for home and all the people there. "Winter has set in here and the rainy season is here, so we are having some very chilly weather and we sure stay close to the radiator when the steam heat is on. The hotels are here, so they could have last winter when fuel was scarce and are trying to put it over the same way this winter, although they did not fail to raise the price of rooms when heat was turned on."

CORN AND TO-BACCO DAMAGED

Corn Rotting in the Shock. --Tobacco Rotting and Falling From Stalk.

The rain the past month sup-plied an abundance of water for both livestock and crops. While it is very necessary but at the same time it has damaged corn and tobacco badly, causing much corn to rot in the shock and tobacco to rot in the stalk. The crop generally in this county was of indifferent growth which, follow-ed by the misfortune that has overtaken it this month in the house, makes it the meanest crop for many years-in fact ac-cording to reports the crop now in the house in this county is the most inferior ever produced by Boone county growers. There is occasionally a crop that can be tabbed first-class, but these crops are few and far between, and will, in all probability, command a fancy price.

Popham's Weather Prediction

Erlanger R. D. 1, Nov. 1, 1919.

To the Recorder:

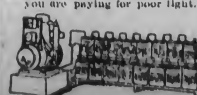

This has been the funny season of all the 26 years I have re-corded-cold and wet late in the spring, and then the hot wave struck and the dry weather set in and lasted until Sept. 22. Rain got busy in October and rained for 18 days, the rain fall being 11 inches, the largest rain fall of any month in the last 26 years and also the warmest Oc-tober of which I have a record. Moving back the morning tem-perature was 62 degrees and it was raining, which beats the other 25 years for a starter.

I have watched the weather for years and find crows, snakes and all such things in the land, all of which are running at large yet. I am looking for a warm, wet winter this time. Now if this prediction fails I want the read-ers to lay the blame on the snakes, etc., and not on me, I will close for this time.

W. E. POPHAM.

High Prices Refused.

A dispatch from Versailles says "several crops of tobacco have been sold from 40 to 60 cents a pound, and one extra good crop changed hands at 75 cents. High prices are being offered daily and many are refusing to sell."

LOVE LEADING LOVERS

J. C. Love-Pilots a Wedding Party to Burlington.

Judge Riddell Breaks in as a Solemnizer of Matrimo-nial Rites.

A Covington wedding party under the guidance of Joseph Love, formerly of Grange farm, neighbor-hood, hove into town last Thursday afternoon in a large Packard car. Mr. Love was not long in locating County Judge N. E. Riddell, to whom he revealed the mission of his comrades. The parties had secured marriage li-censes in Covington and the judge lost no time in pronouncing the ceremony that united for real or Joe Joseph Beck and Miss Anna. It was the County Judges first effort at adjusting the nuptial knot several parties rushed to the court house to observe him perform and were astonished at the ease and grace with which he pulled off the stunt. The newly weds left im-mediately after the ceremony for Covington.

A Business League

For the World.

The drift of human thought, de-sire and purpose are certainly in the direction of some sort of world order. The current is moving in that direction like a mighty river toward the ocean. Earnest thinkers every where are talking a cosmic language. World conferences upon every conceivable subject-political, religious, commercial-are being held, or proposed. World leagues and cov-enants are being established or considered. World customs are be-ing stabilized. A world conscious-ness is being developed. World projects are in the air. "Nation-ism" is being smothered in the sanctuary of its thought for "internationalism."

It is not surprising, therefore, to read that Mr. Eugene Schei-nel, head of the Commercial and Works of France, who is here as Chairman of his country's delega-tion to an international confer-ence of business men at Atlantic City, means to propose the es-tablishment of some kind of per-manent world organization sim-ilar to a Chamber of Commerce. He declares that the desirability of such an institution is rapidly becoming a commercial necessity, so closely are the interests of the human race being knit or welded together.

This idea is full of sublimity, as are all others of this cosmic na-ture-to those at least, whose minds have been emancipated from the thrallhold of provincial considerations. They have discerned with a boundless satisfaction that instead of national interests being alien and antagonistic they are a unit; they are one and in-separable. They know beyond the peradventure of a doubt that race distinctions are antiquated and race antagonisms of a transitory nature. They experience a daily thrill of wonder and exultation at the thought of knocking down of "middle walls of partition" between the peoples who have been fighting each other for centuries, and of meeting of their hearts together in enduring friendship.

To the cynic or the skeptic, who thinks such thoughts are "pipe dream," the prospect of this hardheaded, one might al-most say ironheaded, businessman must come with a shock of sur-prise.

Halloween Party.

Mrs. L. A. Conner entertained with a Halloween party last Fri-day evening. The party was ex-tended to the evening. The evening was a large number of persons of the most grotesque appearance. Upon assembling the guests were surprised to find that the evening but it was not long before the identity of each had been deter-mined. The evening was one of great enjoyment and every one present was delighted with the entertainment provided by the hostess. It was the local event of the season.

Market Will Open Dec. 10.

Walton Loose Leaf Tobacco Warehouse will open its sales Wednesday, Dec. 10th, and will have sales Wednesday and Sat-urday this week. The ware-housing of tobacco is a curing up-nicely and considerable has al-ready been stripped. An effort will be made to market the tobacco as early as possible for the market will not last as long as the one last season, though there will be no near the amount of pounds to offer for sale, the crop being very short.

Hopeful Church.

Lutheran church, Rev. George A. Roper, Pastor, Nov. 9th, 10 a. m., Sunday School; 11 a. m., regular service. Theme: "The Soldier and His Country." The general public are invited to attend. The church will be a final re-ports of the treasurer of the church building committee of the Lutheran church. Divine worship at 8:30 a. m.

When Does the Day Begin?

When does a day begin? Dif-ferent nations have had their own methods of punctuating time. Our calendar follows the Romans in beginning the day at midnight; for all practical purposes we reckon on it from sunrise to sunrise. The Athenians and the Hebrews, however, began their new day at sunset. In the story of Creation we are told, "And the evening and the morning were the first day." This Hebrew habit of be-ginning the day at sunset has survived even to our own time in regard to the day of rest. The whole significance of Burns' "Cotter's Saturday Night" is lost if we forget that to the Scotch Presbyterian Saturday night was a part of the Sabbath. The week's cares were thrown aside when the peasant saw, in the evening shad-ows, the beginning of the Lords' day-Atlantic Monthly.

Bought Another Fine Farm.

Alvin Jones, who sold his farm near Florence a few days ago has bought of J. C. Hankins his fine farm on the pike between Hebron and Bullittsville. This farm, admirably located and will make any man a good home, but Mr. Jones will sell it as soon as he is offered a better one. He considers a sufficient profit. Mr. Hankins has bought the Stanley Graves prop-erty at Hebron, one of the best appointed homes in that part of the county, and was owned by Charles Clure at the time of his death.

Five Years Old.

The Walton Advertiser was five years old with its last week's issue, and it says it is now "a permanent fixture in Walton and Boone counties." The Advertiser makes the Walton people know that it is among them.

GRAND MASTER CLAYTON

W. H. Clayton Elected Grand Master of Kentucky State Grange.

At the annual election held by the Kentucky State Grange at its session in Cincinnati, last week, W. H. Clayton, of Hebron, this county, was elected State Master. Mr. Clayton has been a faithful member of that organization for many years and has given much time and labor in the interest of the objects the Grange has sought to advance in the past many years. The election of Mr. Clay-ton to the highest office in the gift of the State Grange was the rewarding of a faithful member.

Armistic Day Home Coming.

All are invited to Ohio County's Home Coming of Soldiers. The Soldiers of all wars are cordially invited. Parade in charge of Noah O'Ban-ion Post, American Legion. Address by Hon. Charles Remy, Judge of Indiana Supreme Court. Eighteen piece band will furnish music. Big dance in evening free. All soldiers will be treated on chicken and other good things. One Aeroplane will be here to give exhibitions. The breaking of a second one if weather is favorable. Soldier boys of Boone county are invited to attend. A general invitation to all to be with us on this great day.

Now a Resident of Erlanger

J. W. Conner, late of Union, this county, is now a resident of Erlanger, where he will enjoy life along with a score or more other Erlanger residents but yet citi-zens of Boone county. They are called Erlanger residents because they reside there but claim their citizenship in Boone county which the Erlanger attractions are not sufficient to overcome. J. W. and his good wife will be missed very greatly by the Union people among whom they lived so long.

Losing His Crop.

County Farm Agent W. D. Sut-ton's crop of tobacco is said to have rotted badly in the house. Because of conditions over which Mr. Sutton had no control and the further fact that he has been kept on the jump all the year looking after the interests of the farmers this county. He did not get his tobacco planted as early as he otherwise would, con-sequently it was cut and housed late and the very unfavorable weather caught it. He is in the same boat with many other to-bacco growers in this county.

About 200 Delinquents.

County Tax Commissioner H. W. Riley says there are about two hundred persons who have failed to list their property with him for taxation. The time for listing property closed last Friday but the Commissioner will be in his office in Burlington for several days yet, and will receive your list. If you have not listed, he will send you a notice to do so. Mr. Riley used every means at his command to have all the taxpay-ers list their property without becoming delinquent, and every citizen who failed to comply with the law in that regard.

HOME COMING

Of Boone County's Soldiers, Sailors and Marines to be Held at the Court House Saturday.

A Home-coming for the soldiers, sailors and marines will be given at the court house in Bur-lington on Saturday the 8th inst. Mrs. B. C. Gaines, Chairman of the Home-coming Committee has had post-cards printed by which to give everyone entitled thereto a special invitation, and no efforts will be spared on the part of the committee to make the occa-sion a grand success. If you are or were a soldier, sailor or mar-ine be sure to be on hand and meet again with your comrades in arms from Boone county. There is a very strong tie binding the boys who share the hardships and the home-coming of next Saturday from 4 to 8 o'clock should be an occasion on which to renew that tie. The program will be music, entertainment and refreshments.

Over The Top.

How delighted we are to sur-prise our County Supt. of Schools, J. C. Gordon, who has been judg-ing our strength by the size of the school and school house! Crisler school was asked to raise \$12 for the Children's Home, more than doubled; hat sum, so we present it with willing and cheer-ful hearts and hope those who are benefitted shall know that a little district school on a little knoll, way back on mud roads, should also be credited.

It is my desire to express my thankfulness for the presence of so many at our pie social Satur-day evening; to the ladies for the beautiful and delicious pies; to the gentlemen for full pres-ence to those who did not attend but sent contributions and to Mr. Jno. Summers, who sold the pies and made fun for the presence of

The Bible says, "Ask and ye shall be given," so, Mr. Gordon, will you join us in rejoicing over our job and in judging our strength by our size for success? After the young folks played games for awhile, their attention was turned to the eating of the eating of pies, to which all did justice, and learning of our going over the top twice, remained to play longer and departed full of pie after spending a delightful evening.

MRS. KATIE M. MULLINS, Teacher.

Mistakes.

When a plumber makes a mis-take he charges twice for it. When a lawyer makes a mis-take it is just what he wanted, because he has a chance to try the case all over again. When a carpenter makes a mis-take it's just what he expected, because the carpenter makes a mis-take he buries it. When a judge makes a mis-take it becomes a law of the land. When a preacher makes a mis-take nobody knows the difference. When an electrician makes a mis-take he blames it on the induc-tion, nobody knows what that means. But when an editor makes a mistake-good night!!!!

-Exchange.

Rye Doing Nicely

The large acreage of rye that was sowed in this county this fall is looking fine and bids fair to furnish an abundance of pasture this fall as well as in the spring, the fall pasture depend-ing on the weather the next few days. Erlanger residents are getting such an excellent start this fall that it can be depended on for spring grazing.

Miss Malinda Roberts Dead

Miss Malinda Roberts, 83 died at the county infirmary one day the past week and was interred in the cemetery on the premises. She had been a beneficiary at that institution for seven or eight years and came from the Mudlick neighborhood. She was a very amiable old lady, and was liked by the persons at the infir-mary.

County Agent Will Decide

Ed. Rice and Dr. Yelton are en-gaged in a strenuous discussion as to what name the latter should give to a growth he has in his corn field and which he claims is a species of millet. Rice declares it is nothing but the troublesome hog weed which he has had considerable experience. County Farm Agent Sutton will be called upon to settle the controversy.

Getting Rid of Old Ballot Stubs

County Clerk W. R. Rogers de-stroyed a large lot of election ballot stubs which he had pre-viously stored in a building near the court house. These were a spring wagon load of them and they occupied considerable room in the clerk's office. He has yet on hand a large lot of the same material, which he will dispose of as soon as the law will permit.

A Weeks News

At its earliest possible moment the county will begin the con-struction of a large garage in which to store its trucks and other road machinery and equip-ment. The building will occupy a site on the county's lot south of the jail and east of the Re-corder's office in Burlington.

It looks now like the fuel ques-tion is going to become as aer-ious as the sugar proposition. The Fuel Administration having taken hold of the matter the fire-less days may come back to this county before the coal miners' strike is settled.

Stephen Gaines, breeder of reg-istered Shorthorn cattle, has had printed at this office some sta-tionery necessary in such a busi-ness. In fact every farmer in the county ought to have his card on his letter heads and envelopes.

Rev. Baker, of Bellevue, was a caller on this office last Satur-day morning. He closed a very successful revival meeting at his church the night before, a full ac-count of which appears in this week's Recorder.

Chas. W. Goodridge, for several years Boone County Road Engi-neer, arrived at the home of his father, Sunday to be ready to put his X beneath the rooster last Tuesday. Mr. Goodridge is looking fine.

L. B. McNeely, carrier on Bur-lington R. D. 2, was cut off by the high water in Gunpowder creek last Friday and did not get back to the Burlington post-of-fice until Saturday morning.

To avoid feeding 10-cent hogs \$2.50 corn the farmers will butch-er their meat as early this fall as they can, and speraribs and sausage will make their appear-ance unusually early.

The continued wet weather has prevented many leaf burnings in Burlington that otherwise would have been indulged in ere this time. Why not make one big burning do?

If a fine of fifty dollars is col-lected from each one who failed to list his property in the time prescribed by law in this county, quite a neat little sum will be the result.

Ira Aylor, of Union neighbor-hood, was the last property own-er to come to call on the County Tax Commissioner in the time prescribed by law.

No Halloween tricks were per-formed in Burlington on Fri-day night. For many years the town was given an annual shak-ing up on that night.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW, FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

A slump of ten dollars on the hundred in the price of hogs in so short a time shows what the powers that be can do when they take a notion.

Remember W. E. Walton's sale is tomorrow, the 11th inst. The list of articles to be disposed of appears in an advertisement in this issue.

B. W. Cleek, of the Richwood neighborhood, has moved to Erlanger, to which postoffice he has ordered his Recorder changed.

A large truck load of Burling-ton people attended the celebra-tory meeting at Bellevue Baptist church last Thursday night.

Remember the Home-coming at the court house in Burlington next Saturday from 4 to 8 p. m., and be there.

Courtney Kelly, of Locust Grove neighborhood, is clerking for Dud-ley Blyth in his general store in Burlington.

The truck drivers will have a hard time of it this winter get-ting over some of the roads in this county.

Mrs. J. W. Kelly spent several days last week the guest of her sister, Mrs. E. J. Crisler, at Peters-burg.

Quite a number of Burlington young people attended the dance at Petersburg last Thursday night.

If coal was as plentiful as water no one would care how long the miners continue their strike.

November found a very large and green foliage decorating the trees.

Miss Mary Ann Thompson is vi-siting friends in Norwood, Oho.

Last Friday surely distinguished itself as a rainy day.

There is no bottom to the mud roads now.

Where does the wild goose raise its young?

October was very a "WET" month.

For the Whole Family

VELLASTIC is for Father, Mother, the girls and the boys. It insures warmth and comfort and good health for all.

VELLASTIC

Elastic Ribbed, Fleece-Lined

UNDERWEAR

Ribbed for elasticity, VELLASTIC has a stretchiness that gives and takes with every movement of the body.

Fleece-lined for warmth, VELLASTIC takes the place of heavy underweares and is infinitely more comfortable. Tailored to fit and to keep its fit.

It is the Health underwear—wards off the colds that often grow to become worse ills.

The fleece-lining will not wear off, wash away, knot or mat, and the entire garment will give you two seasons' solid service.

Cheaper than doctor's bills.

WALTON.

The election held here Tuesday was very quiet but a very large vote was polled.

Mrs. Sallie C. Hughes, of Cincinnati, spent part of the week here with relatives and friends.

Jno. L. Vest spent Wednesday at Lexington and Thursday at Patriot, Ind., in the interest of his law practice.

Mr. and Mrs. John E. Williams and children are making their home with Mr. and Mrs. E. F. Valandingham. Mr. Williams recently sold his farm and bought a fine residence in Covington, but is unable to obtain possession for a couple of weeks and concluded to board here.

Married—Fred Goeler of near Burlington, to Miss Alma Collins of near Bank Link, Kenton county, Saturday, Nov. 1st, Rev. R. F. DeMooney of the Baptist church performing the ceremony in the presence of a large number of relatives and friends at the residence of the bride's parents, Mr. and Mrs. Jno. J. Collins.

Hon. Francis E. Curley of Tucson, Arizona, spent part of the week here the guest of his father Judge Thos. F. Curley, and visiting his many friends at his old home. Mr. Curley is attorney for a number of New York corporations who have interests in Arizona, and was on his way to Washington, D. C. to meet some of the representatives regarding their business interests.

Benj. B. Alphin and wife sold their residence property in Walton to Geo. M. Moore and wife of near Crittenden, who recently sold their farm and will move to Walton as soon as they can get possession of the property. Mrs. Alphin will spend the winter in Florida and Mr. Alphin will remain here as his business interests demand his time here. The property was sold through A. R. Edwards and B. E. McElroy.

HEBRON.

Dr. L. C. Hafer of Ludlow, is here on a vacation.

Mr. and Mrs. Carl Bradford are entertaining a new boy, which arrived the 28th.

Mr. and Mrs. Mike Dye entertained a number of relatives last Friday in honor of Mr. and Mrs. Ed. Aylor and family.

The box social given at the school house last Friday night was largely attended. The quota was \$15 amount taken in \$75.00.

Ed. Aylor and family, of Dayton, Ohio, have been visiting relatives here the past week. They expect to leave shortly for California.

FOR SALE

Big Type Registered Polan China Hogs, several fine gilts and boars ready for service. Excellent individuals, from a family of premium takers. D. H. WALLACE, Walton, Ky.

PETERSBURG.

Mr. Arvin has moved into the Methodist parsonage.

Henry Gordon, son of W. R. Gordon, is spending the week-end with his parents.

Wild ducks are plentiful along the river and many flocks of wild geese have been seen flying toward the southland.

Miss Lee Etta Myers was tendered a surprise by some friends at the home of Mrs. Riley on Monday evening and a pleasant time was enjoyed by all.

After an absence of thirty-seven years Dr. Lorimer Berkshire and family, a son of Mr. Park Berkshire, is visiting relatives here. Mr. Berkshire lives at Lewisport, Ky.

The students of Petersburg High School arranged a pleasant surprise party Halloween eve, in honor of Mr. Carter's birthday. The evening was spent by the playing of various games and music.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

FLICKERTOWN.

Mrs. Julia Rector is quite ill.

Corn and fodder are rotting badly.

Woolper creek was very high several days last week.

Our school teacher is sick, consequently there is no school.

Tobacco was damaged badly last week on account of the very damp weather.

J. H. Snyder and son, Carra, visited in Ludlow Friday and Saturday.

Miss Loucetta Henaley visited in Addyston, Ohio, Saturday and Sunday.

Henry Deck and family visited Mrs. James Burns and family last Sunday afternoon.

Willie White, wife and daughters, Mossa Romania Lowe, Carrie Harvey and Cecil Clay, of Williamstown, and Ira Kyle, wife and daughter, visited James W. White and family Sunday.

Henry Arvil Alloway was a pleasant caller here Sunday.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

State News.

Mt. Sterling—Mrs. Mary Cockrell has sold her 71-acre farm to John S. Wyatt at \$105.00 an acre.

Richmond—A commission of eight citizens was appointed at a meeting of the fiscal court to disburse funds in building roads if the 2-cent tax is passed at the November election.

Lexington—Convicted of selling a sugar and water decoction for whiskey, Oleg Miller, negro, will serve 24 days in the workhouse.

School Notes.

The elements were against us last week, both rain and flood, nevertheless we braved the storms and came through "over the top" in our endeavors. All districts heard from have done their duty and more with respect to the Kentucky Children's Home. This has been done without any interruption of consequence in the daily program. In many instances these meetings have brought patrons, citizens, teachers and pupils in closer contact, resulting in mutual interest and cooperation.

The rural districts, especially the smaller ones, were much benefited. We offer some examples: Crisler, Victory, North Bend, East Bend, each raised about 300 per cent of each of their quotas, East Bend doing herself proud in carrying of the banner as to those thus far reported, giving 211 per cent of her quota.

The school is before the district in a different attitude from what it has ever been before by getting the friends and patrons together. Sympathetic cooperation is all that is needed for great improvement in our one room schools and this is effected by assembling the forces at different intervals.

The adjoining districts worked together in many cases and were always successful. This was especially true in Victory and East Bend, in which the trustees from Victory were quite instrumental in the result at East Bend. The same was true at Hebron on the evening of the 31st.

We have not had reports from quite a few districts but we are very much gratified with results reported.

The Graded Spelling contests in the magisterial districts will be held November 21st at these school houses: Verona, Grange Hall, Bellevue, Hathaway, Hebron, Constance. We urge every school in the county to be represented in this contest.

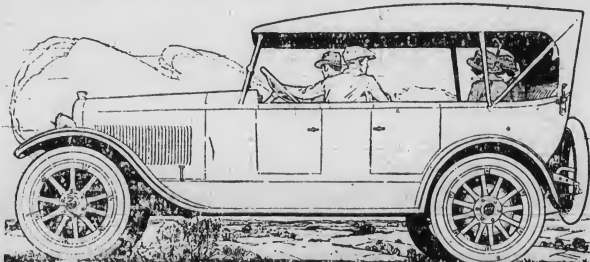

Most of our schools now have the greater part of the new adopted books and the others will have, and our work will move more smoothly. The new course of study has been received in this office and is being distributed as fast as we get around, and if a teacher desires a copy at once, if a card be dropped to this office with request for same it will be sent or delivered at once.

Let us hope for the greatest work and for the best success. J. C. GORDON, Supt.

For Sale—Splendid young bull, solid color, black points. Dropped October 14, 1918. Sire, a son of Noble of Oakland, the \$15,000 bull. Dam, a Register of Merit Cow. HEART TO HEART TALK

(O. C. PEYTON, D. D.)

The Pastor's Heart! Ah! It is a world in itself, a world separate and wholly different from the world in which the most of the pastor's own people live and labor. Alas! how very few of the people who know how to give to the earnest, anxious pastor the loving sympathy, hearty cooperation and encouragement in his arduous task, he so much needs and craves. If he be a true man of God, he has been called to the loftiest service a human being can render and he feels the vast responsibility and craves the loving and hearty intelligent cooperation of all the true people of God. It is a very high service to be, a genuine helper of the pastor. I have a packet of brief notes and letters that have come to me from appreciative, responsive, helpful souls, through the years of my ministry. I prize them greatly. They could not be purchased at any price. They are all of cheering words of loving approval. How these appreciative notes and letters have cheered my heart all along the pilgrim way! As I look them over, the faces and forms of the beloved people of God, members of my churches and sheep of the Master's flock—come up before me, and I breathe a prayer of gratitude for the blessing their word of cheer brought to me.

Being a pastor is a strenuous, difficult task. Do try to be an intelligent, sympathetic helper of the man of God, who stands to you in this sacred, important relation. Listen well to his message in a thoughtful, prayerful way and your soul will be blessed. Be a helper and not a hinderer of your pastor! May God bless you.

Are YOU a Member for 1920 of the Red Cross? The greatest organization in America. The Red Cross needs your help now to carry on its Peace Time Program, and every American Citizen should consider it a privilege to be connected with so great an organization. Be sure your name is on the ROLL before November 11th. All you have to have is a Heart and a \$1.

Rev. C. T. Channell, of Erlanger, was a caller at this office, last Monday. Rev. Channell is doing quite a bit of real estate business, and has sold, recently, the P. B. Riddell farm of 27.2 acres on the Price pike to T. K. Wallace, of Winchester, for \$39,300, and the Charles Carpenter farm of 100 acres in Florence neighborhood, to Mr. Florence of Harrison county, Ky., for \$15,000.

Smith McWethy and daughter of this city and Mr. and Mrs. Harry McWethy and son Clifford of Millsboro, attended the funeral of one of the year-old twins of Mr. and Mrs. F. M. Morgan, formerly of this city, at Florence, Ky., on Wednesday. Mrs. Morgan is a daughter of Smith McWethy—Lawrenceburg Press.

The first sales of the present crop of tobacco were reported on the streets of Mt. Sterling last week. Owing to Orme are reported to have sold their crop of 12 acres to A. R. Robertson at 65 cents, and Joe Foley 10 acres to the same gentleman at 60 cents.—Mt. Sterling Sentinel Democrat.

Cecil Burns, of the Bullittsville neighborhood, sold his farm to J. T. and Courtney Williams, of the consideration said to be \$33,000, the purchasers to get certain stock and part of the crop. Mr. Burns has a big sale advertised for the 25th inst. See advertisement in another column.

Judge R. G. Williams, of Covington, addressed a suit trial at the court house last Monday afternoon, in the interest of Governor Black's candidacy for the Governorship. Quite a number of ladies heard the Judge's interesting talk.

On account of weather conditions the masque dance which was scheduled for Taylorboro, Nov. 1, has been postponed until Saturday night, November 8. All are invited.

The tobacco crop will bring an enormous sum of money into Boone county this year if the prices that are being realized in other counties are paid here.

A flock of at least 150 wild geese passed over the town, going south, one day last week. That is a good indication that Old Crisp is not far off.

The Y. W. A. of Burlington Baptist church will give an oyster supper and candy sale on November 2 at Library Hall. Everybody come.

Considerable frost last Monday morning, but not enough to kill off vegetation to any extent.

CARD OF THANKS.

We desire to tender our thanks to all those friends who contributed materially and in every way to our aid in the hour of our supreme distress, suffered in the death of our husband, son and brother, Dr. J. A. Richmond.

To the friends and to the Medical Society of Boone county for their beautiful floral offerings, to Bro. Barker, who was so faithful in his ministrations; to Drs. Duane and Veltan for their untiring professional attentions. We would give assurance of our unfeigned and lasting gratitude on behalf of ourselves not only, but on behalf of our five little fatherless girls.

Mrs. J. A. Richmond,
Mrs. J. B. Richmond,
Mrs. J. B. Richmond,
Mrs. B. J. Tate.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

GUNPOWDER.

Robert Tanner has about recovered and resumed his usual carrier job. Wilford Mitchell abbed him last Saturday.

Lloyd Aylor and family and Mrs. Emma Chaffin, broke bread at P. J. Allen's last Sunday.

Rev. and Mrs. Royer and daughter, Miss Mabel, were the pleasant guests at this writer last Saturday evening.

Ed. Slayback and J. H. Tanner went on the market one day last week with a mixed load of stock. Prices received were satisfactory.

The warm, wet weather has caused tobacco to mold very badly in some barns and the corn in the shock is damaged to some extent.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

Business of last week one of the most enjoyable affairs of the season was pulled off at the home of the pastor, Rev. Royer, on the 2nd and 3rd of November.

The pastor and his family, an appreciation of his faithful and untiring work as pastor. The arrangements were all unknown to him and he had planned to do some pastoral work that day.

Mrs. Royer managed to keep him at home until the guests began to arrive with their families, which were filled with all the delicacies of the season. By the noon hour the secret was unveiled when the long open of tables in the lawn would have groaned under the bountiful spread if it were possible for them to do so.

He also was presented with a purse the amount of which I am not prepared to state.

Those present and enjoyed the bountiful repast were:

Mediamas

Geo. C. Barlow, Lucy Tanner, E. A. Blankenbaker, Frances Beeman, W. P. Beeman, Maggie Clark, son, R. P. Barlow, Ella Barlow, E. K. Tanner, Mollie Beeman, Emma Aera, Fannie Utz, Ruth Aylor, Hester Barlow and daughter Ethel Mae, Fitzhugh Tanner, Lida Allen, J. P. Tanner, A. E. Beetham and daughter, Lina, Manie Utz, G. A. Royer, Stanley Conrad, Lizzie Utz, J. S. Surface, E. O. Rouse, E. A. Floyd, Fannie Chaffin, C. K. Revell, J. W. Hogan, J. W. Goodridge, A. W. Corn, Lloyd Aylor, wife and son, Ora Ross, A. Beeman, Misses Evelyn Aylor, Laura Beeman, Edna Barlow, Alma Blankenbaker, Elizabeth Snyder, Rosa Barlow, Messrs. J. B. Conrad, E. K. Tanner, Rev. George A. Royer, Ezra Blankenbaker, W. P. Utz, Owea Ross, W. P. Beeman, R. F. Snyder, A. G. Beeman, Harold Beeman, Raymond Beeman, L. C. Aera, F. C. Balser, B. A. Floyd, E. O. Rouse, M. W. Beeman, Barlow, Geo. C. Barlow, Harry M. Barlow, J. W. Utz.

DEVON

Cover Carpenter assisted Benj. Clock and family to move to their new home in Erlanger, Monday.

Mrs. Laurence Kenney had for guests Sunday Mrs. Anna Kenney of Beaver and Mrs. John Roache.

Mrs. Laurence Kenney and daughter, Miss Ella Mae, spent Saturday with Mrs. T. J. Hutself and mother.

Mr. and Mrs. Aubrey Mulberry had for guests Sunday, Mr. Geo. Bassett and family and Mr. and Mrs. Frank McCoy.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

Mrs. John Roache came out last Saturday from Erlanger, where she was the guest of Mrs. Perry Dixon and Miss Mae, and spent Saturday and Sunday night at T. J. Hutself.

Mr. and Mrs. Benjamin Bristow, Miss Jane and little Stella Elizabeth, Sunday with Mr. and Mrs. L. L. Lampton and cousins, Mr. Enoch Banister and sisters Miss Virginia, and Miss Mary, of Bank Lick.

Mr. Thredwell of near here had the misfortune to lose his buggy while trying to cross Banklick creek Friday. Fortunately he got his horse out without drowning. The creek was higher than it had been for some time.

Harvey Utz and wife and Mrs. B. C. Surface spent Sunday afternoon with Everett Dixon and family of Richmond, and to wish Misses Mammie and Viola a delightful winter in Florida. These young ladies left Monday morning for the sunny south.

RICHWOOD

Thos. Harris, of Florida, is visiting relatives here.

J. J. Clock has been confined to his room some time with rheumatism.

Price Conner, of Independence, spent last Saturday here on business.

H. R. Hearne will have a sale about the 12th of Nov. of livestock, etc.

Mr. and Mrs. James Waller, of Walton, spent the week-end with J. T. Powere.

Walter Grubb and W. B. Glackson spent from Tuesday to Thursday at Cynthiana.

Geo. Booth, colored, died last Wednesday after an illness of over a week. He was a subject of Hadley Booth and was a most excellent citizen. Burial at Florence.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF KENTUCKY.

In the matter of In Bankruptcy H. Elizabeth Miller, Debtor. No. 1346.

AUCTION SALE.

Pursuant to order of Court herein, I will, on Saturday, the 15th day of November, 1919, at 1:30 o'clock, p. m., upon the premises at Big Bone, Kentucky, offer for sale to the highest bidder, upon the hereinafter mentioned terms, the following described property:

"Tract No. 1, beginning at a stone in Big Bone and Beaver Lick Road, bearing S. 12 degrees W. 36 links on the southwest corner of the storehouse that stood on lot when purchased by M. C. Carroll from J. W. Kennedy; thence N. 9 degrees W. 1 pole to a stone; thence N. 77.5 degrees W. 3 poles to a stone; thence S. 8.5 degrees E. 4 poles to a stone in the road; thence with the road, S. 7 degrees W. 3 poles, to place of beginning; and being part of the property above the road at Big Bone, conveyed to J. W. Kennedy, and now by J. E. Stephenson and wife.

"Tract No. 2, also a barn and lot known as Lot No. 1, in the Z. T. Baker Subdivision, and bounded and described as follows: beginning at a point in the Big Bone, Baker and Hamilton pike, at a corner with E. A. McLaughlin; thence with his line N. 3 degrees E. 33.5 feet to a stone, another corner of said McLaughlin; thence S. 81 degrees E. 40.5 feet to a point in the aforesaid pike; thence with the pike S. 79 degrees W. 82 feet to the beginning.

"Tract No. 3, also a storehouse and lot at Big Bone, Ky., bounded as follows: beginning at a point in the center of the Hamilton and Big Bone Turnpike, at a corner of J. A. Wood; thence running east 28 feet, more or less, to a corner of M. R. Green; thence south with the said Green line 100 feet to a corner with John White; thence west with said White line 40 feet, more or less, to a corner of J. A. Wood; thence north with said Wood line, 100 feet to the beginning.

"All of said tracts being the same property conveyed to H. L. Miller by G. L. Miller, and recorded in Deed Book 49, page 289, of the Boone County Records, at Burlington, Ky., and devised to H. Elizabeth Miller, the bankrupt herein, by the Last Will and Testament of said H. L. Miller, the same being recorded in Will Book page of the Boone County Court Records, at Burlington, Kentucky.

The Trustee will offer for sale first Tract No. 1, which is the dwelling house; then Tract No. 3, which is the store, each separate and apart, and then offer the two parcels together; he will then offer Tract No. 2, which is the barn, and he will finally offer all three tracts as a whole, and will accept the greatest or greatest bids received together.

The terms of sale are cash upon delivery of deed; said property will be sold clear, free and unincumbered of all liens or taxes, including the homestead of the bankrupt, excepting taxes due and payable for the year 1920.

WILLIAM J. DUFFREE, Trustee in Bankruptcy. FREDERICK W. SCHMITZ, Attorney for Trustee.

DR. T. B. CASTLEMAN, DENTIST.

A man's best pal is his smoke

"Knotty problem? Let me help"

—Ches. Field

"HELP" is right! A smooth, mellow smoke is just the thing, when you're up against a tough one. And Chesterfield is that smoke.

An expert and exclusive blend is responsible—finest, silky Turkish tobaccos from Xanthi, Cavalla, Smyrna and Samsoun, and the best varieties of Domestic leaf—put together by the manufacturer's private formula that brings out every last bit of flavor. No other process, no other blend, can successfully imitate Chesterfield's smoothness and full-bodied flavor.

No argument here! Chesterfields satisfy as no other cigarette has ever satisfied before.

Lightly and smoothly.

They Satisfy

—and the blend can't be copied

Farm for Sale.

Good farm of 119 acres one-half mile of Burlington, Ky., about seven acres in timber, well watered—can be plowed with Tractor. KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Keep your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Toel Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

WALTON.

China, L. Griffith left last week for Creel, Alabama to spend several weeks on his farm to look after its interests.

Russell Taylor returned home last week from Garden City, S. D., where he had been with a threshing outfit in the wheat belt.

Willard Fortner of Williamstown bought the farm of Robert G. Robinson at Kensington for \$15,000, the sale being made by the Powers Realty Company.

L. V. Menefee has sold his interest in the meat store of Watson & Menefee to his partner and brother-in-law Hugh R. Watson, and will move to Covington. P. C. Scott and Charles R. Cain of Hagerstown, Ind., were here the first of last week looking for mules, cattle and milk cows with a view to buying several carloads.

The Walton Loose Leaf Tobacco Warehouse has arranged to have its first sale of loose leaf tobacco on Wednesday, Dec. 10th, and has the promise of a large offering.

The Powers Realty Co. sold to Walter Brown of Gallatin county last Saturday, the J. M. Powers farm of 133 acres near Verona for \$10,000, possession to be given March 1st.

B. B. Allphin sold three carloads of tobacco, 39 hogsheds, last week to Bailey Bros. of Winston-Salem, North Carolina. The shipment to be made at once. The price is private, but is in fancy figures.

Mrs. Arthur Dean was taken to a Cincinnati hospital last week by her husband and her physician, Dr. G. C. Rankins, where an operation was performed Saturday for appendicitis, and she is now in a fair way to recover.

Lee G. Connelly of Eagle Hill, Owen county, spent last Saturday here the guest of D. B. Wallace on whose farm he resides. Mr. Connelly will have five nice hogsheds of tobacco in the tobacco sale here Nov. 10th.

Ernest W. McElroy sold his home and lot opposite the Phoenix Hotel to W. O. Rouse for \$1,025, possession to be given at once. Mr. McElroy will move to Covington where he will be close to his place of employment.

Wm. C. Readmore of Cincinnati, spent Saturday and Sunday here with his parents Joseph Readmore and wife. He sold a fine Ebling-ton piano to J. R. Kinnam of near Richmond, and a fine player piano to the Royal Moving Picture Theatre.

B. B. Allphin, real estate agent, reports the following sales made by him: Farm of Samuel B. Sleet 63 1/2 acres to E. Moore for \$10,000; D. E. Dudley to be given 67 1/2 acres for \$8,000; D. E. Dudley's one half interest in the J. H. Sleet homestead to Samuel H. Sleet for \$15,000. All the property is near Beaver Lick.

T. M. Vest and wife have sold their new cottage in Fairview addition to Walton to R. P. Nolin, of Butler, Pendleton-co., for \$3,000 cash, possession to be given in two weeks. Mr. and Mrs. Nolin will move to the property, having recently sold his farm and desiring to retire to a good town to enjoy life.

At the annual session of the Grand Chapter Order Eastern Star held at Lebanon, Marion county, our fellow citizen Jno. L. Vest, was elected Grand Associate Patron from Boone county. Twenty candidates, and he has been showered with congratulations by his many friends. Walton Chapter was represented by J. C. Hedins, George, Mrs. J. M. Stamler and Mr. and Mrs. Jno. L. Vest.

Postmaster W. T. Dugdon held a civil service examination at the Walton school house last Saturday for applicants for positions as census enumerators in Boone county, and the following took the examination: Herbert Fisher, Stanley Parsons, Leslie R. Barlow, Maurice Riddell, Robt. Berkshire, Thos. Percival, Everett L. Aylor, Wm. Beemon, Miss Anna Huey, Miss Anna Clegg. The work begins January 1st, and is to be completed that month, and will pay from \$500 to \$800.

The Walton Loose Leaf Tobacco Warehouse Company will hold a hogsheds sale of tobacco at the warehouse Saturday, November 15th, beginning at 10 o'clock a. m. and will probably continue most of the day as there will be between three hundred and four hundred hogsheds for sale, comprising the tobacco owned by the warehouse company and the growers who have had their tobacco handled and prized by the warehouse company. As of it is 1918 crop and there is some very fine tobacco in the lot. All of the big buyers and dealers have been invited to attend, and a big day is expected, as all who have tobacco in the sale are expected to be present.

KENNETH E. STEPHENS' SALE WILL TAKE PLACE TOMORROW FRIDAY, AFTERNOON. IT WAS POSTPONED ON ACCOUNT OF BAD WEATHER.

Georgetown. — It appears that William Lee Nutter, a thrifty young farmer of Scott county, will make a small fortune on his tobacco crop this season. He has grown about 10,000 pounds, and has sold it to the Independent Tobacco Warehouse Co. of Lexington for 85 cents per pound, and one-half of the profits should it sell for more. The tobacco company sent Mr. Nutter a check for \$5,000 to secure the trade.

Whither Has It Gone?

What has become of the loyal American, a patriotic for which a great many in this neighborhood subscribed several months ago? It seems to have vanished. Nothing has been heard or seen of it or some time.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five acres out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tin, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidior with sponge moisture pot that keeps the tobacco in such perfect condition.

James G. Smith, of Bellevue, has been a great sufferer for two or three weeks of rheumatism. He has frequent attacks of the disease in its worst form.

The President of the Canadian Red Cross will speak at the court house in Burlington next Friday night at 7 o'clock. All are cordially invited to come out and hear him.

The box social which was to be held the night of November 1st at Limaburg school house will be changed into a pie social to be held the night of November 7th at 8 o'clock.

The box social which was to be held the night of November 1st at Limaburg school house will be changed into a pie social to be held the night of November 7th at 8 o'clock.

The box social which was to be held the night of November 1st at Limaburg school house will be changed into a pie social to be held the night of November 7th at 8 o'clock.

The school at Big Bone church gave a pie social for the benefit of the Childrens Home Society. The proceeds with other contributions amounted to \$30, thus doubling the schools quota.

Some one cruelly intimates that those who are demanding the right of free speech in Pennsylvania cannot talk so an American can understand them—Chattanooga News.

A New York man who has been an inmate of Ossining prison for thirty years will be released soon and given some money on which to begin life anew. But after he gets out and the profiteers have had a few whacks at him we opine that he will be seen hammering at the old gates and begging to be locked up again—New Orleans States.

During the absence of the family last Monday morning some one beat the kitchen door down at the residence of Esquire E. J. Aylor in Francesville neighborhood with an axe, and gave the house a thorough searching, securing, it is supposed, about \$30 in money. A negro man was seen going towards the house some before the robbery was discovered. The Sheriff is supposed to be by many the good one solid since, because.

Every Dot represents a Delco-Light Field Representative

There Is a Delco-Light Man Near You

No matter where you live, there is a Delco-Light man within easy reach of you.

This means much more to you than mere convenience in the purchase of a Delco-Light plant.

These men are trained men—they KNOW electricity as applied to farm use.

They can advise you as to the size of plant you should have.

They can see that your house and barn are properly wired—

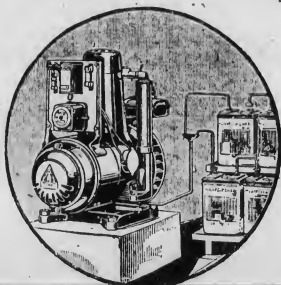

They can superintend the installation of the plant so that it will give you the most efficient and economical service.

They can give you intelligent advice as to the purchase and use of water system, washing machine, churn, separator, milking machine and other appliances that you can operate with the electricity furnished by Delco-Light.

And—after the plant is installed they are always near-by to advise with you and see that you get one hundred per cent satisfaction out of its operation—

Delco-Light is lightening labor, bettering living conditions and actually paying for itself in time and labor saved in more than 75,000 farm homes.

Delco-Light is a complete electric light and power plant for farms and country homes. self-cranking—air-cooled—ball bearings—no belts—only one place to oil—Thick Plates, long-lived Storage Battery—RUNS ON KEROSENE.

P. O. BOX 113
COVINGTON, KY.

No doubt your attention has been called to the wonderful development of oil properties in northern Texas and southern Oklahoma. We believe you will also be interested in the development undertaken by this company.

Nowhere in the United States, and scarcely anywhere in the world, has there been such a development of oil land as in Texas. The property under lease by this company is in Tillman County, Oklahoma. The boundary line of Texas, adjoining Tillman County, Oklahoma, is Red River. Immediately north of Red River, and flowing into it a few miles to the east, is what is known as the Deep Red River. This latter river flows directly through the property now under lease to this company. Reference to the map printed herewith will show you the position of our lease, with respect to the other development in that neighborhood.

The lease covers two hundred and sixty acres of land which was owned outright by W. D. Barton, now Vice-President of this company. He has owned and occupied it as a farm since 1913. The development of oil lands all about him induced him to undertake the development of his farm, the fee of which he still owns. As you realize, 260 acres of land in this territory is an unusually large lease. Many of the large developments in this territory, and particularly in the Burk-Burnett field, have been successfully carried on and proven of immense value, with not more than twenty

acres. The pipe line is already constructed to within a very short distance of the company's property, which is about an equal distance from two refineries. This insures a ready market for our entire production without delay and cost of construction of pipe line.

The development is going forward rapidly on all sides of our property, and wells have been proven in direct line both northeast to southwest and southeast, so that from the standpoint of a geologist our lease is practically a proven lease.

Sales have been consummated within the last few days of lease holds quite close to our property, which show that the best informed oil operators have every confidence in the future of this field. One notable sale was that of the Burk-Wagner lease, for approximately two million dollars. This lease lies but ten miles southeast of our lease.

The most productive oil sand in this country lies approximately two thousand feet below the surface, and drilling is therefore an expensive undertaking. It is the policy of the officers of this company to proceed with the sale of stock until sufficient capital has been realized to undertake the drilling. It is therefore important that the necessary amount of stock be sold at as early a date as possible, in order that the drilling may commence without delay.

We feel that you should also know that this is not the effort of ordinary stock jobbers to unload worthless stock upon the public, giving them no return for their money, but is an honest effort of the owner of a valuable oil property to develop it and share his success with his friends and their associates rather than sell his land to a large corporation, and let it realize the great profit that is sure to follow the striking of oil.

This property has recently been inspected by Jenkins W. Jones Engineer and Geologist of Cincinnati, Ohio, who has given a most favorable report which may be shown to any one interested.

This investment should appeal to you particularly as the men who represent this Company all have prominent standing and bear good reputations in your immediate community.

RABBIT HASE.

Mrs. Lucinda Hodges is sick. Mr. and Mrs. Fess West, of Middle creek, are in Connersville, Indiana.

Will Green, the Rising Sun Dry Goods Merchant, was a business caller here last Thursday. Jerome Wilson was kicked on one of his limbs by a horse last Friday and painfully but not seriously hurt.

The river has been rising very fast lately and the low bottoms are flooded, causing considerable loss of corn.

Rev. McNeely is conducting a protracted meeting at the East Bend Baptist church. Six additions to date.

S. J. Stephens is having extensive repairs made to his dwelling. Joe Freaser, of McVine, doing the work.

VERONA

Recent rains damaged corn in the shock in this locality.

The diphtheria scare here has about subsided and school has resumed.

W. B. Sparks had a sale of his personal property last Saturday afternoon. Property brought good prices.

Miss Senora Fry has sold her property in Verona to Commodore Tugate, of Piner. He will operate a garage.

Hugh Vest, who had the misfortune to get his arm broken while cranking a machine some time ago at Big Bone, is getting along nicely.

J. M. Powers sold his farm of 115 acres last Monday to Walter Brown, of Concord, for \$10,000, possession to be given the first of the year.

The brass band of Dry Ridge, came through Verona enroute to Robt. Gatewood's sale, last Saturday, and stopped long enough to play two pieces, which were very much appreciated by the citizens.

Keys and Snyder, who operate signal service here, had a narrow escape from being killed. A freight train ran into their motor machine. They jumped in time to save their lives but had not time to remove the motor on which they were riding.

Large importations of jewelry into America don't interest the man who is wondering how he's going to get his coal bin filled with black diamonds?—Birmingham Age-Herald

That Mexican giant thirty-two feet tall, whose remains have just been unearthed in that country, must have been one Mexican who was as big as he felt.—Tampa Times

Red Cross Solicitors Accuse
The local Red Cross solicitors have been on the jump the last week, and have had a very thick booming the members. Very few have failed to contribute to the benefit of that

WALTON.

W. Lee Gaines spent Monday at Williamstown attending the county court day sales.

John W. Sleet and V. P. Kerns spent the first of the week at Carlisle, Nicholas county.

Miss Mary J. Houston of Covington, spent part of the past week here with friends.

Mr. and Mrs. Harry E. Powers spent Sunday at Piner, guests of her parents Mr. and Mrs. E. L. Mann.

Robert W. Allen and George L. Smith of Big Bone Springs, spent Friday here with friends and relatives.

Mrs. Sarah J. Grubbs and Mr. and Mrs. Raymond Morris, of Covington, were guests of relatives here Sunday.

H. C. Diers spent part of the week in Campbell county and other places delivering his annual fall sales of nursery stock.

Harry E. Powers sold his residence in the Clarke subdivision to Walton to T. M. Vest for \$14,000, possession to be given at once.

Judge Chas. C. Roberts and wife of Burlington, were visitors here Monday looking at some property with a view to buying a home and moving here.

James Fornash and Elmer Works of Kenton county, spent Monday here looking at some real estate with a view to buying a home in Walton for Mr. Fornash.

Dr. W. W. Evans who has been here on a visit to relatives, left last week for Owen county to spend a couple of weeks with Smith Davis and family.

McClure, Chapin Royall Arch Masons will have work in several of the degrees Friday night, Nov. 21st, the regular convocation, and all of the companions are requested to attend.

T. R. Rich and J. F. Rust of Kenton county, were visitors here Monday. Mr. Rich's daughter, Mrs. Effie Hampton, died at her home in Covington last Saturday from paralysis, aged 22 years. She leaves a husband, Robert F. Hampton and one little son.

A. M. Guley spent last week in Montgomery county and bought a nice farm from Dr. Conway of Sharpsburg. Mr. Guley recently sold the G. E. Carroll farm in Kenton county, and will move to Montgomery county in the spring.

Miss Mattie Rouse who has been at Dawson Springs the past two weeks, returned home Sunday. Her father, W. R. Rouse, spent Sunday at Nicholasville and Lexington, and Miss Mattie returned home that way and accompanied him home.

Mr. and Mrs. William F. Moore and daughter, Miss Corinne, left Wednesday for Florida to spend the winter, motoring through and expecting to be on the road a couple of weeks. They were accompanied by Mr. and Mrs. Howard Price of Georgetown.

Geo. B. Powers and Bennett W. Franks were at Williamstown last Monday, closing up the transfer of Mr. Franks' land to Hugh McClanahan, exchanged for a farm in Kenton county to Mr. Franks who will however continue in the hardware business at Walton.

Clayton L. Roberts who has been at Holden, West Virginia, in the employ of a large coal company, returned home here Saturday night to resume his position with J. R. Blanks in the tobacco trade, the latter buying for the Liggett & Myers Company.

Rev. L. A. Kohler of Cincinnati, president of the Consolidated Telephone Co., who had to undergo a surgical operation for the removal of a carbuncle on one of his hands to prevent blood poisoning, is much better though his condition was serious for a time.

H. D. Edwards of Louisville, spent part of last week here with his father, A. M. Edwards and other relatives. Mr. Edwards has a large coal business in Louisville, and is doing fine. He is a splendid young man and his many friends here were delighted to meet him again.

Austin Bell, a Boone county boy who owns a farm near Florence and is a clerk in the Stratford Hotel, Chicago, sent a mammoth pumpkin to D. B. Wallace last week. The pumpkin was raised on the Stratford farm at Roselle, Ill. (near Chicago), and weighs nearly one hundred pounds.

Chas. A. Driscoll, who has been managing the "Twin Oaks" farm of W. Lee Gaines, has accepted a position with the American Tobacco Company to buy tobacco for the company on the loose leaf markets and will enter on the discharge of his duties Dec. 10th. He is a fine judge of tobacco and is a liberal buyer.

Miss Lovenia Edwards who is employed in the office force at a big steel mill at Chester, West Virginia, spent part of the week here with her mother, Mrs. Nora Edwards and family, returning home Sunday. Miss Edwards and sister, Miss Hattie Edwards, spent Saturday in Cincinnati visiting friends.

Walton Masonic Lodge conferred the Entered Apprentice degree on L. D. James and Wendell W. Rouse at the regular meeting last Friday night. The lodge has a number of petitions before it for the various degrees and there will be work every meeting held the first Friday night in each month.

In the recent town election E. M. Johnson was elected Police Judge of Walton, to succeed the present incumbent, Judge Thos. F. Curley, and the impression has been made that the newly elected judge takes charge at once but such is not the case, as Judge Curley's time does not expire until January 1st, 1922.

D. G. Laws spent part of the week at Louisville attending the tobacco sales of some of his old tobacco which he disposed of at satisfactory prices. Mr. Laws

are connected with the Walton warehouse company and they are using every effort to make the sale a fine success and obtain for the growers the very best price possible, and all of them will be on hand to help and stimulate the market. The loose leaf tobacco market will be opened at the Walton Warehouse Wednesday, Dec. 10th, and it will pay those who will have tobacco ready to put their tobacco on this market, a special effort will be made to get the growers every cent possible out of their tobacco and make the opening sale one worthy of attention.

Farms at Reasonable Prices.
450 acres 2 1/2 miles from Dillsboro, on pike, 4 houses, 4 barns, 200 acres Tobacco Land, 250 acres Blue Grass pasture, woven wire fence, plenty of water for sheep and hogs. Plenty of water. Close to school and church. \$82.00 an acre.

85 9-10 acres, 1 1/4 miles from Dillsboro, Good 6-room house and a good 4-room tenant house. (Good barn 6x25, 40 acres tobacco land, 30 acres pasture. This is an exceptional Dairy and Poultry farm \$82.00 an acre.

200 acres 4 1/2 miles from Dillsboro, Good 6-room house. Barn 48x60. Can be made a fine Stock Farm. A bargain at \$37 1/2 an acre.

160 acres 1 mile from Elrod. Good 8-room house and outbuildings. 60 acres Blue Grass pasture. Plenty of water. Fine farm for \$35.00 an acre.

We have many other farms ranging in size from 6 acres to 450 acres and can suit you.

If you are in the market for a farm let us show you the choice productive farm lands we have listed at very reasonable prices. It won't cost you a penny to look them over.

DILLSBORO REALTY CO.
Dillsboro, Ind.

Our Dillsboro is located 10 miles west of Aurora, in a beautiful country on the proposed Market Highway.

Some of the farmers are putting in their time stripping tobacco and husking corn, neither crop of which is a top notcher.

C. C. Roberts is quite busy now trying to locate a farm, which with the price attached, suits him.

Two Kinds of Economy in the Post-War Maxwell

THE Post-War Maxwell inherited from its 300,000 predecessors two traits that captivate the person who likes continuous, uninterrupted, comfortable and low cost mileage.

One is its freedom from repairs. It runs on and on. Give it gas, oil, grease and water and it will deliver an amazing amount of mileage.

The second is the low price you pay per mile. Its thrifty engine makes gas go a long way. Its 2000 pounds of weight assures long tire wear.

Such kinds of economy came from years of study and the experience which 300,000 previous Maxwells have taught.

The notable improvements and refinements to be found in this car have caught the attention of many who figured that high efficiency meant high price.

The public has served notice that it does appreciate value.

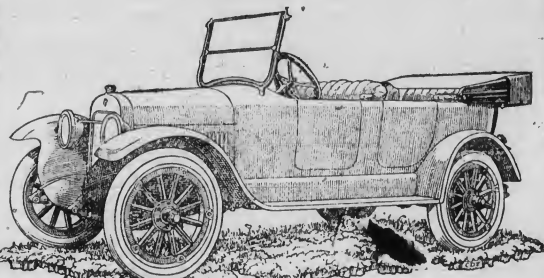

That is why 40,000 persons will have to go without a Post-War Maxwell this year though 100,000 are being built.

Many Boone county people saw the famous seaplane NC-4 as it passed down the river last Tuesday morning enroute from Cincinnati to Louisville. At Rising Sun, where a big Armistice Day celebration was in progress it made a circle coming close to the earth. The NC-4 weighs 18,000 pounds, and with its full crew weighs 28,000 pounds, and was carrying full weight Tuesday. The boat is 45 feet long, wing spread 120 feet and has four Liberty motors each of 400 horse power. Two or three other air ships crossed the county Tuesday.

WHEN FEASTING WAS REAL

How Many Can Remember the "Second Dinner" of the Good Old Holiday Times.

Allusion was made in an interesting article printed in Courier, describing an old-time Thanksgiving feast, to the second dinner of the day served on that feast at the home of every well-to-do farmer. This allusion was especially happy, inasmuch as in the past scant justice has been done to that meal which was by no means an unimportant feature of the day, for it tested one's capacity as it can be in those days when the door of the larder is guarded by not less than ten food directors or administrators.

It will be remembered that the first meal was served not far from two o'clock in the afternoon, when each person was supposed to eat as on no other occasion in the year, yet by five o'clock in the afternoon, when the lamps were lighted, the table was again spread and the household with its kindfolk and relations and the stranger within the gates, if such there was, was expected to fall to with as keen appetites as the members had two or three hours earlier. That they did not have such appetites was due solely to the weakness of the flesh, for the spirit was willing.

All the meats which figured at the first meal were displayed for the second, and vice versa. The twins of those that had gone before, were on the table, and in addition, were various loaves of cake, actual loaf cake, a very durable article of food and, worst of all, each person was expected to eat heartily lest the housewife should feel that her work had not come up to its usual standard of excellence. It was a frightful ordeal.

For the Episcopalians this ordeal was repeated on Christmas day, while most of the Congregationalists waited until New Year's day, not wishing to lend color to anything approaching an observance of Christmas, but with these holidays out of the way the feasting of the year was over. For the young people of this year those great days never existed and never will exist, for the era of abundant and cheap food is definitely past, but the older ones that memory of the smothering second dinner is bound to linger. When it existed as a fact it made thoughts of Ugelino, gnawing the skull of his enemy of the starving men in the prison pen at Andersonville and of the fate of Arctic explorers positively enviable. But those days are with the snows of yester-year; we have now dainty dishes, fine service, music of a sort, and flowers if we can pay for them, but very little actual food. —Hartford Courant.

PEASANT CLASS NOT WANTED

Conditions Existing in Europe Unfavorable in This Land of Restless Pioneers in Spirit.

"A bold peasantry," writes Oliver Goldsmith, and the mind leaps to brawny, sunburnt men in leather and hobnails. "A bold peasantry," their country's pride, once destroyed, can never be supplied." Good eighteenth century sociology, and a belated warning which England in the food shortage of the war must have remembered with acute regret. But we quote it only by way of contrast, for the United States is a country without a peasantry. It was a country of farmers. It is rapidly becoming a country of agricultural producers. Farming is an industry and a profession.

The economic results are obviously satisfactory, says Coletiers. We are producing wheat and articles as we are making motors, by large scale production. The social arrangements in the field, as much as in the factory, will bear investigation. The character of the French peasant derives from his sense of continuity—his forebears before him and his children's children are part of the soil he cultivates. It is a social background and social predestination are equally uncertain. No man can be sure that his son will be content with his inheritance. We are restless pioneers in spirit still. But the land remains the first substance of our prosperity, however we move over its surface. The guaranty of prosperity seems to lie in a compromise between industrialism and the peasant system, in an arrangement which will make it possible for farmers to be proprietors in small holdings without sacrificing the advantage of production in quantity. We have much to learn from Europe in the matter of cultivation, and much to teach. What we do not want to learn is the French peasant class, which produces a peasant class. It is outside our tradition and foreign to our necessities. We can conceive some other system of ownership and co-operation. For it is good that men should own land and not so good that the land should own the men.

Short Crop in Pardoneton

All indications point to the fact that Turkey tobacco will be high when the season opens. We are sorry to say, that Pardoneton will have only about one-half crop of 1919, as a result of the early frost and the fact that the farmers have lost in pounds, it is not possible to estimate the loss. It is one up for in price. It is one up for the growers to strip out the weed rather early and have it ready for the market in December. —Falmouth Outlook.

A considerable portion of the town is beneath a thick covering of leaves that have fallen from the shade trees the past few weeks.

IN THE DISTRICT COURT OF THE UNITED STATES THE EASTERN DISTRICT OF KENTUCKY.

In the matter of H. Elizabeth Miller, Bankrupt.

AUCTION SALE.

Pursuant to order of Court herein, I will, on Saturday, the 15th day of November, 1919, at 12:30 o'clock, p. m., upon the premises at Big Bone, Kentucky, offer for sale to the highest bidder, upon the hereinafter mentioned terms, the following described property:

"Tract No. 1, beginning at a stone in Big Bone and Beaver Lick Road, bearing S. 12 degrees W. 38 links on the southwest corner of the storehouse that stood on lot when purchased by M. C. Carroll from J. W. Kennedy; thence N. 9 degrees W. 4 poles to a stone; thence S. 77 degrees W. 3 poles to a stone; thence S. 85 degrees E. 4 poles to a stone in the road; thence with the road, S. 77 degrees W. 3 poles, to place of beginning; and being part of the property above the road at Big Bone, conveyed to J. W. Kennedy and wife by J. E. Stephenson and wife.

"Tract No. 2, also a barn and lot known as Lot No. 1, in the Z. P. Rider Subdivision, and bounded and described as follows: beginning at a point in the Big Bone, Baker and Hamilton pike, at a corner with E. A. McLaughlin; thence with his line N. 34 degrees E. 31.5 feet to a stone; another corner of said McLaughlin; thence S. 81 degrees E. 49.5 feet to a point in the aforesaid pike; thence with the pike S. 79 degrees W. 12 feet to the beginning.

"Tract No. 3, also a storehouse and lot at Big Bone, Ky., bounded as follows: beginning at a point in the center of the Hamilton and Big Bone Turnpike, at a corner of J. A. Wood; thence running east 26 feet, more or less, to a corner of M. R. Green; thence south with the said Green 100 feet to a corner with John White; thence south with said White line 40 feet, more or less, to a corner of J. A. Wood; thence north with said Wood line, 100 feet to the beginning.

"All of said tracts being the same property conveyed to H. L. Miller by G. L. Miller, and recorded in Deed Book 48, page 289, of the Boone County Records, at Burlington, Ky., and devised to H. Elizabeth Miller, the bankrupt herein, by the Last Will and Testament of said H. L. Miller, the same being recorded in Will Book _____, page _____ of the Boone County Court Records, at Burlington, Kentucky.

The Trustee will offer for sale first Tract No. 1, which is the dwelling house; then Tract No. 3, which is the store, each separate and apart, and then offer the two parcels together; he will then offer Tract No. 2, which is the barn, and he will finally offer all three tracts as a whole, and will accept the greater or greatest bids received together.

The terms of sale are cash upon delivery of deed; said property will be sold clear, free and unincumbered of all liens or taxes, including the homestead of the bankrupt, excepting taxes due and payable for the year 1920.

WILLIAM J. DOLPREE, Trustee in Bankruptcy. FREDERICK W. SCHMITZ, Attorney for Trustee.

DR. T. B. CASTLEMAN, DENTIST. Will be at Burlington every Monday prepared to do all dental work—painless extraction, bridge and plate work a specialty.

All Work Guaranteed

TRACTOR WON'T JUMP FENCES

Some of the Arguments in Favor of Its More General Use—Will Not Bite, Balk, or Run Away.

Some of the many arguments in favor of the tractor are given as follows in Farm Life:

It will not bite, balk or run away. It will not shy at a loose scrap of paper in the road, it will not kick the stall at night and keep the tired farmer and his wife awake. It will not crib the manger. It will not break out of the barn at night, jump the fence and eat your neighbor's cabbages. It will not lie down in a particularly moist spot in the barnyard, roll over on its back and elevate its four feet into the air.

It does not have to be curried, sponged off or treated with horse liniment. It is not addicted to colic, cough, heaves, spavin or wind-gall.

It will not snort in your ear or whinik its tail in your face. It will not "shawt" when you tell it to "go" or vice-versa. You do not have to noll on the lines and holler your head off when you want it to stop.

It does not get tired and die just as spring work is coming on.

MODERN MARRIAGES.

Changed Conditions Affect Relations of Men and Women.

Kansas City Star. Changed conditions of living have affected the relations of men and women most vitally. In the "good old days" when any one of middle years can recall, there was comparatively little travel from one section of the country to another, from one state to another and even from one country to another. Boys and girls usually married in the community where they were born, and where they were to live. When a girl married, she had become the talk of a community and an engagement that probably had run over a year, if not two. The girl had become a public property and the proposed match had been discussed

A man's best pal is his smoke

"Let's give 'em our smoke"

—Chas. Field

A real smoke—Chesterfield. The choicest of expensive aromatic Turkish tobaccos, the finest of sun-ripened Domestic leaf, blended by an original and exclusive method that can't be imitated.

In the blending of these costly tobaccos, our experts have brought out a new flavor and a mellow richness surpassing that of any cigarette you ever smoked.

Chesterfields sure do satisfy; not in flavor alone, but in value, in quality, even in their superior moisture-proof wrapping that keeps them firm and fresh always.

You want "satisfy"—that's sure. You get it only in Chesterfields.

Ligarette Co. of America, Inc.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

Take
CARDUI

The Woman's Tonic

Mrs. N. E. Verner, of Hixson, Tenn., writes: "I was passing through the . . . My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over I think. . . I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework. Try Cardui, today. E-76"

SMALL FARMER SHOULD RAISE PUREBREDS

Time was—and not so long ago—when the small farmer could not afford to breed purebred animals.

The time has come—just now, perhaps—when the small farmer can hardly afford not to breed purebred animals, and at least he should use purebred ones.

That is particularly true if his line of live stock is cows, and, more particularly, if they are dairy cows, according to men in the United States Department of Agriculture who have given their lives to the study of dairy farming.

What has brought about the change? Principally community organizations. The small farmer who has to operate alone and unaided—as practically all of them did 10 years ago—has a rocky road if he aspires to purebred stock. Now, the whole situation is changing, or is rapidly changing. There are small farmers who stand alone, and he has all kinds of aids. There to start with, is the county agent, ready to bring the accumulation of expert knowledge to bear on the problems of the small farmer. There is the county farm bureau, perhaps. There is the cow-teasing association. There is the cooperative bull association. There are enough things, if they are used, to pull the community together and make it possible for the smaller scale breeder to enjoy many of the advantages formerly obtained only by the largest scale breeder.

Do you think of America, from a live stock standpoint, in that way? Of course not. You think of it as a meat-producing country, a range country, a grade cattle country.

Both estimates are, in a manner, correct. Both, to the individual farmer on the island of Jersey or in the white-face country of England or the black cattle country of Scotland, the matter of having his animals purebred is simply a matter of doing what everybody else is doing. It is easier—or, to say the least, just as easy—to do it as not to do it.

Until just now, that condition never existed in the U. S. It does exist now. Communities are organized and are organizing still more closely. Breeding associations are being formed with secretaries who can give help in keeping the records of all animals straight, one of the things with which the small farmer operating alone has great difficulty. When a community organizes and starts raising purebred stock of any kind, it brings a market for that kind of stock to the door of every farmer in the community. The man who, operating alone, could not have sold a purebred animal for a dollar more than he could have got for a good grade animal can get the worth of every animal he raises under the community system.

America has the opportunity just now to develop as a great breeding institution. South America wants purebred "stuffs." As an indication of how active the want is, Argentina recently appropriated \$100,000 to encourage the importation of purebreds. If the United States gets any considerable portion of the business in South America, Department experts say, it must be because American animal compete successfully on final test with animals from everywhere else in the world. They see no trouble in doing that, with dairy cattle where production is the test. The thing to be done is to give the South Americans what they want in dairy cattle.

There is likely, also, to be a pretty big market in France for American purebred dairy cows. The problem of supplying that demand is somewhat different from the South American problem. France wants a general-purpose cow, while the United States is the home of the specialized cow. The thing that has to be done in that case is to give France the specialized dairy cow that most nearly meets the requirements, with the hope that when her production records show up they will be so good that other Frenchmen will want our cows like her.

But, after all, the big market for purebred animals is at home. The same facts that apply to foreign markets ought to apply to beginners in this country. Take the man who has been operating a dairy farm with grade cows. Let him have a purebred that not only looks better than any cow he ever owned before, but also produces better, and he is pretty certain to start substituting purebreds for his grades. If he gets a poor producer, of course, he is likely to make up his mind that "the purebred business is mostly bunk." Community organizations tend to see to it that the beginner gets a good producer, which, in turn, tends to make him a steady customer for purebred cows until he has placed his herd on a purebred basis.

Now that he can afford to do it, the small farmer should give himself the pleasure—and the actual benefit—of having dairy animals that he can be enthusiastic over.

"You never saw a man," says one of the Government's dairy experts, "just boiling over with one."

PRINCE ALBERT

the national joy smoke

Copyright 1919 by F. J. Reynolds Tobacco Co.

Topsy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—practical pound crystal glass humidors with sponge moisture top that keeps the tobacco in such perfect condition.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

thrusting about grade cows. The grade-cow man may think about getting up early in the morning to work with his cows, but the pure-bred cow man is perfectly willing to stay up all night to work with them. In all of this discussion the good purebred is understood, and not the scrub purebred, for there are some of that kind.

SCOTT STREET FRONT - COVINGTON, KY.

The KENTON LOOSE LEAF TOBACCO WAREHOUSE will begin sales on Thursday, DECEMBER 4th, 1919. You are familiar with the original KENTON LOOSE LEAF TOBACCO WAREHOUSE. The New House is on SECOND and SCOTT STREETS is very much larger. EQUIPMENT is such that tobacco can be handled with greater rapidity and ABSOLUTELY INSURE AGAINST LONG WAITS FOR UNLOADING. FACILITIES are such that no one will have to wait.

The NEW building will be one of the LARGEST of its kind in Kentucky or elsewhere, evenly lighted, more than 400 skylights, well distributed over the whole sales floor.

The main driveway will run the entire length of the building, 240 feet long, and will be 30 feet wide. The west driveway, 235 feet long, 20 feet wide. We have not spared any expense in making those facilities the best that could be had.

We expect a good offering on our OPENING SALES, confidently look for GOOD prices for good tobacco at this sale and during the entire season. Eastern and Southern markets are now about closing. Prices there have gradually increased from their opening sales and are now higher than at any other time.

Good, bright tobaccos in the Burley belt will certainly bring good prices, at least compare favorably with the Southern and Eastern markets.

DEVON.

Mrs. Aubrey Mulberry was the guest, Saturday afternoon, of Mrs. Frank McCoy.

Bro. Brooks conducted a prayer meeting at Bank Lick church, last Sunday evening.

Chas. Easton was the guest of his parents, Mr. and Mrs. J. T. Easton, Saturday.

C. E. Rector and family Sundayed with Mr. and Mrs. Clarence Tanager of Gunpowder.

W. W. Woodward and family Sundayed with Mr. and Mrs. Theo. Carpenter, of Richwood.

Chas. Shadler and family Sundayed with Mrs. Shadler's parents, Mr. and Mrs. Samuel Glas.

Mrs. Sarah Carpenter and Miss Aldia Carpenter visited Mr. and Mrs. Henry Carpenter, Thursday.

Mrs. John Taylor and daughter, Miss Katherine, of Richwood, spent last Saturday at T. J. Hutshell's.

Stanley Parker and brother and John Readnor, of Bank Lick, were guests of Brent Shadler, last Sunday evening.

Glad to welcome Dr. Symphon and family to our neighborhood. They are pleasantly located on Mrs. John Roach's farm.

Mr. and Mrs. Aubrey Mulberry had for guests last week Mrs. Craig, Mr. Mulberry's mother, and his grandfather Mulberry, all of Sadleville.

Mr. and Mrs. Alfred Rivard and daughter, Miss Emma, and sons, Benj. and Hiram Rivard and family, were guests Sunday of Harry Rivard and family, of Covington.

Mrs. Chas. Williams, Mrs. Hiram Rivard and children, of Bank Lick, were guests of Mrs. Alfred Rivard and Miss Emma, Thursday.

James W. Bristow and sister had as guests, Sunday, Earl Sanders and Misses Louise Sanders and Mary Ditty Childress, of Erlanger. Misses Anna Norman and Repp Coleman, of Covington.

HEBRON.

Church services Sunday morning at 11 o'clock.

Wm. Crigler recently purchased a Ford touring car.

The Hesters Circle will meet at Mrs. Lester Aylor's, Saturday afternoon.

J. B. Crigler, who was taken very sick last Saturday night, is some better.

Myron Garnett was a guest of Hiram Clove, of Covington, last Saturday night.

After a two weeks' visit with relatives here Mrs. E. M. Wilhoit left last Sunday afternoon.

Barney Turner and family, Mr. Smith and Hubert Conner and son, Cecil, spent Sunday at Milford, Ohio, going through in Mr. Conner's car.

A shower was given at the home of Mr. and Mrs. Webb McGlasson last Saturday afternoon for their daughter, Hazel, who recently married. She received quite a nice lot of presents.

R. C. McGlasson and family received a message from his son, Robert, last Thursday night, announcing his marriage to a Miss Walton, of Missouri. He left here to go to Missouri last Monday morning.

The proceeds of the box social here was \$79.50 instead of \$75.58 as reported last week. The teachers, Misses Jessie Gordon Maud Tanner and Miss Cleek, wishes to thank all those who in any way helped to make it a success.

Mr. and Mrs. J. H. Mannin entertained the following guests last Sunday: Mr. and Mrs. Bimor Miller and his mother of Constance, Mr. and Mrs. Wm. England and son, Mr. and Mrs. W. R. Garnett of Hebron, and Mrs. Brenda Garnett, of Bullittsville.

Several from here attended the Home Coming of the Boone county soldier boys last Saturday evening at Burlington. The two addresses as well as the solos by Mr. Coffman were very much enjoyed, and last but not least the delicious supper that was prepared for the soldier boys was enough for every one present.

Mr. and Mrs. Geo. Gordon and daughter had as guests last Sunday, James Bullock and family, Dr. Frank Crigler and wife of Ft. Mitchell; Allen Darby and wife, of Limburg; Mrs. E. D. Wilhoit, of Missouri; and J. D. Aylor and son, Frank, of Limburg.

Don't forget Renaker & Youell's sale Friday afternoon, Nov. 14th.

UNION.

Farmers in this neighborhood are a busy set.

There will be services at the Union Baptist church every evening next week, beginning Nov. 16. Different speakers for each evening.

Protracted meeting in progress. Preaching by the pastor, Rev. Ed. Inger.

Geo. Steiner has moved to Alabama, where he purchased a farm. We wish him success.

Don't forget the social dance at the Hotel Saturday night. Good music and a good time is promised to all.

Farmers are very busy around here. The head water carried away lots of corn, also the back water did a great deal of damage.

Clyde Clements has moved here. He is going to engage in the trucking business. Any one who has hauling to do will do well to call on him.

RICHWOOD.

Election dope was like unto base ball dope.

J. J. Cleek continues to suffer of rheumatism.

Wm. Smith and wife spent Sunday at Latonia.

Robert Stephens has a fine 3-year-old Wilkes mare for sale.

C. E. Tanner and Walter Grubbs visited Burlington last Monday.

J. T. Powers and wife and Thos. Carpenter spent last Sunday at Verona.

C. E. Rector, of near Independence, spent last Sunday at C. D. Carpenter's.

Robert Stephens will leave soon for Tennessee, where he has accepted a fine dental employment.

Mrs. John Rice and Mrs. Fannie Sleet visited their sister, Mrs. Maude Dean at Bethesda hospital a few days ago.

Members of Fowler Lodge 201 are requested to meet Bro. Geo. J. Briel, Saturday evening at 7:30, November 22nd.

Earl Carpenter and family, Mrs. Sarah Carpenter and Eli and Mr. and Mrs. Henry Carpenter spent Sunday at Harmon Hearnes.

GUNPOWDER.

Wallace Rouse and wife visited her parents, Gus Freidman and wife, last Sunday.

H. F. Utz and family and P. J. Allen and wife were guests of this writer last Sunday.

Geo. B. Miller sold to a man from Dry Ridge two bound pups for \$105 last week.

L. H. Busby, Harmon Jones and J. W. Williams are done stripping tobacco. Each has a large crop.

J. P. Tanner, who we reported sick in our last has recovered and is sufficiently to resume business again.

Armistice Day was observed at Hopeful last Sunday and also the celebration of the first anniversary of the new church, which was dedicated the 14th of Nov. one year ago. In balancing up the books there was a small deficit which was not provided for and a call was extended to the congregation and in a few moments the amount was raised, which clears all the indebtedness and the congregation has a structure of which it may be very proud, at a cost of about \$10,500.

Jafer Fowler is now deting four prisoners, the largest number of boarders the county has had at his hotel since he went into office.

FLORENCE.

Catherine Cook is home from Georgetown college on a vacation. Ernest L. Loving, of Washington, D. C., is the guest of G. W. Ellison.

Jennie Martis, of Covington, is the guests of Mrs. Ed Snyder, of Burlington Pike.

Listen, boys. Get your tin pans ready. Wedding bells will soon begin ringing.

Mrs. W. H. Scott is now comfortably ensconced in her new home on Dixie Highway.

Hillery Hamilton and wife entertained her mother, her aunt, of Covington, last Sunday.

Renaker, Sidnor & Carpenter sold the Chas. Carpenter farm of 10 acres to Harmon Jones.

Misses Alice and Bertha Bramlage, of Erlanger, were week-end guests of Mrs. Lee Whitson.

Justin Lillard and wife were guests of Mr. and Mrs. Ed. Sidnor Saturday night and Sunday.

Hugh Carey's sale was well attended last Saturday. His cows sold for an average of \$107.

G. W. Ellison, wife and children were Sunday guests at Sam Coleman's, in Kenton county.

Miss Pearl Crosway, of Cynthia, was the guest of Miss Eva Renaker and brothers last Saturday and Sunday.

Miss Irene Cahill, of Madisonville, Ohio, spent last Sunday here with her parents, Mr. and Mrs. Mike Cahill.

Mesdames A. M. House and E. J. Finan spent last Saturday night and Sunday at Walter Arnold's, near Bullittsville.

W. T. Arnold and wife are back in Kentucky after a short stay in California. He says "My Old Ky. Home looks best to me."

Ed Snyder and Clarence Carpenter took a party to Bullittsville last Sunday, and when getting out of the auto, Mr. Carpenter slipped and fell, breaking two or three of his ribs and otherwise injuring him slightly.

Mr. and Mrs. W. H. Goodridge entertained last Friday in honor of their wedding anniversary.

Those present were Mr. and Mrs. Ed. Snyder, John Surface, Lee Whitson, J. R. Whitson, Mesdames W. Myers, Lou Thompson, Malie Beeson, Mike Vesley, Fannie Clutterback, Lloyd Aylor, J. P. Tanner, Ed. Bentham, Sallie Fulton, Chas. Fulton, Perry Aylor, T. C. Curd, of Texas, have been the guests of J. W. Riggs and wife.

Miss Carrie Herrington and brother, Roy, spent last Sunday afternoon with Miss Harriet Darby.

Christopher Columbus Rouse of this neighborhood, is the champion cabbage grower. He exhibits a head that weighs 12 1/2 pounds. Can anybody in the county beat it?

The Triangle Class of the Point Pleasant Sunday School will give an oyster supper and bazaar on the evening of Nov. 14th. Everybody is invited and all the ladies are requested to bring appetizing luncheon.

All extend our heartiest congratulations and best wishes to Allen Darby and wife.

The C. W. B. M. met last Wednesday at the home of Miss Carol White and Mrs. Annie McGlasson.

Mr. and Mrs. Worth Weir and daughter, of Man, have been the guests of J. W. Riggs and wife.

Miss Carrie Herrington and brother, Roy, spent last Sunday afternoon with Miss Harriet Darby.

Obituary—Dr. J. A. Richmond

Dr. Joseph Asbery Richmond was born at Inman, Tennessee, Aug. 14th, 1852. In September, 1900, at the age of 18 he made a profession of his faith in Christ as his savior and united with the Cumberland Presbyterian church. Entered the University of Nashville, at Nashville, Tenn., in Oct. 1903, and graduated from that institution in April, 1908. Sept. 21, 1917, united in marriage to Miss Letta Simpson, at Falmouth, Ky. Joined the Masonic Lodge in Tennessee, and was a member of Bellevue lodge No. 544 at the time of his death. Died Oct. 21, 1919, aged 37 years, 2 months and 6 days.

He leaves a wife, five daughters, sister, father, mother and a host of friends to mourn his departure.

Two brothers and a little daughter have preceded him to the great beyond.

Dr. Richmond came to Bellevue in the fall of 1912, and the seven years he has been in our midst he has gained a wide circle of friends.

As a professional man he was well liked and was recognized as one efficient and capable of ministering to the ill.

He was kind, gentle and sympathetic in his manner and responded to many a sick call when he was scarcely physically able to do so.

In the town and community he will be missed as a friend and neighbor and as a professional man we can not estimate how his loss is felt, for one so useful and much needed as he is a loss that is keenly felt by all and a vacancy is left that will be felt for years and years.

In the lodge room there is a vacant chair, but there will be a reuniting in "Higher Lodge."

In the home circle, how much he is missed no one can say.

He was a loyal, devoted husband, a kind, dutiful son, a loving and tender father, an affectionate brother and in the days that come and go his kind, gentle touch and influence will be felt.

So little can be said to comfort these bleeding hearts, but "commend them to the maker who doeth all things well."

After a brief service of comforting words by Rev. C. E. Baker the Masons took charge and the remains were taken to Williamsburg, Ky., where the Masonic ceremony was performed and the remains were interred in Williamsburg cemetery.

MORROW BOOM LAUNCHED

Vice Presidency Proposed for Kentucky Republican.

Washington, Nov. 6.—The Edwin P. Morrow Vice Presidential boom is the latest attraction on the political horizon.

It was brought to Washington today by the four Republican members of Congress from Kentucky and visualized by glowing and prophetic words until many Republican members of Congress thought they could see in Governor-elect Morrow the makings of a good Vice Presidential candidate.

Representatives John W. Langley, Charles F. Ogden, King Swope and J. W. Robinson returned from Kentucky on the same train. Langley, the dean of the delegation, declared the entire country is alive with "Morrow for Vice President" sentiment.

To a certain extent the League of Nations was a factor in the result said Langley. "While Morrow insisted on keeping the campaign, as far as he was able, strictly to State issues, the rest of us denounced the League of Nations and rolled up tremendous Republican majorities."

Received New Truck

Dudley Blyth received one day last week a new two-ton Armored truck to be used in his business. Trucks are moving all the farm produce and livestock that goes to market from this county. Seven trucks are in commission in the town of Burlington.

Didn't Shout but Smiled Much

None of the local Republicans went wild over their tremendous victory on the 4th inst. They seemed to regard it as a matter of course. And, on the other hand, the Democrats did not seem to be annoyed very much. The fact is politics are not what they used to be.

Selling Boone County Land

W. E. Vest, real estate agent at Covington, was in this county last week closing up some big real estate deals he had made, the purchases being from outside of the county. Understand one of the farms he sold was that which A. W. Corn used to own at Bullittsville.

Mr. Vest said the real estate business was on a boom which is likely to continue for some time.

KENTUCKY BAPTISTS PUT CAMPAIGN FIRST

Indications Point To Certain
Victory In 75 Million
Drive.

Situation There Outlined

Rev. J. R. Black, Publicity Director, Describes Progress
In the Blue Grass State
To Date.

REV. J. R. BLACK

By REV. J. R. BLACK
Kentucky Publicity Director

The organization of Southern Baptists for the raising of 75 million dollars for all phases of work fostered by this people has now been pushed out until all of the 18 Southern states have followed the suggested organization. Kentucky is not behind in the number for in the 76 district associations there are now 70 associational organizers, 74 associational publicity men and 60 W. M. U. organizers. It is the purpose to have one of each of these in each association and then in the local church there will be an organizer in addition to the pastor, who is the director, a W. M. U. organizer and three boosters, who will do the publicity work. The organization has also extended until practically all of the 1,850 Baptist churches in Kentucky have these officers in charge and every effort is now being made to bring information and prepare for the great drive which will be made in one week's time, the date of which is November 30th to December 7th.

The state organization is in charge of Rev. O. E. Bryan, Corresponding Secretary of Missions Louisville, Ky., Prof. John L. Hill, of Georgetown College, State Organizer and Director, Georgetown, Ky., and Rev. J. R. Black, Publicity Director, Louisville, Ky.

At the general office in Louisville the most encouraging news is being continually received. The people all over the state are so enthusiastic about the campaign that from every quarter responses are now coming and some churches cannot wait for the drive to be made but are now pledging and giving more than was asked of them. The last message received was from Poplar Grove church in Graves county, which was asked for \$5,000 and after a sermon by the pastor pledges were made and the amount was more than raised. This has been done in many other places.

The information that is coming to the Baptists is probably one of the greatest benefits that is being derived from the campaign. A pastor in a mountainous association who had been preaching for over thirty years and had always maintained a position against the support of the ministry, and who did not believe in missions, stated at the meeting of the district association which he attended that he had learned more in this meeting of what God intended he should do to send the gospel to the other side, as well as to his neighbor, than in all his life before. A layman who had never given to missions or much for any object of the church, said he wanted to give \$200 a year for the five years of the campaign. A railroad man upon hearing the call gave at once a fifty dollar Victory bond and said this was not to be counted as his part when the drive was made. From these to a great gift of \$20,000 by Mr. George E. Hays of Louisville the Baptist people are being reached and are enthusiastic to take a part in the great undertaking.

The one day in October that will be emphasized above all other days is the fourth Sunday, October 26th, which is the day set aside and known as the day for "Calling Out the Called." Kentucky expects to have at least 200 young people to dedicate their lives for special religious work on this day. Ministers, pastors, Sunday school workers, pastors' assistants, and B. Y. P. U. members will hear the call for these great lines of service on this day.

HEART TO HEART TALK

Now, I am going to tell you how to put into practice the very best heart of the high art of treating your pastor in a way that will be truly a help to him and a continual blessing to him will be a continual blessing to your own soul. Listen well and seek the grace of God to heed my counsel.

Pray, pray, pray for your pastor! It is your sacred duty and it ought to be your spiritual joy. His work is arduous and trying on mind, heart and body. Your pastor has been called of God to the highest service possible to a human being. As a true man or God I am sure he has a great heart and has been given the "shepherd heart," and so, he is deeply and anxiously concerned for the spiritual good of his people. For that he lives, thinks, studies, prays and preaches. Your pastor, as a messenger of God, lives in a world different from yours. If he does not he has never had a vision of the mighty veracity of his calling. He will beto you just what God makes him and no more. Regard then, for your own spiritual profit ought to prompt you to plead for God's blessing on his life, labors and preaching. Pray for your pastor! Earnest and constant prayer for him will lead you to help him in every other possible way. So will you become a diligent pupil of the highest art of church membership—the knowing how to treat your pastor in the true, the God-pleasing way. Cruel it is to call a pastor to such mighty tasks and not pray for him. Pray for your pastor and you will be helped in deed!

School Notes.

Our schools, in spite of weather and cold, are running full in attendance. We are pleased to see this earnestness on the part of pupils and patrons.

One thing that is somewhat lax among some patrons is the local interest in schools. In this particular, patrons instead of concentrating their efforts on their local schools, even if the school be a one room school, discourage the teacher and "knock" the local school by non-support. Those patrons will send into some adjoining district and fill that school to overflowing while their own local school has a meager attendance. In most cases the disaffection is imaginary or an action or decision is reached simply by hearsay and most frequently by the report of a pupil; when if the patron were to investigate the case the report would be erroneous.

These cases would be better understood and adjusted by a call upon the teacher and have heart to heart talk with her. Furthermore, is it not better to correct the error and have a good school close at home for the entire community, than to pull the school down?

Wherever the people cooperate the school is a success, it may possibly go wrong for one year, but the next session will be corrected by a little vigilance.

It is gratifying to us to note success of the different schools in regard to the Kentucky Children's Home School. The good reports are still coming in. Teachers do not forget the Graded Spelling Contests Nov. 21st.

Old Landmark Felled

Everett Hall has felled the large maple tree that occupied the southeast corner of his lot on which is the residence occupied by Mrs. Ada Conner. The tree was struck by lightning last summer a year ago from the effects of which it died. The tree was noted for having been one beneath the spreading boughs of which the distinguished location of attorney of many years ago, James W. Calvert, spent many hours during the summer months, it standing in a few feet of the building then occupied by him as an office. Thus one by one the old landmarks disappear.

Produced Three Crops

John York, who resides in Gunpowder neighborhood, has the farming record in this part of the county for 1919. To start with Mr. York planted a considerable piece of ground in tobacco which matured a fine crop in due time. He then planted the ground in corn which produced a crop that yielded three bushels to the shock, 12 hills per acre. His third and last crop on the same piece of land consisted of watermelons and muskmelons of which he had a large yield of delicious melons. Who can beat this record?

Fifty-four Baptized

About 500 people assembled at the waters edge at Wm. Aylor's on Middle creek near McVie, last Sunday at 2 p. m. to witness the baptizing of those who, by confession, united with Bellevue Baptist church during the recent protracted meeting. There were 54 candidates and everything was arranged so perfectly for the service that it took Rev. Baker just 25 minutes to immerse them. Services were held at the church immediately following the baptizing.

Charles Moore, of the Linnburg neighborhood, sold his 25 acre farm on the Linnburg and Anderson Ferry road to a Bourbon county purchaser for \$5,000.

Robert Roberts, of Florence, was a caller at this office, Tuesday. In a few days he and his wife and son will leave for Glendale, Arizona, the home of U. W. Sandford and wife.

The Worm That Turns the Maxwell is the Same Type of Worm Drive in \$5000 Trucks. They Aren't Better, Merely Bigger. 90% of Businesses Can't Use the Excess Capacity

THE MAXWELL truck is an un-averaged truck for average means. You can own five Maxwells for less than one reliable five-ton truck. The five Maxwells will do much more work, carry more goods, give more satisfaction, please more customers, serve more uses, at less cost. Wear fewer tires. Run up fewer repair bills. Go where the other fellows can't follow and follow wherever they can go. Start with one and let it earn another annually.

2400 pounds. A weather-proof motor. Electric lighting system and generator. Built for the worst roads and the longest hills. Designed for money and time savers. Engineered like a suspension bridge. A tugboat for readiness in hauling power. Not a delivery wagon but a real truck for the roughest, hardest, longest, stretches of draying. A cash, tire and gas saver. Sold with an unnecessarily liberal guarantee at only \$1185 (chassis) f. o. b. Detroit.

Pays its way from day to day.

W. L. KIRKPATRICK,
Agent for Boone County
Burlington, Kentucky.

BURLINGTON WON

Local High School Basket Ball Team Defeats Walton In a Well Played Game.

The boys basket ball teams of the Burlington and Walton High Schools met on the Briarport court last Friday afternoon for a final settlement as to which is the stronger. These two teams occupied the 50-50 notch, and resorted to a neutral court on which to play the rubber. The referee was a stranger to each team, being a pupil of the Covington High School. The contest was a warm one throughout, the score being a tie at the close of the first half, 6 to 6. In the second half, the Burlington team got down to real work and were soon in the lead to remain, the final score being 15 to 9 in their favor. Numerous fouls were called on Burlington but the Walton boys could not locate the basket and nearly all of them went for naught. Each team was represented by quite a number of loyal rooters who pulled for their favorites vehemently until the last minute before which time it was evident that Walton had gone down to rise no more. It was a much desired victory on the part of Burlington as by it only one team could be crowned between it and the championship of the county, and these two teams are tied, requiring one more game to settle the question between them. Burlington is confident that it will defeat Petersburg if the team remains in the State and the Walton team showed last Friday afternoon in the game with Walton, Petersburg has been regarded as about the strongest aggregation in the county and a close game should be the result of the final contest. The date and place for this game has not been decided upon yet.

The Burlington band of rooters were in high glee when they arrived home from Erlanger last Friday evening.

The Erlanger game was witnessed by a good sized crowd.

HEART TO HEART TALK

Your church is not a club organized for the fellowship and welfare of the members only. It is a body of believers in Christ banded together for the glorification of the kingdom of Christ. Its spirit is unselfish and its purpose is spiritual. So as your church is the body of Christ, it is the only body under the stars that is divinely indwelt and led and you should regard the humblest place in your church as one of highest honor and privilege. What does your church membership involve?

It means praying. Jesus prayed habitually. God soon fades out of the life that is prayerless. The early church was one of power because it was a praying church. Giving yourself to prayer will make you a useful church member.

It means praying. God gave his son. Your church needs your gifts. You need to give. Grow in the grace also. It is a divine command. Your church needs you. You are bound to the service of helping as God has prospered you. Your giving should be cheerful, regular, systematic and in proportion to your ability. You can not afford to be stingy with God!

It means plodding and persevering. William Gray said, "I can plod. To this I owe everything." Plodding is a lofty virtue. Be willing to plod in learning the Bible, in regular attendance at the services, in all your duties devolving upon you. And hold fast and keep sweet. Don't take offense, climb the mill-tree and say you have no more to give. He began well but soon ran out of breath. "He that endureth unto the end shall be saved."

Study to be a good church member. It is a thing preeminently worth while.

BENJAMIN F. TANNER DEAD.

Mr. Benjamin F. Tanner, one of Boone county's oldest citizens died at his home in Covington, on Friday, November 7th, as the result of an accident which happened to him two days before. Mr. Tanner was born and raised in Boone county, where he resided until late years when he moved to Covington. He was the son of Joshua and Jane Tanner of the old and large Tanner family of Boone county. He was for 60 years a member of the Lutheran church, a firm believer in the christian religion and lived according to its principles so far as he was able. He was a good husband and father and lived a busy and useful life. He leaves a wife, one daughter and four sons besides many friends and relatives to mourn his death.

MRS. PEGGY HUME DEAD.

Mrs. Peggy Hume, widow of the late A. K. Hume, of the Mudlick neighborhood, died at the home of her daughter, Mrs. A. A. Alphin, in Gallatin county, last Wednesday. Interment at the Hance burying ground in Gallatin county last Thursday afternoon. Mrs. Hume was the last survivor of the family of Edwin Hume, a pioneer citizen in the southern part of this county. She is survived by one daughter, the wife of Hon. A. A. Alphin, of Gallatin county.

LAYING AWAKE.

As the dates for opening the loose leaf tobacco market draw near the growers are beginning to lay awake at night studying on the price proposition. Everything indicates they will receive good prices for good tobacco, but most of them have more indifferently tobacco than high classed, and poor grades and the ones that will cut their averages unless they bring unexpected good prices. There has been all kinds of trouble in the production of tobacco crop this year and a big-price and a brisk market will in a measure even things up for the grower.

HAS RESIGNED.

Owing to her duties as Deputy County Clerk and other duties that require her attention, Miss Lizzie Rogers, who was elected Secretary of the County Chapter of Red Cross at the meeting held in Burlington a few weeks ago, has resigned the position. It is not known yet who will be her successor.

OPENED IN DUE FORM

Rabbits Slain by the Hundreds ---No Accidents Reported.

Last Saturday was an ideal day for opening the hunting season in this State and a very large number of resident hunters were afield at an early hour in this county, while a large number of non-residents were flowing in, and by the time old and big game business could be heard popping in every direction and in a few hours the rabbit crop had been materially reduced. Returns began coming in shortly after the noon hour when ever and anon a hunter, weary and worn, would amble into one of the local stores and deposit a considerable cargo of mollies. The price ranged from fifteen to thirty cents a head, and the local merchants put out their lights Saturday night they had on hand between 1,200 and 1,500 carcasses. No accidents were reported during the day in this territory, and each of the hunters appeared to have had a day's fine sport. Many of them who killed only a few rabbits but they enjoyed themselves trying, and spared no shells in their efforts. The hunting season is now wide open in this State and the local rabbits will be harvested during the season. There are no quails to speak of and the hunters are killing game and enjoying themselves, giving them a chance to replenish, which they will do if given a chance.

A GOOD MAN GONE.

Elmer B. Stanifer, 48, deputy county clerk of Kenton county, who died of neuralgia of the heart at his home in Independence, last Thursday, attended school here when Prof. Henry Newton was the teacher many years ago. He was an energetic business man liked by all who knew him and was very popular in Kenton county, as well as in Boone county where he had many acquaintances.

GETS THE BANNER.

The official vote cast at the last election in this Congressional District shows that the Covington is the banner Democratic county of the district. She not only gave the largest Democratic majority, but gave Gov. Black a larger majority than she gave Stanley, four years ago. Good for Carroll, and also for Commonwealth's Attorney, who did not do anything to do with the action of the county.

HAVE FINE TOBACCO.

Joshua Beeson, of the Hopeful neighborhood, called on the Recorder one day the past week. He and his brothers have a crop of 4,500 sticks of tobacco, much of which is of very fine quality, and they expect to receive a good price for that portion of their crop. They have decided that they will take their chances on the loose leaf market rather than with the local speculators.

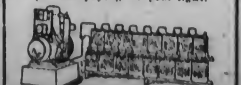

THE FIRST FREEZE.

The first freeze of any consequence this fall came last Thursday night, catching many radiators on automobiles full of water, and the result was the bursting of numerous small pipes in the radiators, very much to the annoyance of the owners. From now on the safest plan is to leave no water in the engine over night.

It is not too late to put your farm against hunting. The Recorder will post it for you if you will send it \$5 cents.

DELCO-LIGHT

The complete Electric Light and Power Plant. Electric light and power for less than you are paying for poor light.

FRANK A. AVERBUCK, Dealer in Delco-Light Products. Phone 2000, 100 N. Covington, Ky.

STILL BOOMING

Boone County Real Estate In Demand By Men From Out In The State.

Boone county real estate remains in active demand as shown by the sales made the past week at high prices. Many of the purchasers are men from out in the State who have sold their farms at big prices and are reinvesting in Boone county land at a very much smaller price, and at the same time, securing land the quality of which is as good as that of the land they sold, while lying in a few minutes of one of the best markets in the country. Boone county land owners who have not realized the advantages they enjoy both as to quality of the land and the benefit of the present market at their doors are giving away to strangers who expect to make a big hit in Boone county in the next few years. Following are some of the sales of real estate made in this county the past week:

Cecil Burns, who, a few weeks ago sold his farm in the Bullittsville neighborhood, has bought of Melvin Jones the J. C. Hankins farm, about 200 acres, of the Bullittsville and Dry Creek turnpike near Hebron, purchase price being \$30,000. Mr. Jones bought the farm of the late Jacob and son-in-law, Charles Rice, a few weeks ago and sold it to Mr. Burns at a very handsome profit, said to be about \$5,000.

Geo. Gordon, of Hebron neighborhood, sold his farm one day the past week for \$200,000, from out in the State. The price is private but said to be a good one. The farm is the one owned and occupied by the late Jacob Tanner at the time of his death, and is near Hebron on the Hebron and Limaburg pike.

Judge Lussing has sold 200 acres of the farm on which his son Warren resides. The land is well improved, being the dwelling and barn being the most modern in that neighborhood. The purchaser is a Harrison county man, name not known at this office. The price is private but said to be a long one.

John Conrad sold his 1800 acre farm on the Burlington and Florence pike last Friday to Central Kentucky party for \$27,000. Mr. Conrad bought the farm about this year. The price is private but is known as the John T. Craven farm.

Melvin Jones bought, one day the past week, ten acres of land on the North Bend road near Hebron and known as the Cornelius Jones place, paying therefor \$300 an acre.

C. S. Boles, of Richmond neighborhood, sold 100 acres of land one day the past week at \$300 per acre. The land is part of what was the George W. Ransom farm, and has long been considered the most fertile farm in the county.

NO SPECIAL SESSION.

Governor Black Declines to Call Senate To Capital.

Frankfort, Ky., Nov. 18. Gov. Black will not call a special session of the Senate to confirm the appointment made by former Governor A. O. Stanley and himself since the last session of the Legislature. When asked as to the course he would pursue he replied: "I don't think I will call a special session of the Senate to confirm my appointments."

As a result of this decision Governor-elect Edwin P. Morrow will have an open course to pursue. He can send to the Senate for confirmation the names of the appointees of Governor Stanley, or he can withhold them, but the Courts may be called upon to decide the status of the appointees.

DIDN'T KNOW HIM.

Mayor Livingston, of Newport, came out one day last week to see the young man in the Burlington jail who had been claiming that the mayor is his uncle, and the result was the bursting of numerous small pipes in the radiators, very much to the annoyance of the owners. From now on the safest plan is to leave no water in the engine over night.

BUYING FINE JERSEYS.

Messrs. E. Y. Randall and R. W. Terry, of the Lexington, Ky. office with County Agent Sutton, visited the Jersey herds of J. H. McDaniel, of Waraw, and Perry Gaines, of Carrollton, last week in search of some outstanding young animals to start pure bred herds on their farms. They secured four bulls and two cows, including the Golden Fopula Noble breeding. This stock will be of value to the Jersey breeders in this county.

Pt. Pleasant school went over the top in her appointment for the State Orphans Home Fund, and will be a great help to the State and Orphans Home Fund. The school will be a great help to the State and Orphans Home Fund.

CHARLOTTE RIDDELL, Teacher.

ERASTUS W. RICE DEAD

Erastus Rice, aged eighty-one years, tobacco buyer who at one time handled a large bulk of the tobacco raised in Boone county, Ky., died suddenly Tuesday night about 12 o'clock at his home on Fifth street. Death was due to heart trouble. He leaves a widow and two sons by his second marriage, and five sons and three daughters by a former marriage. The funeral will be held Friday morning at Grant, Ky., with burial in the Rice family burial ground at that place. Rising Sun Recorder.

Erastus Rice was a native of this county, being a son of the late Doctor Gill Rice, of Bellevue neighborhood. He resided here until about twenty years ago when he became a citizen of Rising Sun. He was survived by two brothers, Solon Rice, of Dillsboro, Indiana, and John W. Rice, of Kansas. He had an extensive acquaintance and a large relationship in this county.

BOONE COUNTY JERSEY CATTLE CLUB

The Jersey breeders of Boone county will meet in Burlington at 1:30 p. m., next Wednesday, November 26th, to form a permanent organization. They will have with them this time the head of the Extension Department of the American Jersey Cattle Club, Mr. J. C. Galt, and Dr. W. S. Anderson, head of the Kentucky Purebred Livestock Exchange Experiment Station, Lexington, Ky. The purpose of this organization is to further the Jersey breeding in Boone county and to make this county the Jersey center in Kentucky. This organization will encourage dairymen of the county to use registered Jerseys in their herds, as fast as it is practical to change to pure bred Jerseys, and to urge the general use of registered Jersey sires. Among other things they have set out to change 100 registered sires in service in the county.

By a little cooperation Boone county can be made a Jersey center for outside buyers in which they can either select individuals or carload lots as well as automatically increasing the milk production of our herds.

Quite a number of one or two registered Jerseys or nothing but highgrade Jerseys this association wants you to come out and leave a name and address, we will Remember the time and place--Burlington, November 26th, 1:30 p. m.

Prices in the Sixties.

St. Louis Globe-Democrat.

Commodities in common use were decidedly higher after the civil war, and a comparison of conditions of the market at that time with those of the present is interesting. An investigator might possibly begin by looking up the cost of various commodities at that time, and then compare them with the present prices. There wasn't any. No coal oil well had ever been in operation. The Coal Oil Johnnies were ragged and the farmers' meager farms. The coal oil on sale was manufactured from molasses. Of course, no automobiles or motor cars existed. Coffee and tea, now admitted to be heavily taxed. Sugar was expensive. The Sandwich Islands, now Hawaii, were not yet discovered. Spanish possession. Louisiana did well with its yellow product, but at a higher cost than now. Rents were high. Wages were high. Limited modern improvements. Wages were high, though much lower than now. The purchasing power of the dollar was much cut down by the fact that its value in gold was much less than 100 cents--at one period only at 60 cents.

Let Us Build For The Future.

Enquirer.

According to a recent statement by the Department of Agriculture, more than \$200,000,000 is available in the United States for construction of hard surface roads this sum being four times greater than the amount estimated for 1918.

This is good news. Let us build for the future. But for good roads, the United States is starting upon the greatest road building campaign in its history, perhaps in the history of the world, at least the greatest since the building of the Roman Empire when at the zenith of its power.

It is estimated that the aggregate sum to be expended in this manner in the coming year would build and duplicate another Panama Canal. The fact indicates the intelligent development of the national thought as applied to constructive creation essential to the further material advancement of the republic.

The public sentiment is behind this tremendous activity. It never will become less enthusiastic than it is at present. The states are zealous to match Federal appropriations. The Dixie Highway soon will be completed. It will stand an enduring monument to the initiative of an awakened people. So other roads and lanes and thoroughfares continuously will be created and extended. It will from now on be a network of roads and a network of roads, as no nation ever possessed. Practically every state in the Union is now engaged in bettering its efforts in this gigantic work which is to contribute to the happiness and security of millions yet to be born.

MAY SAVE HIS EYE.

The young man who was so severely injured in the Bellevue neighborhood one day last week, is the son of Mr. Fred Covington city fireman. At last accounts it was thought that his eye might be saved.

SOLD HIS CATTLE.

John Binder, Sr., of the Big Bone neighborhood, shipped 25 cattle recently, for which he received \$1,800. Mr. Binder makes frequent shipments of livestock for which he receives large sums.

HAS SOLD HIS FARM.

W. A. Figg, who resides on upland near the headwaters of the upper Gunpowder creek, was in Burlington, last Friday, squaring up with the sheriff, the county road engineer and reuniting for another year with the freighting. Mr. Figg is one of the many good citizens in his part of the county, but is seldom seen in the county seat, being so busy to come this way unless some thing demands his attention.

OLD RIVER MAN GONE

Captain H. B. Fenton, 78, Dies-- Civil War Veteran Commanded River Vessels 35 Years.

Captain Henry Bascom Fenton, 78, known for more than half a century on the Ohio and Mississippi rivers from Pittsburg to New Orleans, died last Thursday at his home in Newport.

Captain Fenton served in both the Union army and navy during the Civil War. For more than 35 years he commanded the Levi J. Workum and Minnie No. 2, at one time well known boats on the Ohio river. He resided at Petersburg this county many years while employed in the steamboat business.

He is survived by one daughter, Mrs. Edgar Berkshire, of Pullington, and six sons, Howard Fenton, of Memphis, Tenn.; Thomas, of com and William, of Calhoun; Elmer Fenton, Hamilton, Ohio; Thomas Fenton, Lockland, Ohio.

Captain Fenton was a very estimable gentleman of the old school, and took pleasure in relating many of his interesting experiences while running on the river, some of which were adventures that it took a strong heart and a quick conception to meet successfully.

Very few people are living today who were in command of boats on the Ohio river at the time Captain Fenton was at his zenith in that business.

BIG HOGSHEAD SALE

Prices Range From Fifteen to Eighty Dollars Per Hundred Pounds---Growers Well Pleased.

The hoghead tobacco sale at Walton last Saturday was a great success. A large quantity of tobacco was sold, ranging from fifteen to eighty cents a pound. In the crowd of about three hundred people present there were about thirty buyers, and the bidding was brisk. Quite a number of hogheads brought between seventy and eighty dollars per hundred pounds. Several buyers who had been offered what they considered a fair price for their crops but held over to try out the hoghead sale made a nice profit by doing so.

Let Us Build For The Future.

The Dixie Highway soon will be completed. It will stand an enduring monument to the initiative of an awakened people. So other roads and lanes and thoroughfares continuously will be created and extended. It will from now on be a network of roads and a network of roads, as no nation ever possessed. Practically every state in the Union is now engaged in bettering its efforts in this gigantic work which is to contribute to the happiness and security of millions yet to be born.

MAY SAVE HIS EYE.

The young man who was so severely injured in the Bellevue neighborhood one day last week, is the son of Mr. Fred Covington city fireman. At last accounts it was thought that his eye might be saved.

SOLD HIS CATTLE.

John Binder, Sr., of the Big Bone neighborhood, shipped 25 cattle recently, for which he received \$1,800. Mr. Binder makes frequent shipments of livestock for which he receives large sums.

HAS SOLD HIS FARM.

W. A. Figg, who resides on upland near the headwaters of the upper Gunpowder creek, was in Burlington, last Friday, squaring up with the sheriff, the county road engineer and reuniting for another year with the freighting. Mr. Figg is one of the many good citizens in his part of the county, but is seldom seen in the county seat, being so busy to come this way unless some thing demands his attention.

Coal is selling at 30 cents a bushel at Erlanger.

If you don't want to sell your farm don't price it.

Some few persons in the county have done the butchering act.

J. M. Edkins raised a beet in his garden that weighed 15 pounds.

None of the local hunters got more rabbits last Saturday than they could carry.

C. C. Bristow, of Union precinct sold his old tobacco one day last week to Law, of Walton, at 30 cents a pound.

J. E. Smith, who has been quite ill for some time, has been comfortable for several days, but he is still confined to his room.

A Republican was elected sheriff in Taylor county on the 4th inst. the first time that has happened in Taylor county for forty years.

Mrs. Laura Martin returned last Saturday evening from a visit of two months with her daughter, Mrs. Lee Farnish, of Golden Pond, Trigg county.

County Clerk W. R. Rogers and sister, Miss Lizzie and Sallie and C. C. Roberts attended the funeral of Elmer Stanifer at Independence, last Saturday.

The commissioners of Dearborn county, Indiana, appropriated \$1,000 to help defray the expenses of the Elmer Home celebration at Lawrenceburg last Saturday.

At Renaker's & Youell's sale last Friday afternoon shock corn sold from \$2.00 to \$2.10 a bushel. Four hundred shocks were sold. Tobacco sticks brought \$1.25 per hundred.

The District Vocational Board at Cincinnati has placed 200 disabled soldiers in training. In placing these men training schools have been located in Indiana, Ohio and Kentucky.

Kentucky's 1919 tobacco crop is estimated at 457,300,000 pounds, corn 3,700,000 bushels and potatoes 4,600,000 bushels in the November Government crop report for Kentucky.

Timothy Sandford, Dan McCarty and Samuel Rowland attended the hoghead tobacco sale at Walton last Saturday. They had a partnership crop of five or six hogheads in the sale.

A very important business meeting will be held at Bullittsville Baptist church next Monday at 11 a. m., and every member is urgently requested to be present. The meeting will be held at Bullittsville, of Covington, will be present and address the meeting.

Governor Black does not seem inclined to hasten in any manner, Mr. Morrow when he takes hold of the reins of State Government, therefore he declines to run any events, but he has a partnership crop of five or six hogheads in the sale.

The growers are putting in every minute possible getting their tobacco ready for an early market. The prices will be all they can desire. So long as tobacco brings the prices now being offered for it the producer is going to be a very active member of the republic.

McKinley Snow, who recently purchased the boats at Lawrenceburg ferry, and was operating this property, was overtaken by bad luck in that his boats were sunk, several days ago, since which time there has been very little service at that ferry. Mr. Snow's loss is considerable.

The Aurora Loose Leaf Tobacco Warehouse has an advertisement in this issue fixing the date of its opening sale for Thursday, December 4th. The Aurora house expects to handle a large lot of Boone county tobacco this season, and will do all it can to deserve the patronage from this side of the river.

Johnnie Burk and wife went to Aurora last Friday evening to attend the big "Welcome Home Cole" celebration at the Aurora. The county boys at Lawrenceburg last Saturday. It was a big affair, the entire county turning out to see the boys. Mr. and Mrs. Burk's son died while in a training camp.

It is predicted by some of the high officials in Washington that the panic that struck the New York stock exchange one day last week will be the cause of sending at least eight hundred million dollars to the west where it can be invested out of the reach of panics. If that be the result it can be said that some good has come of a financial panic at least.

J. O. Richards, who resides in upper Gunpowder creek, was in Burlington, last Friday, squaring up with the sheriff, the county road engineer and reuniting for another year with the freighting. Mr. Richards is one of the many good citizens in his part of the county, but is seldom seen in the county seat, being so busy to come this way unless some thing demands his attention.

The Farmers Tobacco Warehouse

Located in the Center of Town

WALTON,

KENTUCKY

A Loose Leaf Warehouse owned and controlled by farmers of Boone, Kenton, Grant and Gallatin Counties

OPENING SALE

Saturday, Dec. 6th, '19

This is One of the Best, most Modern and Evenly Lighted Warehouses in Northern Kentucky

32,000 Square Feet of Floor Space.

FOUR BIG PRIZING ROOMS

We have under roof, ample accommodations for 250 loaded wagons. We will store and keep your tobacco insured from the time it reaches the warehouse until you receive your check, without additional charge. Our market will be under the management of experienced tobacco men controlled by the farmers. Sell your tobacco over the floor of the FARMERS HOUSE, right in the center of town where you will have access to the accommodations which the town affords.

WALTON.

Mrs. Sallie G. Hughes of Cincinnati, spent the first of the week here with relatives and friends.

B. B. Alphin sold 30 hogheads of fine tobacco last week to Brown & Williamson of Winston-Salem, N. C., at a very nice price.

Robt. W. Allen of Landing, was a visitor here and at Louisville last week, selling his old tobacco on the Louisville market at a fancy price.

John C. Vest spent the first of the week at Warsaw attending the Gallatin Circuit Court, being the attorney in a big will case now on trial.

John C. Bedinger sold to Chas. Colston a house and lot on Beaver Road for \$1,000, possession to be given as soon as the occupant Geo. E. English can move to other quarters.

A. T. Jump of Elkhart, spent last Friday here and bought a house and lot at Elkhart from the Equitable Bank and Trust Co. executors of the estate of John W. Sashier, deceased.

Mr. and Mrs. John C. Miller and daughter Miss Emma Jane of Walton, and Dr. W. W. Smith of Louisville, spent Sunday with friends and relatives at Big Bone Springs and Landing.

Mrs. T. M. Barton of Butler, Pendleton county, Byron Barton and Mrs. Carrie Beall and Miss Mable Fryer of Washington, D. C. were the guests of Dr. and Mrs. T. T. Barton last Sunday.

The sale of old tobacco in the hoghead at the Walton loose leaf tobacco warehouse last Saturday was a great success, the tobacco selling at the highest prices ever known on a hoghead market. There were nearly three hundred hogheads of tobacco sold at public auction, and about one hundred and fifty hogheads sold at private sale. The purchase made by Jos. C. Hughes and the Walton Loose Leaf Tobacco Warehouse, and that sold at private sale did not bring near the money that the tobacco sold at auction brought, but it had been bargained for and notwithstanding that it would have brought a lot more money by rejecting the sale, yet these parties felt in honor bound to keep their word on the sale and let the tobacco go. That sold at public auction brought from \$19 to \$22.50 per cwt., and averaged \$22.76, and will bring to the growers about thirty thousand dollars. There were a big lot of fine buyers from all of the big concerns, representing the Louisville and Cincinnati markets, and outside speculators. It was a matter of great credit to the Walton Loose Leaf Warehouse to inaugurate this sale and the farmers ought not to forget them for it. Finding the market going to pieces at the close of the season last year, the Warehouse Company got into the breach and boosted the market, buying nearly \$100,000 worth of tobacco, and finding that there would be no revival of the market at that time, advised the farmers to hold their tobacco. John A. Dumas making a speech in which he

(FLORENCE, KY., R. D.

TOBACCO GROWERS:

Beginning December 1st, 1919, we will receive tobacco for our OPENING SALE which will be held on

Thursday, Dec. 4th, 1919

Our market is second to none in the handling and sale of Leaf Tobacco, and we shall give our personal attention to every crop no matter how small. Why sell your tobacco at your barn when you can deliver it to us and have it sold at the highest market price.

This warehouse was built to accommodate the grower of Tobacco, and the men connected therewith will gladly furnish any information of interest to the grower.

Bring in your old Tobacco, as we have especially arranged to sell it separately and anticipate having as strong competition on the old crop as on the new Tobacco. Yours for service,

...The Aurora...

Loose Leaf Tobacco Warehouse Co.

Aurora, Indiana.

said he advised the farmers not to give their tobacco away and he would see that they had a good market on the redried tobacco, and he redeemed his word at the sale last Saturday. Several who had been on the Louisville market stated that the sale was at least \$5 per cwt. better than Louisville, and the tobacco all sold for more than \$5 per cwt. more than the valuation made by the Warehouse Commit-

tee several weeks ago, and there were no rejections but all were not only highly pleased with the sale and its management but were glad to receive the prices named. Carl Neumeister sold three hogheads at \$65, \$79 and \$82.50, an average of 74 cents per pound. The tobacco is being shipped at fast as it can be gotten ready, and it is expected it will all be shipped this week. The Walton Warehouse Co. will open its loose

What you pay out your good money for is cigarette satisfaction—and, my, how you do get it in every puff of Camels!

EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigarette aftertaste or unpleasant cigarette odor.

Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful mel-

low-mildness of the tobaccos yet retaining the desirable "body." Camels are simply a revelation! You may smoke them without tiring your taste!

For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll best realize their superior quality and the rare enjoyment they provide.

Wanted—Man to raise tobacco and work on farm when not in crop. House and garden furnished. Robt. McGlasson & Sons, Burlington R. D. 8. Hebron phone 6 nov27

The following shows how the price of News print is likely to soar:

New York.—Thirteen cents per pound, f. o. b. mill, was asked for print paper here during this week. The price was for car load lots, and was made to one of the largest purchasers of sheet print paper in the country. The mill refused to make a price of anything less than thirteen cents.

Chicago.—It is reliably reported here that one of the large daily papers of the city has made an offer of ten cents a pound for 1,000 tons of roll print, and has not found a mill that will take the order. The Chicago papers are being forced to omit a large amount of advertising from every issue because of the shortage of print paper.

Washington.—Complaints of inability to secure print paper are pouring into government offices here. Newspapers are reporting prices of eight, nine and as high as twelve cents being asked for print paper, and when orders are placed at these prices it is possible to secure only very small quantities, not nearly enough to meet their needs.

Omaha.—One of the largest wholesale paper dealers of the country reports print paper prices going upward every day, with a raise in one week of more than \$1 a hundred. Many mills are refusing to accept orders at any price, and a forced suspension of many papers is looked for as there is no prospect of any relief in the immediate future.

The fiscal court was in session Tuesday, all the justices of the peace being present.

Not a very voluminous record was made, several small claims being allowed.

Insurance to the amount of \$153 on the county infirmary was ordered paid.

The sheep claim of William Phillips amounting to \$28.50 was allowed.

The county road engineer was directed to open a stone quarry for the benefit of the county roads if he sees proper.

The court discussed many matters concerning the roads.

Something over 200 hunters' licenses were issued at the county clerk's office previous to last Saturday. The deputies out in the county who issue a great many had made no report as to the number they had issued, probably as many as the chief officer.

J. M. Eddins bought for his son Stanley, G. G. Hughes' house and 12 acres of land just east of town for \$7,000, possession to be given March 1st. Stanley sold his property in Burlington a few weeks ago.

Jesse Kirkpatrick and force of hands have made a good beginning on the bungalow which Herbert Gaines is building, out on the Petersburg pike near the residence of his father.

There will be a dance at Hebron Odd-Fellows Hall next Saturday night. Everybody is invited to attend and have a good time.

Dr. S. B. Nunnally, of Bullittsville, was a caller at this office Tuesday. The doctor is in fine shape for a winter's hard work.

For Sale—Poland China Glits, 175 pound Poland China boar, good one; \$35 each, some heifers and steers. Ira Aylor, Union, Ky.

Esq. Chas. Wilson's eyes have been giving him trouble for several months and they do not improve.

Roberts & McIntyre, of Walton, have been doing mason work in Burlington this week.

Several thousand rabbits have been killed since last Saturday morning.

The peace treaty will be disposed of by the U. S. Senate this week.

The river has receded rapidly the past week.

Next Thursday is Thanksgiving day.

Next Thursday is Thanksgiving.

SOME POTATO, OLD MAN.
Herbert Kirkpatrick boasts of an Irish potato that weighs sixteen ounces and a beet that is so large that he will hat it to cook it a kettle, made in which to cook it if he cooks it whole.

WILL BE IMPASSABLE.
It is said that the people along the Lexington pike are living in dread of the condition that bad weather will develop in that road this winter. It is believed that in many places it will be impassable before next spring.

RALLY DAY SERVICES.
There will be no preaching service the fourth Sunday in this month at the Burlington Baptist church, but there will be a rally and preaching on the fifth Sunday, and every member is requested to be present that day.

OYSTER SUPPER.
An oyster supper will be given at Taylor's report on the evening of the 30th inst. the proceeds to be applied for the building of a bridge over Elijah's creek at Taylor's report.

PT. PLEASANT.

Don't forget the regular church services next Sunday morning and evening by Rev. Simmons.

Mr. Herrington is conducting a series of interesting revival meetings at Constance church.

Quite a number of ladies from Pt. Pleasant church attended the Red Cross Training Class at Constance, last Wednesday afternoon.

Mrs. Loula Tanner and daughter, Sarah Elizabeth, and Mrs. Genevieve Southern, spent Saturday in Cincinnati, viewing the great NC-1 seaplane.

Mrs. Sallie Southern and son, Gordon, entertained with a family dinner in honor of her brother-in-law, Henry and son, Dr. Whitlock Gordon, of Forestville, Ohio.

The Ladies' Aid met with Mrs. Carrie Riggs last Thursday. Nine very enthusiastic ladies were present and two comforts were completed and a greater work was promised for the future.

The Triangle Class of Pt. Pleasant Sunday school took in \$50 at the oyster supper last Saturday night. The cloths-hat contest was the feature of the evening. Howard and Thayer being the champion cloths-hanger.

Pt. Pleasant Auxiliary of the Red Cross contributed the following to the Home Coming for the soldiers at Burlington last Saturday night: Four chickens and dressing, two cakes, one quart of pickles and \$7 in money.

Mr. and Mrs. A. L. Patterson, of Cincinnati, spent last Sunday at S. W. Aylor's. Their visit was a surprise as they had not been in this neighborhood to see their old friends for many years. Mr. Patterson has just helped to complete the Junior's Orphan Home at Tiffin, Ohio, and will soon begin work on a school house that will cost \$50,000.

FRANCESVILLE

Frank Estes spent Sunday at W. H. Eggleston's.

Mr. and Mrs. E. J. Aylor and son, Joseph, were Sunday guests at Mr. A. J. Ogden's.

Mr. and Mrs. Leon Aylor and children, of Holston, spent Saturday at A. J. Ogden's.

Mr. and Mrs. John Cave, Jr., entertained their neighbors and friends with a dance, Saturday night.

Mrs. Raymond Goodridge and son were guests of Misses Mary Frances and Emma Goodridge, last Sunday.

J. S. Eggleston, who recently sold his farm here has purchased C. D. Scothern's farm in this community.

Rev. B. F. Swindler, of Petersburg, delivered two interesting and instructive sermons here last Sunday.

Mrs. Laura Evans and daughter, Miss Laura Katherine, left Sunday for a visit with relatives in Cincinnati and Lockland, Ohio.

Gladys, Jessie, Myrtle and Alfred Wilson spent last Saturday night and Sunday with relatives in this community.

Jerry Estes and daughter, Miss Katherine, had as guests Sunday Rev. R. E. Switzer, of Petersburg, and Mr. and Mrs. R. S. Wilson and children, of Hebron.

Misses Lila and Rachel Collier arrived home Saturday from a two month's visit with relatives and friends in Ashland, this State. Their cousin, Miss Florence Paine, accompanied them home for a short visit.

Dr. Warner and Rev. W. A. M. Wood will speak at Sand Run church, Wednesday evening, Nov. 20th, at 7:30 in behalf of the Baptist Seventy-five Million Campaign. All are invited to come out and hear them.

Mr. and Mrs. William Reitmann had as guests Sunday Mr. and Mrs. Carl Reiter and little daughter, Mrs. Diet and three children. Mr. and Mrs. Oscar Schaefer, Henry Hines and George Kapp of Cincinnati and Fred Reitmann, wife and little daughter, of Hebron.

WOOLPER HEIGHTS.

George Rouse, of Covington, is visiting his sister, Mrs. R. H. Walker.

Miss Mabel Williams was the guest of friends near Independence last week.

Mrs. B. E. Aylor spent Sunday with her mother and sister in the Hebron neighborhood.

Mr. and Mrs. Newton Sullivan, Sr., and Ohmer Easton Sundayed with Ed. Easton and family.

Henry Seikman has just completed a new cistern at the residence occupied by Henry Wingate.

Ed. Easton has gotten his wood saw in operation. Anyone wanting their winter wood sawed notify him.

Miss Clara and Henry Seikman had as their guests, Saturday night and Sunday, Henry Becknauer and two sons, of Cincinnati.

Russell Smith was taken violent ill one day last week while at work in the corn field and had to be taken home. He suffered excruciating pain in the region of the appendix and the doctor feared for a while he was going to develop a case of appendicitis. He recovered in a few days, however, and resumed work.

A squad of Erlanger boys had their farewell outing of the season at the camp down on Gunpowder creek the latter part of last week, and when they departed for home put their house in order to await the 1920 hunting season.

FLORENCE

Miss Nellie Schram spent Sunday night here with her parents. Pay your town taxes to J. G. Renaker and avoid the penalty.

Miss Bettie Wick was the guest of Miss Bridget Cary, last Sunday. It was Ed. Sidnor instead of Clarence Carpenter, who had his ribs broken.

Miss Jennie Murray, of Covington, was a guest at Mike Cahill's, last Sunday.

Robert Tanner, of Middletown, Ohio, visited friends here last Saturday and Sunday.

Miss Nannie Corbin and Mrs. Lora Laile spent Friday with Mrs. Edward Skirvin, of Covington.

The ladies of the Catholic church will serve lunch at Courtney Williams' sale next Saturday.

Mr. and Mrs. Goshel Stephenson had as guests, Sunday, Miss Minnie Baxter and Charles Beall, of Bullittsville.

Mrs. Nettie Corbin entertained Sunday Mrs. Chas. Haglinworth, Miss Carrie Clark, of Covington, and Jack Corbin, of Carthage.

There will be a dance Friday evening, Nov. 21st, at the Odd-Fellows Hall given by the Dramatic Club. Everybody welcome.

Mr. and Mrs. Mike Cahill had as their guests, Monday afternoon, Mrs. Toke Boyce and children, of Flint, Michigan, and Mrs. J. P. Boyce.

Miss Pearl Long entertained Misses Mildred Edling, Mary Elizabeth Baues, Mesdames John Riley, G. W. Ellison, and Russell Bradford, Thursday evening.

Special services at the Baptist church Monday evening Nov. 21st. All the members are requested to be present. The meeting will be in the interest of the \$75,000,000 campaign.

A vaudeville show for the benefit of St. Paul's church will be given on the evening of the 26th inst., at St. Paul Auditorium, for the benefit of St. Paul's church. Tickets, 25 cents.

The people of Florence celebrated Armistice Day with a Community Supper in Odd-Fellows' Hall, Tuesday night. Everybody who would bring something to eat was welcome and the result was a big crowd and a delightful supper. We wish to emphatically state that not one penny of the Red Cross funds was used for the supper.

DEVON.

Chas. Summett gave the young folks a party Saturday evening.

Mrs. Colby has as guests, her nieces, Misses Smith, of Cincinnati.

Mrs. Frank McCoy is entertaining her brother, Will Mulberry, of Sadiaville.

Mrs. Summett and Mrs. Colby were guests of Mrs. Frank McCoy, Thursday afternoon.

El Carpenter and family Sundayed at Harmon Hearnes, in the Richwood neighborhood.

Mrs. Beal, Bristow and Mrs. W. W. Woodward turned in a report to the American Red Cross Roll Call. Forty-six members. These ladies worked faithfully in this good work.

The community at large is much grieved over the death of their friend Elmer Stansifer of Independence. The very large crowd present at his funeral Saturday showed the high esteem in which his fellowman held his noble traits of character. The family have our deepest sympathy.

THE MOST

DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they give up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Heazlip Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Heazlip Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes in sealed packages. Three sizes.

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at all. Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui. E-77

What Will Morrow Do?

Georgetown Times.

Now that the election is over and Mr. Morrow is the next governor of the State, the main question is what will he do now that he has won the election? Will he do as so many public officers have done after they win the confidence of the people—fail to carry out the promises that they made before the election? Will he do as he said and see that the people of the State have the best administration in their history? Mr. Morrow has a great opportunity before him and with that opportunity as well as all the opportunities there is a large responsibility as well. He has the chance to really give the people the kind of administration that they want and in so doing make for himself a name or he has the chance to play politics and let the interests of the people go begging. The answer to the big question hangs rests with Mr. Morrow. If he answers it as the people want it answered he will go down in the history of the State as one of her great governors. If he does not he will draw down on himself the condemnation that he will justly deserve.

Mr. Morrow comes to the governorship of the state at a time when the state and the nation faces one of the greatest and most serious epochs in her long and glorious history. All over this land of ours the dreaded band of anarchy and revolution is hovering. In the great industries that make possible the life of the nation there is discord and strife. The war is over but with the close came for more serious problems to be solved by the people—the problems of reconstruction and readjustment to the changed conditions wrought by the war. At such a time the individual state has a great influence for good or evil. It can see to the fact that the law is upheld and the order is maintained. It can suppress all movements of revolution and Bolshevism and keep the country safe for the Democracy of which we are so proud. It can make it known to those from other countries that we are a peace loving country but that if necessary we can fight to keep the peace which we so much love. It can in other words make the country safe in every respect from the disturbances which is threatening to destroy our very existence.

And to Mr. Morrow comes the great opportunity to be the chief executive in this State during these days of readjustment and reconstruction. With the opportunity as we have said comes the equally great responsibility. If he succeeds the State will honor him. Politics will not count in this honor, only the gratitude of Democrat and Republican alike. But if he fails in his duty the state will reject him. What will Mr. Morrow do, now that the opportunity has come to him? Will he succeed? Only his administration can answer these questions and everyone looks forward to the time when he will show whether he has the state at heart or only the party which he represents.

Diphtheria Epidemic in Several Counties.

The following Bulletin has been issued by the State Board of Health:

Diphtheria is reported as existing in more than half the counties in Kentucky. It is epidemic in several of them. This is not a cause for senseless alarm but for intelligent action. More than half the 26 deaths which occurred from this disease last year were children whose parents failed to call a physician during the first three days of the sore throat. The greatest American authority speaking of diphtheria antitoxin says:

"When this remedy is properly used on the first day of the appearance of the membrane in the throat, there are no deaths from diphtheria. When delay in its use extends to the second day, the death rate runs from five to ten per cent; when it extends to the third day, or fourth day, it runs up to thirty, forty or even fifty per cent."

The following definite suggestions are offered by the State Board of Health to teachers, parents, or guardians for the suppression of diphtheria:

When a child has a sore throat it should be excluded from school kept home in bed, separated from other children and the family physician called. This is essential if there are whitish spots in the throat. Specimens should be taken by the physician and examined in approved laboratories or sent to the State Health Laboratories at Louisville or Louisville for free examination. If the case is at all suspicious antitoxin should be administered at once, 3,000 units if given on the first day, and from 7,000 to 10,000 units if seen later. This dose should be repeated in six hours if the membrane is not getting smaller. Antitoxin is furnished by the State Board of Health at greatly reduced prices to physicians and Boards of Health.

According to reports in regard to the condition of the corn this fall it will be well for the farmers to select their seed corn as the crop is gathered, and, if it is on go over the corn thus selected, making a second selection which should be treated early to ascertain its fertility. Good seed corn can be on hand ready for use if a little attention is given the matter of selection and testing during the winter months. Good seed is necessary to a proper start of any crop in the spring. Defective seed is not only annoying to the person who uses it but very expensive as well. Know your seed corn before planting time next spring.

Lay a bet on rolling 'em with

PRINCE ALBERT

the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joy's a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive-patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a rad of smokesport will ripple your way every time you fill up!

Copyright 1919 by R. J. Reynolds Tobacco Co.

Awaiting your say-so, you'll find today's red haze, tidy red time, handsome pound and half pound tin humors—and that classy, practical pound crystal glass humidor with sponge moustache top that keeps Prince Albert in such perfect condition!

SCOTT STREET FRONT - - COVINGTON, KY.

The KENTON LOOSE LEAF TOBACCO WAREHOUSE will begin sales on Thursday, DECEMBER 4th, 1919. You are familiar with the original KENTON LOOSE LEAF TOBACCO WAREHOUSE. The New House is on SECOND and SCOTT STREETS is very much larger. EQUIPMENT is such that tobacco can be handled with greater rapidity and ABSOLUTELY INSURE AGAINST LONG WAITS FOR UNLOADING. FACILITIES are such that no one will have to wait.

The NEW building will be one of the LARGEST of its kind in Kentucky or elsewhere, evenly lighted, more than 400 skylights, well distributed over the whole sales floor.

The main driveway will run the entire length of the building, 240 feet long, and will be 30 feet wide. The west driveway, 235 feet long, 20 feet wide. We have not spared any expense in making these facilities the best that could be had.

We expect a good offering on our OPENING SALES, confidently look for GOOD prices for good tobacco at this sale and during the entire season. Eastern and Southern markets are now about closing. Prices there have gradually increased from their opening sales and are now higher than at any other time.

Good, bright tobaccos in the Burley belt will certainly bring good prices, at least compare favorably with the Southern and Eastern markets.

LOTS OF LEAVES YET.
If the falling of the leaves is not speeded up Thanksgiving day will find considerable foliage still clinging to the boughs.

WALTON.

Mrs. D. B. Wallace has been quite ill this week but is now better.

John C. Miller and daughter Miss Emma Jane Miller spent Tuesday at Burlington.

Prof. J. C. Gordon and daughters Misses Mary and Edna of Burlington, spent Sunday here with friends.

Dr. W. W. Evans who has been visiting friends in Owen county, spent part of the week here with relatives and friends.

John G. Kennedy and J. M. Powers of Verona, and grandson Stanley Powers of Rising Sun, Indiana, spent Tuesday here with friends.

D. B. Wallace sold from his Grant county farm two fine registered Big Type Poland China hogs, one to J. H. Doan and one to Arthur Henry at \$45 each.

Mr. and Mrs. John E. Williams and children are moving to their new home in Covington this week, and their departure is very much regretted by our people.

Wm. C. Best sold his house and about four acres of ground near Walton to Dr. G. C. Rankins and Geo. L. Vest for \$5,000, possession to be given at once as he will move to Carrollton with his family.

J. B. Conrad who bought tobacco with Jesse Thornton at Elizabethton, sold his part of the purchase to his brother C. N. Conrad of Dry Ridge last week at \$40 per cwt. and part of it was marketed over the Louisville braks last week and brought an average of \$46.46.

Rev. J. D. Waters tendered his resignation as pastor of the Walton Christian church at the regular meeting Sunday morning to take effect at the close of the year, and in all probability the resignation will be accepted as he has a call from churches in Texas and Oklahoma that offer better inducements. Rev. Waters is an excellent preacher and gave good service here.

There is no death that brought greater sorrow to friends here than that of Elmer B. Stanifer who died last Thursday morning at his home in Independence, where he was the county clerk of Kenton county for the country district. Mr. Stanifer was taken suddenly ill at the county clerk's office in Covington on Tuesday with neuralgia of the heart, but recovered sufficiently to be able to return home, but on Thursday a sudden paroxysm of the heart caused his death. He was one of the most lovable men in this section of Kentucky and he was a friend to everybody, and was always constantly showing that friendship in so many ways that he will be missed by all. R. P. Stanifer, the merchant at Walton,

was his only son. He also leaves a wife and daughter to mourn the loss of a most affectionate husband and father. The funeral took place Saturday at Independence, an immense number of friends being present, the Elks and Masons conducting the services.

FLICKERTOWN.

Corn is selling around here for \$1.50 per bushel.

The rabbit hunters were numerous here Saturday.

James Minor sold his horse to Pat Norman last week.

Boone Ryle and Lewis Hensley are the champion rabbit hunters. Some reckless hunter killed a nice steer for Robert Terrell, Saturday.

Owen Beemon and son Cabel and Ed. Easton are hauling corn from Indiana.

Donna Pennock and family visited at J. H. Snyder's from Saturday until Monday.

J. W. White and family, Mrs. Sarah White and Sarah and Hazel Brady, Frank Day and wife visited at Hogan Wingates, Sunday.

UNION.

Mrs. Pratt McKee was the guest of Mr. and Mrs. James Huey one night last week.

Lynn Wilson and J. T. Bristow are visiting Mr. and Mrs. Lum Wilson, at Bagdad.

Dr. and Mrs. O. E. Senour are enjoying a visit with his brother in Topeka, Kansas.

Rev. and Mrs. Potts attended the Baptist General Assembly at Georgetown last week.

Mr. and Mrs. John Weldon, of Advances, Ind., are guests of Mrs. Weldon's parents, Mr. and Mrs. John Newman.

A meeting beginning at the Baptist church Sunday night and continuing all the week will be in behalf of the \$75,000,000 Campaign launched by the Baptists. There will be a different speaker for each evening.

Several young folks gave Ed. Feldhaus a surprise party last Thursday evening in honor of his 21st birthday. Those present were James Hedges and wife, Jas. Hoad and wife, Ross Courant, Raymond Newman, Robt. Miller, John Dickerson, Misses Margaret and Maud Benjamin, Alice McCale, and Fannie Utz. There were music and dancing. A delightful luncheon was served.

John C. Miller, cashier of the Equitable Bank and Trust Company, Walton, was transacting business in Burlington Tuesday.

HUME.

Kate Hinder has a position in the city.
Born to Robt. Harris and wife, a 10 pound boy.
Harry Roberts reports his wife improving.
O. O. Baker and wife have moved to Richmond, Indiana.
Miss Katie Stewart has returned to her home in Patriot.
Will Smith, wife and son visited at John Moore's near Beaver last Sunday.
Henry Maxwell's children who were taken to the hospital recently are getting along nicely.
Misses Grace Lamb and Gertrude Baker were guests of relatives here the latter part of last week.

GRANT R. D.

Mrs. Lou Dorman is with her sister Mrs. Z. T. Kelly.
Charley Craig took about 200 rabbits to Cincinnati Monday.
The Waterloo best club had its last killing and setting up last Saturday.
Calvert House and children, of Indianapolis, visited sister Mrs. Adah Wilson, Sunday.
Chas. Wilson, Esq. is entertaining a number of friends from Cincinnati, who came down to hunt.
Mrs. Helen Cunningham returned to her home at Marietta, Ohio, last Sunday, after several days visit with her parents, Mr. and Mrs. Geo. Ward.

RABBIT HASH.

Mrs. Z. T. Kelly is very sick.
Mr. and Mrs. Frank Hodges are spending a week at D. T. Riggs' in Indiana.
Mrs. J. M. Hodges and son, Robert, of North Bend, are visiting relatives here.
Ross, oldest daughter of Mr. and Mrs. A. G. Hodges has typhoid fever. Miss Artie Ryle is nursing her.
Miss Maud Matson, of Rising Sun, spent several days last week with her sister, Mrs. Benjamin C. Stephens.
Solon Ryle and Bert Scott, of Waterloo, were hauling corn from East Bend last week. Price, \$1.30 per bushel.
Rev. Robt. McNeely closed a very successful meeting at East Bend Baptist church last Saturday night. There were twelve additions, ten of whom were baptized in Lick creek last Sunday afternoon in the presence of a very large crowd.

WALTON.

Mr. and Mrs. B. B. Alphin and Mrs. Lucy E. Hance and daughter Miss Alpha attended the funeral of their relative Mrs. Margaret Hume in Gallatin county Thursday of last week. The lady was one of the oldest ladies in that county, being 88 years, 1 month and 1 day old. She was a sister of Stewart Baker, deceased, a former highly esteemed citizen of Boone county. George Baker, Aquilla Baker, Reason Baker, and Catherine Alphin, Mrs. Neige Hume and Mrs. Lucinda Brand were her brothers and sisters. She was a daughter of Edwin Baker who died at the age of 86 years. The funeral took place from the home of her daughter Mrs. Albert A. Alphin with whom she made her home for many years, the remains of this dear old lady being laid to rest in the Hance cemetery.

Personal Mention

Mrs. Elza Poston was quite ill several days the past week.
Mr. and Mrs. Richard Penn spent several days last week with relatives in Covington.
B. T. Kelly and wife were Sunday guests of their daughter, Mrs. Elza Poston.
Mrs. Laura Martin and Miss Pink Cowen spent Sunday with Mr. and Mrs. L. T. Clore.
B. R. Hume and wife attended Mrs. Peggy Hume's funeral at the Hance burying ground, in Gallatin county, last Thursday.
Lieut. Walton Dempsey spent last Saturday with Virgil Gates. They were out early but had no great luck sacking bunnies.
A. L. Nichols and family, and Mrs. Sallie Clore, from out on the East Bend road, were the Sunday guests of Mrs. Wm. Clore.
Garnett Tolin and wife arrived from Washington, D. C., last Sunday. They do not expect to return to the National Capitol.
Judge Lassing spent a few hours in Burlington last Sunday. He expects to go to Florida, this week to remain until the first of next year.
Mrs. H. W. Shearer and little daughter, Helen Hall, of Newport, were the guest of her parents, Mr. and Mrs. E. A. Hall, from Friday until Sunday.
Shelby Cowen, of Covington, spent last Saturday with his gun, hunting the shy little rabbits in the same fields in the vicinity of Burlington, on which he pursued them when yet in his boyhood.
B. H. Riley, Misses Nell Martin and Ruth Kelly, of Burlington, J. O. Renaker, L. T. Utz, Misses Jessa Lee Clore, L. Alma Hinkson, of Florence, spent Saturday night and Sunday with Miss Lillian and Mr. Sandford Bristol in Union neighborhood.

BEAVER LICK.

Frazier Miskell moved on C. C. Sleet's farm a few days ago.
Mr. and Mrs. J. M. Jack and W. C. Johnson spent last Friday in the city.
Mr. and Mrs. Geo. W. Osaman spent last Tuesday with Mrs. Sallie Adams near Big Bone.
Rev. W. Vectors baptized Henry and Ward Sleet near Beaver Christian church Sunday afternoon.
C. C. Sleet and Frazier Miskell sold their crop of old tobacco last Saturday at Walton at \$30 a hundred.
Miss Emma Cleek and Elmer Denagan, of Beaver, were married last Saturday evening at Walton by Rev. Shirley.
W. C. Johnson and J. H. McCasland sent a truck load of 220 pound hogs and chickens to market last Friday.
J. A. Loomis, with a force of hands and teams, is repairing the pike from here to Big Bone, which was badly in need of it.
Hunters were out Saturday with guns and dogs and from the reports of shooting that was done they must have found plenty of rabbits.
J. H. McCabe sold 2075 pounds of old tobacco, the sale on Walton Loose Leaf market last Saturday at an average of better than \$30 per hundred.
Harry Moore took four of Henry Maxwell's children that were ill of typhoid fever to the hospital in Covington last Tuesday. Reports were received Saturday that they were all getting better.
W. V. Moore and family were returning from the South Fork Christian church, Sunday, and when near the Beaver Christian church Mr. Moore lost control of his new Ford and ran it into a woven wire fence, hitting a fence post, damaging the machine considerably. None of the occupants were hurt seriously.

BULLITTSBURG.

Mr. Ed. Snow has purchased a new Ford touring car.
Mr. and Mrs. H. M. Holladay are visiting relatives at Columbia, Adair county, this week.
Miss Mary Beas Cropper spent the week-end with her parents, Mr. and Mrs. W. L. Cropper.
Mr. and Mrs. J. T. Gaines spent the first of the week with their daughter, Mrs. Davis, in Erlanger.
Mr. and Mrs. N. C. Hicks will leave this week for a visit with their parents near Greensburg, Ky.
Mrs. Bernice Duncan, Snyder, of Cincinnati, is the guest of her father, Mr. H. C. Duncan, and her sister, Mrs. Grant.
Mr. G. B. Yates and little son George, Burton, of Adair county, were here several days recently in the interest of his farm in this community.
There will be an all day meeting at Bullittsburg church on Monday, Nov. 24th, in the interest of the \$75,000,000 Campaign. The ladies will serve lunch.
Mrs. M. L. Randall and children, William and Mary Elizabeth, of Harrodsburg, are visiting her parents, Mr. and Mrs. J. W. Campbell at The Pine.
The graduating recital of Flossie Campbell-Martin, which was postponed because of illness, will be held on Friday evening, Nov. 28th, at Carnegie Hall, in Newport. Friends are invited to attend.

RICHWOOD.

Dr. Glacken is building a ten-room house on his farm.
A prayer meeting was held at Cary Carpenter's last Wednesday night.
James Dobbin and wife spent last Sunday with Samuel Cummins and wife in Covington.
James Waller and wife, of Walton, spent a portion of last week here with friends.
Will Carpenter and wife, of Middletown, Ohio, spent the weeks end here with relatives.
Six auto loads of Michigan people enroute to Tennessee, parked at Theo. Carpenter's one night last week.
Wiley Grubbs and two children, Middletown, Ohio, came to Walter Grubbs' last Saturday. The children will remain several weeks.
Theo. Carpenter and wife and Chas. Carpenter and wife spent last Friday near Aurora, Indiana, the men attending Dr. Martin's sale, and the women visiting Mrs. Carpenter's relatives.
An airplane developed engine trouble last Friday and lit in Mrs. Sarah Robinson's field at Richwood. After hours' work on the engine it was able to proceed on its way to Frankfort.

HEBRON.

J. B. Cigler is recovering.
Joseph Bullock, Sr., is ill at the home of his son, James.
W. H. Clayton and wife have gone to Detroit, Michigan.
Earl Ayles and wife entertained several relatives last Sunday.
Work on the new bank building is progressing rapidly now.
Bernard Jones moved to Edward Ernst's farm, near here last week.
James Kelly and wife, of Burlington, spent Sunday at M. L. Ayler's.
Church services Sunday afternoon at 2:30, also on Thanksgiving day at 10 a. m.
Lewis Riddell and family, of Ludlow, visited relatives here several days last week.
A pie social will be given at the Hiddle school house next Friday evening, the proceeds to go for the support of Mrs. Annie Smith and four little children. All donations thankfully received.

300,000 Maxwells

How they created a demand for the Post-War Maxwell that cannot be fulfilled

THERE is a demand for the Post-War Maxwell that eight great plants cannot fill.
More than 40,000 persons who set their minds on having one will have to go without.
The cause for this is due largely to the magnificent performance of the 300,000 previous Maxwells.
They delivered such excellent mileage at such low cost that the great American public learned to know this car.
This unprecedented demand is evidence of its deep rooted appreciation. Then when the Post-War Maxwell came out, with its score or more of refinements and improvements developed during the war, the demand for Maxwell reached a new peak.
100,000 are being built during the current year. 40,000 more readily could be marketed.
Thousands are priding themselves on possessing one of these Post-War models; thousands more will have their hopes filled; thousands will have to go without.
Which class will you be in?

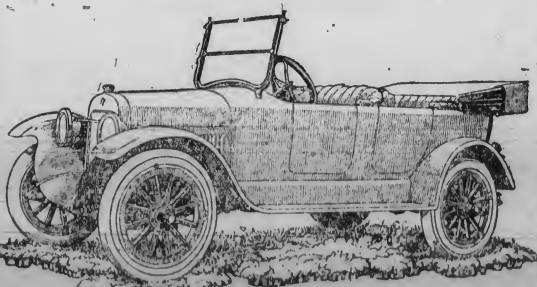

More miles per gallon. More value for the dollar.

Price, \$985 f.o.b. Detroit

The Farmers Tobacco Warehouse

Located in the Center of Town

WALTON,

KENTUCKY

A Loose Leaf Warehouse owned and controlled by farmers of Boone, Kenton, Grant and Gallatin Counties

OPENING SALE

Saturday, Dec. 6th, '19

This is One of the Best, most Modern and Evenly Lighted Warehouses in Northern Kentucky

32,000 Square Feet of Floor Space.

FOUR BIG PRIZING ROOMS

We have under roof, ample accommodations for 250 loaded wagons. We will store and keep your tobacco insured from the time it reaches the warehouse until you receive your check, without additional charge. Our market will be under the management of experienced tobacco men controlled by the farmers. Sell your tobacco over the floor of the FARMERS HOUSE, right in the center of town where you will have access to the accommodations which the town affords.

WALTON.

John G. Fennell of Hume, spent Saturday here with friends.

Mrs. J. M. Jack of Beaver Lick, visited friends here Thursday.

Wm. B. Sparks, of Covington, and Dr. J. G. Slater of Ludlow, were here Saturday on business.

Mr. and Mrs. J. Claude Hume and father L. J. Hume, of Norwood, Ohio, were visitors here Sunday.

C. A. Menefee of Covington, was here a part of last week looking after his tobacco business in this quarter.

The Powers Realty Co. sold the residence property of Joseph Gardt at Verona to J. M. Powers last Saturday for \$2,800.

Wm. C. Best and family moved this week to Carrollton to make their home having sold their property here to Dr. G. C. Rankins and Jno. L. Vest for \$5,500.

Dr. Wm. W. Smith of Louisville, spent part of last week here and at Big Bone Springs, being called by his father-in-law, Geo. L. Miller, who has been very ill but is now much better.

J. T. Irwin of Lexington, spent last week here the guest of his brother-in-law Thomas J. Brooks near Big Bone Springs. He contemplates moving to Boone county in a short time.

Dr. R. E. Elmore of Cincinnati, began a protracted meeting at the Walton Christian church Sunday night, and is being assisted in the service by the pastor Rev. J. D. Waters.

Married—Elmer Dennigan and Miss Emma Cleek, both of Beaver Lick, Nov. 15th, by Rev. R. L. Shirley at the Walton Baptist church parsonage. They will make their home at Beaver Lick.

Mr. and Mrs. O. S. Watts of Petersburg, spent last Saturday and Sunday here with friends. Mr. Watts who is the cashier of the Petersburg Bank reports it is in a very flourishing condition.

Chas. L. Griffith returned last week from Cecil, Ala., where he was overlooking his big farm and spending a part of the time with his daughter Mrs. Oswald Peterson whose husband manages the farm.

Jno. L. Vest spent part of last week at Napoleon, Gallatin county, assisting in surveying the land of the late Thomas Craig for whose estate he is the attorney. He was accompanied by R. O. Hughes who did the surveying.

The Walton loose leaf tobacco market will open next week, with sales at the Walton House Wednesday, Dec. 3rd, and at the Farmers House Saturday, Dec. 6th. There is not much tobacco ready for the market but the sales promise to be very satisfactory, with a full attendance of buyers.

John R. Stephenson who has been employed by an explosive manufacturing company at Fort-rant, Wolfe county, returned to his home last week to spend the

winter with his parents Mr. and Mrs. P. E. Stephenson. His wife came home from Wolfe county several weeks ago.

Jesse S. Thornton of Elliston, spent Saturday and Sunday here with friends. Mrs. Thornton was a visitor here Saturday, and they contracted with the Powers Realty Co. to purchase the Fullilove house and lot on High Street for \$1,800, and will move to Walton shortly.

J. W. Rust, of Kyle, Gallatin county, spent part of last week here the guest of his son Samuel K. Rust, and bought property of Arthur H. Smith on High Street, consisting of two cottages and about 1 acre of ground for \$3,500, and will move here in a short time, having sold his farm in Gallatin county to J. A. Harris.

Chas. A. Driscoll spent last Saturday at Glencoe, where he purchased a house and lot from Wm. Edwards for \$3,095, and will move there shortly. He is employed by the American Tobacco Company to buy tobacco on the Glencoe loose leaf market. Wm. Edwards, who bought the house and lot of Chas. Colston in Walton recently will move here.

The residence of O. M. Powers near Crittendon, was destroyed by fire last Thursday, catching fire from sparks that fell on the roof. There were none of the family at home. The fire was discovered by Geo. B. Powers who was looking over some land nearby. The house was a total loss and only a small part of the contents was saved. The loss is estimated at \$1,200 on which there is an insurance of \$800 in the Kenton county company.

Benj. F. Stansifer, who has been in business in Walton for several years and won the esteem of everybody for his genial nature and high class character, has accepted the position of Deputy County Clerk of Kenton county at Independence to fill the vacancy caused by the death of his father, the appointment being tendered by County Clerk John B. Dillon, and has begun the discharge of his duties, and will move to Independence shortly.

John C. Bedinger sold the Bedinger farm near Richmond last week to Walter P. Robinson for \$51,000. The farm contains about 422 acres and the price to be paid is \$125 per acre, and it is one of the best farms in Boone county. Possession to be given March 1st. Mr. Bedinger also sold to Ernest Hartman six lots in the Fairview addition to Walton, lots 25x150, for five hundred and sixty-five dollars. He also sold a house and lot in Walton to Chas. Colston for \$1,000 property now occupied by G. E. English.

Thursday evening a meeting of the citizens was held with E. L. Kelley of the Electric Light Plant, for the purpose of organizing a company with a capital stock of \$35,000 to install an ice machine and plant in connection with the electric light plant at an early date. The plans were gone over very carefully with an expert from Cincinnati and it is believed it will be a profitable investment. There was a very

liberal subscription to the stock that evening, and a committee was appointed to solicit the amount necessary to incorporate the company. The light plant is to be included at \$20,000 which amount Mr. Kelley agrees to take in stock in the new concern.

Tom Fowee of Falmouth, was badly burnt when coal dust caused his stove to explode.

The rural mail carriers hold a big meeting in Covington today. Boone county will be well represented at the meeting.

LEGAL NOTICE.

Notice is hereby given that on Monday, November 17th, 1919, Dr. J. F. McCormick and forty three (43) other voters residing within what is now the corporate limits of the town of Verona, Boone county, Kentucky, filed a petition in the office of the Clerk of the Boone Circuit Court, asking that Court to render a judgment at the December term, 1919, thereof, annulling and dissolving the corporate existence of said town, and this notice is given pursuant to section 8003 Kentucky Statutes.

JNO. L. VENT, Attorney for Petitioners.

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

Hunters claim there are lots of rabbits yet.

Remember the big road meeting at Walton Friday morning.

It is said that Woolper creek was full of wild ducks last week.

Judge Gaines began a term of the Carroll county circuit court last Monday.

Gulley & Pettit handled a number of turkeys for the Thanksgiving market.

Bert Sullivan has bought of L. S. Beemon his five passenger Chevrolet automobile.

Deputy Sheriff B. B. Hume is sick in Covington, not having been at home this week.

Atty. John B. O'Neal and wife, of Covington, were in Burlington a few hours last Saturday.

Judge Benjamin J. Crisler, of Petersburg, was a business visitor to Burlington last Friday.

Owing to the clouds last Saturday morning the eclipse of the sun was not visible at this place.

Jonas Day and wife, of Petersburg neighborhood, were business callers at this office one day last week.

R. J. and S. J. Stephens, of Rabbit Hash, were business visitors to Burlington one day the past week.

This is Thanksgiving day. Are you prepared to feast on turkey that cost anywhere from thirty to fifty cents?

Mrs. Ada Conner after a week's visit with her daughter, Mrs. R. B. Carver, at Petersburg, returned home last Friday.

W. R. Davrainville is remodeling the L to his residence. The change will add much to the convenience of the building.

Otis Rouse listed his farm with A. B. Renaker at ten o'clock Tuesday morning and by four o'clock that afternoon it was sold.

Wednesday's market quotations on Turkeys eight pounds and over 37 cents; Calves 18 cents, and Rabbits \$3.50 and \$1 per dozen.

P. G. Cropper and daughter, Miss Mabel, of Louisville, came up last Saturday to spend a few days with relatives in this county.

Mrs. Amanda Rouse and Mrs. Benj. Padlock, of Hebron, were guests of Mrs. Laura Martin and Miss Pinkie Cowen, last Thursday afternoon.

Stanley Conrad, who was in camp some time preparing for Uncle Sam's service in the World War, was a caller at this office last Friday.

A cold rain began falling Sunday about noon and continued until some time in the night. Monday morning was clear and considerable ice.

Among the callers at this office Monday were the following: Geo. Hensley, William Gross, W. E. Walton, J. F. Gross and wife and Hubert Carey.

Chas. Renaker, wife and daughter, Miss Mary Susan, of Dry Ridge, Grant county, were guests of A. B. Renaker and wife last Saturday night and Sunday.

It will be seen by a notice elsewhere in this paper that the citizens of Verona want to return to a rural life, and are asking the circuit court to annul the corporate existence of the town.

B. F. Zimmer, of Constance, and Emil Regenbogen, of the Hebron neighborhood, were business callers at this office Tuesday. Zimmer made arrangements to advertise a series of hops at Hebron Odd-Fellows Hall this winter.

Geo. Emig, aged 61, of Erlanger, died last Thursday morning after a long illness at Woodside Station. His remains were removed to his home by Undertaker Philip Tallaterra. Coroner Stephens pronounced death due to heart failure. Mr. Emig is survived by a widow, one son and a daughter.

A big road meeting will be held at Walton on Friday morning the 29th inst., and will be addressed by Judge DeHaven in the interest of the construction of the Highway from Louisville to Covington. A large attendance at the meeting is very much desired so this highway is of the greatest importance to the country. The meeting will pass. A strong pull is being made to secure the road and Boone is the only county that has not pledged its promise.

In Selecting Your Goods Watch This Space.

W. L. KIRKPATRICK,
Burlington, Ky.

A number of people took advantage of the cold snap last week by killing hogs to save corn. Others who would like to slaughter are afraid the weather may turn warm again as it did last year.

Every newspaper man has a perfect right to be fighting his battle every day of his life. A newspaper man can say nice things about a man can puff up his business, compliment every member of his family, lie like a slinger to help a man out of his mistakes, but if a two line item gets in the paper that don't strike the man's vanity, or if the newspaper man don't conduct his private and public business according to Mr. Man's ideas, he forgets all the favors the newspaper man has done him and goes on the war path, knocking against the paper. There is one beauty in this kind of knocking, it generally makes some other fellow your friend.

"PEANUT" UNIT LOOKED GOOD
But After Receiving Letter From Agricultural Department "City Sucker" Did Not Invest.

A city man gave a very glowing circular from a Chicago "development company" offering him ten acres of land in Florida for the surprisingly small sum of \$2,500—a "peanut unit" the circular called it. He could grow, the circular said, a thousand bushels of peanuts on his ten acres and could sell the peanuts at a profit for low prices—at \$2 a bushel. The city man was impressed; but he sent the circular to the department of agriculture with a query as to whether or not the investment was a good one.

Following are some sentences from the letter he got in reply: "The literature is of the kind designed to deceive city people in the North and West who do not know anything about farming." "The average return from ten acres of peanuts would not exceed \$300 to \$500." "You could buy a 100 acre farm in almost any of the counties of western Florida, including the one mentioned in the circular, for the price these people ask for ten acres." "The whole unit system, whether it is pecans, peaches, figs, cane, peanuts, hogs or what not, is simply a means of selling land at three to five times what it is worth to ignorant or unwary small investors." "To pay \$2,500 for this ten acres of land would stamp you as a 'sucker' of the rankest class."—Ex.

The Spelling Contests

The winners in the spelling contests held last Friday are the following:
Verona, Hathaway,
Union, Florence,
Burlington, Bellevue.
Verona and Hathaway have won three consecutive contests, consequently the banners they now hold belong to them. The new banners will have to be bought for future contests.
More anon.
J. C. GORDON, Supt.

Who Gets The Money?

Referring to the high cost of living, Senator Capper from Kansas figures it this way:
It takes one and one half bushels of wheat to make a barrel of flour, he pointed out. The wheat raises about \$8.07 for the four and a half bushels, or \$1.80 a bushel. For these four and a half bushels of wheat, when converted into flour, the miller gets \$12.70 or \$2.80 a bushel. When these four and a half bushels of grain, formed into flour reach the baker, he converts the material into bread, which sells for \$28.70, thus receiving a few cents more than \$13 for what was originally a bushel of wheat. When this bread, made from the original four and a half bushels of wheat, is doled out in thin slices by hotel keepers in Washington, it brings \$687, or virtually \$180 a bushel, ten times the price received for the baker and more than 30 times the amount received by the miller and more than 80 times the amount received by the man who raised the wheat.

Hints That Should Be Given Prompt Heed.

The statement that actuated the action of service men in raising Socialist headquarters and destroying anarchistic propaganda beyond criticism. That they took the law into their own hands is theoretically true. That it is the part of wisdom to let the law take its course is equally true. It follows, therefore, that their action per se may be subject to censure in some measure. But circumstances may condone that which is not in general the wise course. The service men failed to conform to the letter of law, but they certainly expressed the spirit of equity. Beyond argument, the country is being overrun with radicalism, unbridled by law and unchecked by order, while the Department of Justice looks on in passive impotence, if not supreme indifference.

In communities where this poison of anarchy has been permitted this free course, already service men have put the penalty of inactivity on the part of legally constituted authorities. Wherever it has raised its head it has inflicted untold damage. There is one time to stop it and one way. The minute its presence is detected hit it on the head. There is no other way in safety to persons with a single Southerly must protect the country from treason. The service men have acquired the habit of authority, whose duty it is to do that the service men find assistance of small value. Their feeling is natural, logical, righteous. Their expression of it is the only one that appeals even in the midst of its lack of discretion, the cold, calculating caution of political expediency.

The plain, unvarnished facts are that except for these American sons of battle there would be small check on the anarchists, who are under first one name and then another busy sowing seeds of their poisonous doctrine broadcast. Back from war, and preparation for war, fought in defense of civilization from the destroying force of lawlessness, these boys of ours find the country in whose salvation they have been serving absolutely without protection by the administration at Washington from these pests and their poison. Naturally their patriotism is outraged and speedily is their patience becoming exhausted. And the people are with them. There is no room in America for anarchy or any of its by-products labeled Bolshevism, I. W. W.-ism, Socialism or what not. They are all spawn of the same odious old-world scourge, and this country is going to be purged of their poisonous presence, peacefully if possible, forcefully if necessity demands.

There are two elements to society that should begin to give active and aggressive recognition to this fact, and should begin it promptly. These are organized labor and organized politics. By so doing they will save themselves a world of trouble and the country a lot of concern, discomfort and impending suffering. Labor, at the very threshold of triumph in its fight for fair play, is being led by radicalism into the breach of sure defeat by the adoption of revolutionary tactics, disregard of lawful and violation of the very principles of fair play, equality of justice and economic equity for which it has been fighting. The government is now administered at Washington, is bluffing and blustering, threatening and promising, and in no department furnishing the slightest evidence of performance. In the boldest and most incendiary manner, by methods that violate law, disrupt order, contempt the Constitution and insult the flag, anarchy in varying forms reveals and riots at will.

Patience has ceased to be a virtue. The action of the service men is eloquent expression of this fact. It is time the constituted agencies of law and order began to function. That is what Uncle Sam's sons of battle are saying in their own impetuous way. And the people are shouting—Amen.—Commercial Tribune.

BEGINNING OF END.

Murder of Yank Will Bring Sudden Check to Bolsheviki.

Columbus Dispatch.
With the murder of four American soldiers as they were celebrating Armistice Day in a little city in the state of Washington, the beginning of the end of Bolshevism in this country is at hand. Had the I. W. W., which is a Bolshevik organization, deliberately tried to wreck its hopes it could not have done so more successfully when shots were fired from the roof of a building into the ranks of these returned soldiers. The 4,000,000 returned soldiers have it brought home to them what it means to have in this country such an aggregation as the I. W. W. They did not fear Bolshevism, these soldiers; they had spent too many days in camps; they had seen too much of the enemy; they had suffered enough of hardships not to be frightened when they read in the papers that we have Bolsheviks in this good land of ours. But when members of their organization are openly murdered in the streets, in broad daylight, they realize that all of this news paper talk was not idle gossip. The worst feature that will follow will be that some innocent person may suffer. Innocent persons always suffer when war is declared, and if the firing of those shots was not a declaration of war then we do not understand war. The soldiers will all be as such, of course; already they had done so, out there in the far West.

The dregs carried Kentucky by 11,000 majority.

When you buy Mr. Farmer trade with your home merchants.

A farm of 217 acres in Montgomery county sold for \$7,432.

A Carle firm bought 6,500 turkeys for the Thanksgiving market.

According to the official returns Morrow's majority is 40,178.

A Robertson county man killed a ground-hog that weighed 15 pounds.

Oscar Brown from out on R. D. 2 was transacting business at the Hub Tuesday.

Georgetown turkey dealers prepared 12 turkeys for Thanksgiving. They paid 31 cents a pound for them.

Miss Mary Susan Renaker, of Dry Ridge, Grant county, is the guest of her uncle, A. B. Renaker and family.

It is predicted that eggs which are now 77 cents a dozen will be a dollar a dozen by Christmas.

M. J. Corbin, a Boone county man, after a residence of several days in Erlanger, has moved to Covington, 727 Scott street.

Mr. and Mrs. Lee McNeely entertained last Sunday quite a number of their friends and relatives from Bellevue neighborhood.

The scarcity of sugar has been very annoying to Burlington cooks, who have been buying a pound here and there for a couple of weeks.

R. S. Cowen and wife are arranging to go to Florida the first of January and would be pleased to be accompanied by any Boone county people who expect to go there this winter.

Several of the parties who have bought land at high prices in this county the past few months have sold at a good profit while others have been offered handsome profits. The price of land continues to increase as sales are made.

O. P. Phipps and John Utzinger, of Dearborn county, Ind., were transacting business in Burlington Tuesday. They reported all the Kentuckians in their neighborhood in good health and a prosperous condition. They are well pleased with their new homes, and especially the people of the neighborhood.

The farm that Leonard Kite sold to Mr. Florence a few weeks ago for \$7,500 sold again Tuesday for \$8,500. Less than two years ago this farm of 45 acres was sold by Fred Morris to Leonard Kite for \$6,000. Mr. Kite sold to Florence for \$7,500 and Mr. Florence sold it for \$8,500 last Tuesday. This shows how the price of Boone county land is advancing.

There came very nearly being a riot in the jail last Tuesday about noon. Herman Koenig, the German who is in jail charged with house breaking called one of the other prisoners an American s—h, and the three American prisoners were about to pounce on Koenig. Had the jailer and the sheriff not appeared on the scene just in time there is no telling what Koenig's fate might have been.

J. B. Sanders has sold his handsome home above Florence on the Dixie Highway to a Grant county party for \$20,000. There are 40 acres of the land, formerly a part of the Woodford Carpenter farm. Mr. Sanders spent a considerable sum of money putting the premises in first-class repair and it is now one of the most modern homes on the highway between Covington and Lexington, and a property that attracts the attention of all who pass that way. Mr. Sanders is now having a private sale of a large lot of very handsome furniture, the articles being enumerated in an advertisement in this paper.

TRI-STATE FARM PRODUCT SHOW.

Time is at hand for the Tri-State Farm Product Show to be held at Music Hall, Cincinnati, November 28th to December 6th, inclusively. This promises to be the biggest show in the country this winter, save the one at Chicago.

The best speakers and authorities in the country are on the program. A good program every day except Sunday. Thursday will likely be the best day for all. Notify County Agent Sutton if you want a catalogue.

Every farmer in the county should try to attend at least one day.

The following persons in the county have been kind enough to donate tickets to their sections: J. A. Caywood, R. H. Carter, D. B. Plythe, Chas. Maurer, Chester L. Tanner, Florence Deposit Bank and Walton Bank and Trust Co.

The price of admission is 10 cents from these persons but 25 cents if bought at the door. The premium list of \$851 is a very generous one. Send all your entries you can be sure to send in exhibit by November 28th. If you can't go to take exhibits turn them over to either County Agent Sutton, Chester L. Tanner or Chas. Maurer, who will deliver them for you.

"We're way ahead of the bunch"—Chas. Field

If you want to play a winner, sure thing—put your money on Chesterfield.

In less than three years, more than three million smokers have become Chesterfield fans.

And no wonder! Never were finer tobaccos used in any cigarette. The silkiest leaves of aromatic Turkish and the choicest of ripe, sweet Domestic stock are put together by an exclusive blending method that brings out a new deliciousness of flavor.

"Satisfy"? Right down to your toes! Chesterfields have put added enjoyment into every puff—enjoyment that you don't get and can't get in any other cigarette because the Chesterfield blend can't be copied.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sidesache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain, I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. R 78

SAFE, GENTLE REMEDY BRINGS SURE RELIEF
For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and purify the blood, unless they do their worst. Weariness, sleeplessness, nervousness, indigestion, backache, stomach trouble, pain in the joints and lower abdomen, gravel, difficulty when urinating, rheumatism, and all other ailments warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poison. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease. Don't wait until you are incapable of doing so. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your drug dealer will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

NONPARTISAN JUDICIARY.

Kentucky Proposal Would Go Further than the Ohio Law.

Ohio State Journal.

While occasionally a jurist in Ohio arises to criticize the nonpartisan judiciary law and declare his eagerness for its repeal there are movements in other States to take the Courts and the Judges as nearly out of politics as possible. The latest State to launch a movement for the nonpartisan judiciary is Kentucky, the movement originating with the Bar Association in Louisville. Kentucky has its own peculiar brand of politics, usually of the personal or factional sort, and the State appears to have become weary over the results. The purpose of the leaders of the movement, as announced, is to take the Courts out of politics and keep them free from its factional and personal influence. The proposal in Kentucky goes much further than the Ohio law. It would have the Judges elected for an indefinite term, but the proposed law contains the provision that any Judge may be compelled to stand for re-election at the end of an eight-year period following his election if an initiated petition is filed that contains at least 50 per cent of the voters' names in his county or district. The law is designed to take the Courts out of politics and leave them out with the cautionary provision that any Judge may be called to account if the voters so decide.

That Mysterious Auto

In the Ditch

The mysterious auto which has been causing considerable speculation in this and the Petersburg neighborhood in making a trip to Petersburg last Tuesday night got off the road about a mile out from Petersburg and went through a fence on the side of the road, and about three o'clock Wednesday morning two of the men went to Petersburg and made known their troubles while the third remained with the machine. The three men with the machine Tuesday night are the same parties who have been seen with the machine on all its trips to this county. The appearance of these men in Petersburg at such an unusual hour naturally caused considerable anxiety on the part of the citizens, as they have been making frequent trips to that town the past two months without any apparent business.

County Judge Riddell being notified of the presence of the three men in Petersburg called up the Crim Detective Agency in Cincinnati, but no one was in the office that could give him any satisfaction as to whether any one would come out to give the strangers a look over.

"Don'ts" to Save Coal.

Don't fail to clean furnace before starting fire.
Don't build a fire until necessary.
Don't build a fire larger than is necessary.
Don't fail to make check draft damper in smoke pipe do its work.
Don't neglect keeping fresh water in your steam heater boiler.
Don't fail to keep your kitchen stove clean.
Don't keep your home at over 68 degrees.
Don't leave your draught open at night.
Don't open your windows and try to heat all of outdoors.
Don't keep your fire going on pleasant days.
Don't sit in north room when the sun heats the south side.
Don't think the furnace-coal weather when the thermometer is 45 to 50 degrees.
Don't waste water—it takes coal to heat it.
Don't forget that one gas jet will raise the temperature of a room five degrees.
Don't fail to put up storm doors and windows.
Don't fail to sift ashes.
Don't burn coal when wood is available.
Don't fail to wrap your pipes with asbestos.
Don't waste gas—it is made from coal.

The weather has been very ugly so far this week, but just about what the growers want for getting their tobacco ready for the loose leaf markets which will open in the next few days.

DELCO-LIGHT

"Electricity for every Farm"

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automobiles.

It is air-cooled—runs on kerosene in any climate—has only one place to oil and has a simple mixing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimental stage and has gone through the refining influence of three and one-half years of production and of usage by 75,000 customers.

You will find plants in the homes of your community. Just ask your neighbor about his Delco-Light plant.

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant tasks. It "Pays for Itself" by the work it does, and the time it saves.

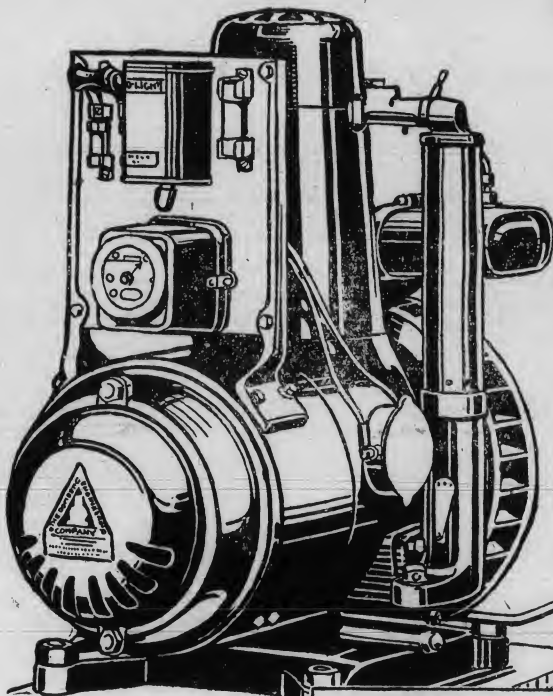

Of the more than 75,000 Satisfied Users of Delco-Light, the first are among the most enthusiastic—proof that the simplicity and durability of Delco-Light meets the requirements of its customers.

TOBACCO GROWERS:

Beginning December 1st, 1919, we will receive tobacco for our OPENING SALE which will be held on

Thursday, Dec. 4th, 1919

Our market is second to none in the handling and sale of Leaf Tobacco, and we shall give our personal attention to every crop no matter how small. Why sell your tobacco at your barn when you can deliver it to us and have it sold at the highest market price.

This warehouse was built to accommodate the grower of Tobacco, and the men connected therewith will gladly furnish any information of interest to the grower.

Bring in your old Tobacco, as we have especially arranged to sell it separately and anticipate having as strong competition on the old crop as on the new Tobacco.

Yours for service,

...The Aurora...

Loose Leaf Tobacco Warehouse Co.

Aurora, Indiana.

The way land has been selling in this county verifies that fact that a person never knows what he can get for his land until he puts the price on it. Ask and you shall receive.

No Burlington property has exchanged hands so far this week. Houses are very scarce in the old town and those that own lots in New Burlington will have to erect new houses.

FLORENCE.

Milt Colwell was the Sunday guest of Miss Eva Roush. Albert Lucas is visiting his uncle, Dr. Wolfe, of Fiskburg. The ladies' lunch at the Williams sale was a great success. Miss Grace Eddins spent last week with friends in Erlanger. Miss Mary Utz is the guest of her grandmother, Mrs. Arminia Pearson. Mrs. Arminia Pearson has returned from a visit to her daughter, Mrs. Eli Surface. Miss Lois Beemon and Harry Dinn were Sunday guests at Albert Metzger's in Covington. This winter spent from Wednesday until Friday at the home of J. B. Conrad, near Hebron. Mrs. Albert Lucas and daughter, Jessie, Marion and Alice Sayre, spent last Saturday with Mrs. Arch Lucas.

Miss Nora Cahill, of Hamilton, Ohio, and Miss Theresa O'Connell, of Indianapolis, spent Tuesday at Mike Cahill's. Emel Schmidt sold his farm on Price pike to L. M. Rouse for \$6,500. There are nine acres of land, a good brick residence and other improvements. Misses Lois, Minnie and Carrie Beemon entertained Misses Mollie Loummel, Clara Garner and Messrs. Elmer Garner, Harry Dinn and Henry Smith, Sunday.

GUNPOWDER.

Robt. Tanner began plowing last week for his crop next year. The fair weather for farm work and the corn crop is nearly all gathered.

Mrs. H. F. Utz and daughter, Mary, and Mrs. J. H. Tanner were guests of Mrs. B. A. Floyd one day last week.

Ed. Slayback, wife and son, Ely, and R. E. Tanner and wife, were pleasant guests of this writer last Sunday afternoon.

Robert Tanner sent a truck load of hogs to market last week. While the price was not as long as it has been, he got the top of the market.

A large congregation was present at Hopeful last Sunday. Those present from a distance being Mr. and Mrs. Gardner, of Erlanger, and Mr. and Mrs. Charles Baker, of Union.

WOOLPER HEIGHTS.

Dr. S. B. Nunnally was on Woolper Saturday, duck hunting.

B. E. Ayler and wife spent Sunday with relatives in Latonia. Thos. Chambers and family are visiting friends in Dayton, Ohio.

E. H. Walker butchered his hogs last week, the first to butcher in this neighborhood.

Ed. Cloud and mother have been confined to their room for several weeks on account of sickness.

Joe Acra and wife, of Rising Sun, spent the latter part of the week with Owen Beemon and family.

Frank Philipps, from Covington, has been spending a few days on his farm enjoying the hunting season.

Volly Easton, of Gallatin county, spent the latter part of last week with relatives in Boone and Kenton counties.

Mrs. Willis Hensley and little daughter Roberta Lucille, spent Thursday with her mother Mrs. Newton Sullivan, Sr.

PETERSBURG.

Jasper Sullivan is visiting relatives here.

L. H. Kelly has been quite sick. A large crowd attended the movie here Saturday night.

Paul Hensley and William Crisler were here for the week-end. Miss Alice Berkshire and Mr. Tandy, of Carrollton, were Sunday guests here.

Wm. Alden, of Louisville, is here for a short stay with his parents.

N. W. Carpenter and wife were Sunday visitors and attended services at the Christian church Sunday morning.

The Christian church Sunday school will give an evening's entertainment for the benefit of the American Christian Missionary Society.

Charles Klopp attended the basketball game on Saturday, this being his first time out since his return from the hospital.

T. C. King and son, Ernest N. King, who is Assessor for the city of Louisville, are here for a few days with relatives.

The Petersburg High School will render a Thanksgiving program Wednesday afternoon and in the evening will serve an oyster supper. The public is cordially invited to attend.

We had two interesting games of basketball here last Saturday. The Aurora boys winning by a score of 23 to 15 while the Petersburg girls defeated the Aurora girls by a score of 15 to 1.

The weather was fine and a large crowd witnessed the game.

Dr. F. L. Peddicord was reappointed one day last week as superintendent of the asylum for the insane at Lakeland for another four years.

The Gallatin county grand jury indicted several farmers last week for failing to cut the weeds on their premises along the side of the public roads.

THE PEACE TREATY.

New York, November 23.—Settlement of differences regarding the peace treaty to permit its ratification as soon as possible after the Senate reconvenes is urged in a statement issued today by the League to Enforce Peace at the conclusion of a special meeting of the Executive Committee.

Former President Wm. H. Taft, president of the league, presided.

The league's statement follows:

"The defeat of ratification has been received by the country with surprise and indignation. The public desires peace. It wishes peace and advocates a league of nations to guard the peace. Whose name it bears, which party brand it wears, it cares not. It longed for and expected ratification before adjournment of the Senate.

"The making of peace is no more a party question than was the making of war. The American public, without regard to party, stood behind the war until the day of victory. With like unanimity now stands behind the treaty.

"Shall the small minority which opposes a League of Nations in any form defeat ratification? Shall 15 Senators decide where America shall stand in this world crisis?"

"Eighty Senators have shown by their votes that they favor the great principles of the League of Nations. The fate of the treaty rests in their hands. They have the votes. They have the power. This is the responsibility. They must get together.

"The failure to ratify the peace treaty has encouraged social unrest, both at home and abroad. Europe must have supplies or it will face starvation and anarchy this winter.

"Our cotton planters, live stock raisers and manufacturers have large surplus production which they can market only in Europe. Rates of exchange already demonstrate the collapse of national credits.

"These credits, resting upon commerce and international securities, are the foundation of our continued prosperity and are vital to the maintenance of order and life in Europe.

"Men and women of America, this is your problem. Your interests, your welfare, the honor and the future of your country are involved. Your will is the supreme command for the men in Washington entrusted by your votes with guiding the nation along the paths of peace and victory.

"Allied nations established during the war a practical union which is being succeeded by the League of Nations. To refuse to join this league is to lose numberless benefits, and to invite the development of a league that will be hostile to us in feeling and policy.

"The League of Nations gives the promise of a world co-operating for the purpose of peace and protecting itself by concerted action against war and the threat of war.

"The men and women who gladly dedicated their sons and their substance to the cause of obtaining peace through the defeat of the German menace refuse to believe that they have made an empty sacrifice.

"They demand that the Senators harmonize their differences. Refusal to do so will defy and betray the public of this country by which they were elected and to which they must answer.

"The treaty should be ratified at the earliest possible moment after the Senate reconvenes December 1. In the name of thousands of Americans who have died to bring peace and to end war, and of millions of Americans who have toiled and sacrificed to that end, we call upon the Senators to forget prejudice and partisanship and to agree upon a resolution of ratification couched in terms that will permit other signatories of the treaty to acquiesce in the conditions of our ratification."

How Soft They Must Think Us.

Often, much too often, it has been demonstrated that the American people are patient in the face of abuse and strangely tolerant of opposition to their Government. How unfortunately true are these attributed shortcomings is evidenced by the recent arrests of aliens from all countries, while journeying here, are systematically organizing to overthrow long-established order and strike down ancient customs.

To these infamies now is added a crowning insult. It is announced from San Antonio, Texas, that a newspaper to be devoted to the interest of Francisco Villa is to be established there, and a propaganda on behalf of that murdering bandit launched under the direction of one who is heralded as his former Secretary. Villa is a fugitive from American justice. It was he, who, at the head of a band of cut-throat thieves, raided the sleeping town of Columbus, N. M., and shot down peaceful citizens of this republic. If taken he should be summarily hanged for premeditated murder. Justice should be executed upon him.

That he should be permitted to found in the U. S. a newspaper devoted to his bloody cause passes as all understanding. There is intelligence that his wife and children are residents of San Antonio, where they enjoy the blessings of complete liberty. The facts excite wonder as to what contention these impudent persons must have of the American citizenship.

The Secretary and the printing plants should be sent back across the Mexican border, and be made to assume the proper responsibility that goes with propaganda work.

To make the Maxwell light they used the quality steels

THE story of Maxwell is a

story of metallurgy. This great science makes possible a 1960-lb., 109-inch wheel-base, 25 h.p. car, whose common denominator is Quality.

It has made possible a vehicle weighing but 1960 pounds itself to carry 750 to 1000 pounds of human weight a distance of 100,000 miles or more—to carry it at low cost and to carry its 5 passengers in comfort.

This is about 2 to 2 1/4 pounds of vehicle weight for a pound of "human freight."

When you stop to compare weight for weight with other cars, and size for size you will quickly realize that the Post-War Maxwell takes a leading rank on the subject of light weight.

But this light weight of the Post-War Maxwell is not a matter of "trimming the weight," but a matter of metallurgy.

The use of this science in building 300,000 previous Maxwells has developed lighter but stronger steels, and that is one reason why the Post-War Maxwell has caught the public fancy as few cars in recent years have done.

The demand is in excess of 140,000 for the current year. Only 100,000 can be built.

Therefore, an early visit to look over the Post-War Maxwell may save disappointing days later on.

More miles per gallon. More miles per tire.

Price, \$985 f.o.b. Detroit.

BE A ROOSTER

TAKE THE HOME PAPER

Christmas will be here in less than a month.

Don't let us have this kind of weather all winter. We WON'T.

Hog-killing time and rabbit hunting season ought not to conflict as they do.

Get your advertisement ready for Christmas and let the printer have it in time.

It used to be that money made the mare go, but now days it makes the farms go.

A person so inclined can imagine many things until he or she believes they are true.

The big crop of rabbits is compensating for the failure in the blackberry crop last summer.

The hens will persist in not laying liberally when the price of eggs is at the top notch.

Thanksgiving was not a pleasant day by any means. It was cloudy with a raw wind prevailing.

There will be a pie social and dance at Taylorsport school house next Saturday night for benefit of ball club.

If you have not paid your taxes for 1919 do not "kick" when the penalty is added to your list for payment.

Mrs. Claborn Campbell and son, of Latonia, spent Thanksgiving day with her husband, Mrs. John Burk, out on the Petersburg Pike.

Clifford Hedges, who has a position in the city came out home to eat Thanksgiving turkey with his parents, Mr. and Mrs. William Hedges.

Wayne and Weindel Phipps, of Indiana, spent several days last week with relatives in this county. They are delighted with their new home.

Tax Commissioner Riley is hustling up the work on his tax books to have them ready by the time the law requires the work to be completed.

Leslie Rose, who moved from Florence, neighborhood to Indiana a short time since, has moved back and is living out on Florence rural route.

The Recorder has an old bachelor friend in Burlington, who has become discouraged, abandoned the matrimonial drive and wants to dispose of his property.

This time last year the country was full of flu and there were few families in the country one or more members of a doctor.

The Young Ladies Society of Burlington Baptist church cleared quite a handsome sum by their oyster supper last Wednesday evening, \$35 being about the net amount they realized.

Mr. Geo. Penn is having a hard time to keep from selling his 92 acre farm just north of Burlington, known as the Revill place. Would be purchasers have forced his price up to \$25,000.

Benj. Stephens, of East Bend, spent a day or two in Burlington last week. Benjamin formed a liking for the old town while attending school here that it will take him a long time to overcome.

Frank Allen and son, Master Franklin, of the Big Bone church neighborhood, spent among the recorder's visitors last Saturday. Mr. Allen reported everybody in his neighborhood in a prosperous condition.

Wallace Rice, Assistant National Bank Examiner, spent a few days the latter part of last week with his parents, Mr. and Mrs. Edwards Rice. He came in from Columbus, Ohio, where he had been assigned on special duty.

John Walton, of the Commissary neighborhood, sent two big loads of tobacco to Covington Loose Leaf house to be ready for the opening sale. This was the first time tobacco to go to market from his neighborhood.

Dry Ridge, Grant county, is on the edge of a big boom, apparently, as a company of capitalists having bought largely of real estate there, and indicate their intention of erecting a commodious and modern hotel for the accommodation of invalids.

Numerous non-resident hunters were afield in this county last Thursday. Some of them had pretty good luck while many others bagged little or no game. Some of the local Nimrod slew quite a lot of the Mollie Cottons.

Edwin P. Morrow will be inaugurated Governor of Kentucky next Tuesday, when he will begin his clean-up administration which he outlined during his campaign. If he finds as much to do as he claims he is going to do he will be the busiest man in Kentucky for four years from next Tuesday.

POPULAR PASTOR DEAD

Rev. T. W. Barker Passes Away at Burnside.

Falmouth Outlook.

Rev. T. W. Barker, aged about 75 years, died Saturday morning, Nov. 22nd, at his home at Burnside, Ky., where he was pastor of the Methodist church of that city, after an illness of ten days.

Rev. Barker was born in Campbell county, and came from an old pioneer family of that section of the State. He was ordained a minister in the Methodist church, South, and was one of the best known and ablest preachers in the Kentucky Conference. During his long life, he was pastor of many churches and always left an impression for good everywhere.

He was a most genial and loving gentleman, admired and held in the highest esteem by thousands of friends. His able voice was always raised in advocacy for the right, and he was fearless in his opposition of wrong. He was a Mason, and an honor to the fraternity. His teachings were sound, and to the church and in his death the craft has lost a true and honorable brother, and the church has lost a true Christian worker.

At the time of his death he was a member of Brooksville Lodge No. 154, P. O. A. M.

Rev. Barker was twice married. Twenty-six years ago he came to Falmouth as pastor of the local Methodist church. His family then consisted of his first wife and three children, Pearl, Myrtle and Brooks. Pearl died here April 25, 1895. After he left Falmouth his wife and was brought back and buried by the side of her daughter in Riverside cemetery.

He left a request at the time that when he was called he wanted to be buried by his side. That request was complied with last Sunday afternoon. For the past four years, he was pastor of the Brooksville M. E. church, where he endeared himself to the citizens of our sister city and county. He was a big, broad-minded gentleman, whose power for good was not limited to his own congregation, but extended over the entire communities in which he lived.

At the last session of the Kentucky Conference, he was assigned to the pastorate of the Methodist church at Burnside, Ky. He is survived by his second wife to whom he was married in Newport several years ago and by two children, Brooks Barker, of Covington, and Miss Myrtle Barker, who is a missionary to Korea.

Rev. Barker was well known in this county, where he had charge of the Petersburg Circuit in the eighties. He was a hard worker in church business and kept his congregations thoroughly enthused while he was their minister. He was very popular even among those who were not members of his church and many of them were liberal contributors to his church work in a financial way. He was a very close gentleman to associate with and was always a welcome guest to any home in the county. The news of his death will sadden the hearts of all who were acquainted with him.

He was a hard worker in church business and kept his congregations thoroughly enthused while he was their minister. He was very popular even among those who were not members of his church and many of them were liberal contributors to his church work in a financial way. He was a very close gentleman to associate with and was always a welcome guest to any home in the county. The news of his death will sadden the hearts of all who were acquainted with him.

Rev. Barker was well known in this county, where he had charge of the Petersburg Circuit in the eighties. He was a hard worker in church business and kept his congregations thoroughly enthused while he was their minister. ENEMY WITHIN.

All the Nations of the World Face a Common Foe.

Leslie.

Although Germany has been vanquished, civilization is still threatened by invidious forces, not from within, but from without. Strange doctrines are abroad. The serious deprivations of war have given rise to counsels of despair; the reaction from the spirit of unselfishness and comradeship of war has been toward suspicion and expectations that cannot be fulfilled. We find people who speak as though the destruction of our whole moral and social fabric was impending. Not for a moment do I sympathize with such pessimism. Yet Cardinal Mercier, before the Chamber of Commerce of New York a few days ago, spoke significantly of the sinister and destructive ideas which were falling on fruitful soil in his own native Belgium. The same condition prevails throughout Europe and evidences of ruinous roads are not lacking in the U. S. The nations of the world face a common foe—an enemy within.

It is the duty of every citizen to be on guard against the enemy within. The same condition prevails throughout Europe and evidences of ruinous roads are not lacking in the U. S. The nations of the world face a common foe—an enemy within.

It is the duty of every citizen to be on guard against the enemy within. The same condition prevails throughout Europe and evidences of ruinous roads are not lacking in the U. S. The nations of the world face a common foe—an enemy within.

HEART TO HEART TALK

Rev. O. C. Peyton, D. D.

To be a good listener to the preaching of God's truth is an attainment of the highest order. It is not, by any means, a matter of course. There are subtle temptations in these busy days to such distraction of minds as will make good listening very difficult, and if we are not on our guard, we will find ourselves in such listless, careless, pre-occupied state of mind as to make helpful listening impossible. Alas, what is important to the preacher's message is the whispering, drowsy figgetty, loiling folks in his audience. His heart is laden with a sense of the vast importance of his message. He knows these hindering ones ought to listen for their good, for the sake of the good name of their church and the honor of the cause. It has been said that the people come to church with different sized cups—gill cups, pint cups, quart cups and so on. When the cup brought—small or large—is full the listening stops. The little brain is full and there must be some other diversion to hold the attention. Hence, the rapping, the whispering, the staring about. What sized cup do YOU have? It is important that every one who is interested in the proposed Federal Road from South Fork, through Beaver, Union and Florence, to be present at this meeting.

From the developments at the Walton meeting last Friday it appears that the Shavers Fork Federal Road from Louisville to Cincinnati is blocked. It will be because of the failure of Boone county to come up with her quota of good property. The road is to be entirely with Boone county, and the meeting at Union Friday night will just about indicate what its fate will be. The success of that meeting will be watched with much interest.

From the developments at the Walton meeting last Friday it appears that the Shavers Fork Federal Road from Louisville to Cincinnati is blocked. BOONE CO. RECORDER

PUBLISHED EVERY THURSDAY
W. T. RIDDELL, Publisher.

Entered at the Post Office in Burlington, Ky., as Second-class Mail.

Dirt roads are getting bad.

The creeks have been high the past week.

Christmas comes on Thursday this year.

Edward Rice has been quite indisposed for several days.

The change in the weather checked the rise in the river.

The first of December finds the grass in the pasture looking fine.

Don't forget to get your Christmas advertisement ready in time for next week.

Mrs. W. R. Davrainville entertained her mother and family on Thanksgiving day.

The December term of Boone Circuit Court will convene next Monday morning.

Quite a number of fur-bearing animals are being trapped in this county this winter.

Virgil Gaines began a business course in a Cincinnati commercial college last Monday.

Henry Clore and Joshua Rice, of Bellevue, were business visitors to Burlington last Friday.

Several of Burlington's young folks attended a delightful dance at Petersburg last Friday night.

Edward Baker, of the Limaburg neighborhood, was a business caller at this office last Friday morning.

Pratt Holloway, the Petersburg garage man, was transacting business in Burlington one day the past week.

Circuit Clerk Maurer and wife had several friends assist them devour a nice, juicy Thanksgiving turkey.

W. D. Cropper spent Thanksgiving day nursing a cold that had been annoying him very much for several days.

Prof. and Mrs. J. A. Caywood entertained several friends with a six o'clock turkey dinner on Thanksgiving day.

Circuit Clerk Maurer took two premiums on potatoes at the Tri-State Show: Second on Bull Moose and third on Early Ohio.

Miss Alta, daughter of Mr. and Mrs. Hubert Beemon, of Limaburg neighborhood, is recovering from an attack of typhoid fever.

Grover Snyder and wife, of North Madison, Ind., spent the Thanksgiving holiday period with their parents in Burlington.

Circuit Clerk Maurer dug a crop of Bull Moose potatoes last week that yielded thirty to one. They are very nice potatoes and uncommonly large.

Mr. Edward T. Gale, of Erlanger, has advertised in this week's Recorder a big sale of personal effects at his residence in Erlanger on the 6th inst.

J. L. Riley, of Ludlow, was in this neighborhood last Friday buying all the wool that was for sale. He bought several nice bunches at big prices.

School was dismissed last Wednesday evening for the remainder of the week and the pupils seemed to enjoy every minute of the time they were out.

Deputy Sheriff B. B. Hume came home last Saturday evening after a sojourn of several days at St. Elizabeth's hospital, Covington, re-covering from an attack of pleurisy.

The high wind last Saturday afternoon leveled fodder shocks, snapped off telephone poles and moved everything that was loose. It swept across the country at about 45 miles an hour.

G. G. Hughes, who is visiting his daughter, Mrs. Earl Wain, of Petersburg, fell one day last week and sprained one of his ankles badly. His many friends are sorry to hear of his misfortune.

J. B. Arvin, who owns the Commis-sioner's woods out on the Bellevue pike is cutting the timber and will truck the logs to Baldon & Hewitt's saw mill at Limaburg to be sawed into lumber.

Last Sunday furnished the first installment of real winter weather. The sun shone brightly most of the day with a cold wind prevailing and an occasional flake of snow flitting across the vision.

We wish to express to our neighbors and friends our sincere appreciation of the kindness and sympathy shown us in our recent bereavement when we suffered the loss of wife and mother.

Z. T. Kety and Children.

A man's best pal is his smoke

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Sam-soun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

Liggett & Myers Tobacco Co.

20 for 20 cents

—and the blend can't be copied

IT'S NOT YOUR HEART

IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gravel, gout, rheumatism, edema and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL HAZELTON OIL Capsules immediately.

The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL HAZELTON OIL Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL HAZELTON OIL.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three signs. Money refunded if they do not help you.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Head-ache, Rheumatism, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught. In fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. B 79

CATCH INSECTS BY SUCTION

Some of the worst enemies of the crops are moths. As moths, they are harmless, but the caterpillars hatched from their eggs are wholesale destroyers. Every housewife is lamentably familiar with the disgusting worm so commonly found in the ears of sweet corn that she buys for her table. Few ears seem to escape its attack, while many are half devoured.

This filthy creature is the offspring of a moth that flies only in the night time, says the Kansas City Star. Often present in countless numbers in the corn fields, it flits about, laying its eggs one here and another there, on the silks of the corn. The caterpillars, as soon as hatched, find their way to the growing ears, creep into them, and begin to devour the grain.

Various schemes have been tried for trapping the moths. Pans of sweetened water poisoned with cyanide of potassium have been scattered about in the field, to attract them. Lamps to draw them have been hung over receptacles containing kerosene, so that the fumes might suffocate them.

These and other contrivances have captured many moths; but, for some unexplained reason nearly all of them were males. So what was the use?

The "browntail" caterpillar for some years has been causing a great deal of trouble in Massachusetts, chiefly by scattering its poisonous hairs, which float about in the air, get into peoples clothing and engender a horrid rash. Persons have been made very sick by them and one man died.

In this case, likewise, the parent moths are night flyers, and efforts have been made to trap them by hanging are lights over vessels of kerosene. Here again, however, those captured were nearly all males.

The worst enemy of the grape growers in California is a minute insect called the "thunder fly," because it appears in greatest numbers in hot and sultry weather when thunderstorms are frequent. A man out there has invented a suction apparatus, with a ten-horse power blower, which is placed on wheels and driven through the vineyards, harvesting the pests from the vines as it goes along. It is said to work very successfully.

An even more remarkable contrivance is used in Germany to capture wholesale the "nummets," that devastate the forests. It is provided with two very powerful searchlights that draw the moths from miles away. The apparatus being placed on top of a building, and they are further attracted by a pair of are lamps on either side of a suction ventilator. An electric motor causes the fans of the ventilator to revolve rapidly, thereby producing an intake of air that swallows every moth approaching within a few feet. Through the ventilator they pass into a wire net cage. A single machine of this kind has been known to catch 100 pounds of moths a night.

Flirting With Death

One of the most pathetic poisoning cases in the history of this country has just been brought to a close by the recovery of the innocent victims.

A Detroit mother, in a moment of insanity or otherwise administered deadly mercury to her two little daughters with the intention of ending their existence.

They were saved, however, by the prompt action and heroic efforts of a physician—and are now calling for the mother who is now behind iron bars.

The lesson is one which should be into every home.

There is entirely too much freedom in the manner in which people are permitted to purchase drugs of a poisonous nature.

In a majority of homes you can find these poisons standing on pantry shelves, in bath rooms or in other places.

Invariably they are within reach of children who know not that death lurks in those innocent looking bottles.

It is the acme of carelessness, and comes dangerously near to criminality.

Death dealing drugs should not be purchased at will. They should be accessible only thru the medium of a practicing physician, and then should be kept under lock and key.

The person who employs these drugs with criminal intent should meet with swift and drastic punishment commensurate with the crime, and no maddening sentiment should be permitted to interfere. Plighting with death has become entirely too frequent in this country.

It is time for the punishment to fit the crime.

Tips From Texas.

Dallas News. And if shoes go much higher everybody will envy the one-legged man.

No matter how much a man grouches over the price of butter he would rather pay taxes on a cow than milk her.

What has become of the old-fashioned grocer who advertised twenty pounds of sugar for a dollar?

The old-fashioned woman who had corns on her hands now has a granddaughter who's got them on her toes.

And when there is a bad plan in the moving picture our rule is to stay in our seat until we have seen him killed several times.

It has just about got so in this country that it is as hard to find a cheery house to move to as it used to be for the landlord to find a cheerful tenant.

PRINCE ALBERT

the national
joy smoke
makes a whale
of a cigarette!

Copyright 1919 by
R. J. Reynolds Tobacco Co.

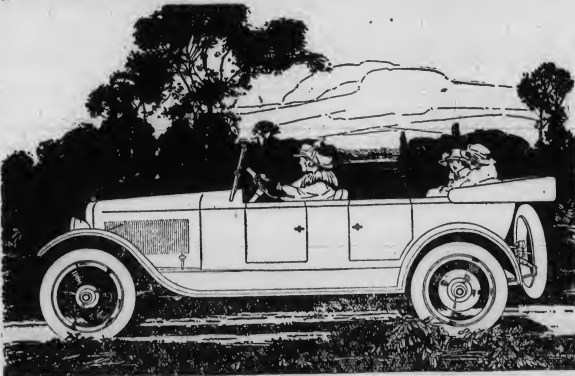

You certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokestunt in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your say-so, you'll find toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!

CHANDLER SIX
Famous For Its Marvelous Motor

There's No Time Better
to Buy Your New Car

BUILDING more than a hundred cars a day, the Chandler Motor Car Company is still unable to supply the demand for the greatest of Sixes. And this is November.

There are no automobile seasons any more. Any time is the time to buy your car, if you can get it. The earlier your order, the earlier your delivery!

The Chandler Six leads so distinctly because it offers so much more for so much less. Other cars which perhaps might be compared with it list at hundreds of dollars more, and cheap cars sell for almost as much.

BELEVIEW.

Joseph Maurer has been on the sick list the past week. Mrs. C. S. Smith is visiting her sons at Louisville this week. Sheldon E. Flick, of Lexington College, spent Thanksgiving with his father.

Chas. Dolph and family spent Sunday with Mr. and Mrs. W. A. Fritz in Ohio. Mr. and Mrs. Stanley Clure spent Sunday with Mr. and Mrs. L. H. Kelly at Petersburg.

Mrs. Jacob Cook, near Waterloo, Ky., is Thanksgiving turkey with her cousin, Mrs. Joshua Rice. Mr. and Mrs. Wallace Cook visited relatives at Petersburg, last Saturday night and Sunday. Mrs. G. N. and W. M. Smith, of Louisville, spent the holiday season with relatives here. E. J. Ryle and family, of Lexington, were the week-end guests of relatives in this community. Mesdames Chas. and Cam White of Petersburg, were Thanksgiving guests of Mr. and Mrs. T. W. Cook.

Mr. and Mrs. Ralph Cason, of Middle Creek, are entertaining a new daughter at their home since Nov. 14th. Mrs. O. P. Phipps and sons, of Indiana, spent the latter part of last week visiting relatives in this neighborhood.

Geo. Rogers, of Cincinnati University, spent the holiday vacation with his parents Mr. and Mrs. John Rogers.

T. W. Cook and son, Ray, Jake Cook and son, Paul, attended the funeral of Mrs. George Cook at Patriot, Ind., last Friday. Mr. and Mrs. J. A. Smith, Jr., and son Lance, spent Saturday night and Sunday with Mr. and Mrs. Wm. Schoultz at Newport. Members of Bellevue Christian church are planning to give a harvest and supper Saturday Dec. 20, 1919. Proceeds to be used for repairs on said church.

W. L. Kirkpatrick sold to Mr. Yelton, of the Erlanger Lumber Co., a 1909 model Maxwell touring car last week.

GEORGE H. GORDON.

WALTON.

Jno. L. Vest spent Tuesday in Lexington on business pertaining to his law practice.
J. G. Layle of Leesburg, Harrison county, was here this week looking at farming property for the purpose of buying a nice place.

McCure Chapter, Royal Arch Masons, will have a meeting Friday night, Dec. 19th, when there will be work in the degrees.
Mrs. Geo. W. Hill, of Glencoe, was the guest of Mr. and Mrs. A. M. Edwards on Tuesday, and wants to buy a nice home and move here.

Edward Carpenter of Bracken county, spent part of the week here looking over some farming land with a view to purchasing a good farm.

On the 20th ult., Miss Kathryn Hicks, daughter of S. C. Hicks, of Union, and Matson Rachel, son of W. M. Rachel, of Union, were united in marriage in Covington by Rev. Edward Hall of the M. E. church. The young couple are very popular in their community where all wish them well in their journey through life. They will make their home in Union.

Last Friday a large attendance from various counties was here at tending a meeting in the interest of the Federal Aid Road that is to traverse the counties along the Ohio river from Louisville to Cincinnati. All the counties therein have subscribed the respective amounts expected from them with the exception of Boone county and this must be done or assured by December 15. The road would be of incalculable benefit to this county and it ought to be subscribed if possible. The U. S. Government agrees to pay one half of the cost of the road

and maintain it after it is built; the State pays ten per cent, and the county is expected to pay the other forty per cent. The road will be constructed so it will be equal to any highway in the country, and eventually the people of the county would get back more money than it cost the county. Whatever is done must be accomplished without any delay.

Maxwell is but another name for Quality

THE goodness, the efficiency, the quality in previous Maxwells created a demand for the current Maxwell which 100,000 cars (the number now being built)

More miles per gallon
More miles on tires

100,000 axles is constructed. Consider the vast use of capital it requires to turn them out—300 a day.

Estimate the confidence the Maxwell executives had in the Post-War model to rest the future of the Maxwell name on a year's production like 100,000.

They knew; 300,000 previous Maxwells had told them; the public was their judge.

You can look for high engine efficiency, or merely comfort, or long mileage on gas and tires, or improvements the war developed, or style, or value—you'll find it in the Post-War Maxwell.

Price, \$985 f.o.b. Detroit.

This shows a rare liking for Maxwell; and the appreciation that every dollar devoted to its manufacture has been wisely expended.

Think what the making of 100,000 axles means, the making of 100,000 frames, 100,000 engines, 100,000 clutches, and 100,000 transmissions.

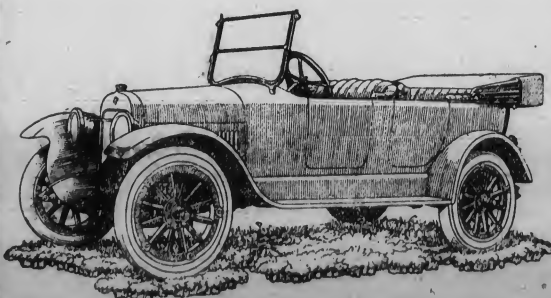

Think of the great saving that comes with the purchase of so many materials.

Consider the accuracy that follows as one after another of

W. L. KIRKPATRICK,

Agent for Boone County

BURLINGTON, KY.

BOONE COUNTY TAKES

Several Prizes at the Big Tri-State Show last week.

Boone county exhibitors at the Tri-State Farm Product Show in Cincinnati last week were awarded prizes as follows:

Frank Hosman, Hebron, first on largest pumpkin and second on Early Ohio potatoes.

Chas. Maizer, Burlington, second on Bull Moose potatoes and third on Early Ohio potatoes.

Mentor Martin, Burlington, 3rd on seed corn exhibit.

Stevens Bros., Burlington, 2nd on seed corn exhibit.

E. J. Aylor, Hebron, second on single ear corn any variety and third on wheat.

L. T. Clore, Burlington, 2nd on both Boone County and Johnson County white corn.

Robert Clore, Burlington, 4th on Boone County White corn.

R. S. Cowen, Burlington, 5th on Johnson County White corn.

Winners in the tobacco contests were Hiram Long, Florence; Clem Kendall, Florence; Chester Aylor, Florence; Hubert Brown, Lexington; Stevens & Barnard, Burlington.

TWENTY-FIVE BARRELS OF CORN TO THE ACRE.

Warsaw Independent.

With about ten barrels to the acre the average yield of corn around this county, it makes you stop and think. At the possibilities of cultivation when a man tells you he grew almost 25 barrels to one acre on an acre of ground. But that is what happened the other day. The man who grew this corn was John Shanahan. It yielded in exact figures 122½ bushels, which is just 2½ bushels short of 25 barrels.

There was nothing extraordinary about the ground either, according to Mr. Shanahan. The quality of the corn was in the class; in fact, so high that from the lot was selected 10 bushels of as fine seed corn as one would care to see.

The main thing that contributed to the big yield of this crop was cultivation. It will be recalled that during the growing of the corn, many of the growers became indifferent, perhaps discouraged, and almost stopped cultivating their crops. Mr. Shanahan did not look at the matter in that light. His reasoning was that the best way to supply some of the absence of good growing conditions was to do that much more work in the crop.

So he went over this ground five times with plow and harrow and three times with the hoe. The result was the yield we have stated.

It might be recorded right here, too, that Mr. Shanahan did not spend much time visiting or riding around in automobile. Excessive sociality has ruined many a crop. Mr. Shanahan, however, and his kind, and the sparrow that realization comes to a great many people the sooner they farm lands become more productive.

Mrs. Kibb Foster Dead.

A telegram was received by N. E. Riddell last Friday afternoon announcing the death of the wife of his cousin, Kibb Foster, at their home in Jacksonville, Florida, that morning. The telegram was the first information that the matter with Mrs. Foster, consequently it was a great shock to them.

The late John Irvin Foster, and is survived by her daughter, Mrs. Watson, of Jacksonville, Florida; her mother, Mrs. Mary Goodridge, one sister, Mrs. William Carpenter, and two half brothers, Messrs. Elmer and Raymond Goodridge, of this neighborhood. Mrs. Foster and her husband lived in Jacksonville about thirty years ago. During the big Christian church convention held in Cincinnati this fall she visited her Boone county relatives for a few days and was, apparently, in the very best of health and in excellent spirits. The bereaved family has the sympathy of a very large circle of relatives and friends in this county. Burial took place at Jacksonville.

Farmers to Organize.

P. E. Merriam, district agent under the U. S. Bureau of Agriculture, was in Burlington last Friday in consultation with farmers in several neighborhoods in the county in regard to the organizing of a Farmers' Club. The object of the organization is to buy and sell farm products and supplies in the same manner. The meeting held at the court house last Friday was only preliminary and no other meeting will be held there on the 14th inst. The club to begin with will consist of from 300 to 500 members the dues from which are to go for the fund for the operation of the club. There is an effort through the county to get the farmers organized by groups for each week. No doubt there will be a large attendance at the meeting on the 14th inst.

Mrs. Anna Kelly.

In memory of Mrs. Anna Kelly, the eldest child of William Collin and Mary Ann Duncan. She was born near Burlington, Ky., Dec. 22, 1854, and passed from this life Nov. 26th, 1919, aged sixty-four years, 11 months and four days. On Feb. 12, 1874, she was united in marriage with Zachary T. Kelly. To this union were born five children, two of whom, Mrs. Alta Kelly Wilson and Ocie Young, preceded their mother to the great beyond 10 years ago. She is survived by her husband, the three children Mrs. H. Stephens, Colin and Wilber, one son-in-law, two daughters-in-law, one grandson, two little granddaughters, and a host of other relatives and friends.

Mrs. Kelly died in the home to which she was brought as a bride forty-five years ago. During this long period, which was spent in this immediate vicinity, she endeavored to be kind to all her neighbors by her deeds of kindness and ministrations to the sick and needy, whom she often attended when she herself was physically unfit.

Though for many years she had been in frail health, her will power and abundant vitality sustained her. Her last illness was of short duration. All that loving hands could do was in vain and the call came she was ready.

HALE AND HEARTY

Nearly 83 Years Old and Has Never Been Sick Enough To Have a Doctor.

Mr. C. T. Chambers, of Woolper creek, nearly 83 years of age, is one of the best preserved men in this State, as evidenced by the above good picture of him.

Mr. Chambers was born in Concord, Lewis county, Ky., Feb. 4, 1837. He has never been sick enough to have a doctor called, is spry on foot and as straight as an arrow. He likes hunting and fishing and about the only thing he smokes, chews tobacco and has a drink some Old Kentucky Moonshine but no excess. His motto is to do unto others as he would have them do unto him.

He was Captain of Company C, Kentucky Mounted Infantry during the Civil War and served four years. He was captured once, court-martialed and sentenced to be shot but made his escape and returned to his command and helped finish the war, after which he came home and went to farming which he has followed ever since.

He is now living with his son W. T. Chambers on Woolper creek, just beyond Burlington last Friday morning enroute to Detroit, Michigan, on a visit.

Mr. Chambers is a Mason, an Odd-Fellow and a member of the G. A. R.

Celbrekes 74th Birthday.

In a letter bringing a renewal of his subscription, J. D. Gaines, of Texarkana, Texas, writes: "How are all the boys? I celebrated my 74th birthday last week. Tried to get up there to the big celebration but could not make it. Ben Collins was just been promoted to 'Captain.' Mr. Gaines sends the following account of his birthday celebration as published in the Texarkana Four States of November 28th: 'As a celebration of the 74th birthday anniversary of her father, Captain J. D. Gaines, Mrs. M. D. Tison entertained with an elaborate dinner on Wednesday. "Autumn" music of effective arrangement were used to give color to the table, where covers were laid for Captain Gaines, Mr. and Mrs. Collins, Mrs. M. D. Tison, Mrs. Collins, Mrs. A. Gaines, Mrs. Harris, Gaines, Olinsted Collins, Miss Zeta Collins and Mr. and Mrs. Tison."

USE PLAIN WORDS

Up-to-Date Young People Do Not Apply Soft Pedal.

Americans used to come in for a good deal of teasing and "joshing" by Englishmen because of their tendency to show an exaggerated delicacy in their choice of words. Especially was this squeamishness apparent among American women 40 or 50 years ago, when so far from ever speaking of their own legs they actually called the uprights of a square piano limbs and would blush with mortification if you had mentioned the chair legs. In England they said that an American woman would never refer to the breast of a chicken, but referred to that portion of the bird as the bosom.

Some who laughed at this overniceness made the comment that people who considered so many harmless words must have evil minds or they would see no harm in them. But really it did not indicate evil-mindedness. It was just a natural phase of the general overcautiousness of the time. No wonder that the young women who were cautioned never to show more than the tip of her toe beneath her voluminous hoopskirts and who couldn't to say her little hand were so fastidious in the choice of her words. It was part of the fashion of the time for a woman to speak in manners never framed to speak with even moderate frankness.

But now the pendulum has swung far in the other direction and it is the well-bred thing to avoid those circumlocutions used once to soften words of too great realism. It is considered a disgrace to use such circumlocutions now to say that you are going to retire when you might say simply that you are going to bed. Likewise we speak of bedrooms, whereas our careful grandmothers would never have used so frank a word. They spoke of chambers or sleeping apartments. Sometimes it was considered the well-bred thing to use circumlocutions when speaking of death. To a certain extent this is still done, but in general the progressive young American avoids such euphemisms as "pass beyond" and "pass away." Verbs more frequently used to describe death should happen to me" or "in case I should be called beyond" when they meant simply "if I should die," which means exactly the same thing as just as vividly and has the advantage of being straight Anglo-Saxon.

Old-fashioned folk used to use so-called words to indicate poverty. They spoke about being "in reduced circumstances." They would have considered it rude to say they were poor, though they might have said that he was a "person of moderate means." If a woman found herself in a position where she had to share her own living they said that "she had joined the army of toilers," never that she had "gone to work."

HEART TO HEART TALK

Rev. O. C. Peyton, D. D.

In my early boyhood days, I knew the late General Robert Lee, of the Confederate States Army. He was often a visitor to my home, and, many a time, have I, as a little lad in the home, stood by his side and heard him give his words of affectionate counsel. Let me tell you a story about General Lee that I have heard and cherished from my childhood. He was a devout Episcopalian. His regard for all the properties of religious worship was very high. One summer General Lee was a guest at the famous White Sulphur Springs, W. Va., and on a Sabbath day, a Presbyterian minister was to preach as was the custom in the ball-ground. He noticed that Gen. Lee came in late and he wondered at it, because he knew how strict General Lee was about all the properties of religious worship. He learned that General Lee had waited until the service began and then he walked quietly around in the pews, and wherever he saw one or more persons he would say: "We are going to have a little living this morning—want you come?"

Oh, to me, all through my life the silent influence of Robert Lee has been a great encouragement and a living instruction. All can imitate the great general and the humble, earnest Christian and lead others to attend the services of the house of God.

Union, Ky.

Wheat Steeled Nicely.

It is said that the wheat that was sowed early has ripened and steamed nicely, which gives it a good color and makes it green and thus it will winter and next spring. The fall was very favorable to the growing of grain and the winter has been large and the wheat is well along for the 1920 harvest.

Grant County to the Front.

Mrs. Lillie Evans, wife of the Rev. J. M. Evans, pastor of the First Baptist Church of Lexington, Ky., returned by request of the people to her usual year supply on her husband's work. He has eight points, four of which Mrs. Evans fills each month, two of which are in Grant county, near Williamsport. Besides circuit work Mrs. Evans has experience in evangelism, alms and mission work. She is now taking up her ninth year as chaplain once a month at the Cincinnati workhouse. She has been successful in oldtime revivals all over this State and Indiana. In one of her latest meetings she had many converts, four of whom were young men who felt a definite call to the ministry and were granted exhorters' license. She is regular at her post of duty, having never missed an appointment during the winter of 1918. During the past two years she has walked and also ridden in jolt wagons over the mountains of Kentucky and twelve miles on a load of croquet sticks to a train to start for the Conference at Louisville. The Rev. and Mrs. Evans will occupy the new parsonage at Lexington, Ky., P. O. Foster, Ky., R. D. 1—Western Christian Advocate.

LETTER FROM TEXAS.

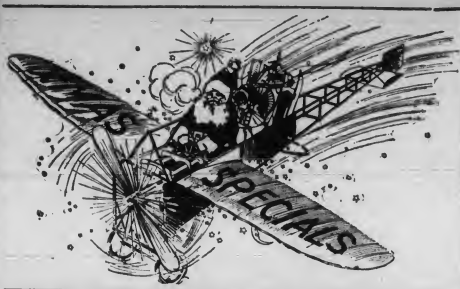

Ft. Worth, Texas, Dec. 12, 1919.
Editor Boone Co. Recorder, Burlington, Ky.

Dear Sir,

My son, R. S. Hensley, N. Terre Haute, Ind., sent me a clipping from your paper, giving account of the great revival at Bellevue, Ky., and I was very glad to see a friend from Petersburg sent me a copy of the dear old RECORDER. It brought to me so much joy that I wrote him a letter, thanking him, that I resolved then to write a letter. So here I come with it asking you to give it space in your paper, knowing that it will reach so many of my friends in Boone county. Especially those in and around the churches of this county. East Bend. When I went over that great list of names who had been baptized at the close of the gracious revival at Bellevue, Ky., the names of 25 who had at some time been in my Sunday School class during our work there, small boys and girls, and I thought of the many who had continued to love very dearly, accepting the Christ as their Lord and Master and giving their lives and love to the church and to the blessings of God continually.

I am sure there would become disappointment if I did not say something about what we are doing away from here. My son, R. S. Hensley, is pastor of what we think, the loveliest church in the city of Ft. Worth. Not the largest but the best equipped and the people. Our church is growing rapidly, additions almost every service. We have fourteen Sunday school classes and are now building a new one, now building an additional room 36x36 ft. to accommodate 8 more classes. I am Sup't. of the beginners department. We have a very young girl who is married now but living with us, has a class of 18 girls, age 16 to 18 years. She is the only one who is a member of the church. We are now building a new one, now building an additional room 36x36 ft. to accommodate 8 more classes. I am Sup't. of the beginners department. There will be a number of musical selections by the pupils of Mrs. Fred Morris.

Admission—15c Children under 12; 25c adults; 35c reserved seats. Tickets on sale at Dudley Blyth's store. Proceeds to be used for school benefit.

CIRCUIT COURT.

The December term of Boone Circuit Court convened last Monday at 10 a. m., Judge Sidney Gaines presiding and Commonwealth's Attorney John J. Howe and County Attorney Ben H. Riley on hand to look after the State's interest.

Sheriff Conner and his deputies were sworn in regard to summoning grand and petit jurors for the term and the following grand jury was organized and given the usual instruction by the court:

J. H. Walton, Foreman,
Kirby Tanner,
P. J. Allen,
Chas. Kelly,
R. S. Hambrick,
Adson Gadd,
T. J. Bondurant,
Robert J. Guley,
Ed. Sullivan,
William Aylor,
Walter Grubbs,
A. T. Knox,
Ira Aylor was fined \$10 for reporting late as grand juror.

The following were excused from grand jury service and were each allowed \$2 for one day's service: J. J. Aylor, Ira Walton, Lee Marshall, Clarence Chambers, The original docket was called on Monday and about all the old indictments were continued.

The petit jurors empaneled Tuesday morning are composed of the following gentlemen:

Jury No. 1—
John Binder,
C. C. Hughes,
L. T. Clore,
Hogan Wingate,
J. M. Eddins,
Chas. Bodie,
William Conner,
Harold Gaines,
Harry Kilgore,
Boone Kyle,
Hiram Long,
Marshall Hall.

Jury No. 2—
W. K. Souther,
Lewis Beeson,
Harvey Senour,
Harold Crigler,
Edward Borders,
Albert Lucas,
W. H. Eggleston,
W. M. Rector,
E. O. Rouse,
E. H. Clore,
J. C. Hankins,
Walter Garnett.

Leo Gofas, who broke into Lou Crutcher's store in Hebron several months ago was given two years and six months in the penitentiary.

Bernard Long, who robbed Esq. E. J. Aylor's residence several weeks ago, was given two years in the penitentiary.

Sherman Warner was fined \$40 for operating an auto while drunk and \$25 for exceeding the speed limit.

One of the petit jurors returned four verdicts Tuesday morning less than two hours.

The case of the Commonwealth against F. H. Brown was in the hands of the jury when the columns of the Recorder were closed. The trial of this case occupied the attention of the court all day Tuesday, the jury taking it Wednesday morning.

At Maysville, Tuesday, tobacco sold as high as \$1.14 cents a pound.

HEBRON.

Kenneth Caylor sold his property in Hebron to Harve McGlasson.

Mrs. James Barlow, who has been sick several weeks, is improving.

Geo. Gordon moved, last Monday, to the property he recently bought.

Frank Aylor and wife entertained several relatives and friends last Sunday.

Owing to the bad weather last Saturday Garnett Bros. sale was called off until Friday afternoon.

PT. PLEASANT.

The U. W. B. M. Auxiliary met at the home of Mrs. John Rucker, Wednesday.

Mr. and Mrs. Allen Darby spent several days last week with Mr. and Mrs. George Darby.

Mrs. Ed. Riggs returned to her home, Saturday, after a week's visit in Russellville, Ind., among relatives.

W. Keene Souther was appointed Census enumerator for the Constance precinct during the month of January.

Mrs. Spencer Tanner will be hostess to the Ladies Aid Society next Wednesday. All members are requested to be present as quite a bit of work is on hand.

The Centennial Roll of Pt. Pleasant Sunday school announces a new member, Master Miles Aldon Smith, new son of Mr. and Mrs. E. B. Smith.

BEAVER LICK.

Wm. Wilson shipped a truck load of fat hogs last Friday.

Mr. and Mrs. J. A. Loomis spent Sunday with relatives in Kenton county.

Mr. and Mrs. W. C. Johnson, Master Charles Johnson and Miss Alice McCabe, spent last Thursday in the city.

Robt. Green sold 1100 pounds of tobacco on the Walton Loose Leaf market last Wednesday at an average of \$2.

W. C. Johnson sent a truck load of lambs and sheep to market last Thursday for which he received good prices.

John Delahanty shipped a carload of fat cattle last Thursday; also 14 fat hogs by truck Friday.

He bought 43 feeding steers.

Miss Annie Cleek and Jane Hanes, the efficient teachers of Beaver school, are preparing the pupils for an entertainment to be given during the holidays.

A great many of the tobacco growers attended the opening sales of the Farmers New Loose Leaf House last Saturday at Walton and reported all grades selling as high as at the high time last winter and some grades higher.

VERONA.

Spare-rib, back, chops and sausage are on the bill of fare.

W. M. Whitson has purchased an Essex automobile of Mrs. Elmer Standen of Hays.

C. Tunge, who purchased Miss Senora Fry's property, has moved and opened a garage.

A great number attended the Farmers Loose Leaf tobacco sale last Saturday and disposed of their tobacco at good prices.

Joseph Gard, who recently sold his home here, has bought the Watson butcher shop at Walton and will move in the near future.

Thomas Vest, who sold his home here, has bought W. Richter's farm, known as the Lewis Morris home, one mile east of town, for \$4,000.

Owing to the shortage of coal the L. & N. Railroad have abandoned No. 3 going north at two o'clock A. M. and No. 9 going south at 3:30 p. m.

Read Our Advertisements and Profit by Them.

The President Urges Publicity as Crime Deterrent.

Commercial Tribune.

President Wilson is a believer in publicity. He said so in a speech and then repeats the declaration. His war on profiteering, which of necessity has had to be so far largely a war on words, pronounced in protest his reiteration in the message of Tuesday that which he had set forth in his communication touching food control, cost average regulation and price reduction, to the effect that "publicity can accomplish a great deal in this campaign." His reasoning is cogent to wit: "The aims of the government must be clearly brought to the attention of the consuming public, civic organizations and State officials, who are in a position to lead assistance to our efforts. You have made available funds with which to carry on this campaign, but there is no provision in the law authorizing their expenditure for the purpose of making the public fully informed about the efforts of the government. Specific recommendations have been made in the message of Tuesday. I would suggest to you that you immediately take action to cause the publication of the preliminary steps in this campaign. As a matter of fact, publicity has been given every movement and purpose of the government in connection with the costs of living. In addition to the costs that should have been made and were not, and wise purposes that were not always in evidence as part of the government program, have been given publicity in endeavor to get all possible machinery going for the public good. And this without cost to the government, a contribution of the country's daily newspapers for the country's daily welfare. Otherwise the foot of the profiteer would have had no limit, since he has no conscience. But President Wilson is correct in his contention. Congress should give the administration all possible power to turn on the white light of publicity in systematic campaign through press and pamphlet and all effective propaganda. And this should be backed up by the enactment of new laws or extension of old ones that will bring all day crimes against life necessities well within reach of court and prosecutor.

Sailing Under False Colors.

In the tentative platform of the newly launched Labor party of the United States there is little referring to the real needs of the workers of this country, and much of the corrosive radicalism born in the slime of Russian Bolshevism and the "red" socialism of Germany. Its chief demands are for the "deliverance from prison of murderers and anarchists and the forcing of the American Government at war with autocracy. In other lands, with less of toleration toward these social wild beasts, the gallows and the firing squad would have found work to do at dawn. Rising to the height of impudence the projectors of the new party advances the nonsense of demanding the impeachment of Federal Judge Anderson, of Indiana, because he allowed the writ of injunction prayed for by the Attorney-General of the United States to prevent a paralysis of the national fuel supply. This in itself is sufficient to reveal ever to damn the hopes of the proposed new political organization. As a matter of fact, however, something of this kind was to be expected from the personnel of the leadership. This is composed for the most part of men and women who became alarmed at the storm of indignation against the open sympathy of the Socialist party with the German cause during the war and left that association to save their own skins. Now that the wind has died down, they are endeavoring to undermine the Government of this country. The name of Labor party is a counterfeit and does not represent the real interests of labor or of more and even less than the Democratic or the Republican party. To be perfectly honest and fair with the people of the U. S., they should attach themselves openly to the cause they really represent—the I. W. W. of which Haywood is the distinguished leader, or at least the notorious head.

Big Opening at Aurora.

At the opening sale of the Aurora House Leaf Warehouse on the 4th inst., 11,130 pounds of tobacco were sold at an average of \$43.35 per 100 pounds, several baskets selling as high as eighty-nine cents. Following are some of the crop averages:

| |
|---|
| L. K. Cropper, Petersburg, 10,930 pounds, \$61.25. |
| B. H. Berkshire, Petersburg, 2,775 pounds, \$50.10. |
| York & Douglas, Rising Sun, 2,346 pounds, \$55.51. |
| Wm. Myers, Aurora, 2,465 pounds, \$77.91. |
| Dolph Seabee, Boone county, 1,930 pounds, \$56.50. |
| Snyder Bros., Boone county, 2,501 pounds, \$61.81. |

Kentucky's Money.

Kentucky had \$1,095,368.85 at the end of the business for the month of November. This fact is disclosed in a report issued by the State treasurer, showing the balance in the treasury as follows:

| | |
|------------------------|--------------|
| General fund | \$549,338.51 |
| Road fund | \$317,008.57 |
| Banking fund | \$123,521.84 |
| University of Kentucky | \$9,438.19 |
| Eastern State Normal | \$18,937.91 |
| Western State Normal | \$16,037.31 |

DAIRY FACTS

PREVENT MILK PLANT WASTE

Managers and Employers of Dairy Establishment Should Work to Avoid Spoilage.

(Prepared by the United States Department of Agriculture.)

A quart of milk wasted now is about twice the loss it was a few years ago, and the financial loss, though great, is even less serious than the waste of this essential food. Managers and employees of market milk establishments should take every possible precaution to prevent waste. There are a few suggestions along this line:

To Prevent Milk Waste.
Keep the shrinkage as low as possible by close attention to leaks, spillage and slopping.

Avoid milk piping as much as possible, since considerable milk will seep to pipes at the end of the run.

Have milk vats so that they can be drained readily.

Drain cans and all containers well after dumping the milk.

To Save Fuel and Ice.

Utilize exhaust steam whenever possible for heating this building and providing hot water for various dairy operations.

Avoid extra steam piping by proper arrangement of rooms, thus avoiding losses due to condensation of steam.

Keep steam valves and joints well packed.

Keep doors of refrigerator room closed. Do not work in refrigerator more than necessary and do not leave lights on.

To Save Labor.

Avoid use of milk pumps wherever possible by adopting the gravity-flow system. Extra labor is required for cleaning pumps.

Avoid unnecessary labor by convenient arrangement of equipment and rooms and through use of labor-saving devices.

Other points which deal principally with mechanical topics are included in the recommendation, all of which have

Exterior of Well-Equipped Dairy House.

a sound basis of investigation and experience. By issuing a monthly letter on timely matters to the milk trade the dairy division seeks to raise the plane of milk handling efficiency. It makes official information available to those who are able to put it into immediate use and should assist in reducing operating costs as well as waste of dairy products.

FEEDING COWS FOR PROFIT

Animals Must Have Liberal Ration at All Seasons—Pastures Must Be Supplemented.

If dairy cows are to be fed for profitable production they must receive a liberal ration at all seasons. In summer pasture generally is depended upon, but often it must be supplemented by soiling crops or silage, and sometimes by concentrates as well. For winter feeding, the ration usually is composed of hay, silage, and a mixture of grains. In properly balancing the ration the grain is compounded to fit the roughage with due consideration for cost, bulk, palatability, and physiological effect upon the cow. For best results, cows must be fed individually, salted regularly, and furnished with all the clean water they will drink.

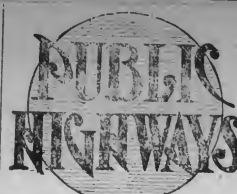

COWS FRESHENING IN SPRING

Usually Desirable Where Possible for Herd to Secure an Abundance of Good Pasture.

Where it is possible for the herd to secure an abundance of good feed on pasture throughout a considerable portion of the year, it is usually desirable to have the cows freshen in the spring in order that they may take advantage of the inexpensive feeds at the stage of lactation when the largest amount of nutrients in the ration must be supplied.

Disputed Alfalfa Question.
When to sow alfalfa is a disputed question. Many people say sow in August, but some of the most successful growers sow the seed early in the spring.

Proper Feed for Cows.
Cows giving milk require more protein and carbohydrates than cows that are dry.

STATE OFFICIALS WILL AID

Committee Named to Bring About Closest Cooperation in Construction of Highways.

(Prepared by the United States Department of Agriculture.)

To bring about the most effective cooperation between the federal and state governments in the big program of highway construction now under way, A. R. Hirst, president of the American Association of State Highway Officials, has named, at the request of the secretary of agriculture, a committee to act with the department of agriculture's bureau of public roads in carrying into effect the federal aid road act and its amendments.

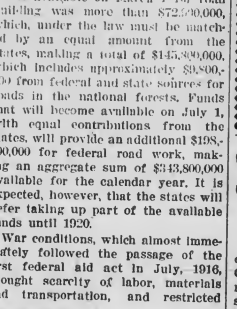

Following are the state representatives selected by Mr. Hirst:

George P. Coleman, state highway commissioner of Virginia; S. E. Brant, state superintendent of highways of Illinois; Charles J. Bennett, state highway commissioner of Connecticut; W. S. Keller, state highway engineer of Alabama; and Ira H. Brown, state road engineer of Utah.

Stimulated by recent federal amendments and added appropriations to the original federal aid road act, road-building plans in the states have received tremendous impetus. Many of the states have provided by large bond issues and otherwise, amounts much larger than will be required to match the federal appropriations.

Up to May of this year, 1,057 project statements for federal aid roads had been approved by the secretary of agriculture. They involve the improvement of 105,300 miles of roads at an estimated cost of \$92,631,218.11, of which the federal aid requested was \$36,570,557.18. The amount of federal funds available on March 1 for road building was more than \$72,900,000, which, under the law, must be matched by an equal amount from the states, making a total of \$145,800,000, which includes approximately \$100,000 from federal and state sources for roads in the national forests. Funds that will become available on July 1, with equal contributions from the states, will provide an additional \$198,000,000 for federal road work, making an aggregate sum of \$343,800,000 available for the calendar year. It is expected, however, that the states will defer taking up part of the available funds until 1920.

War conditions, which almost immediately followed the passage of the first federal aid act in July, 1916, brought scarcity of labor, materials and transportation, and restricted

Good Road Between Annapolis and Baltimore—Big Job to Build and Keep in Repair a Highway Like This.

road-building projects to those absolutely essential to winning the war. Even China in the utilization of its wagon roads and waterways, those reliable avenues of cheap transportation. It is true we made an effort to catch up with China.

Behind China on Highways.
America has developed its railroads far beyond those of Europe, but it is behind even China in the utilization of its wagon roads and waterways, those reliable avenues of cheap transportation. It is true we made an effort to catch up with China.

George Ade on Good Roads.
George Ade says, "Good roads cost money, but show me a community which has invested in hard roads such as can be used at all times of the year and which now would be willing to go back to the mudholes for a cash consideration."

Good Roads Are Prerequisite.
Good roads are prerequisite to successful motorized operation. It is believed that few motortruck operators realize the increased expense which results from travel on poor roads.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with untold misery, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until the reins become tight. Don't think with disease. To avoid future suffering begin treatment with GOLD MEDAL HAZARDON OIL Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1656 the government of Holland granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Toot Toot Drensa," as she quaintly calls GOLD MEDAL HAZARDON OIL Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your drugist and insist on the supplying you with GOLD MEDAL HAZARDON OIL Capsules. Take them as directed, and if you are not satisfied with results your drugist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no imitations. In sealed boxes, three sizes.

Ship by Truck

We are again in position to do your general trucking—tobacco and livestock a specialty.

GERMANY WITHOUT A FRIEND

Nation Stands Alone in the World, Seemingly With No One to Mourn for Her.

One cannot help wondering what could have been the emotions of the German agents in Spain when they read the dispatch sent by King Alfonso to President Poincaré. Those agents have worked hard through all these years of the war and spent money lavishly to make and keep Spain the friend of Germany. They can claim with some show of truth to have kept her neutral, but now, in the day of Germany's humiliation, she gets no sympathy from the Spanish king. Instead, he telegraphs to the French president enthusiastic congratulations on the victory of the allies, and calls the result achieved the reaching of "the end of this glorious epic of the French army and nation, which have shown us all," he adds, "what bravery and patriotism mean."

Alfonso says "us all," and no Spaniard protests, so they must join not only in the king's felicitation of Germany's enemy but also in the implied denial that Germany has shown anybody what bravery and patriotism mean.

Another failure, therefore, must be scored against German diplomacy and propaganda. Is it the hundredth or the thousandth?—New York Times.

America's Tin Industry.

While the United States has attained a commanding position in the tin plate export trade, it by no means equals that which England had before the war. Data show that while our exports of tin plate have grown from 57,800 tons in 1913 to more than 233,000 tons in 1917, they even now are less than 50 per cent of England's before the war, and only 35 per cent more than that country's present exports.

Will this country ever have a tin industry of its own? The Philadelphia Inquirer. The American tin-melting industry is still in the childhood stage. Ore supplies in Bolivia, in South America, are believed to be large, but Bolivian producers are finding conditions here unsatisfactory for doing business. Only the future can tell whether any relief is possible from this source.

ON THE BARGAIN COUNTER FOR THIRTY DAYS ONLY.

120 acres Boone county land, mostly in blue grass. On this farm are new 5 room house, new barn, plenty of water. Price \$50 an acre. Can't be duplicated in three States for that money. Also barn, house and lots in Ohio, Indiana and Kentucky. Let me know your wants. R. B. CARVER, Petersburg, Ky. a dealer

Reasons!
Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take
CARDUI

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness... I would go for three weeks almost bent double... My husband went to Dr. for Cardui... After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

SHOP EARLY—is a Christmas slogan more necessary as a guide this year perhaps than ever before. For though daily new Christmas merchandise comes into these stores, many of the fine things most sought, will not again be available. Now in their first freshness and fullness, the assortments of Christmas merchandise assure the happiest sort of selection.

A Store for Men and Boys

Where Christmas Shopping Is Best

Buy Clothes Now and Save

Every alert, well-informed man is taking advantage of the prices which prevail here now, on High Grade Suits and Overcoats. Our stock was purchased at considerable less than present quotations, and therefore marked accordingly. Based upon to-day's market conditions the values are indeed unusual. Your farsightedness will be liberally rewarded if you buy at once.

RICH SILK SHIRTS

Unusual in colorings.

The more unusual and vivid the coloring, the better the shirt is liked by many men.

Fine silk shirts in fancy patterns as well as white and solid colors, in tub, crepe and jersey—
\$6.50 to \$15.00

Silk fibre and satin striped shirts, of wonderful patterns—
\$4.00 to \$6.00

Madras and percale shirts, in a wide variety of designs and colorings—
\$1.00 to \$3.00

CHRISTMAS NECKWEAR

Everyone planning on giving neckwear as a Christmas Gift should visit these stores and see the opportunity for the saving it offers.

There are rich, durable brocades, Italian moires, striped and figured patterns that ordinarily demand pricing considerably higher—
50c to \$2.50

CONSTANCE

Miss Leonora has completed two different courses in nursing with the Red Cross in Cincinnati, and is taking a course at the University of Cincinnati. Geo. Parsons after 25 years in Constance is going back to the farm. He is going to Dr. Crisler's farm at North Bend. Mrs. W. A. Kenyon has received the following letter acknowledging the receipt of the box sent by her and Mrs. Popham: Dear Sister Kenyon:—I want to acknowledge the receipt of your letter of the 20th, also the fine box of canned goods which we are placing to the credit of the Constance church. This box contained coffee, canned vegetables, canned fruit and preserves and is appreciated more than I can tell you. Please to thank in our behalf all who had put in this splendid gift. With best wishes I am, Yours Very Truly, J. S. HILTON, Secty and Treas.

A great many hots have been butchered in this county, the past few days, the weather having been very fine for that kind of work. Eighteen of the High School pupils who are studying agriculture attended the Tri-State show in Cincinnati one day last week. They were very much pleased with the exhibition and derived much useful knowledge therefrom. The boys were accompanied by Prof. J. A. Caywood.

FRANCESVILLE

Mrs. Nellie Markland is very ill. John Kruse, of Dayton, spent Sunday at Will Kruse's. Hog killings are the order of the day in this community. Several of our citizens attended the tobacco sale at Covington, last Thursday. Miss Sadie Riemann attended the teacher's meeting at Hebron, Friday afternoon. Mr. and Mrs. R. W. Baker are the proud parents of a little son, born Dec. 8th. Miss Rhoda Eggleston burnt one of her hands very badly with hot grease one day last week. Chas. Eggleston spent Wednesday night and Thursday in Ludlow, guest of his uncle, William House. Mr. and Mrs. John Cave, Jr., were guests of his parents, Mr. and Mrs. John Cave, Sunday afternoon. Mr. and Mrs. S. W. Aylor and sons, Julius and Justin, and Wm. Caselined, were Sunday guests at J. S. Eggleston's. Mrs. Laura Evans and little daughter have returned from a visit with relatives in Cincinnati and Lockland, Ohio. Rev. C. E. Baker, of Bellevue, spoke here Thursday and Friday nights in behalf of the Baptist \$75,000,000 Campaign.

Morton Thompson, a worthy colored man who had lived on Bert Herkshire's place out on the Bellevue pike for several years died one day last week after a protracted illness.

A Warm Atmosphere.

You have heard people say that the atmosphere of a bank was cool and business transactions cold hearted.

But business transactions with this bank are always at Summer Heat and we try to make you feel that you are welcome, that you have a right in our banking rooms and that it is a favor to us to look after your business.

THIS BANK IS YOURS—WE WANT YOU TO USE IT.

True to our corporate name this is the "PEOPLES" Bank.

Peoples Deposit Bank

10-cent TAKE YOUR COUNTY PAPER.

The local K. of P. Lodge has decided to sell its lodge property and invest the proceeds of sale in a new hall, the proposition being to organize a joint stock company, the lodge to take a large block of the stock, the remainder to be valued by private subscription.

FLORENCE

Sorry to report Leonard Gibbs and Mrs. Lute Tanner sick. Bert Markberry is home. He looks fine and says he feels good. Lee Eddins is home after building a barn for Mike Knaley, of Union. Mrs. Ed. Sydnor had as guests last week, Mr. and Mrs. Lawrence Carlton, of Ghent. Mrs. Chas. Carpenter, of Price Lake, was the guest of Mrs. A. M. Yealey, Wednesday. Emil Schmidt and family will move to Covington, where they have purchased a home. Mr. and Mrs. Arch Lucas and daughter were Sunday guests at Ben Lemmons' in Newport. Mr. and Mrs. Goebel Stephenson and Chas. Beall were guests of Miss Minnie Baxter, Sunday. Misses Mildred Eddins and Nanette Corbin are able to be back at their work after several days illness. Mrs. W. F. Bradford is home after a week's visit with her sister, Mrs. W. S. Cole, in Columbus, Ohio. The Ladies of the Baptist church will give an oyster supper next Saturday night at the old Catholic church. Miss Anna Carlton has returned from school in Newport next to her brother, James Carlton and family, in Ghent. There will be a business meeting at the Baptist church Saturday afternoon. All members are requested to be present. Rev. Royer and wife entertained with a six o'clock dinner, Saturday. Covers were laid for Mr. and Mrs. Henry Tanner, Mr. and Mrs. Ben Floyd and Mr. and Mrs. Goebel Stephenson.

RABBIT HASH

Mr. Belle Beemon is visiting her son Lewis. Lee Stephenson spent Saturday and Sunday in Cincinnati. East Bend Missionary Society met with Mrs. Maud Walton last Thursday. Mr. and Mrs. Frank Scott entertained a number of friends from Newport Sunday. J. Colin Kelly and wife and Raymond Acra made a business trip to Covington, Friday. Hubert Ryle and his house and lot in Rabbit Hash to Mrs. Martha J. Conner, consideration \$700. Dr. Kenneth Ryle, of Burlington, spent Sunday with his parents Mr. and Mrs. Elmore Ryle. Mrs. James Hemphill and Mrs. R. L. Platt, of Rising Sun, attended the Missionary meeting at Mrs. Maud Walton's, Thursday. Will Toohy, of Rising Sun, and Harlan Acra placed a monument at the grave of Mrs. Adams in Bellevue cemetery, last Thursday. Monday morning a number of children on their way to school were riding in Chas. Craig's truck when it stuck on a bed place in the road the children got out to push on the truck and when it started a little while later it fell and the truck passed over him bruising him badly. Fortunately so bones were broken.

GUNPOWDER.

John Baldon called on J. S. Rouse last Sunday. N. A. Zimmerman had the misfortune to lose a valuable cow by death last week. L. H. Busby sent his crop of tobacco to Lexington to be sold on the loose leaf market. Newton Marksberry and Ira Taner put a portion of their crop on the loose leaf market last week. Hog killings are the order and with favorable weather that line of work will be about completed on our Ridge this week. B. B. Hume and wife N. A. Zimmerman and family, R. E. Tanner and wife and Mrs. Elizabeth Miller of Big Bone, broke bread with Ed. Slayback and wife last Sunday. After an illness of several months Mrs. Susie Jitz, died at her home near Grand Grange, on Tuesday the 2nd inst. Funeral services were conducted on the following Thursday by Pastor Koyser at Hopeful church, of which she was a consistent member from her youth. After the service her remains were interred in Hopeful cemetery by those of her husband who preceded her to the grave several years. During all of her illness she was most gently and tenderly cared for by her granddaughter Miss Jessie Utz who was a most faithful companion to her ever since the death of her husband. Her devotion was so great for her grandmother that there was no sacrifice too great for her to make in her behalf.

WOOLPER HEIGHTS.

Cabell Beemon expects to deliver his tobacco to the Aurora Loose Leaf this week. Wilfred Sullivan, of Bullittville, spent Saturday night and Sunday with his aunt, Mrs. Ed. Easton. Miss Lizzie Hewett, of Cleves, Ohio, spent the latter part of last week with her brothers, Wm. and Leonard. Mrs. Shirley Howe and daughter, of Covington, spent a few days with her sister Mrs. Thomas Henley, last week. Ed. Easton delivered some of his 1913 crop of tobacco to the Watforn Loose Leaf last week, receiving a nice profit, his average being 35 cents per pound.

PETERSBURG.

A baby girl has arrived at the home of John Sobers. Mrs. Lina Hunsley is visiting her sister, Mrs. Lou Craig, at Rising Sun, Indiana. Edward Stott and son are hauling many hogs and sheep to the city market these days. Miss Grace Myers, of Verona, spent Thanksgiving here with her sister, Miss Lee Edna Myers. The Light House Service has placed a light on the bank at the lower end of the park, Benjamin Drake has charge of it. A splendid program was rendered Sunday evening by the members of the Christian church Sunday School for the benefit of the American Christian Missionary Society. Bro. Carter has resigned at Petersburg, resignation to take effect Jan. 1. He will also give up his school work in the near future. He has not decided upon his future work. The funeral service of Shelton Morris was conducted at the Christian church by Rev. R. H. Carter, and the body was laid in its final resting place in Bullittsburg cemetery. Mrs. Nora Holton and her two children had a narrow escape from serious injury. She was visiting her mother Mrs. Eva McWehly and on returning home the horse became frightened, turning the buggy over. Fortunately the two children escaped without any injuries whatever, while Mrs. Holton received a few bruises. Members of Workum Lodge No. 66 have elected the following officers for the ensuing year: Jennings Acra, Chancellor; Commander; Lyman Christy, Vice-Chancellor; J. W. House, Preceptor; Burgess Howard, Master of Work; Frank Klapp, Master of Arms; Claud McWehly, Master of Finance; J. C. Hoken, Master of Exchequer; J. M. Botts, Keeper of Records and Seals; Chas. Klapp, Inner Guard; Boliver Shinkle, Outer Guard. A membership campaign will be inaugurated. The entire school had parade through the principal streets of Petersburg and gathering around the flag pole sang America. Returning to the school house where a program was rendered which was enjoyed by a very large audience. The book-guessing contest was won by Mrs. Henna Mathews. In the evening an oyster supper was served and a large number enjoyed the feast. A great deal of credit is due Prof. R. H. Carter and his efficient corps of teachers for entertainment and supper.

Francis Shelton Morris was born Dec. 7th, 1895, entered into life Dec. 4th, 1914, united with Christian church at Petersburg at the age of 16 years. Graduated from Aurora High School 1916. Entered Effingham School of Photography August 1916, studying Commercial Engraving and all branches of Photography. Enlisted in the war for Democracy June 14, after war was declared in April. Joined the colors at Camp Sherman, O., Oct. 10th with the 38th Field Signal Battalion. He was promoted to the rank of First Class Private Dec. 7th, the anniversary of his 22nd birthday. Suffered a break down in his health Dec. 10th and was honorably discharged the same month.

Spent 14 months in the "Land of the Sky." Came home Oct. 17th, 1914. He had a short life but a beautiful one engrossed in the pursuits that appealed so strongly to him. Wireless Photography, Literature, Music, so tirelessly that the constant application sapied his strength and undermined his health so much that the strict discipline of camp life made him an easy prey for the dread Tuberculosis.

He has fought the good fight, he has finished his course and his strong mind and pleasing personality is even more strong and more pleasing. He is enjoying to the utmost the glories that he hath not heard, neither hath the eye seen that await them that love the Lord. His suffering brought him to a realization of the precious love of Jesus and he found a friend like unto Dick and Andy as he said (His buddies in College and Camp) only more so. And we do not sorrow as those without hope for he died trusting fully in the saving power of the Lord Jesus Christ. We shall miss him, oh, so much, but he is past the toil, the pain, the conflict. Safe at last and free forever from his weary load and can soar on wings triumphant to his bright abode, never more to droop and languish near the heavy cross, never more in pain and anguish shall he suffer loss. Safe in Port, aye, safely anchored on the golden strand, Home at last in Jesus' presence evermore to stand.

His life was a broken melody, and when now as we grieve it is going forward to beauty and completeness and when again we gaze upon him he will be like him for he shall be as He is. The corrupted body is clothed in the immortal. The mars and blemish and sin that hampered the soul that dwells and confines its mind to material things are drawn and he is robed in the robe of Righteousness receiving the witness that avails those who have God's love, but rejoice that an unrepentive soul has met his Maker and is basking in the sunlight of his presence.

Mr. Alexander Yoltan returned to his home in Franklin county the latter part of last week after a visit of several weeks with his son Dr. M. A. Yoltan and family.

The Democratic Administration at Frankfort delivered the reins of government to the Republican last Tuesday, and it is now Governor McGraw.

THOROUGHBREDS PROVE STRONGER

GREAT WAR TAUGHT IMPORT-
ANCE OF BREEDING OF
HORSES.

RACING ENCOURAGED ABROAD

Nations Who Bore Brunt of Conflict
Maintained the Sport as Much as
Possible as Matter of Sound Policy
in its Relation to National Defense.

At no time in the course of the last five years, not even while the great war was at its height, did the Central Empires stop the racing of thoroughbred horses. The great tracks at Hurlingham, Roma, Vienna and Berlin were the scenes of brilliant gatherings, even when the Grand Duke Nicholas was threatening East Prussia with invasion and Brusilov was on the edge of the plains of Hungary with his wild Cossack riders. At no time during the course of the great war were American and English trainers and jockeys, who had been caught by the declaration of war in Germany and Austria-Hungary and were unable to obtain passports, interned. They were permitted by governments their governments were seeking to destroy to pursue their accustomed callings unmolested and untroubled.

To a certain extent racing was curtailed in Great Britain during the first two years of the great war. The use of the famous Epsom Downs course as a resting place for convalescing soldiers necessitated the running of the famous British Derby at Newmarket in 1914, 1915, 1916, 1917 and 1918. The preoccupation of the sportsmen of Great Britain in the business of war caused them, to a certain extent, to neglect the thoroughbred's loss of 1915, 1916 and 1917, and Americans were enabled to slip in and buy up a lot of first-class stallions and mares with which to enrich the American thoroughbred industry.

France Alone Stops Racing.

Of the great nations participating in the great war, France alone felt the necessity of stopping horse racing. Threatened with utter destruction in a flood of Teutonic barbarism, France had to send to the fighting lines on the Marne, the Somme, the Aisne about Verdun, in the Vosges, every male Frenchman capable of bearing arms. Lack of the fighting lines she had to mobilize the elderly men with the women and children for the imperative work of making munitions. Upon France alone fell the burden of resisting the German tide for upward of two years. Throughout the course of the war speed tests were held at the great French tracks, but not as public spectacles. But there was no letting down of the horse as regards the exportation from France of thoroughbred blood any time during the war. As a special consideration citizens of the United States, a country from which the French, from the very beginning of the war, were drawing enormous quantities of military material, who had thoroughbred studs in France, such men as John Sanford, of Amsterdam, Major August Belmont, Joseph E. Widener, and Thomas B. Clarke, were permitted, when transportation was available, to ship to the United States a limited number of thoroughbred stallions or mares were allowed to leave the country, whether their owners were Frenchmen or outsiders.

With the signing of the armistice France and England resumed racing with characteristic promptness. The attendance at the great races at Paris has been greater this season than in any for the period of half a dozen years preceding the outbreak of the great war. The crowds that witnessed the running of the Derby, the Oaks, the Ascot Gold Cup, the Epsom, etc., in Great Britain, were greater by the thousands than the greatest of ante-bellum race track gatherings.

Sport Encouraged in Europe.

In France and Great Britain the patronage of horse racing, by the public, has the highest government encouragement now as the support of racing had in Germany and Austria-Hungary even through the dark months when human beings were finding it difficult to obtain nourishing food. France and England recognize today as Germany and Austria-Hungary have for many days the indispensability of thoroughbred blood to national defense and necessity of thoroughbred horse racing for the maintenance at its highest efficiency of thoroughbred blood.

For upward of seventy years previous to the beginning of the great war the military governments of continental Europe had been maintaining their thoroughbred studs for the production of military horses. An earlier century of experimentation having demonstrated to the satisfaction of experts that it was the horse that boasted of the greatest proportion of thoroughbred blood that showed the highest efficiency in military service, whether as a transport, mount, or artillery horse or a part of the transport service. The great war had not produced two years before British and French specialists discovered that the life of the pure thoroughbred under the grinding

conditions of war, independently of casualties, was twenty-five days, while that of the three-quarter breed was 29 to 32, of the half-bred 17, of the winter 14 and of the lesser breeds of horses of no particular breed 5 to 7.

English Learn Their Lesson.

Precious to the war of the nations the British government had left the production of horses for the army to private enterprise. The British had barely mulled along, as is their habit in most things, the difficult war office experienced in equipping with suitable horses the cavalry, transport and artillery services of the tremendous armies that were being assembled in France in 1914 and 1917, under Haig, conveyed the rules of the British Empire that the old haphazard scheme would not answer in future. The British Parliament was therefore constrained to accept the 117 Major-General Walker's generous offer of his entire thoroughbred stud as the nucleus of a great Imperial Military Horse Breeding establishment and to employ Lord Lonsdale to manage and race the produce of that establishment for the benefit of Great Britain for purposes of elimination as the Imperial German government had employed various schemes of vicarious royalty to race the produce of the national studs of Great Britain and Prussia for thirty-five or forty years before the outbreak of the great war.

The munificence of Major Walker's gift to his country will be understood when it is realized that his stud had been based on a valuation of upward of \$1,000,000. Now that the war is over Parliament is beginning to appreciate vast sums annually for the maintenance of this Imperial horse breeding establishment after the manner such establishments had been maintained in France, Germany, Austria-Hungary and Italy for half a century before the German invasion of Belgium. To promote the quick production of quantities of horses of the best blood types, the establishment is preparing to give direct support to the Canadian National Union of Breeding, which was established some seven or eight years prior to 1914, and which supplied the Canadian and British forces with thousands of splendid half-bred, and in some instances purebred, horses in Australia, New Zealand, South Africa and India. Enjoy Cold Days in a Maxwell

JUMP into a Maxwell, bundle up, and in a second or two you're off.

No stone cold engine, no getting out to crank.

A few revolutions of the engine and it is running with midsummer action.

You get over ground quickly, get to your destination faster than in a bigger car.

This cold weather efficiency in a Maxwell is traceable to the Hot Spot and Ram's-horn, which warm up, "break up" gas into a fine vapor.

The moment this reaches the cylinders it is converted into full power and you avoid the troublesome experience of "trying to get a car warmed up on a cold day."

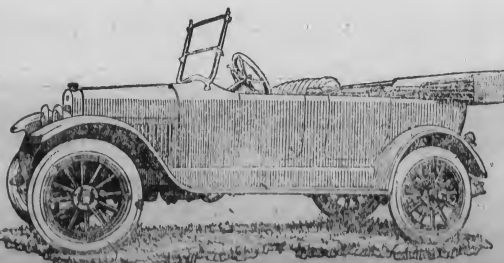

This high efficiency and the fine quality of steels used in its construction have made for Maxwell friends by the thousands—to date more than 300,000 of them. 100,000 Maxwells are being built this year; which will supply but 60% of the demand.

Price \$985 f. o. b. Detroit.

W. L. KIRKPATRICK,

BURLINGTON, KY.

DOONE CIRCUIT COURT.

Grand Jury Adjourns After Four Days Session, and Found Ten Indictments.

Commonwealth's Atty. Howe did not get away from Burlington until last Friday afternoon, his stay being considerably longer than usual, and the visible effects of his presence were more pronounced than they had been for some time previous.

Herman Konig, who was charged with entering the buggy house of S. W. H. all and taking therefrom a horse blanket that belonged to Marshall Hall, was given two years and six months in the penitentiary.

The grand jury returned ten indictments during the term, none of them except those against the parties in jail, were of a very serious nature. The grand jury adjourned Thursday afternoon.

When the RECORDER went to press last week the case of the Commonwealth against H. H. Brown was in the hands of the jury which required several hours before a verdict could be reached. The indictment was for \$300. This fine grew out of a criminal charge made against the defendant by Mrs. Warren Rogers.

Following is the report of the grand jury:

To the Honorable Judge S. Gaines, Judge of the Boone Circuit Court:

We, the grand jury, empaneled for the December term of the Boone County, Ky. Circuit Court, beg to report the following:

We have been in session four days, and examined 31 witnesses and found ten indictments.

We have examined the public buildings and find the Court House in good repair, except the chimneys, which are pointing at the top; also the basement, for the furnace needs better drainage.

The jail needs painting, which has been previously recommended; the drain to the jail vault needs repairs.

We find that the court house and jail are being properly kept by our worthy jailer, Mr. Fowler.

We find the infirmary splendidly kept by the superintendent, Mr. Frank Rouse.

We recommend that the poorhouse be painted, the elstern toilet repaired, cellar door renewed, the pesthouse and privy cleaned.

We recommend that a walk be built from the rear of the poorhouse to the toilet.

Finishing the jail work we ask to be discharged.

J. H. WALTON, Foreman.

CHAS. KELLY, Clerk.

In the case of the Commonwealth against Ben Snow, charged with giving liquor to a minor, the jury returned a verdict of not guilty.

Bernard Long and Leo Goina were brought into court Friday morning and sentenced to two years and two months and six months respectively in the penitentiary.

The court gave the young men a lecture in which he admonished them to obey strictly the prison rules, thereby making their prison life much easier.

The suit of Hubert Rouse vs. Eliza and Thomas Walton was called for trial Friday morning, and the parties announced ready for trial. This was a suit wherein the plaintiff sought to obtain compensation from the defendant for the damage to his mail truck in a collision at Hubert Beemon's on the Florence pike about a year ago.

The machine driven by the defendant, Thos. Walton, struck the plaintiff's mail truck one night while it was standing in front of Hubert Beemon's, damaging it considerably. The trial of securing a jury for the work was begun Friday morning, ten of the regular jurors qualifying, when other names for the sheriff to summon were drawn from the jury wheel, but the clerk was unable to find all the men that afternoon he was ordered to summon. The jury was completed by ten o'clock Saturday morning and was composed of the following gentlemen:

Boone Ryle, H. Eggleston, C. C. Hughes, W. M. Rector, William Conner, Albert Lucas, Fred Senour, Fred Morris, John Ryle, W. T. Berkshire, Albert Smith, Leslie Ryle.

The hearing of the evidence occupied the attention of the court the entire day Saturday, the jury being excused until Monday morning at the conclusion of the testimony. Monday morning the court instructed the jury and the attorney, Cutlerman for the plaintiff, and Rogers for the defendant, argued the case, concluding at the noon hour. The jury was out about an hour and a half afternoon when it returned its verdict against the defendant Thomas Walton, for \$177. The amount claimed in the petition was \$300.

In the case of Edward Osborn against W. H. Bue and Paul Cooke, against V. H. Gaines, the regular judge of the court having declined to preside upon the trial of the above cases, the clerk presided.

SUFFERED TWO DEFEATS

Burlington Basket Ball Teams no Match for the Strong Campbellites

The first and second teams of the local High School went to Bellevue, Campbell county, on Friday evening and suffered two defeats at the hands of the strong teams of that school. The first game played was that between the first teams and resulted in a score of 21 to 10.

At first glance the score would indicate the game was rather uninteresting and lopsided, but such was not the case. No doubt the Burlington school was not capable of putting up the game the opponents did but the contest was exciting and hard-fought throughout. It is hardly up to form to seek an excuse for a defeat suffered at the hands of an opponent so obviously superior in ability yet it must be said that the loss of the game was due to some extent to the fact that Burlington has had little experience in playing on an outdoor court, in fact this being their second game on one. Their home games have been played on the length of seventy feet while the Bellevue court measures only about forty-five. This coupled with the weight of the electric lights and the close proximity of the spectators to the side lines renders it difficult for a stranger to get its bearing without extensive practice. The score would have been closer had conditions been different also it is not claimed that the local boys would have disappointed their opponents. Principal Caywood, the consolation of being assured both by Principal Lucas of the Bellevue and Supt. Mills of the Burlington team was one which showed skill in team work and ability in planning evincing their lack of scoring was due to their being unaccustomed to indoor playing and that in their estimation up-river boys would have a hard time defeating them.

It was possible for the Burlington boys to have the same practice enjoyed by their opponents.

The rather decisive defeat is somewhat softened by the fact that the Bellevue boys have possessed the championship of north central Kentucky for the past two years and are a fairly good team.

It was a fair way to years and that distinction for the second season.

The second team was successful in scoring only two points against the Bellevue boys the 2nd game resulting in a score of 35 to 4.

The members of both teams and all who were present were unanimous in expressing their gratification and pleasure at the courteous treatment and fair play shown by the players and officials of the Bellevue school.

HEART TO HEART TALK

Rev. O. C. Peyton, D. D.

I deeply love to speak and write of the good things of the gospel—the riches of God's saving and comforting grace in Christ Jesus. So through the years, these "heart to heart talks" have been a feature of my service for God and men. Over five thousand people have gone forth on their life and joy-giving mission. Scores and hundreds have cheered my heart by telling me they have been blessed in the reading of the "heart to heart" book. Someone tells me of the help they received from their perusal. So, I thank God and take courage. To bless others is my life's sweetest joy!

Now I write of the good things of the gospel. Think of these rich, soul-nourishing viands. Pardon of sin, assurance of forgiveness—full, free, all inclusive. There is, therefore, now condemnation to them who are in Christ Jesus. We are completely justified. Pardon of sin, assurance of forgiveness—full, free, all inclusive. There is, therefore, now condemnation to them who are in Christ Jesus. We are completely justified. Pardon of sin, assurance of forgiveness—full, free, all inclusive. There is, therefore, now condemnation to them who are in Christ Jesus. We are completely justified.

Mrs. Anna Wells Dead.

(Brownstown Ind., Banner.)

Well-known Mrs. Anna Wells died at her home at 2390 Oakwood, on December 7, 1919, of cancer of the stomach. Thus has died a most estimable woman from our midst.

Funeral services were held at the residence Tuesday at 1 o'clock p. m. Rev. G. O. Mills, of the Christian church, officiating, after which the remains were laid to rest in Fairview cemetery.

Miss Anna Hayes was a native of Kentucky, having moved here with her parents in 1859. She was the second daughter of William and Sallie Hayes. Her father departed this life in 1901.

On September 16, 1915, she was happily united in marriage to E. Marion Wells, who with her mother, one sister, Mrs. K. C. Gribb and two brothers, Robt. G. Greenfield, and Eugene, of Mississippi, survive her.

The first evidence of Mrs. Wells' illness was early last spring when she was stricken suddenly and severely. Acting on the advice of her attending physician, she consulted a specialist at Louisville.

An X-ray examination revealed a cancer in a malignant form. She was given a course of treatment, but the disease was too advanced to be cured.

Through the long weary days of suffering Mrs. Wells bore it all so sweetly, leaning as she did on the loving arms of her dear Saviour, whom she knew would soon take her to her eternal home where she would be at rest.

The deceased united with the Baptist church in 1898, of which she was a faithful member until death.

The beautiful floral offerings that covered her casket were symbols of love and esteem which her friends held her.

The beautiful floral offerings that covered her casket were symbols of love and esteem which her friends held her.

A. D. Hunter.

E. C. Riley, Auctioneer. Sale to begin at 12 o'clock. Hubert Conner, Clerk.

WALTON.

WALTON MARKET BOOMS

Large Floors and High Prices
the Rule the Past Week--
Both Houses Meeting
Demands.

The Walton loose leaf tobacco market has been remarkably good this week, each warehouse having 100,000 pounds of tobacco on the market each sale. The Farmers Warehouse had two sales and the Walton House having two sales last week, the prices ranging from 10 cents to \$1.10 per pound. The low grades and the old tobacco sold low, but the fancy new tobacco sold at the highest price ever known. Wm. Waters of Florence sold at the Walton House on Saturday three baskets at \$1.04, \$1.07 and \$1.10, and his crop averaged 91 cents per pound. One basket of forty pounds brought \$125. The prices as a rule were satisfactory to the growers. The market will get better with the first of the year and a very strong market is looked for as there will become splendid offerings. The Walton market is said to be the best in the State and both houses are using every honorable method to give the growers every assistance in their power to handle the crops promptly and to secure the best price possible.

Mr. and Mrs. Albert Brittenhelm left Tuesday for Fla. to spend the balance of the winter. Mrs. J. G. Slater of Ludlow was a visitor to relatives here and at Verona the first of the week. Wm. C. Readnour of Cincinnati spent Sunday here with his parents, Mr. and Mrs. Jos. Readnour. Walton Lodge K. of P. will have a special meeting Thursday night, Dec. 18th, on important business and the brethren are requested to be present.

McClure Chapter Royal Arch Masons will have work in the Mark Masters degree Friday night, December 19th, and all of the Companions are requested to be present.

Mr. and Mrs. William Grimley moved last week to Walton from their farm at Hamilton to spend the winter with friends here, as is their custom during the winter season.

Walton Odd-Fellows lodge will have a special meeting Saturday night, Dec. 20th, for the purpose of electing officers for the ensuing term, and all of the members are urged to attend the meeting.

Mrs. Mary Renner has been appointed rural mail carrier in place of Mrs. B. B. Allphin who recently resigned as a substitute to R. P. DeMolay the regular carrier on the R. F. D. No. 1 out from Walton.

Rev. J. D. Waters spent part of last week in Cincinnati having an operation performed at Dr. J. D. Murphy's hospital on his little son Joseph D. Waters, who is an invalid. It is believed his condition will now improve.

Kenneth Aylor, of Huntington, West Virginia, and Robt. R. Aylor, of East Bend, spent last week here with relatives. C. H. Youell spent part of last week at Midway, Woodford county, filling a position with the L. & N. Railroad in the station. Mr. and Mrs. T. B. Northcutt are arranging to go to Florida to spend the balance of the winter, and expect to leave next week. Minnie Robinson of Gallatin-co., was here Tuesday looking for a small arm which he desires to purchase having sold his farm near Napoleon.

Mrs. J. L. Reeves and children spent part of last week at their old home at Pleasantville, Henry county, where Mr. Reeves formerly was the agent for the L. & N. Railroad.

Rev. T. W. Griffith of the College of the Bible, Lexington, Ky., preached at the Walton Christian church Sunday morning and evening, and made a very good impression.

C. W. Elmore, who is assistant cashier of a large bank at Maryville, Tennessee, spent part of last week with his parents Mr. and Mrs. James Elmore at the farm at Kensington.

Owing to the Christmas Holiday week there will be two sales only next week at the loose leaf tobacco warehouses. The Farmers Warehouse holding a sale on Monday, and the Walton Warehouse holding a sale on Saturday, Dec. 27th.

R. M. Dickerson, who recently moved here from Kenton county and accepted a position as grader in the Farmers Loose Leaf Tobacco Warehouse, has bought a cottage from Wm. C. Moxley on High Street for \$700, and is now occupying it with his family.

Jesse S. Thornton, who is employed here in the tobacco business, spent part of last week at his home in Elliston, and while there sold his residence property there for \$150 and will move here to the Mrs. Lizzie Fullilove property which he recently purchased.

T. W. Byrd, of Alexandria, Campbell county, spent Monday here in relation to the settlement of the estate of his sister Mrs. Maleta Cram, deceased, of which he is the administrator. Mr. Byrd is the president of the Bank of Alexandria that was recently looted by burglars of a lot of Liberty Bonds and securities.

J. A. Downard, B. E. McElroy, Carl Neumeister, Bluch Rich, Jr., and John Howe spent Tuesday in Louisville relative to the tobacco recently sold here in the hoghead at the Walton Warehouse, there being some complaint that the tobacco was not up to standard though it is generally believed it is, but it sold so high that some of the buyers are endeavoring to get a cut in the price.

The Powers Realty Co. made the following sales the past week: E. H. Simple farm of 60 acres on the Beaver road to Mont third of Grant county, for \$6,100. J. A. Stephenson farm of 61 acres to Ed. I. Layson and sisters of Mexico, Missouri, for \$6,750. William W. recently sold 50 acres to T. J. Vest of Verona, for \$3,850. Two story frame house in Walton on Main Street belonging to Mrs. Kate Jones to Judge C. C. Roberts of Burlington, for \$4,100.

Ship by Truck

We are again in position to do your general trucking---tobacco and livestock a specialty.

ORDER YOUR Christmas Peanuts

NOW

Fresh Roasted every day. Try a bag of "Butter Kist Pop-Corn." You'll like it.

at
G. W. ELLISON'S,
Florence, Ky.

Mrs. Clyde Hopkins of Kenton county, and Mrs. Ira Elliott of Gatun, Isthmus of Panama, were visitors here last week. Mrs. Elliott who occupies a position in the U. S. Government Service in Panama, returned to her home last week to resume her duties. Her husband is also employed in the service there. His sister and husband Mr. and Mrs. Gebel who have been in Panama recently returned and have engaged in the general merchandise business at Bristol, Tennessee.

The Consolidated Telephone Co. has been installing a new switch board in the Walton Exchange and will have it completed this week when it will be able to furnish the best service obtainable on a telephone. A. L. Weisbrodt, of Cincinnati, vice president and manager, supervised the work assisted by Arthur Smith. This telephone company gives the best general public service of any with a rural district, and the company has spent a lot of money for improvements.

J. Sleet Hume and C. P. Baker, of Hume, were callers at this office Wednesday morning. Mr. Hume it will be remembered was deputy sheriff under B. K. Sleet in the seventies, but he does not look old enough to have held an office that far back.

There was no response to the court's request for a special judge to preside in two cases in which Judge Ellison is of kin to the parties defendants.

Friday, December 19th, 1919
8:30 p. m. Grand March 9 p. m.
\$1 a couple Fey's Orchestra

Considerable lightning last Fri-
day night.
Next Thursday is Christmas. Are
you ready for it?

The cold weather did not stop
the rush of tobacco marketward.

Robert Utz has installed a Con-
solidated telephone in the family
residence.

There has been considerable
rain this fall and the ground is
thoroughly wet.

Clifton Roberts took the civil
service examination in Covington
one day the past week.

A Farm Bureau will mean BET-
TER livestock through the econom-
ical use of BETTER breeding stock.

C. C. Roberts has bought a \$6-
500 house and lot in Walton, and
will get possession the first of
next March.

Those who have put tobacco
on the market, the past
weeks will have plenty of holi-
day money.

A basket of bright cigarette leaf
tobacco sold on the Mayvaley
market one day last week for
\$1.25 cents a pound.

Mr. Oscar Hanna has sold his
farm out on the East Bend road,
and will have a public sale of
livestock, etc., in the near fu-
ture.

The growers have been given a
splendid opportunity to prepare
their tobacco for market and
thereby obtain a nice roll of
holiday money.

Mrs. J. B. Rouse was the recip-
ient of a handsome holiday
gift by her uncle, L. S. Beemon,
last Monday, the gift being a
\$2,000 Liberty Bond.

Boone county is joining hands
with 141 other counties in the
country that are using the Farm
Bureau. Be of service to the
community in which you live.

Mort Thomas, a colored citizen
of Boone county, Ky., living near
Burlington, was brought here the
latter part of last week and in-
terred in the Cedar Ridge ceme-
tery.—Rising Sun Recorder.

The active members of the Farm
Bureau are "bona fide" farmers.
Someone asks what is a "bona
fide" farmer, and the reply is
that the Census distinction is clear-
enough, since it calls him a man
who "makes his living by farm-
ing."

The interment of Mrs. Kate
Piatt, 68, took place at St. Mary's
cemetery Tuesday. The remains
were brought from Kansas City,
where she died last Friday. She
was the wife of Charles Piatt and
a resident of this county many
years ago.

A letter received at this office
from Elbert Roberts announces
the safe arrival of him and his
family in Glendale, Arizona. He
has a good job and is well pleas-
ed with the country. He says
they have summer there all the
winter.

Mrs. James A. Sarlow, of Hebron
neighborhood, died last Sunday
night. Mrs. Sarlow had been ill
several weeks. She was a daugh-
ter of Thomas Quick, and was sur-
vived by her husband and four
children. Funeral and burial at
Hebron yesterday.

Some noise in Burlington in the
afternoon of the middle of last
week when the warming up act
was in progress preparatory to
the court day crowd taking its
departure for home in the sev-
eral autos that had been parked
on the streets during the several
cold hours.

A Farm Bureau in Boone county
will mean demonstration plots
on every pike in the county. The
plots will be labeled as fertili-
zed, as the passer by may see the
true results in his or her neigh-
borhood. Come to the mass meet-
ing Friday 10 a. m.

The bin on coal has been lifted
and a purchase is allowed to
buy more than one ton at a time.
The miners have returned to work
but it will take them some time
to overcome the shortage result-
ing from their several weeks
layoff.

A Warm Atmosphere.

You have heard people say that the atmosphere
of a bank was cool and business transactions cold
hearted.

But business transactions with this bank are
always at Summer Heat and we try to make
you feel that you are welcome, that you
have a right in our banking rooms and that
it is a favor to us to look after your business.

THIS BANK IS YOURS—
WE WANT YOU TO USE IT.

True to our corporate name this is the
"PEOPLES" Bank.

Peoples Deposit Bank

Burlington, Kentucky,

Capital \$50,000. Surplus and Profits \$100,000.00

EDGAR C. RILEY, Vice-Pres.
NELL H. MARTIN, Asst. Cashier. L. T. UTZ, Asst. Cashier.

BOONE CIRCUIT COURT.

The \$10,000 damage suit of Chas.
Corbin by his next friend, his
father, against Phil Lambert, was
tried before the following jury,
Tuesday:

Harold Crigler,
Hogan Wingate,
William Conner,
J. M. Eddins,
L. T. Clore,
Lewis Beemon,
Harvey Senour,
Harry Kilgore,
C. C. Hughes,
J. C. Hankins,
Walter Garnett,
William Rector.

The plaintiff claimed the defend-
ant assaulted and beat him on the
head and face with his fists. The
trouble originated when young
Corbin was putting up Liberty
Loan advertising.

The case was argued by O. M.
Rogers for defendant, and John
O'Neal for the plaintiff in the
afternoon, and the jury was out
but a short time when it return-
ed a verdict in favor of the
plaintiff for \$500.

Indications are court will be in
session all this week, being the
"doings" court held here in a
long time.

When these columns closed the
case of Mary E. Brown and oth-
ers, of Mudlick neighborhood, vs.
Walter Brown, was on trial. This
is a suit seeking to set aside
a deed which Walter Brown's
father made him a short time be-
fore his death. Following is the
jury: Lewis Beemon, J. C. Hank-
ins, W. H. Eggleston, Hiram Long,
C. C. Hughes, Edward Borders, Al-
bert Lucas, Marshall Hall, William
Conner, Chas. Bodie, W. M. Rec-
tor, Boone Kyle.

RICHWOOD

J. J. Cleek is still crippled up
with rheumatism.

Wm. Glacken has moved to the
home place on the pike.

Toad in the neighborhood is
moving toward the market.

Mr. and Mrs. Henry Carpenter
spent several days at Hamilton,
Ohio.

Walter Grubbs was at Burling-
ton the first four days of the
past week.

Mrs. B. L. Cleek went to the
bedside of her grandson at Ham-
ilton, Monday.

Mr. and Mrs. P. P. Hunter have
returned from a week's visit to
Jasper, Alabama.

Two families of Richwood have
moved their differences to Burling-
ton for decision.

Stacy Carpenter, son of Will
Carpenter, is seriously ill at their
home in Hamilton, Ohio.

Our mail carrier, Bruce Wallace,
upset his buggy on the creek
near Walter Grubbs one day the
past week. No damage done.

By order of Mutual Telephone Co.
all unpaid assessments and
arrearages must be paid on or be-
fore Dec. 23, 1919. At that date
will be placed in hands of our
collector.

Mutual Telephone Co.

This Week's Sales of Tobacco.

The Farmers' loose leaf house
at Walton sold, Monday, 67,250
pounds of tobacco at an average
of \$33.75. Highest price, \$1.00 per
pound.

The Aurora loose leaf tobacco
house sold, Tuesday, 76,670 pounds
at an average of \$43.22. Several
baskets brought \$7 cents.

The Farm Bureau asserts the far-
mer is entitled to a just profit
over cost of production on all
products with the items prop-
erly accounted for—with due con-
sideration to the hazardous risks
he encounters and with a wage
allowance for his own labor and
ability commensurate to that re-
ceived in other occupations. Re-
member there are 141 counties
asking this, and many more are
organizing. WE START FRIDAY
10 a. m.

The Petersburg school class in
Expression taught by Miss Mat-
tie Kreylich, will give an enter-
tainment at the school building
Friday afternoon, December 19th,
at two o'clock. The program
consists of a number of recita-
tions and a two act play enti-
tled, "A Home Made Santa Claus."
Admission free. Everybody cordi-
ally invited.

H. J. Conrad, of Des Moines, con-
tributed a new 3,000 pounds of
tobacco on five and one-half acres
and sold it for \$5.12.

PROGRAM.

Following is the program for the
entertainment to be given by Miss
Mattie Kreylich and pupils at Li-
brary Hall, Thursday evening, De-
cember, 18th:

"Christmas at Finnegan's Flat."

Camel
CIGARETTES

Look for premiums or
coupons, as the cost of
the tobacco blend in
CAMEL Cigarettes pro-
hibits the use of them

**Cigarettes made to
meet your taste!**

Camels are offered you as a cigarette entirely
out of the ordinary—a flavor and smoothness
never before attained. To best realize their qual-
ity compare Camels with any cigarette in
the world at any price!

Camels flavor is so refreshing, so enticing, it will
win you at once—it is so new and unusual. That's
what Camels expert blend of choice Turkish and
choice Domestic tobacco gives you! You'll prefer
this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of
any unpleasant cigarettary aftertaste or any un-
pleasant cigarettary odor. And, you'll be delighted
to discover that you can smoke Camels liberally
without tiring your taste!

Take Camels at any angle—they surely supply
cigarette contentment beyond anything you ever
experienced. *They're a cigarette revelation!*
You do not miss coupons, premiums or gifts.
You'll prefer Camels quality!

Camels are sold everywhere in scientifically sealed pack-
ages of 20 cigarettes or ten packages (200 cigarettes) in a
flame-proof paper-covered carton. We strongly recommend
this carton for the home or office supply or when you travel.

Taking the Census.

Within a few weeks the federal census enumerators will be about something like 1,000,000. They will begin work in the country at large on January 1. The day after they will be in the country, their field is in a city or large town, and thirty days where their fields of operations is in the country. The country enumerators are to have more time in which to do their work, because in addition to counting the people they will gather agricultural statistics. One of the reasons for changing the date for taking the census from April to January is that the farmers usually are busy in the early spring.

The government has assumed that during the month of January the enumerators will find the average farmer at leisure and in position to supply the information the government will desire of him without interfering with his duties. The department of agriculture is acting in an advisory capacity and assisting the Bureau of the Census in acquainting farmers with what will be expected of them when the enumerators call.

MUCH FIGURING AND COUNTING.

Attention has been directed to the fact that considerably figuring and counting will have to be done in order to answer accurately and fully the questions which will be submitted by the enumerators. It will be the policy of the government to have its enumerators who work in the country leave the questions in the 7,000,000 farm homes and return for the information within a week or ten days. The agricultural census statistics are divided into facts covering farm tenure, farm acreage, farm improvements, farm values, farm expenses, and of the land in 1910, drainage crops produced in 1910, livestock maintained, including an enumeration of the various numbers of class and grade on every farm; farm facilities, such as tractors, automobiles, trucks and other farm conveniences; co-operative marketing, pure-bred animals maintained, fruits, nuts and various products.

QUICK ANNOUNCEMENT OF RESULTS. If the plans of the Census Bureau do not miscarry it will not be many weeks after the last reports of the enumerators have been received until it will be possible to announce the total population. The enumerators will report to the District Supervisors, who in turn will report through the State Supervisors to headquarters here. The returns will be tabulated here by machinery. There have been far-reaching developments in machine counters since the census of 1910, and while the Census Bureau does not make any promise as to when it will be ready to announce the final total for the country, it feels it is prepared to do a quick job.

Following the announcement of the total population for the entire country the bureau will get out as quickly as possible the totals for the various subdivisions, the county and the townships. It will announce the population of large cities as rapidly as returns can be tabulated. As a general rule, totals for the larger cities will be announced ahead of State totals. Naturally there is any amount of speculation as to what the count of the people will show the total population of the U. S. to be. All the advance information received by the Census Bureau indicates that there has been steady growth since the count of 1910, but the bureau declines to forecast as to what the new count will show.

As soon as the Census Bureau announces the new population of the country it will be incumbent on Congress to pass a reapportionment act fixing the number of representatives in Congress under the new census.

The Boone County Milk Producers Association will hold a meeting in Florence, Saturday night December 26th at 7 o'clock p. m. Every member of the association is urged to be present as business of importance will be before the meeting.

Farms for Sale

125 acres on pike 11 miles of County High School and town. Good land, well watered and fenced, all in grass but the part under cultivation this year. Good two story 9 room house, barn and all out buildings, tenant house. Farm in splendid condition and buildings in excellent repair. A good farm. Price \$18,000.

A. B. RENAKER, Burlington, Ky.

75 Per Cent of All Hauling Can Be Done by a Maxwell Truck

THERE are now more than 13,000 Maxwell trucks in use. And we cannot find a single business to which the Maxwell isn't adapted.

Up to this time we have listed over 300 kinds of businesses in which Maxwell trucks are employed.

They will do everything a five-ton truck will do except haul five tons at one load. Five-ton trucks aren't better. They're merely bigger.

Big trucks spend more gas hauling themselves than the Maxwell uses at peak load.

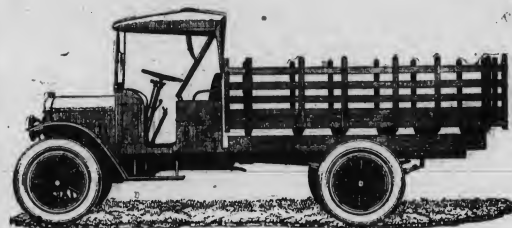

How well those Maxwells have done their work is shown by a service record of 99.6% perfect—the greatest record ever made by a motor-driven vehicle.

\$1185, chassis only, f. o. b. Detroit. Electric lights. Electric generator. Worm drive. 2400 pounds.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleaned and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haaren Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haaren Oil is enclosed in odorless, tasteless capsules containing 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haaren Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haaren Oil Capsules. Money refunded if they do not help you. These capsules are not a medicine, but a natural product of the original inventor, GOLD MEDAL Haaren Oil, in sealed packages.

RABBIT RASING.

Demand For Rabbit Meat Offers Profit to Raiser.

For many years rabbits have been raised in this country for pets and as fancy stock for competitive exhibitions, but now it has become profitable for many living in the country, and even city dwellers to raise these animals for the food market. Until war and postwar prices set everyone to thinking about the food problem, there had been no real incentive to breed rabbits for practical ends, as they were not actually needed for food, and better far than their could be had for little money. However, the great change in economic conditions has materially altered their status.

The general introduction of any kind of a food product is depend upon the public's familiarity with that product. American people in general have learned something of the value of rabbit meat through the rather general use of wild rabbits, which were hunted and trapped by farmers and sportsmen and others in almost all parts of the country. Home-grown rabbits do not have the gamey flavor of wild rabbits, their flesh being practically indistinguishable by taste from that of chicken.

Because of the well-remembered Belgian hare boom which took place some years ago, there is considerable disinclination on the part of many to undertake rabbit raising for profit. Experiments along this line in the past should not be confused with rabbit raising as now advocated by the United States Department of Agriculture. The Belgian hare boom spread rapidly for a time and continued as long as there was a demand for breeding stock, but when this demand was changed to a meat basis the boom collapsed, as there was no real need for a new source of meat. Experience in more recent years has proved, however, that rabbit raising for the purpose of supplying the meat trade is profitable. City and suburban dwellers are raising rabbits in backyards. Although the total production is as yet comparatively small, it is steadily increasing. In such scattered sections of the country as California, Washington, Colorado, Kansas and Missouri, the domesticated rabbit is recognized as a regular meat animal. Rabbits are shipped alive to market in crates or are neatly dressed, ready for cooking, and are packed in a sanitary manner for transportation.

There are numerous instances of profitable rabbit raising. A resident in Kansas City, Kans., has raised 300 to 400 pounds of rabbit meat for use on his own table, at a cost of about half the present meat prices. A large institution in Nebraska has raised rabbits instead of poultry and reports the meat more satisfactory than chicken, and also a most profitable product. On a country farm in Washington, rabbits were grown to provide for the county hospitals, furnishing a substitute for chicken.

Further evidence of the marketing possibilities in rabbit raising are to be found in the experience of France and Belgium and other European countries. In the greater part of Europe, except the most northerly portions, rabbit breeding was an industry of considerable importance before the war. About 100,000,000 rabbits were marketed annually in France, approximately 2,000,000 were raised in Belgium per year for home consumption and export. The value of rabbits annually exported from Ostend to England exceeded \$1,000,000, while including wild hares raised in English game reserves, England itself was producing from 20 million to 40 million rabbits. The consumption in one year before the war in London amounted to half a million lbs. daily and in Paris to 200,000 lbs. What has been done in the way of developing a market for rabbit meat in these countries indicates clearly the large possibilities for progressive growers in the United States. The shortage of meat furnishes an opportunity which should be made highly profitable to the rabbit grower.

Another economic phase of the question is indicated by the fact that meat produced at home saves freight and several profits. The example of Europeans and the experience of breeders in America alike indicate that the utility rabbit, particularly if grown near the market, can be made a large factor in solving the meat problem, to the mutual profit of consumers as well as producers. There are seven breeds of rabbit which come under the designation of utility animals. They are comprised in three types, represented by the so-called Giants, the Belgian hares and the New Zealand red rabbits.

The problem of feeding the rabbits is relatively simple. In every garden there is feed that is apt to be wasted unless it is given to the rabbits. Dandelions are a most in-laws but they are excellent to feed, with alfalfa and clover and oats of other grain, as also are leaves of the Burdock, yellow dock, and other weeds and brushings from apple and cherry trees. The construction of proper housing for these animals is relatively simple. The United States Department of Agriculture is prepared to furnish advice on the breeding and marketing of rabbits and to practical suggestions regarding their feeding and housing.

A. D. Hunter, of Hebron neighborhood, has sold his farm to a Mr. Hollis, of Somerset, the gentleman who bought H. J. Goudou's farm and then sold it.

PRINCE ALBERT

the national
joy smoke
makes a whale
of a cigarette!

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a makein's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecarder until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokecard in a makein's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your saxon, you'll find tippy red bags, tidy red tins, handsome pound and half pound tin humidor—and—that classy, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!

COLDs breed and Spread INFLUENZA KILL THE COLD AT ONCE WITH

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a red top with Mr. Hill's picture. At All Drug Stores

Out in the State.

Georgetown—J. E. Fleming sold H. Robinson 123 acres at \$350, and C. A. Witt sold 150 acres to E. Bridges at \$230.

Harrodsburg—Hides valued at \$500 belonging to Goebel Rouse and another youthful trapper were stolen from a cave on the Kentucky River, which they were making headquarters, and 3199 worth of furs were taken from J. O. Hatley.

Harrodsburg—Near High Bridge John Green accidentally killed his nephew, Geo. Moses, who was handling an old revolver, believed to be unloaded.

Grayson—A carbide lamp being used by Geo. Burton in feeding his stock set fire to his barn, causing a loss of \$2,000.

Versailles—A large quantity of whiskey in barrels was lost when a warehouse at the Cedar Brook distillery, Tyrone, collapsed.

Danville—The Fiscal Court voted \$50 per month toward the salary of a visiting nurse to be employed in this county.

Paris—Wadsworth Jones, 11, of Millersburg, raised tobacco in his father's horse lot, seven-eighths of an acre, and sold the crop for \$726.

Maysville—Thousands of dollars worth of furs will be sold by youthful trappers in this section, one of whom got 11 varmints in one night.

Louisville—King Lapaille, 21, a jockey, is charged with participation in the theft of 34,000 worth of whiskey from Bonnie Brothers' warehouse, a motor truck being used.

Danville—The Fiscal Court appointed a legislative committee which will give special attention to road propositions.

NEWS FROM INDIANA.

Lawrenceburg Press. George W. Terrill, who recently sold his farm below Lawrenceburg Ferry, has purchased the ferry franchise and boats and is now in charge of the business. Mr. Terrill plans to improve the service.

Edmund Bauer, hunting along the Miami, shot a wild duck to which was attached an aluminum tag bearing the address, "Box 19, Kingsville, Ont." On the olive side of the tag were the words, "The carter for you" taken from the seven-year verse of the fifth chapter 11 Peter.

PUBLISHED EVERY THURSDAY
W. L. RIDDILL, Publisher.
Entered at the Postoffice in Burlington,
Ky., as Second-class Mail.

Business of Importance.

Having important business matters which require disposal of the Boone Post of the American Legion has planned a meeting to be held at the court house in Burlington on the night of December 30th, 1919. Business of an important nature will be taken up at this meeting including the discussing of the resolutions passed at the National convention lately held. There are also some proposed amendments to the local post concerning the holding of branch meetings throughout the county and semi-annual election of officers which will demand attention.

It is the purpose of the meeting for all members to attend and take part in the discussion of social progress and plans for increasing the membership of the post, making of a body will be prepared to take its justifiable share in the affairs of the county and nation. Each and every member who has experienced a feeling of righteous indignation over the recent outbreaks of I. W. W. should not fail to be present and assume his share of the work in passing a resolution condemning the unwarranted assassination of four members of the American Legion at Centralia, Washington, on Armistice Day. Also, each member will be allowed the privilege of expressing his view on forming a Women's Auxiliary to the Legion the membership of which will include the Mothers, wives, daughters and sisters of the members.

To obviate a late hour of adjournment this meeting will commence at 7:30 p. m. sharp. Owing to the great importance of the questions which are on the program for study and consideration and the great seriousness connected with some of it, it is evident no member can feel that he is doing his full duty to himself, Legion or country, if he fails to be present.

It is the plan of the members who have charge of the plans for the meeting to serve a "small lunch" after the business of the evening has been disposed of. A beneficial as well as an enjoyable evening should be the lot of each member who attends.

BIG BONE CHURCH News

Our Woman's Missionary Society meets once a month in the homes of our people. It is growing in interest and usefulness and has become a decided factor in our church life and service.

Pastor Peyton is striving earnestly to bring much of force, strength, soul-nourishing truth to the attention of his people and many are giving a helpful hearing to the preaching and are manifesting a growing interest.

For the winter months, Pastor Peyton announces that the Sunday evening services will be evangelistic. All are cordially invited to attend and thoughtful, prayerful, sympathetic, helpful at all times to the truth is urged on every one.

Our church went safely "over the top" in the recent Baptist 75-Million Dollar Campaign. Pastor and people are much encouraged. We rejoice, too, that Kentucky went over her quota and that the whole Southland reached fully eighty millions.

The "going home" of Mrs. Robert McNeely deeply moved our church and community life. She had won a warm place in the hearts of all who knew her. Sorely will she be missed in her home, her church, her neighborhood. Every heart goes out in loving sympathy for Brothers McNeely. Robert Allen and Perry Johnson may theirs. It was fitting that Mrs. McNeely's funeral service was in care of Rev. O. M. Huey, who has known her long and well. His spoken words appreciative, tender and helpful.

By unanimous decision constitutionality of the "war-time" prohibition act was sustained Monday by the Supreme Court. The opinion, read by Associate Justice Louis Dembitz Brandeis, held in effect, however, that the war-time "dry" period still might be terminated by presidential proclamation of demobilization. Today's decision practically swept away all hopes of a "sweet Christmas," as the possibilities of the "war-time" act being repealed before constitutional prohibition becomes effective, one month from tomorrow, were considered to be remote. The cases decided were those of the Kentucky Distillers' Association and Warehouse Co. of Louisville, Ky., and Dryden, Hum & Co. of New York, instituted for the purpose of compelling the Government to release whiskey from bond.

A town that never has anything to do in a public way is on the way to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that causes the town to flourish the coffin. The man who is so selfish as to have no time from his business to give affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws bouquets on the grave. The man who is stingy as to be howling hard times and the funeral, since the doctrine, And that the town has buried from all sorrow and care. Exchange.

WHAT WILL YOU DO?

Are YOU a farmer of Boone County?
Are YOU a believer in the four fundamental requirements of a GOOD farmer?
1. To make a comfortable living from your farm.
2. To raise a family carefully and well.
3. To leave your farm more productive than you found it.
4. To be of service to the community in which you live.

Are YOU satisfied with present conditions in your county?
Are YOU interested in making BOONE a better county?
Are YOU willing to help make it a better county?

Are YOU familiar with the movements which have been adopted by A THOUSAND counties of the Northwestern States and is helping to answer the above questions?
Are YOU one of the progressive farmers who will get behind a progressive movement in YOUR county?

Are YOU familiar with the operation of the Farm Bureau and what it is for you?
Are YOU in favor of:
A county business and reading room for farmers?
A meeting place for buyer and seller?
A free stenographic service for farmers?

A strong cooperative farmers organization, to compete with all other organized business?
A fair profit over cost of production?
Agricultural development of our county?
Are you one of the farmers of Boone county who will be present at the meeting Friday, December 19th, 1919, at 10 a. m. to decide whether Boone county shall have a Farm Bureau, or shall not?

Are you willing to let this opportunity pass? Are you willing to everlastingly bear whatever burden the organized world may impose upon you? It rests with you. You are the deciding factor. The meeting will be held at Burlington, Friday, December 19th, at 10 a. m. The rest is in your hands.

BOONE COUNTY BOARD OF AGRICULTURE.

State News.

Lexington—Six hundred and eighty barrels of whiskey were shipped to Chicago from the Popper Distillery, leaving a stock of 500 barrels and 32,000 cases awaiting distribution.

Lexington—More than four and one-half million pounds of tobacco sold on local markets last week averaged \$66.55 per hundred.

Frankfort—Rummaging in the attic, Governor Morrow found porcelains of Washington, Jackson, Webster and Clay, and will have them restored to places on walls of the mansion.

Lancaster—Herbert Broadus, a negro boy, will receive \$2,000 for injuries from the city of Lancaster, by decision of the Court of Appeals, because there was no barrier at a street excavation.

Ashland—H. N. Fishers sixteen room brick residence, being moved to a new lot, was rolled across the C. & O. tracks in sixty-three minutes, delaying no trains.

Paintsville—A decrease in the number of cases of small pox caused the ban on church services and picture shows to be lifted.

Williamstown—The five-year-old son of Omer Bush lost his balance, tumbled into a vat in which hogs were being stalled and died within a few hours.

Cynthiana—Not one arrest was made by the police during November, which, authorities claim, is a record in Kentucky.

Georgetown—The faculty and students of Georgetown college subscribed to the Baptist Seventy-Five Million Fund.

Hickman—The Hessian fly has appeared in the wheat fields.

Harry Hartke, of Covington, is the Sixth District member of the Executive Committee of the Kentucky Farm Bureau Federation.

Mr. Hartke is identified with the leading farmers of his district, part of the State and is well prepared to take care of the farmer wherever he shall appear in his behalf.

Card of Thanks.—I take this method of thanking each and every one who was so kind to me and came to my assistance in the hour of my sore trial, the death of my beloved wife. Their many kind words and comforting and forgotten and have in a moment lightened the burden so suddenly cast upon me, at the same time I recognize that the call of Him who doeth all things for me has been answered by my loved one.

R. C. McNEELY.

If the American people would for sixty days use other sweet instead of sugar or do entirely without sugar the price would fall from 25 cents per pound to at least 15 cents.

There is no reason except the fact that the price of sugar is high. Many jobbers hold contracts for carloads of sugar at 12 cents per pound, this will soon be put upon the market and the demands curtailed the price will not be boosted.

In January the first the government will endeavor to control the price of sugar and to control a curtailment of the demand for sugar the price will be raising. Help fight the high cost of living by buying low high price goods and raise more home products.—Owen County Democrat.

DIRECT DEALING PAYS BEST.

When cream is ready to sell, the hard work has been done and you should not permit any outsider to make an extra profit off your efforts.

You can ship your cream DIRECT to the Tri-State and save from 3 to 5 cts. per lb. of butter-fat. It is just as easy to deliver the cream to a railroad station as to a buying station. The Tri-State pays the freight and guarantees your cream against loss in transit.

Mrs. Thos. Daulton, Peebles, O., writes on Nov. 25, 1919—"I have shipped cream to the Tri-State Butter Co. for three years and have been satisfied. I have sold cream to cream stations in order to return the empty can with me, as I live 9 miles from the railroad and always lost from \$1.50 to \$2.00 on can of cream."

We Pay the Freight and 75c
per pound for butter fat
week Dec. 15th to 21st, inclusive.

The Tri-State Butter Co

CASH CAPITAL \$250,000.00.

CINCINNATI, O.

If you need cans, write for Free Trial Cans.

35,000 cream producers find it most profitable to ship direct.

FLORENCE.

Kate Scott was calling on friends here Saturday. James Aheran, of Covington, spent Sunday with Hugh Cary and sister.

Marie Jettlers spent the week's end with Miss Bayha, of Miami University. Misses Anna and Alma Schwibald were guests of Miss Florence Walker, Sunday.

Mrs. A. M. Yealey and daughter, Miss Georgia, spent Saturday in the city, shopping.

Mrs. Nellie Carpenter, of Erlanger, spent Saturday night and Sunday here with friends. Robert Tanner, of Middletown, Ohio, was the guest of his mother, Wednesday of last week.

Grand Holiday Hop at Odd-Fellows hall Dec. 26th, given by H. C. Norman. Everybody welcome. Come and enjoy yourself.

Messrs. Russell House and Robert Tanner and Misses Wills, and Georgia Yealey attended the theater in the city last Tuesday night.

GUNPOWDER.

Hat Doty and R. E. Tanner sent a truck load of stock to market last week.

Lonnie Tanner is another advocate of good roads, having purchased a Ford, recently.

The tobacco crop is moving pretty lively and the prices received for the weed are satisfactory.

Don't "let George do it," but look after your own interests at the Farm Bureau meeting Friday at Burlington.

Mrs. E. K. Tanner spent last week in Covington, where she was called to assist in nursing her granddaughter, Miss Dink Tanner, who underwent a surgical operation the first of the week.

A good sized crowd was present at Mr. Figg's sale and good prices prevailed. Corn sold for \$1.50 per bushel; a good young horse was put up and there was a bid of \$10 on him which was rejected.

There will be a Christmas exercise at Hopeful on the evening of the 24th at 6 p. m. A very beautiful program is being arranged and an invitation is extended to everybody to come and enjoy the evening.

ARMY REMOUNT BOARD AT WORK

NEW ACTIVITY OF GOVERNMENT HAS ALREADY DISTRIBUTED FIFTY STALLIONS.

MEMBERS AGREE ON POLICY

Runners and Trotters Are Best Types, and Racing Should be Encouraged to the End that Production Shall be Continuous.

Army Remount.

The new Army Remount Board, which has undertaken the task of providing the forces of national defense with horses of the proper sort, has established headquarters in Washington and begun functioning. Already this board, which is made up of a mixed military and civilian personnel, has distributed through the country, in districts suited to the quick production of half-bred horses of robust types, the fifty odd thoroughbred stallions, most of them the gifts to the government of horsemen and persons interested in racing and thoroughbred production, that had previously been acquired by the war department through the remount board that was called into being during the progress of the great war.

The military members of the permanent remount board are Major General William G. Snow and Jesse McF. Carter, Colonels F. S. Armstrong, John S. Fair, Bruce Palmer and George H. Cameron, Lieutenant Colonel John F. Tautbe and Major Hayden Channing. Major Channing will not be classed as a military representative on the board long. When he leaves the service, which he entered for the term of the war, he will become one of New England's civilian representatives.

Well-Known Men on Board.

The civilian members of the remount board are Major August Belmont, chairman of the Jockey Club of New York, and one of the foremost thoroughbred producers of the United States; Dr. John H. Mohler, of Washington; Arthur R. Hancock, proprietor of the Ellerslie stud, of Virginia, and the Chalmers stud, of Kentucky, and another great thoroughbred producer, his Ellerslie and Chalmers stud, having fetched a total of more than \$150,000 at the recent Saratoga sales; F. Ambrose Clark, of New York; Algernon Dunsford, the assistant secretary of the Jockey Club; Major Robert E. Strawbridge, of Pennsylvania; Thomas Hitchcock, of New York, and Captain Philip M. Walker, of Virginia. Captain Walker, a retired officer of the regular service of the United States army, is a breeder of thoroughbreds in Clarke County, Virginia.

The military personnel of this board is not to be permanent. Instead of picking the men best fitted by knowledge and experience for the work of directing, in conjunction with the civilian membership, the production of horses for the three great combat branches of the military service—cavalry, artillery and infantry—and giving them permanent instruction, the war department has indicated that it must, for fear of violating a century-old tradition, shift the military members of the board from time to time so as to give other officers their opportunities. This sort of rotation is calculated to prove wasteful and ineffective, but war departments the world over are stuck for traditional routine and there is not help for it.

Two Types of Horses.

The situation, as regards the work of the United States Army Remount Board may be saved by permanent civilian membership. There can be no question of the sound sense and practical knowledge of breeds of horses and of their general and specific usefulness of the civilian members of the board. To the success of Major Belmont, whose Nursery stud has been represented on American tracks this season by Luculline, the country's greatest thoroughbred of mature years; by Man o' War, the outstanding champion among the two-year-olds, and by Mad Hatter; and of Mr. Hancock, reference has already been made. Major Hitchcock has won distinction these twenty-five years as a developer of cross-country performers. Mr. Clark, like Mr. Hitchcock, has been associated with stock-raising in the west, and he has in the course of the last two years rendered signal service and without compensation to the army as a civilian member of the war-time remount board. Major Strawbridge and Major Channing have spent the better part of a quarter of a century developing horses of the so-called hunter type, which are the sort that have rendered the most efficient service to the armies of France and England in the world struggle for liberty. Since the civilian membership is to be permanent it is inevitable that the influence of the civilian members will be powerful, if it is not controlling, in the shaping of the policy of the remount board.

Today the remount board, as regards both the military and civilian elements, is a unit on the proposition that the association between effective national defense and the two types of horses that have not succumbed to the overwhelming competition of the automobile and the motor truck, which Americans call thoroughbreds—the runner and the trotter—is of sovereign importance. The board is agreed to issue that not only must there be no cross between the two types through the

agency of legislation hostile to horse racing, state or national, with the continuous production of runners and trotters, but that the government must find a means, as was suggested by the bureau of animal industry as far back as 1911, of stimulating the production of running and trotting types.

Racing to be Encouraged.

If the running and trotting types were not the only light types available for the work of creating a special army horse, it would be necessary to give them the biggest roles in the scheme of military horse supply because they are tougher and more enduring than other types. The life of the thoroughbred runner, independently of casualties, in France between 1914 and 1918, was twenty-one days. The life of the half-bred was about seventeen days. The life of the trotter was about fifteen days. The ordinary cold-blooded horse lasted for more than four or five days. The trotter more nearly approaches the so-called running type considered in quality than any other light horse known in this or in any other country, because the basic stock of the trotting and pacing families was thoroughbred. The trotting and pacing families were founded about a century ago by the thoroughbred stallions Messenger and Mambrino, and their bottom has been sustained from time to time by fresh infusions of thoroughbred blood, mainly on the distaff side.

There are more thoroughbred runners and trotters available for this work of national defense, then there are horses of any other breed because the maintenance of racing and harness racing by individual owners, in spite of the difficulties of taxation and half-baked legislation in various parts of the country, has served to make the continued production of thoroughbred runners and trotters profitable to farmers and stockmen. The farm tractor and the automobile and the motor truck have practically put out of commission the other types which formerly were considered valuable in a military sense. The only horses farmers are breeding now are in considerable numbers are the heavy draught types, because it is for these types only that a profitable market can be found.

The uses of the Farm Bureau are many, but the members shall determine how much of the work will be business, how much educational and how much group influence shall be exerted on government agencies.

Light Weight and Durability are the best Guarantee of Quality

THE difference between a Maxwell and a larger car is largely a matter of weight.

Each carries the same average passenger weight, travels over the same roads, and at the same speeds.

Per pound of metal the cost to make each is about the same.

One lasts just about as long as the other.

The mission of the Maxwell is to carry the same load, over the same road, and at the same speeds at extremely low costs.

That is highly efficient transportation.

It is expensive to haul dead weight. Therefore, every superfluous pound has been eliminated.

Light but strong metals have been used.

These are the quality metals. They provide the "toughness," the wear, the ability to stand any strain

and shock; and yet they are light in weight.

This is the secret of the Maxwell. It explains why a Maxwell delivers a mileage—that is inexpensive—that is troubleless—that is almost endless.

The greatest efficiency-economy record ever made is held by a Maxwell.

It ran 22,020 miles continuously without one single stop of the engine, carried a full passenger load, averaged 22 miles to the gallon, at a speed of 25 miles an hour!

The story of the Maxwell and its great acceptance by the world is a story of its metals.

For in five years 300,000 have been built, and these have made many friends.

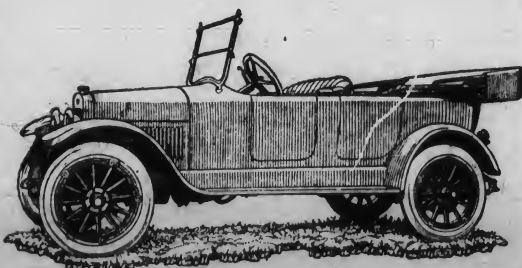

1920 production increases to 100,000 Maxwells. Which will supply 60% of the demand.

WALTON.

Jno. L. Jones of Landing, spent Monday here with friends and relatives.

L. R. Campbell of Kenton county, spent Monday here with his many friends.

James B. Wallace of Williams-town, spent the first of the week here on business.

Chas. E. Butler of Paris, Bourbon county, spent part of last week here on business.

Carl Neumeister spent last Saturday in Louisville in relation to some tobacco he has there.

Mr. and Mrs. R. F. Redinger left this week for Fla. to spend the balance of the winter.

Mr. and Mrs. John E. Williams and son John Lewis, of Covington, were visitors here and at their farm Monday.

Mrs. Elizabeth Dempsey of Beaver Lick, spent Saturday here with friends going to Ohio to visit her relatives and friends.

D. G. Laws has bought the Morrison cottage on High Street and will move to it as soon as he can be given possession.

Mr. and Mrs. George M. Moore moved here from near Crittenden last week to the residence property they bought from Benj. B. Allphin and wife.

Walton Masonic Lodge will hold its regular election of officers at the Masonic Hall Saturday, Dec. 27th, and the members are requested to be present.

Mr. and Mrs. Oswald Peterson of Cecil, Alabama, arrived here last week to spend the Christmas holidays with her father Chas. L. Griffith and other relatives.

G. H. Moore and wife leave this week for Lakeland, Fla., to spend part of the winter. Rubi Moore and wife expect to go there for a visit in a short time.

Richard M. Jones, one of our old and esteemed citizens who has been quite ill is much improved at the home of his daughter Mrs. Elisha Hudson.

Miss Mary Hance who is employed in a large merchandise store at Stone, Pike county, spent part of the holidays here with her parents Mr. and Mrs. A. R. Hance.

Mrs. Gertrude Gard of Newark, Ohio, who has been visiting at her old home at Warsaw, arrived here last week to visit her uncle D. B. Wallace and wife for several days.

Jesse S. Thornton spent part of last week at Elliott with home folks, his wife being ill with a severe cold. Mr. Thornton has his residence property there for \$1,450 and will move here in a short time.

Mr. and Mrs. Leslie P. Vallandigham who have been enjoying a delightful visit to relatives and friends at Vancouver, Washington, arrived here last Wednesday and were gladly welcomed by their many friends.

Mr. and Mrs. Samuel J. Mangum of Durham, North Carolina, arrived here last Saturday to spend several months with her parents Mr. and Mrs. W. Lee Gaines.

Mrs. Mangum's business in the tobacco market here will keep him busy for the season.

David Hance who is in the U. S. Navy and one of the crew of the battleship Arizona now at New York, is enjoying several days furlough here this week on a visit to his parents Mr. and Mrs. A. R. Hance before starting on his voyage to Turkey which will be in about a week.

The tobacco market has been a little slow the past week as it is quieting down until after the holidays. The market at the Walton Warehouse on Saturday was not very good on account of several of the heavy buyers being called off the market. The sales at the Farmers Warehouse on Wednesday were much better, having a better quality of tobacco in the offerings and the prices were very satisfactory for the fancy tobacco.

The Walton Warehouse will hold a sale on Saturday, Dec. 27th, and the Farmers Warehouse on Monday, Dec. 29th.

One more week of 1919.

Some six-inch creek ice has been harvested this week.

Eat and be merry this week without the drinking culture.

Mr. and Mrs. W. R. Davainsville and son, Dallas, were shopping in Cincinnati, Monday.

Judge Lassing is here fresh from St. Petersburg, Fla., to spend the Christmas holidays.

Mrs. O. N. Scott, of Bellevue neighborhood, is the guest of her cousin, Miss Emma Brown.

Mr. and Mrs. John Hogan and two children, Master Joseph and Miss Loretta, of Hebron neighborhood, were visitors to Burlington, Tuesday.

Turkey at 65 cents a pound is very dear eating, and it must be remembered that the trimmings costs no small sum in these days of h. c. of l.

W. N. Utz, of Limaburg neighborhood, was transacting business in Burlington last Tuesday. Mr. Utz sold recently 25 acres of the Prior B. Cloud farm including the brick residence for \$3,000. The purchaser is a man from outside of the county.

Lieutenant Raymond Edwards is spending the Christmas holidays with his sister, Mrs. G. W. Tolin. Lieutenant Edwards is one of the boys who was badly wounded in France and is being treated by the government for the wound from which he is recovering.

Whether you are a patron or not we wish you a Merry Christmas

Peoples Deposit Bank

Burlington, Kentucky.

FRANCESVILLE.

Mrs. Nellie Markland, who has been quite ill, does not improve much.

Miss Iva Baker, of near Butler, is the guest of Mr. and Mrs. B. W. Baker.

Mr. and Mrs. William Reitmman were Sunday guests at Fred Reitmman's near Hebron.

Mr. and Mrs. J. S. Eggleston called at T. B. Eggleston's, near Hebron, Sunday afternoon.

Master Eggleston and wife, of Addyston, visited at J. S. Eggleston's, one-day last week.

We wish the Recorder and its readers a Merry Christmas and a bright, happy and prosperous New Year.

A crowd of young folks had a very enjoyable time skating on Mike Goodridge's pond Sunday afternoon.

Mrs. Raymond Goodridge and little son are visiting her parents, Mr. and Mrs. Ed. McCreath, at Taylorsport.

Mrs. Sam Collier left Saturday for Ashland, this State, where she will spend the Christmas holidays with relatives and friends.

Mr. and Mrs. W. L. Brown had as guests, Sunday, Mr. and Mrs. Ray Botts and children, and Mrs. Ray Brown and grandson, Raymond Helm, of Gunpowder, and Mr. and Mrs. R. S. Wilson and little son Bernard, of near Hebron.

CENTENNIALS IN 1920.

The year 1920 will be the centennial of:

The discovery of guinea.

The death of Daniel Boone.

The invention of percussion caps.

The incorporation of Jersey City.

The invention of friction matches.

The admission of Maine to the union.

The invention of the daguerreotype.

The Spanish revolution under Riego.

The accession of George IV, of England.

The celebrated trial of Queen Caroline.

The passage of the Missouri compromise bill.

The election of James Monroe to the Presidency.

The first appearance in America of Edmund Keen.

The introduction of India rubber shoes in America.

The first manufacture of carpenter's steel squares.

The beginning of steam navigation on Lake Michigan.

The dedication of the first Protestant church in Detroit.

The organization of the General Synod of the Lutheran church.

The first appearance of anthracite coal as an article of commerce.

MRS. BONDURANT, Teacher.

Our Grand Army.

During the recent war, once awake to the necessity, we developed the grandest army in proportion to numbers that ever marched to epic victory. But we had to pay a high price in lives and money because of our negligence in the matter of earlier preparedness.

Where is that army today? Already there are signs and portents and rumors of war. Are we to repeat our costly experience?

Are we to be lulled by the beating wings of the bat of sloth until the nation is again in peril or is made a mock in the eyes of other governments?

All is well with the navy, but what of the army? Our millions of splendid fighting men have been absorbed or are being absorbed into the normal channels of activity. But Gen. Pershing, Secretary Baker and the Congress continue in disagreement as to what should constitute our regular army and the matter of universal training and service. Our aircraft service is a vanished dream, or is nightmare, as one chooses to view the matter. What constitutes, or shall constitute, the national defense?

The present Administration has asked for universal service. Secretary Baker favors universal service. General Pershing, one of the greatest soldiers in the world, recommends universal service. General Pershing asks for an army of 350,000 and universal service. The Secretary of War asks for an army of 500,000 and universal service. But the Republican majority in Congress guided doubtless by expert military knowledge, opposes universal military service and considers 300,000 men 18,000 officers enough to insure the national defense.

In the circumstances the fridescant generalities, the coruscating periods, the eloquent platitudes of Chairman Hays, delivered in New York recently, do not impress us as seriously as they might have done had the Republican Congress not failed in its duty in this regard. If there is harm in such a national device as a citizen army, there is greater harm in lack of preparation for national security. The safety of the people is of higher importance than the security of the political slave or public servants. Mr. Hays and his Congress do not synchronize.

When the RECORDER went to press Wednesday there was every indication of a very green Christmas.

Archib. Acra has bought of his nephew, Warren Acra, the fifteen acres of land he inherited from his grandfather, Reuben Acra.

House and garden furnished. Robt.
McGlosson & Sons, Burlington R. D.
3. Hebron phone. o dec27

Things are very quiet up about
the court house this week.

December has furnished some
pretty good winter weather.

Elbert Slack was the first
Burlington victim of the mumps.

Last Sunday was as delightful
a winter day as anyone should
wish to see.

Measles and mumps are making
a vigorous drive in the Hebron
neighborhood.

Tom and Jerry and Egg Nog
will not be among the Christmas
luxuries this year.

Most of the country people
will eat sausage instead of tur-
key for their Christmas dinner.

It is well enough for the
schools to have the Xmas holiday
vacation during the measles and
mumps campaign.

Owing to the very high price
at which turkeys are selling there
will not be the usual number of
turkey dinners today.

Here is wishing all the patrons
of the Recorder and the remain-
der of mankind a merry Christmas
and a happy New Year.

Capt. Ed. Maurer, of Pittsburg,
arrived last Saturday to visit his
father, Joseph Maurer, of Belle-
view, who is very ill.

Thomas Hensley came in Mon-
day to get a good start with the
new year in regard to his mem-
bership in the Recorder club.

There will be no climbing on
the water wagon at the beginning
of the new year, the entire coun-
try being on that vehicle now.

W. L. Kirkpatrick paid Edward
Bordora, of the Pleasant Valley
neighborhood, one day last week,
\$72.50 for ten Christmas turkeys.

Kirtley Cropper and Wm. Finn,
who are attending State College
at Lexington, came home Sunday
to spend the Christmas holidays.

Miss Maud Hume, of Covington,
was the guest of her par-
ents, Mr. and Mrs. B. B. Hume,
from Saturday until Monday morn-
ing.

Miss Alberta Kelly, teacher in
Petersburg school, is home to
spend the holiday vacation with
her parents, Mr. and Mrs. E. E.
Kelly.

Denzel Carpenter, of Locust
Grove neighborhood, student at
Georgetown College, came home
last Thursday to spend the Xmas
holidays.

Not much plowing was done in
this county last fall for 1920 crops,
owing to continuous rains about
the time the farmers do that
kind of work.

B. F. Bedinger and wife, of
Richwood, have gone to Jensen,
Florida, to spend the winter and
he ordered his Recorder changed
to that postoffice.

Mrs. Anna Gaines, of Bullitts-
ville neighborhood, sold Mortimer
Martin, agent for Homer Clutter-
buck, of Covington, 21 turkeys
that brought her \$85.

After January 1, 1920 the Post
and Times-Star will each be 55
cents a month or three cents a
single copy.

W. H. ROUSE, Agt.

Messrs. Frank Clerk and F.
F. Ratcliff, of Verona, were trans-
acting business in Burlington last
Monday, and while in town made
the Recorder a short call.

J. C. Gordon, Supt., of Schools,
left on the 24th inst. to visit
relatives and friends for the hol-
idays and will not be in his of-
fice until after the new year
dawns.

Having sold his farm and pur-
chased the Lawrenceburg ferry (a.
W. Zerill will have a sale of
livestock, etc., on the afternoon
of January 2nd, at his residence
near the ferry.

Mrs. Reuben J. Akin, who lives
a few miles west of Burlington
sold turkeys for Thanksgiving
and Christmas to W. L. Kirkpat-
rick to the amount of \$264.60 and
has left three turkeys that she
reserved for neighbors. Mrs. Akin
is about the most successful tur-
key producer in this part of the
county not having sold less than
\$200 worth annually for several
years.

Litigation on the Decrease.

Litigation in Kentucky is very
great on the decrease. If the
docket of the winter term of
the Court of Appeals is to be
taken as the index to the situa-
tion.

There are 201 appearance and
continued cases in this docket,
which is a large falling off as
compared to previous dockets of
this term. Of this number one
fourth have been appealed from
the Seventh Appellate District.

This large number from this dis-
trict results from two reasons.
The first is the size of the dis-
trict, and the second is that
there is a very large amount of
litigation now in Eastern Ken-
tucky on account of the increas-
ing values of the coal and oil
lands.

Tide Has Turned.

For some years many good peo-
ple south of the Canadian border
viewed with alarm the rising tide
of American emigrants seeking
new homes and fields in the Do-
minion. Canada's noble adver-
tising campaigns and her cheap
lands gave Uncle Sam no end of
uncomfortable hours.

But the tide has turned. More
people are coming this way than
going that. Official figures just
made public by the government
State Department from the United
States to Canada for the fiscal
year to have been 44,003, which
was 9,000 less than the year be-
fore. There were 30,223 American
citizens among these emigrants
as against 36,000 for the preceding
year.

During the same 12 months 86-
075 emigrants left Canada for the
United States. Of these 22,441
were Americans who were coming
back to their old home after a
visit of Canadian atmosphere and
a trial of Canadian opportunity.

Warnings for the Home.

Every year there are many chil-
dren burned to death and many
houses destroyed by fire from
Christmas candles.

DO NOT decorate your Christ-
mas tree with paper, cotton, or
any inflammable material. Use
metallic tinsel or other non-in-
flammable decorations only, and
fasten the Christmas tree secure-
ly, so that children in reaching
for things on the tree, cannot
tip it over.

DO NOT use cotton to represent
snow. If you must have snow,
use asbestos fibre or vermiculite.

DO NOT permit children to
light, or re-light candles while
the parents or older persons are
not present. They frequently set
fire to their clothing.

DO NOT leave matches lying
around within easy reach of the
children. Candles are meant to be
lighted, and if the children can
get matches, they will experiment
with them. Children imitate their
elders. Use only Safety Matches.
DO NOT allow Christmas tree to
remain in the building after the
holidays. The tree ignites readily
when the needles have become
dry. A large number of fires oc-
cure from Christmas trees being
lighted in the home after the
holidays. "Thank this over."

How are you going to arrange
and fix your Christmas tree in
your home? What are you go-
ing to do about the wax candle
and the match? What about the
boxes, excelsior, straw, paper, etc?
Unknown to you, the loss of a
child, or the loss of your home
may hinge and depend upon your
action and answer. Remember
that the use of all fireworks
such as Roman candles, firecrack-
ers, toy balloons and other py-
rotechnic display is prohibited.

Mrs. N. H. Clements and son,
Ivan, of Hathaway neighborhood,
spent several days last week at
Danville, visiting her son Edward,
who is going to school there,
this being his third winter in that
school. Mrs. Clements is well
pleased with the progress her
son is making.

Mr. C. T. Chambers, arrived
home last Monday from a visit
of a few weeks with friends and
relatives in Detroit, Michigan, and
he considers it the greatest visit
of his life, having enjoyed every
minute of the time while there.
He considers Detroit one of the
loveliest spots on God's footstool.

Congressman A. B. Rouse has
introduced the following bill for
the reduction of postage on first-
class mail matter:
Be it enacted by the Senate and
House of Representatives of the
United States of America in Con-
gress assembled, that upon all
first-class mail matter, clean and
all mail matter of the first
class on local rural routes, postage
shall be charged, on and after the
1st day of July, 1920, at the rate
of one cent per ounce or fraction
thereof.

The commercial apple crop for
the United States is now estimat-
ed at 23,174,000 barrels by the
Bureau of Crop Estimates, thru
its Fruit Crop Specialists. This es-
timate is based on a survey of the
season and indicates that the crop
has overrun even the most liberal
estimates, particularly in the far
West. There has been an increase
of 1,735,000 barrels over the No-
vember 1st estimate, and this in-
crease has occurred principally in
the box apple district, although
there has been a very consider-
able increase thruout some of the
barreled apple sections, particu-
larly Michigan and Arkansas.
Arkansas, Washington, Oregon,
Idaho and California have the
largest crop in their history. The
commercial crop of the United
States, as now estimated, exceeds
last year's crop by 1,311,000 bar-
rels.

able and payable in the Peoples Deposit Bank, Burling-
ton, Ky., before removing property.

A. D. Hunter.

E. C. Riley, Auctioneer. Sale to begin at 12 o'clock. Hubert Conner, Clerk.

Out in the State.

Franktown—W. O. Stiles is organizing a \$100,000 company to build and operate a tobacco warehouse on a lot that has been purchased.

Frankfort—Louis Smith negro, who was sold to Governor William Goebel and founder of the Good Samaritan Rescue Home, died at his home here.

Greenup—Eleven hundred and sixty barrels of sorghum have been shipped from this point this season, farmers receiving 80 to 85 cents per gallon.

Georgetown—All members of the wedding party of 1889 except the preacher, now dead, were guests at the golden wedding celebration of Mr. and Mrs. Roy Ware.

Owenton—Elizabeth Hughes, who had just recovered use of his leg, broken by a horse, stumbled and fell beneath a wagon bringing tobacco to town and his thigh was crushed.

Richmond—Shortage of labor caused farmers to concentrate all activities on the tobacco crop for the market, with the result that corn left in the shock has rotted, causing a vast loss.

Chattanooga—S. C. Jones, who went to Huntington after his wedding here, was arrested because of the presence of whisky in his grip, but won free when the contents of the bottle measured out drank less than a quart.

Shepherdsville—Officers of the Bank of Shepherdsville reported that after the combination on the vault door had been paid off with a pick the institution's safety deposit vault had been looted during the night of \$6,000 in postage, several hundred dollars in war savings stamps and \$1,000 in Liberty bonds.

Lexington, Ky., Dec. 18. — Five cars have been ordered for the transportation by express of whisky belonging to the James E. Pepper Distillery Co., which is owned by Joseph Wolf, of Chicago, from Lexington to New York to be exported to Germany. The shipment will be made under armed guards.

State News.

Roy Kyd, Boone county, sold an 11-acre crop of tobacco at 70 cents per pound and a 9-acre crop at 80 cents.

Throughout the tobacco sections of Kentucky, farmers have been rushing the work of stripping tobacco the general rains brought into case and they are anxious to get their crops out of the early markets. Farmers have been refusing to sell their crops to speculators and comparatively few crops have been sold in this state. There is much excellent tobacco in the state. It now seems that practically every county is reporting that there is a quantity of good tobacco hanging in the barns, although it is thought that as a whole, the crops will not average as high in quality as they did last year, although there may be more bright tobacco. Many crops were hauled to markets during the last two weeks of November, while many growers prefer to hold off until they are more certain of what to expect for their crops this year.

The opening of the loose leaf tobacco market at Hopkinsville, Tuesday week, attracted the biggest crowd ever known there. The rush was so great that it interfered considerably with sales, and although two auctioneers were used, the buyers who were present in large numbers, representing every branch of the trade, were able to reach but half of the houses. Not less than 60,000 lbs. had been distributed among the eight floors and on the four floors visited the sales aggregated 250,000 pounds. Prices ranged from \$10.50 for trash to \$36.50 for leaf. The offering were low to medium grades, with the former largely predominating. The average prices are from 35 to 55 higher than last year and the top price was as high as paid for fine tobacco at any time in the season. The leaf was generally in good condition, and reports from the growers indicate that the crop is the largest and best ever grown in that section. Buyers were never more numerous and bidding was lively. The farmers expressed themselves as well pleased with prices, although there was a wide expression that the market was likely to show an upward trend.

Chinese Women in the Lead.

One-fourth of the women in the world are Chinese—200,000,000 of them. They are going into industry in large numbers to work long hours and for little money. In Shanghai, for instance, 70 per cent. of the employees in the cotton mills are women and children. Working hours for women are from six in the morning until six at night and from six at night until six in the morning. Weavers work from 5:30 in the morning until seven at night and the wages are from ten to twenty cents a day. Hundreds of women are employed in the furniture mills, standing hour after hour washing cocoons in basins of boiling water in the excessively hot rooms necessary for the process where the silk is spun. In Canton alone, there are 150,000 women in factories at a minimum wage of forty cents a day for women and of fifteen cents a day for girls.

G. T. Gaines, who resides out on the Petersburg Pike, desires to the leadership of the turkey raisers for miles around, and last Monday he delivered to Gulley & Pettit an order for a turkey weighing 21 lb. It weighed 35 pounds and brought 31 cents a pound.

DAIRY

CLOVER FOR EARLY PASTURE

Highly Valued by Dairymen as Substitute for Silage and for Green Feed in Spring.

(Prepared by the United States Department of Agriculture.)

Excepting rye, crimson clover is the earliest pasture available in the spring in the Middle Atlantic states from New Jersey to North Carolina. Crimson clover is grown mostly for soil improving and for hay.

Crimson clover pasture is especially valuable for hogs and sheep, which relish this clover quite as much as they do red clover and alfalfa. It is highly valued by dairymen as a substitute for silage and as a means of obtaining green feed very early in the season. Many dairymen pasture their cows on crimson clover in order to save their silage for dry spells during the summer. An average acre of crimson clover furnishes day pasture for two or three cows and reduces the amount of silage that must be fed by about one-half.

Hogs, sheep and light cattle can be run on upland pastures throughout the winter and early spring except when snow is on the ground. Heavy cattle must not be turned on the fields when the ground is soft, although crimson clover is not injured by trampling.

Crimson Clover, Showing Most Advanced Stage of Ripening Which is Allowable to Use for Hay.

pling as much as permanent blue grass and. Crimson clover is not likely to cause bloating as other clovers, but cattle, and especially young cattle, should not be allowed to graze when the clover is covered with frost.

DEFECTS IN BUTTER MAKING

Cooling Too Quickly or Working at Too Low Temperature Makes Butter Brittle.

Butter that possesses a perfect texture has a flinty appearance. If the grain is destroyed it is usually the result of overworking or of too high temperatures. Such butter has a weak, greasy body. Cooling too quickly or working at too low temperatures, makes butter brittle and crumbly. If milky brine is present, it shows the lack of thorough washing. Lanky butter results from lack of thorough incorporation of wash water through washing in a fine granular form with cold water, then working insufficiently. A dry body is due to excessive churning or high churning temperature.

PROVIDE CALF WITH SALT

Supply of Clean, Fresh Water, Always Available Is Another Simple Requirement.

By the time the dairy calf is old enough to eat roughage it should have either access to or small daily offerings of salt. Plenty of clean, fresh water, constantly available, is another simple and inexpensive requisite of good calf care that is too often neglected. Because a calf needs milk to drink is no reason why it does not require water. After the calf is two weeks old it needs water in small amounts at a time, though often.

NEW MILK FOR YOUNG CALVES

They Should Have It for First Two Weeks and Gradually Be Weaned to Skim Milk.

Young calves ought to have new milk for the first two weeks of their lives, then they can gradually be weaned from new milk to skim milk, and at three or four weeks of age you can take the skim milk away from them by substituting a combination of grain and hay, or any other dry forage that they will consume. Then gradually teach them to eat whole grain, like oats and corn, and give them the extra pounds their porridge.

Farms for Sale

126 acres on pike 11 miles of County High School and town. Good land, well watered and fenced, all in grass but the part under cultivation this year. Good two story 9 room house, barn and all out buildings, tenant house. Farm in splendid condition and buildings in excellent repair. A good farm. Price \$18,000.

132 acres on good road, most all in grass. Two porches, well watered. Plenty tobacco land and lays good. Six room house, 2 barns, tenant house, silo and other out buildings. Price \$15,500.

63 acres on good road, well fenced and watered. Orchard, all in grass. 5 room house, barn, crib, silo, etc. All in good condition and well watered. Price \$15,750.

200 acres on pike, 1 mile of school, church, store, etc. Plenty tobacco land, good fence and well watered. Good two story 7 room house. Two porches, basement, large barn, silo and other out buildings. \$125.00 per acre.

111 acres, 12 acres bottom land, well watered, some timber, 6 room house, barn, cellar and other out buildings. Price \$6,000.

91 acres, most in blue grass, rolling limestone land, close to school, 3 room house, barn, crib and other out buildings. Price \$12,500.

84 acres all in blue grass and alfalfa but 10 acres, 16 acres fine bottom land, 5 room house, chicken house, cellar, barn, etc. Price \$25,000.

Marysville—When a passenger had lost \$72 in a poker game, alleged to have been in progress on the conductor, and the conductor stepped into the drawing room just when another man had \$92. The alleged players were put under arrest, and at the local station turned over to Detective Thos. Stewart and Officer Fred Wells. The men were taken all the way to the police judge John Whitaker for trial on gambling charges.

The railways of the United States are more than specified, nearly one-half of all the railways of the world. They carry a yearly traffic on much greater than that of any other country that there is really no basis for comparison. Indeed, the traffic of any two nations may be compared, and still it does not approach the commerce of America borne upon American railways.

—United States Bureau of Commerce.

Ask Any Doubtful Boy Who Was "Over There"

and he will tell you that American railroads are the best in the world.

He saw the foreign roads—in England and France, the best in Europe—and in other Continental countries—and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world—we must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings—and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen—in competition with other industries bidding for capital, managers and men—the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—look up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their duty. They are only half able to accumulate and be converted into urine and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL HAZELTON Oils Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL HAZELTON Oils Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prince of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time. I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles. After about the second bottle I felt greatly improved. Before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

"You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written telling of the good Cardui has done them. It should help you, too. Try it."

BAR TO SELF-GOVERNMENT

In India Idol Worship of Brahmanical Hierarchy Would Revive, Writer Asserts.

The danger, when it comes to self-government for India, and every Anglo-Indian recognizes it, is that we may put back into power the Brahmanical hierarchy which, by all the wiles of priestcraft, by organizing absolute worship and blood sacrifices, by astrology and "miracles," has held the lowlier races of India enslaved, body and soul, these three thousand years.

Even the English-speaking masters of art in Calcutta university, after their graduation, flock to temples reeking with the blood of bulls and goats, and chant Vedic mantras before hideous idols. Exactly so far does their study of Mill and Huxley emancipate them. And this, in flat defiance of the fact that all the best of their sacred books sternly condemn this evil ambition and its instruments, black superstition and idolatry, the things against which the Buddha made his heroic protest. But long centuries ago, the dark Brahmanical reaction drove the Buddha's followers out of India.

Nevertheless the British trustees for the welfare of India continue to do all things in their power to advance the natives of that many-colored empires of peoples along the path of real liberty.—Charles Johnston, in the North American Review.

HE ROSE TO THE OCCASION

Teacher Insisted That Norman Should Write Poetry, and Result Was Remarkable Effusion.

The sophomore class at N— high school had a genius for a teacher. She could write poetry and every Friday required her pupils to do the same. Norman could play baseball, but poetry was outside his ken. Still the teacher insisted that he do it, and finally issued as her ultimatum that he either write it or she would mark him failure on his monthly report. A failure mark meant that the team would lose one of its best players, so Norman tried to write a poem. His attempt was so wretched that his teacher tried to suppress it.

"You are a genius," she told him. "Now see if you can't write a poem about yourself and your wonderful abilities."

Later she found Norman's effort in his memorandum book, but she had kept the finding a secret. For he had written:

Lives of school teachers all remind us
That they're better get a man,
And departing leave behind them
Fewer nuisances if they can.

Devoted Nurse's Death.

The story of a nurse's devotion in France was told by Maj. Gen. Cuthbert Wallace at a meeting convened by the London national council of women to consider shorter hours for hospital staffs.

"There was," said the general, "a certain hospital in France where the German bombers were coming over night after night. Some people get restless when they know that bombs may be dropped on them. The wounded man—although he was practically indifferent to shell fire—in a hospital very often gets seized with this horrible fear, this inability to keep still. There was a certain nurse who was looking after a ward in which there was a man who was bedridden and could not get out of the ward. She had gone off duty one evening when these bombers came over. She knew of this man and went back to her ward. She was not on duty, but she sat at this man's head and sang to him. A bomb fell. That woman was killed, but the man was left. The name of this heroic nurse was not revealed."

Not Particular.

Two local fire ladders recently went on a luring trip.

Hearing a shot, one yelled to the other:

"Get something?"

"You betcha," the other replied.

"What is it?"

"Phewant!"

The other, approaching, laughed derisively.

"Huh!" he said, "that isn't a pheasant; it's a screech-owl!"

"Oh, well," said the first hunter, "what's the difference? When I eat a bird I eat its meat. I ain't particular what kind of a voice it's got."—London Tit-Bits.

May Be Big Gold Field.

That free gold of untold quantities would be found in the gravel of the channel where once flowed the Rogue river has been the belief of Oregon miners for more than half a century. And so it happened that the owner of the old Waldo mine near Grant's Pass the other day made the greatest strike ever made in this section when he turned gravel for the first time. His holdings consist of 4,200 acres and it is believed that almost every foot of them lie over the old river bed and that nearly all of it is rich in pay dirt.

Danced to Death.

It was a Polish wedding and there were quite a number of guests. One of them danced with the bride was to pay \$1. They had been dancing and celebrating all evening and it was early the next morning when the bride had danced about forty-five times, therefore making about \$45. She was determined she would make \$50 before she quit and had almost succeeded when she fell to the floor dead.

FARM STOCK

FEED CROPS TO LIVE STOCK

Investigations Show Profit From Feeding Steers on Surplus Corn and Roughage.

(Prepared by the United States Department of Agriculture.)

That the southern farmer who raises a surplus of corn and farm roughage can market them at a handsome price through steers of good quality, when properly purchased, and can retain fertilizing elements of the feeds on his farm, is clearly shown in recent investigations by the United States department of agriculture.

Three lots of native steers, grade animals two to three years old, of medium good quality, and averaging about 825 pounds at the beginning of the experiment, were fed for about five months on full feed. The animals in lot 1 received a daily allowance of 33.1 pounds of corn silage, 3.7 pounds of cottonseed meal, 4.9 pounds of oat straw; those of lot 2, 37.4 pounds of corn silage, 7.0 pounds of ear corn, 3 pounds of cottonseed meal, and 2.9 pounds of oat straw; and the steers of lot 3, 38.5 pounds of corn silage, 6 pounds shelled corn, 3 pounds cottonseed meal, and 3.5 pounds of oat straw.

At marketing time these groups of animals averaged, respectively, 1,044, 1,059, and 1,066 pounds an animal, the steers of lot 1 having accomplished a daily gain of 1.56 pounds, those of lot 2, 1.66 pounds, and the animals of group 3, 1.7 pounds during the feeding period.

When the pork made is credited to the steers of lots 2 and 3, they paid for corn at 70 cents a bushel, and then made over \$14 a head profit, or almost as much income as resulted from the cottonseed meal-fed steers. Without hogs following the steers the feeding of corn would have been considerably less profitable than feeding cottonseed meal alone. It cost \$9.53 to make 100 pounds of gain in the case of lot 1, \$10.82 for lot 2, and \$10.75 for lot 3, where no pork credit is given the steers. Each steer in lots 1, 2 and 3 made a net profit of \$15.19, \$11.57, and \$11.48, respectively, when no credit is given the steers of lots 2 and 3 for the pork produced. This pork credit probably amounted to about \$3 a steer.

It is particularly noteworthy that the shrinkage in transit to market of these cattle during a 34-hour run

A Bunch of Southern Cattle.

ranged from 54 to 64 pounds a head, which indicates that, since, where properly fed in conjunction with supplementary grains, results in less shrinkage in transit than where cattle are fattened on grass and marketed directly from pastures. The steers under consideration in this experiment made good killing records, the carcasses being well covered with fat and generally satisfactory. The animals of lot 1 made a dressing record of 58.2 per cent, those of lot 2, 57.3 per cent, and those of lot 3, 57.4 per cent of marketable meat.

PROVIDE SWINE WITH SHADE

Many Hogs Die During Summer Months If Not Given Protection of Some Kind.

Many hogs die from the effects of heat during the summer months. If there is no natural shade in the pasture, places should be provided where the hogs may get relief from the heat. A cheap and practical plan is to build sheds with roofs of poles and straw, supported by posts. This will allow the free circulation of air, and if the water supply is near, will enable the hogs to pass the hot weather safely.

LIVE STOCK NOTES

Orphan lambs can be raised on cow's milk.

When a few sheep are cared for properly one may expect a flock in a short time.

When legume hay is used as a horse feed, the quality should be good and the quantity fed limited.

There should be a pasture for the colts, so that it will not be necessary for them to follow the team into the field.

BOONE CO. RECORDER

PUBLISHED EVERY THURSDAY
W. L. RIDDELL, Publisher.

Entered at the Post Office in Burlington, Ky., as Second-class Mail.

Last Sunday was the shortest day of the year.

The boys have been having fine sport skating on the creeks and ponds.

Prof. J. A. Caywood and wife are spending their holiday period with relatives in Mason county.

R. S. Cowen and wife left Wednesday morning for St. Petersburg, Florida, where they will spend the remainder of the winter.

The hunters have reduced the crop of rabbits considerably but they are being brought into the local dealers in considerable numbers.

The directors of the Farmers' Mutual Fire Insurance Co. were in session last Tuesday closing up the company's business for the year 1919.

Conrad Knoll, 75, many years ago a citizen of Bellevue neighborhood, died last Sunday at his home on the Buttermilk pike in Kenton county.

Peter Hager, of East Bend, was a caller at this office last Monday afternoon on his return trip from the city where he had gone on the market that day.

In another column appears the obituary of Rev. J. L. Sproles, who, many years ago, was pastor of Burlington Baptist church, and was well acquainted in this county.

The rural mail carriers have had a big run of business for several days. Judging from the packages they have been handling some people have been shopping early.

The local school was dismissed last Friday until the fifth day of January, by which time it is hoped the measles and mumps will have disappeared from the neighborhood.

Mrs. M. L. Riddell, who was appointed to take the census in this precinct has resigned and Garnett Huey has been appointed in her stead. Mr. Huey took the census in this precinct in 1910.

Kirk Clure, of the Beech Grove neighborhood, made the Recorder a brief call last Monday. Mr. Clure is recovering slowly from the injuries he received several weeks ago when he fell off of a barn he was painting.

Frank Hammon and James Beckmon, of Limaburg neighborhood, were callers at this office last Monday. The latter has recently bought a farm 32 miles back of Cincinnati and to which he will move the first of February.

County Clerk Rogers has issued 150 licenses for the year 1920. He has a large supply of tags on hand which he would like to get rid of as soon as possible. Call at his office and secure the jewelry for your canine.

Jas. T. Gaines, of Idlewild, was a caller at this office last Monday. Mr. Gaines expects to go to St. Petersburg, Fla., to spend the winter so soon as he gets through stripping and selling his tobacco, putting up ice, planting his corn and garden.

While barely a skin of snow fell here last Thursday night four miles north of Burlington the beautiful fell to the depth of three inches, while immediately across the river it reached a depth of nearly four inches. No one here is incensed at the slight.

Badly Injured.

Monday afternoon a young horse which John W. Duncan was driving to his brook-cart, became frightened and ran off, the cart striking a telephone pole which was snapped off. Mr. Duncan was pretty badly injured, two of his ribs being broken, while he has a scalp wound two inches long cut to the bone, and there are numerous cuts and bruises on his body. It will take him several days to recover from his injuries.

REV. J. L. SPROLES DEAD

Friends and Neighbors Pay Last Tribute to Memory of Deceased Pastor.

Los Gatos, Oct. 29.—The funeral service for the Rev. John L. Sproles, which was held at 2 p. m., Monday at the Topping funeral parlors, was marked by a large outpouring of friends, neighbors and parishioners, showing the love and esteem in which he was held. The Rev. E. A. Witmer, pastor of the First Baptist church, officiated, assisted by the Rev. Mr. Robertson and the Rev. John Hemphill. The quartet, the Rev. Mr. Witmer, Mrs. Witmer, Mrs. Nettie Pew and Mr. Suggs, sang the hymns which the one whom they met to honor loved the best, "Jesus Lover of My Soul," "Nearer My God to Thee," "The Shining Shore," and at the grave they sang very softly, "One by One." The pall bearers, all near neighbors and personal friends, were: H. S. Beckwith, E. E. Wagner, Dr. R. B. Newbre, C. S. Engle, J. W. Crider and W. A. Platt.

The community was saddened to hear of the Rev. Mr. Sproles' death on Saturday evening. The call came very suddenly. He had passed the day working in his garden at the family home on Palm avenue. He entered the house to prepare for dinner when he fell to the floor and all efforts to arouse him were useless.

He has been the beloved pastor of the Emmanuel Baptist church of San Jose for the past 15 years and during that time has made his home in Los Gatos, where he had endeavored himself to those with whom he came in contact.

He leaves to mourn his sudden passing his widow, Mrs. Laura Sproles and son, Harris Brownlee Sproles, internment was in the Los Gatos cemetery.

John Lee Sproles was born Feb. 8th, 1883, at Durant, Miss. His marriage to Miss Laura Winston Harris was solemnized on Oct. 20, 1897, at Covington, Tenn. To this union one son was born, Harris Brownlee Sproles. In his autobiography the Rev. Mr. Sproles says he counts his conversion in his 11th year as one of the happiest experiences of his life. He was licensed to preach by the First Baptist church of Ripley, Tenn., in 1896, and was ordained in 1898. He, at once commenced his education in the Southwest Baptist University at Jackson, Tenn., while there he was a member of the Apollonion Literary society along with Ben Lindsey and others.

His first pastorate was at Millington, Tenn. He was pastor of some of the most influential churches of Tennessee from that time until he came to Georgia and settled in Los Gatos in 1903, where he accepted the pastorate of the First Baptist church, and preaching at Emmanuel Baptist church in the afternoons. He resigned as pastor of the Los Gatos church in 1907, and since then had spent his whole time at the Emmanuel Baptist church in San Jose.

Charged With Grand Larceny.

Lexington, December 19.—Charged with grand larceny, consisting of the alleged theft from the Kentucky Houses of Reform, of "one brass bed, five small rugs, one cooking range and one picture," Earnest J. Howell, of Owensboro, former Superintendent of the institutions, was indicted today by the Fayette Grand jury and admitted to bond. Howell says his defense is "thorough and complete."

Howell furnished the Republican campaign managers with the information upon which was based the charges made in the recent campaign growing out of the purchase of denim from the alleged firm of "Armstrong & Co."

The report further says "the grand jury desires to condemn strongly the action of E. J. Howell, the former Superintendent of the Houses of Reform, in regard to his actions in the matter."

It required 18 months to complete the enumeration work for the first decennial census in 1790. In 1920 the Census Bureau plans to complete the enumeration work for the entire country in from two to four weeks and announce the population figures in less than a month from the start. The enumeration work is completed.

BIG BONE CHURCH News

Our Missionary and Aid Society has for years been a leading feature in our church life and service. The custom is to hold an all-day meeting once a month in the homes. Each member prepares a dish for the menu and, thus, a dinner is served. It is always abundant and appetizing. The last meeting was held at the home of Mrs. R. L. Huey. The attendance was good and an interesting and instructive program on several phases of mission work in China were rendered. Credit is made on "Campaign" pledges.
Steps were taken looking to the observance of, at least, one day of the Week of Prayer in January. This is known as the Little Moore Memorial as it has been regularly observed for thirty-four years.
A special offering is made for Missions in China. The first year the offering was over \$5,000. Last year it was over \$4,000. The offering in January 1920, it is hoped, will reach \$50,000.
Pastor O. C. Peyton is earnestly and lovingly striving to impress the members of Big Bone church with the fact so clearly taught, that the supreme task of the church of Christ is to give the gospel to this lost world, and that in the doing of this task, all else should be secondary. If a

church fails here, it fails everywhere and the divine Lord will, assuredly, remove its candlestick from its place. Louder than ever before are the calls for help from all over this sinful, suffering world.

PETERSBURG.

Born to Forest Brady and wife, Dec. 13th, a girl.
Earl Walton occupies the house purchased from H. E. Fisher.
The writer extends the seasons greetings to all the readers of the Recorder.
Miss Alberta Kelly is spending the Christmas holidays with her parents in Burlington.
Samuel Ellington and wife are the week-end guests of Mrs. Ellington's mother, Mrs. Sturgeon.
Messrs. Thompson and Wingate sold the Aurora ferry to James Trester, of Aurora, consideration not known.
The Petersburg school having closed for the holiday season Miss Lee Etta Myers has gone to spend the holidays at her home in Verona.
Helma & Scott, Real Estate men, sold two farms Dec. 18th. Robt. Huey bought the Jaa. Bruce farm, which he recently purchased of Ira Ryle for \$4,500, and the J.W. Early farm and homestead near Petersburg to James Bruce for \$2,000.

RABBIT HASH.

Miss Martha Pavy, of Rising Sun spent Thursday with Miss Ada Aera.
George Walton is home from Georgetown to spend the holidays.
Mrs. Martha Conner left Thursday for Georgetown to spend the holidays with relatives near there.
Shelby Aera, of Middle creek, spent Saturday night and Sunday with his uncle, Harry Aera and family.
Miss Katie Hodges and pupils will give an entertainment at Maple Hill school house on Tuesday evening.
Thomas Carlyle and Telfor McCoskey, wife and son, of Scottsburg, Indiana, are visiting Dr. Carlyle and family.
Mrs. Louise Bodie returned to her home Friday from Dillsboro, Ind., where she spent two weeks with her sister, Mrs. Gehr, who is dangerously sick.
Card of Thanks--We desire to thank our neighbors and friends for their kindness to us during the illness and death of our son, Edward, also the singers of Hebron Lutheran church and Rev. Baker, for his counseling words. Mr. Bullock also for his kind attention.
Geo. Heist and Family.

LACK OF CAVALRY COST MANY LIVES

ADEQUATE SUPPLY OF HORSES
WOULD HAVE GROUND HUNS
INTO DUST.

ENEMY ALLOWED TO ESCAPE

Work of Remount Board Must Receive
Thoughtful Encouragement of All
Americans if We Are to Occupy
Place of World Leadership.

No phase of the vital subject of national defense is of higher significance than the proposition of military horse supply. The military side of American life means more now that the United States has, perforce, assumed a dominant role in world politics, than it has in the past. It is agreed by far-sighted statesmen that economic and political eventualities will in a decade or so force the United States into a position of military leadership in the world whether that sort of leadership may seem desirable to the great majority of the people or not.

It is hardly necessary to say that the great war proved that, more than ever is the horse, and the right sort of horse, indispensable to the successful prosecution of military operations. It is only repetition to say that the strategy of the American expeditionary force in France last year and the year before was repeatedly and seriously embarrassed by the woeful insufficiency of its horse equipment and of the discouraging inefficiency of the horses that were sent overseas by the hardworked remount division of the army on this side, albeit these animals were the very best the country had to send. They were the comings of the entire country.

Supply of Allies Depleted.

The embarrassment of the armistice of the powers associated with the United States in the struggle against German world domination was not so great as was that expected by the forces of Pershing, but it was serious nevertheless. The horse supply of Great Britain and France, although reinforced by tremendous importations from the United States, South America, South Africa, Canada and Australia, had been terribly depleted by the casualties of three years of fighting by the time our armies became formidable. No replacements were available.

Thousands of fine young lives were sacrificed in the titanic struggle that raged from the English channel to the frontier of Switzerland from the beginning of 1915 to the middle of November because the underhorsing of allied artillery limited the protection that artillery should have rendered to the attacking infantry. Ludendorff repeatedly refers in his story of the German defeat to merciful pauses (merciful to the hard pressed German army) in the French, British and American attack that enabled his commanders to extricate hard fighting divisions from perilous positions that were necessitated by the inability of the attacking artillery and transport services to keep pace with the advancing infantry.

Unnecessary hardship had to be endured by the combat troops of the advancing forces of civilization because poor horsing in the transport services rendered impossible the bringing up of supplies in sufficient military fashion.

The fruits of victory were lost time and again because of the impossibility of promptly exploiting the achievements of infantry by the employment of large bodies of cavalry. The lack of cavalry at St. Mihiel, at Chateau Thierry, in the Argonne and at Sedan made American officers steeped in the traditions of Forrest and Stuart, of Pleasanton and Sheridan fairly cry. There were some so called cavalry regiments in the A. E. F., but they were not cavalry. At no time was a single American cavalry regiment mounted.

Victory Would Have Been Great.

Even the cavalry of the British and French armies, which had been fairly well horsed at the beginning of the war and more carefully conserved than had been the cavalry of the other members of the anti-German alliance, was found wholly insufficient to push home victory and convert mere defeats of the German armies into routs in comparison with which the French disasters of Sedan and Metz in 1870 would have been considered by the military leaders of the future as orderly military operations.

The entire Allies and the United States had about three and a half million soldiers in the field on the western front in October, 1918, when they began to press the previously successful German back toward the Rhine in deadly earnest. If 300,000 to 500,000 of these fighting men had been cavalry mounted on half bred horses, the best military opinion in this country and in France and Great Britain holds, the German defeat would have been the most complete and most humiliating defeat in military history. There would have been no fairly orderly withdrawal of the soldiers of the German Crown Prince, of Rupprecht, the Duke of Von Altwalt, of Von Arnim and of Von Boshu across the Rhine to be received at home as unwelcome heroes. The bulk of the German forces that began their march thrust for Paris and victory in pride and insolence under the eye of the violet picking Hohenzollern parasite would

have remained on the west bank of the Rhine prisoners of war to begin, when the peace conference directed the restoration of those portions of Belgium and France which they had so barbarously devastated.

Army Allowed to Escape.

There would have been no dickering for terms, no impudent notes, no outrageous counter proposals to the moderate terms of the plenipotentiaries of outraged civilization. There would have been no malicious flooding of mines in the French coal country. There would have been no sabotage in French and Belgian industrial districts. There would have been no pirating of industrial machinery or wanton destruction of machinery that could not be hurried into Germany to give Kultur a commercial start on the countries Kultur outraged. The disintegrating German military machine would have had no time in which to put over the carefully planned scheme of giving Kultur industrial victory in spite of Kultur military defeat by converting lands already cruelly ravaged by German soldiery into industrial and agricultural wastes.

For generations to come peasant farmers of Belgium and France and industrial workers of Lille, Lens, Bruges, Brussels, Namur, Liege and Mons will deplore the lack of military foresight which failed to provide the armies of Great Britain, France and the United States which expelled the Teutonic invader from their countries for, in 1918, with adequate cavalry.—Advt

We are like little children in our poor unreason.
As we reach after joys
That at best can please but for a season,
And then are broken toys.
—Edna W. Wilcox.

SUMMER FRUITS, FLOWERS AND ICES.

Served on a porch or in the garden away from the daily appointments of a luncheon table, the individual serving of iced and fruit should present a picture in itself. One may carry out some color scheme, using a flower or natural or cultured fruits.

Cherry Roll.—Use small baking powder cans for packing. Add a spoonful of cherry water ice and pistachio ice cream in alternate spoonfuls in the cans. Chopped cherries are used in the cherry ice. Serve cut in slices and garnish with fresh cherries and foliage.

Strawberry Delight.—Serve strawberries cream on well-washed and dried strawberry leaves and garnish with a spray of the wild berries ripe and green. If served in sherbet cups the leaves may serve as a doily.

Blossom Mousse.—Make an angel cake basket, frosted on the outside with boiled frosting and decorated in lattice strips with angelica, the handle also of angelica. Fill with raspberry mousse and garnish with candy rose buds or fresh raspberries. A few are used as decoration for the top of the cake. The cake is baked in a circular pan and then cut out to form a basket.

Poached Peach.—Lay a canned peach on a round of sponge cake and surround with a meringue flavored with orange and delicately browned. Garnish with custard sauce and pecans or slices of fruit.

Watermelon Cup.—Cut with a French potato cutter enough balls to fill sherbet glasses from the pink flesh of the watermelon. Marinate them in a syrup which is flavored with chopped, crystallized ginger and fresh pineapple, with a few large seeded raisins. Serve in glasses with pineapple sherbet; garnish with strips of ginger and large raisins.

Cantaloupe Cones.—Scoop out the cones with an ice cream dipper and arrange them on a platter with vanilla ice cream and garnish with nasturtium leaves and flowers.

CHANDLER SIX

Greatest of All Sixes

Spring'll Be Here 'fore You Know It

DESPITE conditions which greatly held back the production of automobiles throughout the early months of this year, nearly twenty thousand discriminating motor car buyers have been made happy and contented by the possession of their new Chandler cars.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for,—because they know it is worth waiting for.

Some are still waiting, but their cars are coming. December production is taking care of many orders, and January will see the great Chandler plant on a production basis unprecedented in the medium priced fine car field.

Chandler dealers will, we hope, be able to fill their orders more quickly next year, but when the first warm days of Spring come, and the country roads call, and everyone decides he wants his new car at once, there will be some waiting again.

If you want your new Chandler when you want it, place your order now. If you want to be sure of getting the car of your choice, the greatest of all Sixes beyond question, drop in and see your Chandler dealer now, regardless of what the weather may be. For "Spring'll be here 'fore you know it."

All Chandler bodies are mounted on the one standard Chandler chassis, which has made the name famous. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.
